SUMMARY EXPLANATION AND BACKGROUND:

The School Board of Broward County, Florida, received ten (10) bids for Bid 16-025R, Pumps and Electric Motors. The purpose of the bid is to purchase pumps and motors which are used on our lift stations, boilers, hot water heaters, and specific rainwater projects. Schools with boilers have blower motors and fans along with recirculating pumps to move and heat the water. The Physical Plant Operations department uses motors and pumps for the movement of air and water throughout our equipment. Motors are used to move air on cooling towers, air handlers, air-cooled chillers, exhaust and supply fans, and most types of air conditioning and refrigeration units.
