

EXECUTIVE SUMMARY

Bid Recommendation of \$500,000 or Greater 15-077B – Can Liners and Compactor Bags

Can liners are used District-wide. Compactor bags are primarily used by Physical Plant Operations and Food and Nutrition Services.

The following chart is the District's annual usage of can liners and compactor bags:

Can Liner Size	Quantity Per Case	Total Number of Cases
10-Gallon	1,000 bags	4,000
33-Gallon	250 bags	13,000
Compactor Bags	50 bags	220

The can liners and compactor bags are shipped in large volumes to the District's Central Warehouse. From the warehouse, they are delivered to District site locations on an as needed basis. The Invitation to Bid (ITB) provides for the opportunity to have items shipped directly to user site location.

The current ITB aligned similar products from two (2) previous bid awards:

- Bid 12-044B, Ten Gallon Can Liners
- Bid 12-018B, Can Liners and Compactor Bags

The ITB resulted in ten (10) responses and three (3) contract awards.
