

Board Agenda June 24, 2014, Item G-1

Executive Summary List of Instructional Reappointments for the 2014-2015.

All instructional personnel being recommended for a position are eligible for appropriate certification. All recommendations are made with the understanding that these individuals will comply with regulations/policies as set forth by the Florida Department of Education and The School Board of Broward County, Florida.

Each instructional staff member's contract status is listed on the reappointment Board item. Effective July 1, 2011, all new/rehired instructional employees are awarded a Probationary Contract (PC). According to Florida Statute 1012.335, a probationary contract is awarded for one school year and employees may be dismissed without cause or may resign without a breach of contract.

An Annual Contract (AC) is awarded to personnel who have successfully completed a probationary contract with the district. According to Florida Statute 1012.335, an annual contract is awarded for one school year which the district may choose to award or not award without cause. In accordance to the Collective Bargaining Agreement between The Broward Teachers Union and School Board of Broward County, Article 18, indicates annual contract teachers who receive an evaluation rating of Effective or Highly Effective shall be provided an instructional position provided that a funded position for which they are certified exists at the school where they are currently employed.

Professional Service Contract (PSC)/Continuing Contracts (CC) are no longer issued. However, if an instructional employee held PSC/CC prior to July 1, 2011, the employee will continue to hold PSC/CC status. The employee is reappointed each year unless the employee demonstrates unsatisfactory performance or is released due to just cause.
