**TITLE:**  
 Approve Authorization to Increase Funding Plantation High School Outdoor Dining Canopy Project No. P.001630

**REQUESTED ACTION:**  
 Approve the authorization to increase funding by \$135,488, for the Plantation High School, Outdoor Dining Canopy, Project No. P.001630.

**SUMMARY EXPLANATION AND BACKGROUND:**  
 The scope of work for this project was to provide a 1,500 SF shade structure with slab to be located in the open air courtyard adjacent to the south side of the existing cafeteria. During the initial stages of the project, a Project Charter meeting involving all stakeholders was held to discuss the project. At that meeting, it was determined that the proposed square footage of the canopy would not sufficiently accommodate the number of students, anticipated to be using the space. As a result, the canopy size was increased to 2,275 SF. The proposed design space would provide an aluminum canopy in accordance with SBBC design criteria and building codes, including all site and underground utilities, demolition and installation of site work, concrete foundation/slab, electrical and lightning protection, as required for outdoor dining. The canopy will be adjacent to the west side of the existing cafeteria.
