TITLE:

Cooperative Agreement between The School Board of Broward County, FL and AdvancePath Academics, Inc.

REQUESTED ACTION:

Approve the Cooperative Agreement between The School Board of Broward County, FL and AdvancePath Academics, Inc.

SUMMARY EXPLANATION AND BACKGROUND:

AdvancePath Academics, Inc. utilizes a social emotional program called ScholarCentric. ScholarCentric's resiliency measurement and development solution provide districts with early warning data enabling K-12 educators and administrators to predict students trending for failure and dropout in advance of three years before traditional signs indicate. Districts can make student resiliency data actionable by prioritizing students for in-district support and understanding the root cause of students' academic issues. ScholarCentric's resiliency data helps districts to operate more effectively, invest in resources more wisely, and become more accountable to each student as they identify and better address the learning needs of their struggling and at-risk students with more targeted interventions and appropriate services. This agreement includes resiliency assessments, reporting and relevant professional services to build educator data-driven decision-making and to develop effective teacher-student connections.

This Agreement has been reviewed and approved as to form and legal content by the Office of General Counsel.
