2.06 Articulation Agreements.

- a) Collegiate High School - The College Academy at BC is a rigorous collegiate academic program for high school students who have the discipline required of a college campus and collegiate study. Students attend the high school full time, for their junior and senior years, simultaneously completing the remaining high school diploma requirements and Associate in Arts Degree requirements. The curriculum program is designed to assist academically talented and focused students to reach their highest potential and achieve their academic and career goals. All 11th and 12th graders enroll in college classes, where they earn dual credit posted to both the high school and college transcript. Once enrolled at CA @ BC, students attending the school enjoy full access to all college facilities, student life clubs, activities, and academic and support services. A Collegiate High School Agreement between SBBC and BC, per Section 1007.273, Florida Statutes, will be executed by January 1 of each school year for implementation of the program during the next school year.
- b) Career and Technical Education.- The Career Pathways program provides an opportunity for district school students to engage in a rigorous curriculum that integrates academic and technical education competencies; and learning experiences and utilizes applied learning strategies associated with specific careers. Through numerous career and technical education articulation agreements, district school students are eligible to receive college credits for completion of a career and technical education program at their high school, thus saving them time and money in their pursuit of a postsecondary technical certificate or degree. Together both institutions work collaboratively in marketing programs, recruiting students, providing staff development, transitioning students, evaluating programs, and assessing results. The programmatic articulation agreements are aligned and enhanced with Florida state-

mandated articulation agreements. SBBC and BC have established the following agreements, which are hereby ratified: Career and Technical Education articulation agreements (**Appendix B**). **Appendix B** identifies the list of career and technical education articulation agreements, including the possible number of credits to be awarded. BC and SBBC will continue to develop new programmatic articulation agreements that will become a part of the Dual Enrollment articulation agreement.

2.07 Information for Students and Parents. SBBC will provide district school students and families with informational documents describing the educational benefits and eligibility requirements for the various program acceleration options as required per Section 1007.271(8), Florida Statutes as well as a copy of the Dual Enrollment Transfer Guarantees as required per Section 1007.271(15), Florida Statutes. Each high school curriculum guide will describe acceleration options. On an annual basis, SBBC will notify the parents of rising 6th graders (HB 7031) regarding the importance of rigorous coursework such as Advanced Placement and Dual Enrollment courses. In a cooperative effort, BC staff coordinated by District dual enrollment and enrollment services personnel will be available to school district high schools to provide additional information and answer specific questions students may have. BC admissions and registration personnel will provide dual enrollment information at events for high school students, such as college and career fairs, information sessions, or BC Open House events.

2.08 Approved Courses. BC agrees to permit district high school students enrolled in eligible home education, charter, or public schools in Broward County, who have been certified by their principals and qualified, to dually enroll in the approved courses listed in **Appendix A**, under the provisions of Florida Statutes, applicable state rules or regulation, and the terms and conditions of this agreement. **Appendix A** may be changed upon mutual agreement of the BC President and SBBC School Superintendent, or their designees, without resubmission for approval to The School Board or Board of Trustees. District students who are eligible for Dual Enrollment may be permitted to enroll in Dual Enrollment courses conducted during school hours, after school hours, and during the summer term. SBBC will not pay tuition or books for dual enrollment district school students during the summer term.

2.09 Student Eligibility and Admissions. The admissions and registration officials at the BC campus in the area of participating high schools will provide appropriate forms and will work jointly with the designated high school -counseling staff to accomplish application and registration requirements. A home education dual enrollment student must be registered with SBBC. Students in grade 6-12 with a 3.0 cumulative unweighted high school GPA and the minimum standardized college placement scores for college-level courses in all three placement subject areas (Reading, Math, and English) may participate in dual enrollment. (HB 7031 amended section 1007.271(2), Florida Statutes. District school students already enrolled in BC for dual enrollment classes prior to the 2013-14 academic year may continue to participate in the dual enrollment program at BC even if they are not college-ready in all areas. District school senior students with a 2.5-2.9 GPA located at designated district high schools with low dual enrollment participation may enroll in SLS1001, Strategies for Success. Participants will be identified by their district high school principal.

Interested eligible district school students must submit an online Application for Admission. The school counselor is responsible for compiling and submitting to BC the Confidential Recommendation forms, A14 screenshots, and A21 screenshots or transcripts for each student prior to the published deadline dates for each semester. The completed Confidential Recommendation form must be signed by the student's parent or guardian, the high school counselor, and the high school principal to ensure that the course will count toward high school graduation. After all required forms are submitted by the pre-established deadline to BC by the high school counselor, district school students will be allowed to register online for open courses. Registration dates for dual enrollment students can be found in the official BC academic calendars which are posted online at <http://www.broward.edu/calendar/Pages/term-dates.aspx>.

It is the responsibility of the district school student and the high school counselor to complete the required sections of the forms and select the courses from the dual enrollment course list (**Appendix A**). College Academy students are not limited to courses listed on the dual enrollment course list and are permitted to enroll in additional courses required to earn their planned Associates Degree.

Other required documents needed in order to complete the Dual Enrollment admissions process include:

- a. Test score reports for approved standardized assessments such as ACT, FCAT 2.0, SAT or the PERT; and
- b. An official copy of the transcript, or A14 screenshots and A21 screenshots, will be provided by the high school for purpose of advising, counseling, and GPA verification.
- c. Each SBBC student who wishes to participate in the dual enrollment program may take the Postsecondary Education Readiness Test (PERT) at no cost on his/her first attempt. For retakes, the student will pay a retake testing fee (currently \$15) to BC.

SBBC students are required to submit a completed *Confidential Recommendation* form each term for BC to determine continued eligibility status for participating in dual enrollment.

Eligible SBBC students are subject to any credit limits prescribed by law, the State Board of Education, or any other applicable policy. After obtaining 60 credits, including but not limited to other accelerated earned credits through Advanced Placement (AP), Cambridge AICE Exams, College-Level Examination Program (CLEP), or International Baccalaureate (IB), an associate in arts degree, or the student turns 19 (whichever occurs first), the SBBC student may not be admitted to BC as a dual enrollment student unless otherwise provided by law.

Dual enrollment SBBC students may cancel their course registration up to the 100% refund date in a session (refund dates are listed on the College's academic calendar at <http://www.broward.edu/calendar/Pages/term-dates.aspx>). If dual enrollment SBBC students do not cancel course registration by the 100% refund date they are responsible for officially withdrawing from classes they are no longer attending by the withdrawal date, which will result in a grade of "W" (withdrawal). Faculty may withdraw students from a course for non-attendance or failure to adhere to their attendance policy which will result in a grade of "W" or

“WN” (no longer attending class). SBBC students who do not officially withdraw from a class may receive a failing grade, which becomes a part of their permanent transcript records, **counts as an attempt** and could have a negative effect on future college admissions, scholarship opportunities, and/or financial aid.

SBBC may not deny a student access to dual enrollment unless the student is ineligible to participate in the program subject to Section 1007.271, Florida Statutes.

2.10 General Dual Enrollment Program Guidelines: If a dual enrollment SBBC student is projected to graduate from high school before the scheduled completion date of a postsecondary course, the student may not register for that course through dual enrollment/Early Admissions program. However, the student may apply to BC and pay the required registration, tuition, and fees if the student meets BC’s admissions requirements under Section 1007.263, Florida Statutes. In order to continue in the program, SBBC students must maintain a 3.0 unweighted GPA in their high school academic work and earn a grade of “C” or better in each college-level course as confirmed by their high school counseling director and the BC registrar’s office (not applicable to College Academy or Early Admissions students). SBBC students may only repeat the course of which a “D” or “F” was received for grade forgiveness after graduation from high school if the student applies to BC and registers for the course(s) to be repeated. In addition, SBBC students may only repeat the course of which a “W” or “WN” was received after graduation from high school. There are no grade point average exceptions for dual enrollment.

Regardless of meeting student eligibility requirements for continued enrollment, a student may lose the opportunity to participate in a dual enrollment course if the student is disruptive to the learning process such that the progress of other students or the efficient administration of the course is hindered. Students should adhere to the Student Handbook as published on the BC website - <http://www.broward.edu/studentlife/publications/Pages/Student-Handbook.aspx>.

2.11 Special Dual Enrollment Programs: College Academy students are subject to additional eligibility criteria as published by the College Academy. College Academy students are subject to alternative criteria for continuing in the program as published by the College Academy.

Early Admission, a form of dual enrollment, allows eligible senior students to enroll full-time at BC (at least 12 credit hours in fall and spring terms) as a dual enrollment student instead of attending high school for the senior year. After Early Admission students complete the fall and spring terms at BC, they will no longer be able to enroll at BC as an Early Admissions student. Early Admissions students wishing to matriculate to BC will need to submit their final high school transcript showing the graduation date.

- a) An Early Admission student who earns a D or F in a dual enrollment course may continue in the program upon gaining approval from his/her parent, school counselor and principal who will all certify that the student, if allowed to continue, is still on track for high school graduation. Early Admission students who fall below a 2.0 college GPA are no longer eligible to participate in the dual enrollment program.

BC shall enter into a home education articulation agreement with each home school education student seeking enrollment in a dual enrollment course and the student's parent. The home education articulation agreement includes:

- a) A list of approved courses (**Appendix A**) available to dually enrolled home education students.
- b) The eligibility requirements for home education student participation. The home education dual enrollment student is only required to meet the same placement scores as a SBBC student.
- c) The student's responsibilities for providing his or her own instructional materials and transportation.
- d) A copy of the statement on transfer guarantees developed by the Florida Department of Education.

Eligible home education dual enrollment students are subject to the same academic load limits as defined in BC policy. After obtaining 60 credits, including but not limited to other accelerated earned credits through Advanced Placement (AP), Cambridge AICE Exams, College-Level Examination Program (CLEP), or International Baccalaureate (IB), an associate in arts degree, or the student turns 19 (whichever occurs first), the home education student may not be admitted to BC as a dual enrollment student unless otherwise provided by law.

2.12 High School Credits Earned. The approved dual credit course list, **Appendix A**, outlines the number of high school credits earned for each college-level course successfully completed by a dual enrollment student as defined by the Florida Department of Education.

2.13 College Level Course Expectations. Both BC and SBBC will collaborate in notifying the students of the options to participate in Dual Enrollment, and will inform students and parents or guardians of college course-level expectations, including, but not limited to the following:

- a) Dual enrollment courses meet the curricular expectations and are at the same depth and rigor of non-dual enrollment postsecondary instruction, including those offered on the high school campus;
- b) Any letter grade below a "C" will not count as credit toward satisfaction of the requirements in Rule 6A-10.030, Florida Administrative Code. However, all grades are calculated in a student's GPA and will appear on their high school and college transcripts;
- c) High school students are responsible for completing the proper college process and notifying their high school if they choose to withdraw from a course. All grades, including "W" for withdrawal, become a part of the student's permanent college transcript, counts as an attempt, and may affect subsequent postsecondary admission, scholarship, and financial opportunities;
- d) Dual enrollment students are required to abide by the same guidelines outlined in BC's Student Handbook, which contains the academic calendar, code of conduct, students' rights and responsibilities, grading and evaluation process, academic dishonesty, disciplinary

procedures, as well as accommodations provided for students with disabilities. No exceptions to these guidelines will be made for dual enrollment students. The student handbook is published online at the following address: <http://www.broward.edu/studentlife/publications/Pages/Student-Handbook.aspx>:

- e) While appropriate for college-level study, course materials and class discussions may reflect topics not typically included in secondary courses which some parents may find objectionable for minors. Courses will not be modified to accommodate variations in student age and/or maturity;
- f) To minimize student costs for excess hours, parents/students should select courses to meet high school graduation and college degree requirements;
- g) It is the students' responsibility to attend all college classes in which they are enrolled;
- h) The high school is responsible for advising the student each semester at which time the student's eligibility for enrollment in specific approved courses at BC must be verified by the high school principal.

2.14 College Registration Policy. Dual enrollment students are permitted to register for courses at the same time as BC students. Dual enrollment registration dates for each term are outlined in BC's registration calendars.

2.15 Faculty Handbook Exceptions. There are no exceptions to the professional rules, guidelines, and expectations stated in the faculty handbook for BC.

2.16 Student Handbook Exceptions for Faculty. Dual enrollment courses are college courses both in content and outcomes. Faculty who teach dual enrolment courses must meet the college teaching credentials established by the Southern Association of Colleges and Schools (SACS). Standards of Performance as outlined in Section 1007.271 (5)(a), Florida Statutes, will be followed. All faculty members must meet or exceed the academic and professional preparation requirements for teaching at BC. Faculty teaching general education courses must have completed at least eighteen (18) graduate semester hours in the teaching discipline and have at least a master's degree. BC shall credential/approve all instructors recommended by SBBC. BC will evaluate instruction and monitor student performance in all dual enrollment classes using the same criteria for judging instructional quality as is in effect in all classes offered at BC. All dual enrollment courses taught on the high school campus will be limited to registered dual enrolled students whose applications have been accepted by BC. High school students who have not been admitted by BC may not be included in the dual enrollment course offered on the high school campus.

2.17 SBBC Responsibilities Regarding Student Eligibility and Performance Monitoring. BC will provide training at District School Counseling Director meetings at least once per academic year. Principals and school counselors are responsible for determining student

eligibility and monitoring student performance and enrollment status to avoid pitfalls that may prevent students from completing high school graduation requirements.

SBBC shall annually assess the demand for dual enrollment and provide that information to BC by December 1st pursuant to Section 1007.271, Florida Statutes.

An SBBC District Home School official will only sign recommendation forms for home education students who have not earned an associate's degree. After obtaining 60 credits, an associate in arts degree, or the student turns 19 (whichever occurs first), the home education student may not be admitted to BC as a dual enrollment student unless otherwise provided by law.

2.18 Transmission of Student Grades. Students participating in Dual Enrollment at BC will receive grades and appropriate credit for their college work. These grades and credits are posted on the BC transcript as well as the high school transcript. Dual Enrollment grades become part of the student's permanent high school record maintained by SBBC and the student's permanent academic record maintained by BC.

2.19 Costs. Per Section 1007.271, Florida Statutes, this article outlines a funding provision that delineates costs incurred by each entity.

SBBC shall pay the standard tuition rate per credit hour, including costs for instructional materials, to BC for providing instruction when such instruction takes place on BC's campuses/centers to cover instructional and support costs. BC will use the state's recommended tuition rate of \$71.98 per credit hour for classes not taken at a high school site.

BC will pay for the cost of the instructor for all dual enrollment courses taught by college faculty at a BC campus.

When dual enrollment is provided on the high school site by BC faculty, SBBC shall reimburse the costs associated with the proportion of salary and benefits and other actual costs incurred by BC to provide the instruction.

SBBC will pay for the cost of instructors for courses taught by SBBC faculty on a high school campus.

BC will submit an invoice to SBBC at the end of each Fall and Spring terms that includes:

- a) Total number of students participating in dual enrollment courses and total enrolled credit hours (including "W/WN" grades) for courses taught on a BC campus times the standard rate of tuition
- b) Books used for the instruction of students enrolled in the dual enrollment courses taught on a BC campus Section 1011.62, Florida Statutes.

BC may enter into an agreement with SBBC to authorize teachers who teach dual enrollment courses at the high school site.

SBBC will pay BC's designated textbook agent, Barnes and Noble, for the cost of textbooks for the fall and spring terms. SBBC and BC are not responsible for the cost of textbooks during the summer terms.

2.20 **Transportation.** All students must provide their own transportation. College Academy students may utilize SBBC and/or public transportation subject to the conditions published by the College Academy.

2.21 **Shared Student Records.** SBBC will comply with applicable state and federal laws and administrative rules regarding the sharing of student records and reports and establish procedures, including Section 1002.22 through 1002.222, Florida Statutes. Pursuant to FERPA and its implementing regulations, 34 CFR Part 99, et seq., the information provided shall be limited to that which is necessary to effectively serve the student and BC hereby certifies by signing the Agreement that the information will not be re-disclosed by its agents or employees to any other party except as provided by law.

(1) hold the student records and information in strict confidence and not use or disclose except as required by this Agreement or required by law and that except when the parent of a student provides prior written consent for its release, all shared student records will be disclosed only to those who have a need to access the information in order to perform their assigned duties. Absent consent from the parent or eligible student, student records and information will not be disclosed except as allowed by the aforementioned laws.

(2) safeguard the student records through administrative, physical and technological safety standards to ensure adequate controls are in place to protect these student records in accordance with FERPA's privacy requirements, including but not limited to, prompt notification to SBBC of changes in employment status of any of the BC mentors assigned to SBBC schools.

(3) continually monitor its operations and take all actions necessary to assure that the student information and records are safeguarded in accordance with the terms of this Agreement, and

(4) ensure that all employees, appointees or agents of BC who are granted access to shared student records will have successfully completed background screening requirements under Section 435.04, Florida Statutes, under Level 2 screening standards.

(f) Overcharges and Unauthorized Charges. If an audit conducted in accordance with this Section discloses overcharges or unauthorized charges to SBBC by BC in excess of two percent (2%) of the total billings under this Agreement, the actual cost of SBBC's audit shall be paid by BC. 3.06 **Default.** The parties agree that, in the event that either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) days written notice to cure the default. However, in the event said default cannot be cured within said thirty (30) day period and the defaulting party is diligently attempting in good faith to cure same, the time period shall be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) days notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to Section 3.05.

3.07 **Annual Appropriation.** The performance and obligations of SBBC under this Agreement shall be contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. No penalty shall accrue to SBBC in the event this provision is exercised, and SBBC shall not be obligated or liable for any future payments due or any damages as a result of termination under this section.

3.08 **Excess Funds.** Any party receiving funds paid by SBBC under this Agreement agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be refunded to SBBC with interest calculated from the date of the erroneous payment or overpayment.

Interest shall be calculated using the interest rate for judgments under Section 55.03, Florida Statutes, applicable at the time the erroneous payment or overpayment was made by SBBC.

3.09 Public Records. Pursuant to Section 119.0701, Florida Statutes, any party contracting with SBBC is required to (a) keep and maintain available for public inspection any records that pertain to services rendered under this Agreement; (b) provide the public with access to public records on the same terms and conditions that SBBC would provide such records and at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes or as otherwise provided by law; (c) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law; and (d) meet all requirements for retaining public records and transfer, at no cost to SBBC, all public records in that party's possession upon termination of its Agreement with SBBC and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All of such party's records stored electronically must be provided to SBBC in a format that is compatible with SBBC's information technology systems. Each party shall maintain its own respective records and documents associated with this Agreement in accordance with the records retention requirements applicable to public records. Each party shall be responsible for compliance with any public documents request served upon it pursuant to Section 119.07, Florida Statutes, and any resultant award of attorney's fees for non-compliance with that law. Each party acknowledges that this Agreement and all attachments thereto are public records and do not constitute trade secrets.

3.10 Student Records: Notwithstanding any provision to the contrary within this Agreement, any party contracting with SBBC under this Agreement shall fully comply with the requirements of Sections 1002.22 and 1002.221, Florida Statutes; FERPA, and any other state or federal law or regulation regarding the confidentiality of student information and records. Each such party agrees, for itself, its officers, employees, agents, representatives, contractors or subcontractors, to fully indemnify and hold harmless SBBC and its officers and employees for any violation of this section, including, without limitation, defending SBBC and its officers and employees against any complaint, administrative or judicial proceeding, payment of any penalty imposed upon SBBC, or payment of any and all costs, damages, judgments or losses incurred by or imposed upon SBBC arising out of a breach of this covenant by the party, or an officer, employee, agent, representative, contractor, or sub-contractor of the party to the extent that the party or an officer, employee, agent, representative, contractor, or sub-contractor of the party shall either intentionally or negligently violate the provisions of this section or of Sections 1002.22 and/or 1002.221, Florida Statutes.

3.11 Compliance with Laws. Each party shall comply with all applicable federal and state laws, codes, rules and regulations in performing its duties, responsibilities and obligations pursuant to this Agreement.

3.12 Place of Performance. All obligations of SBBC under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and shall be payable and performable in Broward County, Florida.

3.13 **Governing Law and Venue.** This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any controversies or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida.

3.14 **Entirety of Agreement.** This document incorporates and includes all prior negotiations, correspondence, conversations, agreements and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written.

3.15 **Binding Effect.** This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

3.16 **Assignment.** Neither this Agreement or any interest herein may be assigned, transferred or encumbered by any party without the prior written consent of the other party. There shall be no partial assignments of this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.17 **Incorporation by Reference.** Exhibits attached hereto and referenced herein shall be deemed to be incorporated into this Agreement by reference.

3.18 **Captions.** The captions, section designations, section numbers, article numbers, titles and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe or describe the scope or intent of such articles or sections of this Agreement, nor in any way effect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.19 **Severability.** In the event that any one or more of the sections, paragraphs, sentences, clauses or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable or void in any respect, such shall not affect the remaining portions of this Agreement and the same shall remain in full force and effect as if such invalid, illegal, unlawful, unenforceable or void sections, paragraphs, sentences, clauses or provisions had never been included herein.

3.20 **Preparation of Agreement.** The parties acknowledge that they have sought and obtained whatever competent advice and counsel as was necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.21 **Amendments.** No modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

3.22 **Waiver.** The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement shall not be deemed a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver shall only be effective as to the specific instance for which it is obtained and shall not be deemed a continuing or future waiver.

3.23 **Force Majeure.** Neither party shall be obligated to perform any duty, requirement or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.24 **Survival.** All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds shall survive the termination of this Agreement.

3.25 **Contract Administration:** SBBC has delegated authority to the Superintendent of Schools or his/her designee to take any actions necessary to implement and administer this Agreement.

3.26 **Authority.** Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

IN WITNESS WHEREOF, the Parties hereto have made and executed this Agreement on the date first above written.
