SUMMARY EXPLANATION AND BACKGROUND: continuation (Revised)

Since the Lease Agreement regarding the Broward Education Foundation (BEF) was discussed at the 2013 Board Workshop, and based on concerns expressed by several Board Members at the workshop about continuation of the lease, Facility Planning & Real Estate Department (FP&RE) staff have been working with BEF staff to seek alternative clear directions for the Program including the potential to relocate the Program into SBBC owned sites. Additionally, FP&RE Department staff suggested to the former BEF Chief Executive Officer (CEO), that the BEF could explore the following:

1. Seeking an alternative location that could be provided by a benefactor of BEF;
2. BEF benefactor(s) possibly financing the lease of the current location, or
3. Moving BEF into alternate SBBC owned facility.

Prior to her departure, the former CEO in early Fall of 2013 communicated to the FP&RE Department staff that upon further exploration of alternatives, the practical solution is for the BEF to remain at their current location. Upon the arrival of the new BEF CEO, the FP&RE Department staff continued the dialog with BEF and recently (March 2015) obtained an outline of the Program's needs to relocate to an alternative SBBC owned facility and still maintain a successful Program. The CEO stated that the Program requires at least 8,000 square feet (current leased location is 7,087 square feet); should have warehouse/loading dock functions; commercial presence; and must be in an accessible location. To this end, FP&RE Department staff researched two alternate SBBC owned facilities and the pros & cons and costs associated with relocation to these facilities is depicted in attached Exhibits.

It should be noted that the reason this Lease Agreement is being brought forth for the Board's consideration is because it is anticipated that it will take at least six months to relocate BEF into a viable SBBC owned facility. Therefore, given that this lease is set to expire on July 31, 2015 (3 months), does not provide ample time to implement the necessary due diligence to enable relocation to such a facility. Thus, renewing the Lease Agreement for a year will assist both the District and BEF staff with continuing the relocation efforts for the Program to an alternative SBBC owned facility or allow for other practical alternative solutions the BEF may propose.

The term of the lease is for one year commencing on August 1, 2015. ~~There aren't any renewal options in the Lease Agreement per District request. In order to not have a renewal option in the Lease Agreement the Lessor requested to not have a termination clause. This Lease Agreement will terminate on July 31, 2016.~~

This Agreement has been reviewed and approved as to form and legal content by the Office of the General Counsel, and upon approval by the SBBC, COPANS 2011, LLC will execute the Agreement.

EXECUTIVE SUMMARY

Renewal of Lease Agreement between the School Board of Broward County, Florida, and COPANS 2011, LLC.

Additional Background Information:

Tools for Schools Broward is a program of the Broward Education Foundation (BEF) that focuses on providing disadvantaged children from Title I Schools with new school supplies. The program has been in existence since 2000. Tools for Schools Broward is a collaborative effort involving the Kids in Need Foundation, the Broward County School District and local businesses. Many of the children served by this program lack the basic school supplies that most children take for granted; others have supplies because their teachers have spent their own money to purchase the supplies for them.

Through Tools for Schools Broward, teachers from Title I Schools shop for free school supplies for their students and classrooms twice a year. Since the program has been operating out of the current Pompano Beach location, data provided by BEF indicates that over 10,000 teachers have visited the location and over six (6) million dollars' worth of products have been distributed to the teachers that have subsequently benefited over 98,000 children in Title I Schools.

In January 2011, Tools for Schools Broward moved to the current location in Pompano Beach, to occupy approximately 7,087 square feet (3,076 square feet of store front shopping area and 4,011 square feet of warehouse). This location has been excellent due to it being centrally located to all Broward County Title I schools, has a store front for supplies that is visibly displayed for teachers to shop, provides warehouse space in the back of the store front for storage of shipments of supplies that are always being delivered, and donors indicate they like that Tools for Schools Broward is not located in a particular school site, because they desire a non-school site that reflects donations available for multiple schools.

The total monthly rental cost is \$5,678.21, which includes \$2,090.65 in operating expenses as outlined in Exhibit C and an additional \$250.00 monthly for electric costs. BEF pays for the additional costs for custodial and trash removal from leased space. As directed by the Board and consistent with the District's due diligence processes regarding facilities leased by the District, all leases go through a comparability study including a review of comparable leases, available administrative sites, and possible relocation of programs into SBBC owned sites. The comparability study and potential sites are depicted in attached Exhibits.

The term of the lease is for one year commencing on August 1, 2015. ~~There aren't any renewal options in the Lease Agreement per District request. In order to not have a renewal option in the Lease Agreement the Lessor requested to not have a termination clause. This Lease Agreement will terminate on July 31, 2016.~~

It should be noted that the reason this Lease Agreement is being brought forth for the Board's consideration is because it is anticipated that it will take at least six months to relocate BEF into a viable SBBC owned facility. Therefore, given that this lease is set to expire on July 31, 2015 (3 months), does not provide ample time to implement the necessary due diligence to enable relocation to such a facility. Thus, renewing the Lease Agreement for a year will assist both the District and BEF staff with continuing the relocation efforts for the Program to an alternative SBBC owned facility or allow for other practical alternative solutions the BEF may propose.

THIS LEASE AGREEMENT is made and entered into as of this 21st day of April, 2015, by and between:

WHEREAS, SBBC is desirous of leasing space to be used by the Broward Education Foundation for the purpose of providing warehouse and retail/showroom space for the Foundation's "Tools For Schools Broward"; and

WHEREAS, 2300 West Copans Rd, Bay #5, Pompano Beach, FL 33069 is an appropriate UNIT with 7,087 - square feet including restrooms; and

WHEREAS, The Broward Education Foundation shall occupy the following property: 2300 West Copans Rd, Bay #5, Pompano Beach, Florida 33069 and COPANS 2011, LLC consents thereto.

NOW, THEREFORE, in consideration of the premises and of the mutual covenants contained herein and the sum of Ten Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties hereby agree as follows:

ARTICLE 1 - RECITALS

1.01 **Recitals.** The Parties agree that the foregoing recitals are true and correct and that such recitals are incorporated herein by reference.

ARTICLE 2 - CONDITIONS

2.01 **Leased Property.** The SBBC shall lease the following described property: 2300 West Copans Rd., Bay #5, Pompano Beach, Florida 33069. The premises consists of approximately 7,087 square feet, (See **Exhibit "A"**).

2.02 **Lease Term.** The term of this lease shall be for one (1) year commencing on August 1, 2015 and concluding on July 31, 2016, unless terminated sooner under Section 3.04.

2.03 **Hours of Operation.** The property herein leased may be used 24 hours a day 7 days per week.

2.04 **Rental** SBBC agrees to pay to LESSOR an annual Base rental in the amount of Forty Three Thousand Fifty Dollars and 72/100 cents (\$43,050.72) (the "**Base Rent**"), payable in monthly installments in the amount of Three Thousand Five Hundred Eighty Seven Dollars and 56/100 cents (\$3,587.56) plus other proportionate operating expenses (NNN) on or before the first day of each calendar month during the term of this Lease. The estimated Operating Expenses for 2015 is \$ 3.54 per square feet or \$2,090.65 per month exclusive of electricity and janitorial within the premises; Operating expenses and other rents are described in detail in **Exhibit C** of this lease. Total gross monthly rent (Base Rent and Additional Rent) for year 1 shall be \$5,678.21.

2.05 **Additional Rent.** In addition to the Base Rent, SBBC will pay as additional rent ("Additional Rent"), from the Rent Commencement Date until the Lease Expiration Date, its proportionate share ("Tenant's Proportionate Share") of the Operating Expenses of the Building and the Property. Additional Rent will be paid to LESSOR in accordance with the following provisions:

A. LESSOR will furnish to SBBC 60 days after the beginning of each calendar year, including the first (partial) calendar year, LESSOR's estimate of Operating Expenses for the upcoming year. The term "Operating Expenses" is defined in **Exhibit C** which is incorporated herein by reference. The Operating Expenses will be determined as though the Building is occupied in that year at the actual occupancy rate or at an occupancy rate of 95 *per cent*, whichever is higher. SBBC will pay to LESSOR, on the first day of each Lease month, as Additional Rent, an amount equal to 1/12th of Tenant's Proportionate Share of LESSOR's estimate of the Operating Expenses for that calendar year. If there will be any increase or decrease in the Operating Expenses for the year, whether during or after such year, LESSOR will furnish to Tenant a revised estimate and the Operating Expenses will be adjusted and paid or refunded, as the case may be. If a calendar year or Lease Month begins or ends after the expiration or termination of this Lease, the Additional Rent payable hereunder will be prorated to correspond to that portion of the calendar year occurring within the Lease Term.

B. Within 120 days after the end of each calendar year, LESSOR will furnish to SBBC a statement showing a summary of the actual Operating Expenses incurred for the preceding calendar year. SBBC will either receive a refund (in the manner set out below) or be assessed an additional sum based upon the difference between Tenant's Proportionate Share of the actual Operating Expenses and the Additional Rent payments made by SBBC during said year. Any additional sum owed by SBBC to LESSOR will be paid within 30 days of receipt of assessment. Any refund owed by LESSOR to SBBC will be credited toward the next month's rental payment. Each statement of Operating Expenses given by

LESSOR will be conclusive and binding upon **SBBC** unless, within 90 days after **SBBC**'s receipt thereof, **SBBC** will notify **LESSOR** that it disputes the accuracy of said statement and describe in reasonable detail what Operating Expenses are being disputed. Failure of **LESSOR** to submit the written statement referred to herein will not waive any rights of **LESSOR** nor excuse **SBBC**'s obligation to pay the difference of actual Operating Expenses hereunder at the time said statement is actually delivered to **SBBC**.

The estimated Operating Expenses for 2015 are currently \$3.54 per rentable square foot, provided, however, **LESSOR** and **SBBC** acknowledge that this is only an estimate and the actual Operating Expenses may vary. **SBBC** acknowledges that the estimated Operating Expenses exclude janitorial services within the premises and electricity (separately metered) and both must be paid by **SBBC**.

C. Tenant's Proportionate Share. "Tenant's Proportionate Share" will, at any given time, be defined as that fraction having as a numerator the total rentable square footage leased hereunder and having as a denominator the total rentable square footage of the Building. Tenant's Proportionate Share at the Commencement Date is 9.32% of the two buildings. The amounts to be included in Tenant's Proportionate Share as described will be based upon the actual cost per rentable square foot paid by **LESSOR** for those items of expense. Operating Expenses will not include leasing commissions and expenses or Tenant improvements incurred for other Building or Property occupants.

D. Other Rent Tenant's Proportionate Share. Other Rent is all payments that **SBBC** is required to make pursuant to this Lease other than Base Rent and Additional Rent. Base Rent, Additional Rent and Other Rent sometimes are collectively referred to herein as "Rent" or "Rents." Other Rent includes any sales, use, privilege, intangibles or other gross taxes, or taxes in lieu thereof, assessed (directly or indirectly) against **LESSOR** on Rents other than such taxes, and any required payment of such Rents must be accompanied by such taxes assessed. Other Rent is due as provided in this Lease.

2.06 **Destruction of Premises.** If the premises shall be rendered untenable as the result of damage by fire or other casualty, **LESSOR** shall have the right to render the premises tenantable by repairing same within 120 days from the date of casualty. If **LESSOR** has not rendered the premises tenantable within said time, either party hereto may cancel this Lease by delivering written notice of cancellation to the appropriate party. **SBBC**'s rent shall be proportionately abated during the period any portion of the premises are untenable.

2.07 **Eminent Domain.** If the premises or any part thereof or any estate therein, or any other part of the property materially affecting **SBBC**'s use of the premises, be taken by virtue of eminent domain, this Lease shall terminate on the date when title vests pursuant to such taking, the rent and any other monies shall be apportioned as of said date and any rent paid for any period beyond said date shall be repaid to **SBBC**. **SBBC** shall not be entitled to any part of the award or any payment in lieu thereof; but **SBBC** may file a claim for any taking of fixtures and improvements owned by **SBBC** and for moving expenses.

2.08 **ADA.** The LESSOR hereby represents that to the best of their knowledge, the property herein meets all accessibility requirements of the Federal Americans with Disabilities Act (ADA), Florida Accessibility Code for Building Construction implemented under the Florida Americans with Disabilities Implementation Act, except as modified by State Requirements for Educational Facilities, for the use or occupancy intended by the SBBC.

2.10 **Transfer.** The SBBC shall not assign or sublet the facilities delineated in this lease, or use said facilities or any part thereof, for any purpose other than set out in the Lease without consent of the LESSOR.

2.11 **Condition of Premises.** LESSOR will insure that the air conditioning, electric service, including all outlets, switches, light fixtures, etc., and all plumbing facilities are in good working order prior to occupancy.

2.12 **Heating and Air Conditioning.** The LESSOR agrees to furnish and keep in good repair, heating and air conditioning (existing equipment on the premises), to include system maintenance, for the leased property during the term of the lease, at the expense of the LESSOR. SBBC shall only be responsible for changing air conditioning filters and air flow and return vents within the premises. Heating and air conditioning services shall be provided for the days and times as indicated in paragraph 2.03 above.

2.13 **Light Fixtures.** The SBBC agrees to maintain all light fixtures in the Lease Property. SBBC shall be responsible for replacement of all bulbs, lamps, tubes, and starters used in such fixtures for normal interior lighting; LESSOR at SBBC's request can help or setup those changes. The LESSOR shall be responsible for the maintenance and operation of all emergency lights and exit lights and the replacement of all bulbs and batteries to maintain said emergency lighting, unless said fixtures have been damaged by SBBC's negligence. Notwithstanding the foregoing, at commencement of lease, LESSOR will insure that all light fixtures are operating, have a uniform color, and have clean lenses.

Building Class

- A - These buildings represent the highest quality buildings in their market. They are generally the best looking buildings with the best construction, and possess high quality building infrastructure. Class A buildings also are well-located, have good access, and are professionally managed. As a result of this, they attract the highest quality tenants and also command the highest rents.
- B - This is the next notch down. Class B buildings are generally a little older, but still have good quality management and tenants. Often times, value-added investors target these buildings as investments since well-located Class B buildings can be returned to their Class A glory through renovation such as facade and common area improvements. Class B buildings should generally not be functionally obsolete and should be well maintained.
- C - The lowest classification of office building and space is Class C. These are older buildings (usually more than 20 years), and are located in less desirable areas and are in need of extensive renovations. Architecturally, these buildings are the least desirable and building infrastructure and technology is outdated. As a result, Class C buildings have the lowest rental rates, take the longest time to lease, and are often targeted as redevelopment opportunities.

To Whom It May Concern:

I am writing in support of the success that the Broward Education Foundation's Tools for Schools Broward Resource Store on Copans Road has achieved. Since the program has been operating out of the Pompano Beach location there have been over 10,000 teachers and more than six million dollars' worth of product distributed – benefiting almost 100,000 children in low income schools in the area.

As one of the major partners in the project, Kids In Need Foundation has not only helped with securing millions of dollars of school supplies, we have served as liaison to major donors such as Yoobi and Target resulting in tens of thousands of dollars for Broward County teachers. Since this facility is one of 34 across the country that makes up the Kids In Need National Network, we are very familiar with the components of a successful operation.

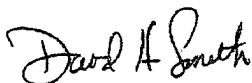

We want to reinforce the value of the Resource Store's high commercial profile in Pompano. An attractive "store" located on a major thoroughfare is critical to attracting local and national donors who demand a community presence and high marketing profile for their philanthropy. Since moving to Copans Road, the project has attracted the support of many important companies in Broward County, such as State Farm, Safelight, 3M Company, Dixon Ticonderoga, Elmer's Glue and Staples.

We have followed the history of the Broward Tools for Schools and have seen the correlation between an increase in donors as the facility has moved from the Davie – district owned property to the beautifully laid out present facility. Donors and teacher-shoppers require an attractive and efficient venue as befits the dignity of education. Even though we are "giving away" product, we treat the teachers as our customers who are responsible for educating our most valuable asset – our children. We owe it to our teachers to see that the store is an attractive and efficient venue.

With so much competition for similar school supply projects, we encourage the district to retain the Foundations' Resource Store as an attractive commercial presence with high market visibility to attract high-end corporate donors both locally and nationally.

The Kids in Need Foundation pledges its continuing support to this state-of-the-art vision of the Tools for Schools Broward Resource Store. We commend the Broward County School District for setting the industry standard of quality service to teachers and children within our nationwide family of school supply donors and providers.

Sincerely,

I was introduced to Tools for Schools Broward by Michelle Greene owner of Michelle Greene State Farm Insurance. At first my participation was picking up supplies from other State Farm agents and delivering supplies to Ms. Greene. Talking with Ms. Greene and all the good work that Tools for Schools Broward does for the community I was very impressed.

Safelite AutoGlass my employer started recycling adhesive tubes, glass and wooden pallets. When asked who we should donate the money to I immediately suggested Tools for Schools Broward. We were invited to see the facility and my manager and I were very impressed with the staff and volunteers. They are wonderful individuals who go over and above to assist and thank donors. They are also, another reason why I encourage Insurance agents I work with to participate in any way they can.

The location is very important as we all know it is very attractive, easy to see and find. I am also so impressed with the variety of supplies; it's very organized and very neat. It's a reminder of all the classroom needs today.

I am honored to be associated with such a great organization. Tools for Schools Broward support so many Teachers, parents and children they help our community and it's up to us to encourage others to give.

Attention: School Board of Broward County

It is with pleasure that I write this letter. My support for Tools for Schools Broward started many years ago. I was introduced by a fellow business owner and since she knew that children and education was a passion of mine, it was a perfect fit!

I have watched our local location grow of the past many years. I believe that giving back to our community locally has had a major impact on so many.

I have participated in the local "back to school" drives and encourage other fellow business owners as well as other State Farm Insurance Agents to give whatever they can. When we are able to tell the story of any teacher within just one classroom, in any school in Broward County Public Schools, the connection is made.

Our children and their families not necessarily have the funds to purchase all the necessary school supplies that are needed to kick off the school year. Our teachers, wherever they teach, try their best to provide for their classroom and for those children that may need those "extra" items, but they should not have to do so. It is up to us to help them - - each of them, whenever and wherever we can. As we help the parents, the children, the teacher, the classroom, the school - - we help our community.

I am proud to support and encourage others to support because I know of the work that is done by Tools for Schools Broward. Since there is our local location in the heart of Broward County, it is easy to encourage others to give. As anyone passes the location on Copans Road it is a constant reminder to donate all year long.

As many new comers who drop off their items at the Copans location, are pleasantly impressed at the organization of the supplies and the variety of it all. It is a reminder that the classroom needs more than just paper, pencils and crayons - - it takes so much more to make learning fun!

The staff of Hector, the volunteers and Mari-Lee - the community liaison, are wonderful individuals who go beyond the call of duty to assist and thank the donors. They are also one of the reasons that many continue to do what they do. There is a saying: "I know of a friend, who has a friend, and I sure that we can get that done." The can-do attitude is contagious!

"I believe the people, the visibility, the cause and the children make this program a Win-Win. I am honored to be associated."

Sincerely,

Michele Greene
