Dear Ms. Perry:

The Board of Directors, staff, parents, and students have worked very hard the last two years to provide the students at Broward Charter School of Science and Technology with an educational experience that is contained in the school's vision. We feel that our students have made tremendous academic progress. In light of the fact that the school has received two consecutive "F" grades, the Florida Department of Education voted on August 18, 2014 to close our school. Subsequently, the school's Board met and voted to close the school. The last day of school will be October 13, 2014.

Thank you for all of the assistance that you have provided the Board, staff, parents, and students of Broward Charter School of Science and Technology.

Sincerely,

Jamie Manburg, Ed.D., Board Chair
