DEFP FY16

The School Board of Broward County, Florida

Top Row: (L to R) Ann Murray, Heather P. Brinkworth, Nora Rupert,
Laurie Rich Levinson, Robin Bartleman, Patricia Good

Front Row: (L to R) Abby M. Freedman, Donna P. Korn (Chair),
Robert W. Runcie (Superintendent of Schools), Dr. Rosalind Osgood (Vice Chair)

The School Board of Broward County, Florida, prohibits any policy or procedure which results in discrimination on the basis of age, color, disability, gender identity, gender expression, national origin, marital status, race, religion, sex or sexual orientation. Individuals who wish to file a discrimination and/or harassment complaint may call the Director, Equal Educational Opportunities/ADA Compliance Department at 754-321-2150 or Teletype Machine (TTY) 754-321-2158.

Individuals with disabilities requesting accommodations under the Americans with Disabilities Act Amendments Act of 2008, (ADAAA) may call Equal Educational Opportunities/ADA Compliance Department at 754-321-2150 or Teletype Machine (TTY) 754-321-2158.

District Educational Facilities Plan FY16

This District Educational Facilities Plan (DEFP-FY16) is an update that sustains funding for projects and programs that are in the May 19, 2015 Amendment to the Adopted DEFP FY15. There were very little changes since the May 19 amendment. To facilitate review, the pages that were changed are highlighted in blue.

The DEFP-FY16 includes additional funding availability primarily from recent debt refinancing, the July 1 Certified Taxable Property Value estimates that are higher than previously projected, and Federal E-Rate reimbursements for approved technology purchases. These funding updates allow approximately \$30 million per year for the new project recommendations.

The Superintendent and Cabinet recommended projects that have a higher impact on the District's Strategic Plan. The focus was on safety & security, capital improvements, buses, and other hi-impact capital projects.

The next section of the DEFP-FY16 includes a report for every school in the District with projects designated as either part of the ADEFP or SMART program. This section and the three addendums that follow are unchanged from the May 19, 2015 amendment.

Addendum #4 is a new schedule to show the impact of the Permanent Classroom Addition Agreement with the City of Parkland. The approved agreement is for the City to pay the School Board for construction of a permanent classroom addition(s). Please refer to Addendum #4.

The Appendix includes other information that is required by section 1013.35, F.S. and the CCC Settlement Agreement to be included in the DEFP. The appendix schedules are: the Portable Transition Plan, Public School Concurrency / Level of Service Plan (LOS) and the Allocation of Resources.

Glossary of Terms

- 1. GOB:**
Renovation projects and technology for District owned schools and charter schools, funding from general obligation bond proceeds of \$800 million.
- 2. SMART Program:**
Includes Safety, Music & Arts, Facility projects and Technology (including GOB as defined above, totaling \$984 million).
- 3. Adopted District Educational Facilities Plan FY15 (ADEFY15):**
The DEFP adopted by the School Board on September 23, 2014
- 4. Amended ADEFY15:**
Amendment to the ADEFY15 (as defined in #3) to include the SMART Program (\$984 million). This total amendment is \$2.4 billion. The Amended ADEFY15 was approved by the School Board on May 19, 2015.
- 5. District Educational Facilities Plan (DEFY16)**
An update to the District Educational Facilities Plan that is unchanged for the GOB and SMART program approved on May 19, 2015. The update is for FY16 through FY20 and includes recent savings from debt refinancing and new revenue projections for local property taxes and new project recommendations. The Tentative DEFY16 was approved as amended on August 18, 2015.
- 6. SMART Website:**
Projects Listed on the District's SMART Website,
<http://browardschools.com/web/SMART-needs>
- 7. Carryover:**
Capital Project Funds approved prior to FY16.
- 8. School Choice Enhancement:**
Funding will be allocated (\$100,000 per school) for a school-based, school-choice project to improve the condition of an instructional or educational space at each District Owned school.
- 9. District Wide Funding:**
Funding/project for locations other than school locations.

Revised Superintendent and Cabinet Recommendations

- The School Board, at the August 18, 2015 Tentative District Educational Facilities Plan Public Hearing, amended the plan to remove funding for buses, radios, and the new Operations Specialist III position.
- The funds that were cut will be placed into an unassigned reserve.

New Projects Detail Safety & Security

Project	Carryover Reserve (2014-15)	Year 1 (2015-16)	Total	Description
Asbestos Abatement and Environmental Permitting	1,320,000		1,320,000	The Contractors and Consultants perform work on Asbestos and Mold abatement at our schools with programs that focus on indoor air quality assessments, radon testing, and other miscellaneous industrial and/or environmental services
Surveillance Cameras - Maintenance and Repair	228,000	172,000	400,000	To maintain the integrity of the existing security camera systems, as well as repair them when necessary
Sub-Total	\$1,548,000	\$172,000	\$1,720,000	

New Projects Detail Academic/Athletic Equipment

Project	Carryover Reserve (2014-15)	Year 1 (2015-16)	Total	Description
Gender/School Equity Athletic Equipment	11,000	170,000	181,000	Assists the District to ensure that no disparities in equipment and facilities among schools and between male and female athletic teams exist
Magnet Program Equipment	1,268,789		1,268,789	Magnet equipment for programs across the District (see appendix D)
Middle School Athletic Equipment	21,000		21,000	42 middle schools to purchase needed ice machines, track and field equipment, hurdles, pits, soccer goals, and basketball shooting machines; \$500 for each school
Music Instrument Repairs	772,075		772,075	Repairs of Musical Instruments
Track and Field Pads	100,000		100,000	Replace worn out high jump pads and pole vault pads at selected high schools
Sub-Total	\$2,172,864	\$170,000	\$2,342,864	

[This page intentionally left blank]

Revised Superintendent and Cabinet Recommendations

New Projects Detail

Capital Improvements - Physical Plant Operations

Project	Carryover Reserve (2014-15)	Year 1 (2015-16)	Total	Description
Capital Improvements	8,000,000		8,000,000	Capital Improvements performed by the District's Physical Plant Operations Department (PPO) including, but not limited to ; air conditioning, electrical, plumbing, building envelope, and other mechanical systems.
Maintenance Materials and Parts	3,129,429		3,129,429	Increase the inventory of materials and parts used by PPO to create increased efficiencies performing maintenance, repairs, and capital improvements.
Pool Maintenance / Repairs	474,000		474,000	Annual repair and maintenance costs for all 19 District owned pools. This is a safety and health issue in maintaing pools and repairs (remarciting, replacing heaters, etc.) The District must comply with all Broward County health rules and federal regulations.
Stadium Sound Systems	120,000		120,000	Replace the stadium sound systems at six high school stadiums: Flanagan, Blanche Ely, South Plantation, Miramar, Hallandale, and Deerfield Beach. The safety and health of all patrons at stadiums is contingent on hearing instructions and information. The aforementioned stadiums have inadequate sound systems; you cannot hear properly on the visitor's side. The health and welfare of the fans is an issue if you cannot hear stadium warnings due to lightning.
Turf Resurfacing - High Schools	200,012		200,012	The multipurpose field at each high school is utilized for multiple activities including; football, soccer, flag football, lacrosse, track and field, band, etc. The wear and tear on the field turf requires periodic replacement. An annual replacement program is necessary to maintain fields and quality condition for athletics and activities competitions. This will allow the District to replace the turf at two high schools per year.
Sub-Total	\$11,923,441	\$0	\$11,923,441	

Facilities/Capital Salaries

Project	Carryover Reserve (2014-15)	Year 1 (2015-16)	Total	Description
Operations Specialist III		-44,332-	-0-	New position in Portfolio Services Division - Operations Specialist III salary and fringe
Organizational Chart 2015/16		1,300,000	1,300,000	2015/16 Organizational Chart capital funding impacts salary and fringe
Sub-Total	\$0	\$1,300,000	\$1,300,000

Revised Superintendent and Cabinet Recommendations

New Projects Detail

Portable Transition Plan

Project	Carryover Reserve (2014-15)	Year 1 (2015-16)	Total	Description
Covered Walkway	400,000	50,000	450,000	Construction of Covered Walkways at Manatee Bay Elementary and North Andrews Gardens Elementary per Portable Transition Plan see Appendix A
Portable Demolition	555,016	56,000	611,016	Portables slated for disposition / demolition per Portable Transition Plan see Appendix A
Sub-Total	\$955,016	\$106,000	\$1,061,016	

Technology Equipment

Project	Carryover Reserve (2014-15)	Year 1 (2015-16)	Total	Description
Kronos Terminal Replacement	400,000	110,000	510,000	Refreshment of over 600 Kronos Time Terminals in schools and administrative sites beginning with those with the oldest firmware versions.
Replace Outdated Phone Systems	3,000,000		3,000,000	This project aims to modernize the core network infrastructure, physical end - user device management and data center facility environment with a focus on providing appropriate scale, performance, availability and serviceability to meet the District business and academic requirements.
Sub-Total	\$3,400,000	\$110,000	\$3,510,000	

Transportation, Vehicles & Buses

Project	Carryover Reserve (2014-15)	Year 1 (2015-16)	Total	Description
Buses		-10,300,000	-10,300,000	Replacement of Buses
Radios		-1,798,347	-1,798,347	Required due to re-banding by Broward County
White Fleet			0	Replacement of White Fleet Maintenance Vehicles
Sub-Total	\$0	\$0	\$0	
	Carryover Reserve (2014-15)	Year 1 (2015-16)	Total	
Grand Total	\$19,999,321	\$1,858,000	\$21,857,321

Addendums

These addendums are attached to and made a part of the District Educational Facilities Plan.

ADDENDUMS

#1 List of Facility Project Revisions 261

- This is the original facility project renovations addendum that was included in the document at the February 24 and April 14 School Board Workshops (page 255)
- [See note about updated project funding amounts on this addendum](#)

#2 Modular Classroom Agreement – City of Parkland..... 263

#3 Revised Comprehensive Music Replacement Schedule 265-274

#4 (New) Permanent Classroom Addition Agreement – City of Parkland 275

[This page intentionally left blank]

List of Facility Project Revisions

This addendum is a result of the Facilities Department's ongoing review process for construction projects. The addendum provides updated information received on February 11th, after the major reports in the Amendment to the ADEFP were compiled and the summary tables had been reviewed and finalized. This addendum is attached to and made a part of the Amendment to the Adopted District Educational Facilities Plan.

School	Project	Scope	Amount	Revised Amount	Increase/ (Decrease)
Deerfield Beach Senior High School	Renovations	Roof Repairs and HVAC	9,431,000	8,752,000	(679,000)
Hollywood Hills Senior High School	Renovations	Roof Replacement	4,105,000	3,568,000	(537,000)
Lauderdale Lakes Middle School	Renovations	Roof repair, stucco and waterproof, interior repairs, HVAC - evaluation, test/balance and repair. Replace FB in 4 AHUs and provide dehumidification.	3,125,000	3,346,000	221,000

Modular Classroom Agreement – City of Parkland

This addendum is attached to and made a part of the Amendment to the Adopted District Educational Facilities Plan.

On March 17, 2014 the School Board approved a Modular Classroom Agreement with the City of Parkland (LL-5). Per the Agreement Parkland is paying for:

- Construction of up to 8 permanent modular classrooms within the City limits *
- Removal of 8 portable classrooms within the North School Impact Fee Service Area

The maximum funding included in the Agreement is \$2,025,000, however as of April 2015, the School Board has only received \$1,905,000 from the City of Parkland.

Funding Summary

<u>Date</u>	<u>Action</u>	<u>Amount</u>
04/03/2014	Payment Received	\$425,000
07/14/2014	Payment Received	450,000
02/11/2015	Payment Received	1,030,000
Sub-Total		\$1,905,000
Less:		
	Demolition of 8 Portables at Riverglades Elementary	(33,439)
Balance of Funds available for construction of up to 8 permanent modular classrooms		\$1,871,561 *

The Facilities Department is actively seeking proposals to construct the modular classrooms. The current plan is to build 4 modular classrooms at Heron Heights Elementary, and 2 to 4 classrooms at Park Trails Elementary. The final determination for the number of classrooms is dependent on the prices of the construction bids.

The Adopted District Educational Facilities Plan is amended by this addendum to remove the 8 modular classroom addition at Riverglades Elementary (page 197), add a 4 classroom modular addition at Heron Heights Elementary, and add a 2 to 4 classroom modular classroom addition at Park Trails Elementary. The \$1,871,561 will be split between Heron Heights and Park Trails when more information is available based on the construction bids.

* *The School Board is only obligated to construct the maximum number of modular classrooms that can be fully funded by the payments covered in the Agreement.*

Revised Comprehensive Music Equipment Replacement Schedule

This addendum is attached to and made a part of the Amendment to the Adopted District Educational Facilities Plan.

Music Program Funding Rationale

The purchase of music program “basic equipment” for a newly opened high school, middle school or elementary school would cost approximately \$825,000, \$460,000, and \$200,000 respectively.

The recommended amounts of \$300,000 for high schools, \$100,000 for middle schools and \$50,000 for elementary schools will allow the schools to address their most critical music equipment needs. These funds will also help music programs function and grow in an equitable manner throughout the district in the shortest amount of time.

Because of offerings such as marching band and other very specialized ensembles The high school request is substantially higher than requests for the other levels These amounts are not meant to meet every need of each music program, but rather give each school enough funding to address their most critical needs helping them to continue to deliver quality instruction to students, and in many cases reinvigorate their programs.

Funding Sources for Music Equipment Replacements

The funding for the various music equipment replacement projects originated from three sources:

1. \$1.5 million from the Adopted District Educational Facilities Plan (ADEFP) that was approved on September 23, 2014 (page 253).
2. \$2.3 million included as part of the Music Room Renovation projects in the School-by-School section of the Amendment to the ADEFP (pages 13-251).
3. \$14.8 million is included in the Amendment to the ADEFP for SMART music instruments at schools with no music renovation (page 254).

At the April 14, School Board Workshop, discussion indicated that some elementary schools and the education centers were not included in any of the three funding sources listed above. Therefore, it is recommended that funding be added for these schools and centers.

4. \$2.1 million to include all of the elementary schools and the centers.

Permanent Classroom Addition Agreement – City of Parkland

This addendum is attached to and made a part of the District Educational Facilities Plan FY16 (DEFP-FY16).

On October 7, 2014 the School Board approved a Classroom Addition Agreement with the City of Parkland (LL-3). Per the Agreement Parkland is paying for:

- Construction of up to 24 permanent classroom addition(s) at public school(s) within the City limits *
- Removal of 24 portable classrooms within the North School Impact Fee Service Area

The initial payment from the City to the School Board is \$7,724,000. If District staff determines that the initial payment is insufficient to fully fund the classroom additions, then the District must notify the City by September 15, 2016, and include an itemized list to justify the need for additional funds. Upon the notification, the City will pay an additional amount of up to \$1,232,000 for a total maximum contribution of \$8,956,000 to the School Board.

Funding Summary

<u>Date</u>	<u>Action</u>	<u>Amount</u>
02/15/2016	Initial Payment from City to School Board	\$7,724,000
12/31/2016	Deadline for Excess Payment from City to School Board	1,232,000
Total Maximum Contribution		\$8,956,000

The Tentative DEFP-FY16 includes this addendum to recognize the estimated revenue impacts of \$7,724,000 in FY16 and an appropriation of the same amount for the construction of up to 24 permanent classroom addition(s) and the removal of 24 portable classrooms.

* The School Board is only obligated to construct the maximum number of modular classrooms that can be fully funded by the payments covered in the Agreement.

Portable Transition Plan

Part I: Inspection, Disposition, Demolition

Currently, the Broward School District has a total of 1,997 portables in its inventory. Per feedback received from the Florida Department of Education (FDOE), portables deemed as Fail Standards¹ or Unsatisfactory² can be demolished and cannot be used for instructional purposes. Additionally, the portables have to be declared surplus by school Board approval.

At this time, 72% of the portables are designated for instructional use, 10% are designated for administrative use, and 12% are slated for disposition; and from the total usable portables, 67% are 20 years and older.

Table 1 - Portable Conditions – Fiscal Year 2015/16

Facility	Usable Portable Units 20 Years and Older	Usable Portable Units Less Than 20 Years Old	Portables Failed Standards ⁽¹⁾ and Unsatisfactory ⁽²⁾	Portables Slated For Disposition ⁽³⁾	Portables Demolished ⁽⁴⁾
Elementary	369	108	51	49	35
Middle	345	40	83	88	5
High	345	124	101	103	7
Centers	112	2	2	2	0
Administration	162	7	135	0	3
Other Sites	11	0	0	0	0
TOTAL	1,344	281	372	242	50

Based on the District's annual inspection of portables, 242 of the total portables are deemed unsatisfactory due to the compromising effects on the structural integrity, or excessive physical deterioration. In the District Educational Facilities Plan (DEFP) Fiscal Year 2015/16 to 2019/20, \$611,016 is allocated to fund the demolition of pertinent portables. Staff will continue to work with school principals to examine and process additional portables that could be deemed as unsatisfactory, be qualified to be declared as surplus and be subsequently demolished.

Upon demolition of these portables, the data regarding portables in the District's inventory will be updated in the appropriate District databases such as, but not limited to, the District's Planning Tool for School Enrollment and Capacity.

¹Portables were deemed to have failed Standards by the Florida Department of Education (FDOE) because these portables did not meet some of the seventeen (17) criteria. Therefore, such portables were not affixed with the required DCA (Department of Community affairs) insignia by the FDOE.

²Portables deemed Unsatisfactory: Are typically due to compromising effects on the structural integrity, or excessive physical deterioration of the portable facility.

³Portables slated for disposition were approved by the School Board at regular School Board meetings on December 9, 2014 and May 19, 2015. The total includes portables located at New River Circle Site that will be left in place to be disposed of by the successful buyer of the site when the site is sold as-is once a portable replacement process/design has been completed for Falcon Cove Middle, Cypress Bay High and Flanagan High Schools

⁴Portables demolished from FY 2013-14 through FY 2014-15.

Portable Transition Plan

Part II: Construction of Covered Walkway at Identified Schools

The Portable Transition Plan is called for in the State Requirements for Educational Facilities (SREF). The purpose is to identify schools that have useful portables for instructional purposes where a covered walkway could be constructed to fulfill the required Transition Plan.

Criteria for the selection of the schools

1. Identify portables needed for instructional purposes – **(Completed)**
2. Examination of the five-year student enrollment projections and Level of Service Standard (LOS) – **(Completed)**
3. Determination of the youngest portables at the school site or those purchased after 1998 portables – **(Completed)**
4. The portables are arranged in a cluster type setting – **(Completed)**

This analysis determined that the schools listed below met the above selection criteria and as such qualify for the construction of covered walkways at the campuses.

Table 3 - List of Schools Slated for Covered Walkways

	Schools Location	Number of Portables	Estimated Cost ¹
Year 1	Manatee Bay Elementary	5	\$240,000
	North Andrews Gardens Elementary	6	210,000

¹Covered Walkway estimated cost provided by Facilities & Construction Management Department.

Despite the above, the Facilities and Construction Management (F&CM) Department conducted further analysis of the cost effectiveness regarding the construction of the covered walkways and concluded that to implement this project would be expensive. Since adoption of the DEFP Fiscal Year 2014/15-2018/19, the F&CM Department has thus far not retained a qualified bidder to construct the covered walkway at Manatee Elementary School. Therefore, the F&CM Department is working to issue a new bid for the covered walkways depicted in the Year 1 above and upon retaining a successful bidder, as well as receiving approval for the funds, the covered walkways will be constructed.

PUBLIC SCHOOL CONCURRENCY

Background

In Florida state law, concurrency means the implementation of a system whereby the provision of public facilities and services that is needed to serve proposed development is available at the time the impact of the development occurs. In Broward County, residential development cannot be approved until a determination from the School District has been issued, which indicates there is sufficient school capacity available to serve the proposed development. This requirement is codified in the Second Amended Interlocal Agreement

for Public School Facility Planning (ILA), a contract between the School Board, Broward County, and 27 municipalities which establishes a public school concurrency management system. The purpose of this system is to create a mechanism which provides for the coordination of planning among the school district, county, and municipalities to meet the purposes of concurrency. In compliance with amended School Board Policy 1161 (which delineates the District's public school concurrency management system) and which became effective on January 15, 2008, the District commenced the implementation of public school concurrency on February 1, 2008. Subsequently, the local governments in Broward County adopted public school concurrency into their comprehensive plans.

Comprehensive Plan

For information purposes, a comprehensive plan prescribes the principles, guidelines, and standards for the orderly and balanced future economic, social, physical, environmental, and fiscal development of a jurisdiction (such as a county or municipality). Each comprehensive plan must contain several "elements" that address key issues such as land use, capital improvements, sewer and solid waste, potable water, housing, and intergovernmental coordination. With the implementation of public school concurrency, the county and each municipality within the county – unless exempt – added a public school facilities element to their comprehensive plan, and amended any existing elements that relate to the school facilities element.

Because public school concurrency is implemented district-wide, the public school facilities element must be consistent with those adopted by the other local governments within the county and must be based upon data and analyses that address, among other items, how the Level of Service (LOS) Standard will be achieved and maintained. The LOS Standard for school facilities is the maximum permissible school utilization rates relative to capacity. The element also contains goals which establish the long-term end toward which public school programs and activities are ultimately directed, contains measurable objectives for each goal that mark progress toward the goal, and contains policies for each objective that establish the way programs and activities will be conducted to achieve the goal.

The Role of the Adopted Five-Year District Educational Facilities Plan

Under public school concurrency, the School District must create a five-year capital plan regarding the provision of needed capacity (classroom additions and/or improvements to existing schools, new schools) to meet the adopted LOS Standard. This plan must show where and when capacity additions will be built, and must also show exactly where the money to build the additions will come from.

The LOS Standard was established jointly in the ILA by the School Board, Broward County and 27 Municipalities within the County. In 2008, the initial LOS Standard was 110% permanent Florida

PUBLIC SCHOOL CONCURRENCY

Inventory of School Houses (FISH) capacity. For public school concurrency, the LOS Standard refers to the standard at which a public school facility is expected to operate based upon the “capacity of the facility”. For public school facilities, the LOS Standard is expressed as the percentage or ratio of student enrollment to the student capacity of the school. The five-year Capital Improvement Plan (CIP) therefore, must contain enough capacity improvements to achieve and maintain the adopted LOS Standard. In Broward County, the School Board, Broward County and pertinent municipalities have agreed that the Five-Year District Educational Facilities Plan (DEFP) shall serve as the CIP and shall be adopted into the Broward County’s and pertinent municipalities’ comprehensive plans.

In 2010, the ILA was amended (Second Amended ILA) to temporarily change the LOS Standard from 110% of permanent FISH capacity to 100% gross FISH capacity. This amendment allowed the LOS Standard to include the capacity from relocatables until the 2018/19 school year. Commencing in the 2019/20 school year, the LOS Standard reverts back to 110% permanent FISH capacity. In 2014 in compliance with the directive contained in the Second Amended ILA, the Oversight Committee for Implementation of the Second Amended Interlocal Agreement for Public School Facility Planning (“Oversight Committee”) in coordination with the School Board, the County and the Municipalities assessed the viability of reverting back to the 110% permanent FISH capacity LOS

and subsequently established a “hardship school concept”. A Hardship School is defined as a concurrency service area (CSA) that does not have sufficient available capacity in the DEFP to meet the LOS Standard, and there is insufficient excess permanent capacity available in a single immediately adjacent CSA in the same Planning Area to relieve the LOS Standard deficiency. This hardship definition provides similar flexibility to the School District in meeting the LOS Standard as the law mandates for a developer proposing residential development in a CSA that does not meet the LOS Standard, and the District must examine adjacent CSAs for available excess capacity and shift the development impact there instead of recommending denial of the project. The concept would allow the LOS Standard at a hardship school to be increased from 110% of permanent FISH capacity up to 100% of gross capacity (including relocatables) until such time as sufficient permanent capacity is made available at that school to relieve the LOS deficiency. This concept is designed to avoid a disruptive domino boundary scenario when there are viable relocatable classrooms available on a school campus. Upon approval of the Oversight Committee at their June 6, 2014 meeting, to allow utilization of the hardship school concept, the concept was incorporated into the Oversight Committee’s Interpretation Document, which addresses ILA anomalies, and into School Board Policy 1161, which was amended in January 2015. In compliance with School Board Policy 1161, the hardship school criteria contained therein is annually evaluated for each elementary, middle and high school to determine which schools meet the temporary hardship school definition. Each year, the schools that qualify for hardship status shall be codified in the LOS Plan of the DEFP. Upon review of the District’s data for the 2015/16 to 2019/20 DEFP, there are no schools that will utilize the hardship school concept to meet LOS in the 2019/20 school year due to the capacity additions at Falcon Cove Middle School and Cypress Bay High School

PUBLIC SCHOOL CONCURRENCY

that are scheduled to replace relocatable capacity with permanent capacity in the 2015/16 to 2019/20 DEFP utilizing funding from the General Obligation Bond.

Per Section 8.10 (a) of the Second Amended ILA, the School Board may utilize relocatable classrooms on a temporary basis as an operational solution during the replacement or expansion of school facilities.

Currently, the Second Amended ILA requires the District to annually transmit the Tentative DEFP to local governments for review to determine consistency of the Tentative Plan with pertinent local government comprehensive plans. Subsequently, the Second Amended ILA requires that each year after formal adoption of the DEFP by the School Board, the District will transmit the Plan to the County and municipalities for adoption and incorporation into their respective comprehensive plans.

Under public school concurrency, a local government may approve a development if adequate public school facilities (contained within the first three (3) years of the DEFP) will be in place or under actual construction within three (3) years after the development receives final approval. Subsequently, if adequate public school facilities are not available, a developer may pay, if accepted by the School Board, the cost of the improvement (proportionate to the demand that the project is generating, otherwise known as proportionate share mitigation) needed to satisfy the demand created by that development. Upon acceptance of the "proportionate share mitigation" by the School Board, the School Board must amend the Five-Year DEFP to incorporate that improvement within the first three (3) years of the Plan, and provide the capacity associated with the improvement within three years after the proposed development receives final approval from the local government.

Long Term Plan

The Second Amended ILA requires the School District to review proposed residential developments regarding changes to future land use comprehensive plans and rezoning applications that may impact public schools, against a long term (ten year) planning horizon. Also, the law requires school districts to create a long term plan to enable such analysis and planning for future needed public facilities (capacity additions or new school). To meet this requirement, the DEFP includes capacity improvements anticipated over the long term planning horizon (10 years).

Level of Service Plan

The LOS Plan is a matrix that contains the data to demonstrate each elementary, middle and high school's ability to meet the adopted LOS Standard during each DEFP period by calculating the projected enrollment divided by the LOS capacity of the facility. As previously stated, the LOS Standard is the maximum permissible school utilization rate relative to capacity. Up until the end of the 2018/19 school year, the LOS Capacity is 100% gross capacity and commencing in the 2019/20 school year, the LOS Capacity will be 110% permanent FISH capacity. The LOS Plan therefore shows the projected enrollment for each of the five years covered by the DEFP divided by the LOS Capacity of each school. It should be noted that adjustments are made to the LOS Capacity of pertinent schools to include capacity from Qualified Relocatables (defined as relocatables that were purchased after 1998 and meet the standards for long-term use) as mandated by Section 163.3180(6)(e), Florida Statutes. To be deemed a financially feasible plan, the DEFP must demonstrate that the LOS Standard can be achieved and maintained at each (bounded) elementary, middle and high school over the five-year period.

ALLOCATION OF RESOURCES**(CCC Settlement Agreement – Condition #8)**

The Citizens Concerned about our Children (CCC) Settlement Agreement specifies nine conditions, each of which is intended to ensure that diversity and equity is promoted within Broward County Public Schools. Under each condition of the Agreement, the BCPS with the cooperation of the District's Diversity Committee established standards to address the terms of the Agreement. Condition #8 of the CCC Settlement with the School District requires that the 5-year capital plan and subsequent 5-year capital plans be developed using a structured public analysis.

The District's needs are far beyond what is allocated in this plan but an effort was made to provide resources to improve existing schools to achieve the District's mission of educating all students to reach their highest potential. This 5-year capital plan is an equitable funding plan. All of the dollars allocated in the plan are for schools that are already in operation, to service the debt on the construction financing for many of these schools and to support educational programs at schools throughout the County. The District is committed to updating and upkeeping all schools in a condition that meets the needs of the students and provides benefit to the communities. The District believes that this plan fulfills condition #8 of the CCC Settlement Agreement with regard to the equitable allocation of capital outlay funds.

10 AND 20 YEAR PLAN

Over the next 10 and 20 years, there are many capital funding needs in the Broward County School District. During the past year the District has conducted a district-wide facilities needs assessment. The information gathered during the assessment will be used to make long-term plans to renovate and modernize the facilities.
