

Executive Summary G-6 February 9, 2016

Teachers who appear on the attached lists have been carefully reviewed by staff representing Human Resources and the School Performance and Accountability Office. It is necessary to recommend teachers to be placed out-of-field for the following reasons:

1. ESE teachers that hold the stand alone ESE K-12 certification are often not appropriately certified according to the Florida Course Code Directory. Listed below are some of the reasons why the teachers are being placed out-of-field:
 - ◆ ESE teachers that teach students on standards must be certified in both ESE and elementary education or the specific subject area being taught at the middle/secondary level.
 - ◆ ESE teachers assigned to teach reading to ESE students must be certified in either Elementary or Reading.
 - ◆ ESE teachers with 100% of students identified as having autism spectrum disorders (ASD) are required to have the ASD endorsement on their certificate.
2. The school has a limited number of sections of a subject area, which does not support hiring a full-time teacher. In these situations, the principal selects the best qualified candidate on staff.
3. Teachers are certified in a related area but not in the specific area they are assigned. For example: certified in middle grades English 5-9 and out-of-field for English 6-12; certified in chemistry and out-of-field for physics or biology.
4. Teachers teaching science at the middle school level must have a certificate in middle grades science or the specific science area to match their assignment. The majority of teachers' out-of-field in science are certified in another area of science.
5. Teachers providing direct or indirect gifted services must hold the gifted endorsement. Gifted out-of-field teachers are identified by the office of Math, Science & Gifted via the EASYIEP system. The school determines the appropriate gifted model to be utilized at their location based on the needs of their students.

Teachers have been advised of the out-of-field requirements and the mandated training with multiple reminders being distributed to them throughout the year. Out-of-field teachers are monitored to ensure they are meeting compliance. Endorsement training for ESOL, Gifted, and Reading is provided by the district, as well as certification exam reimbursement for most areas.

A total of 207 teachers are identified as out-of-field. The information in the table below reflects the teachers recognized as out-of-field in one or more of the subjects shown.

SUBJECTS OUT-OF-FIELD

Subject	Number of Teachers
Drama	1
Elementary	15
English	8
ESE	8
ESOL	124
Gifted	36
Mathematics	2
Prekindergarten/Primary	7
Reading	12
Science	9
Social Science	1
World Languages	2
