

EXECUTIVE SUMMARY

Amendment to Piggyback Recommendation 55-062R Cab & Chassis Trucks & Other Fleet Equipment

The Florida Sheriffs Association (FSA) is comprised of 67 sheriff's offices within the State of Florida. The FSA works in cooperation with the Florida Association of Counties (FAC) to administer the Cooperative Vehicle Acquisition Program. The Cooperative Vehicle Acquisition Program is a statewide bidding program for law enforcement and administrative vehicle fleets. There are more than 400 agencies, municipalities, school boards, and sheriff's offices participating in the Cooperative Vehicle Acquisition Program to purchase vehicles and heavy equipment.

The FSA and FCA's Cooperative Vehicle Acquisition Program conducts annual solicitation for competitive bids. The annual solicitation ensures that each of the participating agencies receive competitive and favorable pricing on current vehicle models. For the past 12 years, the Cooperative Vehicle Acquisition Program prices have been competitive with the State of Florida bid prices.
