The Agreement is renewed on an annual basis. The community provider serves students in a day treatment program that are not able to attend a school operated by the School Board of Broward County, Florida (SBBC) District. The educational curriculum is provided by the SBBC District and is integrated into the therapeutic services of the programs. Referrals to the program come from Department of Children & Families, the courts, parents, medical facilities and physicians. The provider uses the state definition of medical necessity as a guide to determine individual treatment, education plans and length of stay.
