Workforce Education Fee Requirements: Students who are enrolled in workforce education programs, who are reported for funding through the Workforce Education Fund must be charged a fee as governed by Florida Statute 1009.22 except those who are fee exempt. Schools must compile and report the total fee exempt, fee nonexempt, fee waived, fees deferred, and nonresident student fees for each adult and technical program. Schools must also report the total amount of fees collected from students. Program offerings may change throughout the course of the year in order to address Industry demands. Assessed fees will be charged in accordance with the information set-forth in this document.

Tuition Fee Amounts—Career and Technical Education (CTE): A postsecondary student fee per hour of instruction must be charged to all students not specifically granted an exemption from the payment of fees.

CTE tuition fees include 10% financial aid fee for workforce education programs as permitted in Florida Statute 1009.22(5), a 5% capital improvement fee used for capital

improvements or equipment as permitted in Florida Statute 1009.22(6), a 5% technology fee for enhancing instructional technology as permitted in Florida Statute 1009.22(7). One hundred percent (100%) of the instructional technology fees collected and deposited in the Internal Fund Account should be transmitted to the school's operating budget in functional area 565367029 to support costs associated with the school's technology.

Fees are assessed by multiplying the required per hour of instruction fee by the number of hours of instruction, with the product rounded to the nearest whole dollar. The rounding procedure is based on rounding up where the product is at least \$0.50 and rounding down where the product is less than \$0.50.

Fees shall be charged to adult students based on applicable Florida statutes, policies, and rules.

Fee Exempt Students—Career and Technical Education: As governed by Florida Statute 1009.25, the following students are exempt from the payment of tuition and fees, including lab fees, at a school district that provide workforce education programs:

- 1) A student enrolled in a dual enrollment or early admission program pursuant to s. 1007.27 or s. 1007.271.
- 2) A student enrolled in an approved apprenticeship program, as defined in s. 446.021.
- 3) A student who is or was at the time he or she reached 18 years of age in the custody of the Department of Children and Family Services who, after spending at least 6 months in the custody of the department after reaching 16 years of age, was placed in a guardianship by the court. Such exemption includes fees associated with enrollment in career-preparatory instruction the exemption remains valid until the student reaches 28 years of age.
- 4) A student who is or was at the time he or she reached 18 years of age in the custody of a relative under s. 39.5085 or who was adopted from the Department of Children and Family Services after May 5, 1997. Such exemption includes fees associated with enrollment in career-preparatory instruction. The exemption remains valid until the student reaches 28 years of age.
- 5) A student enrolled in an employment and training program under the welfare transition program. The regional workforce board shall pay the school district for costs incurred for welfare transition program participants.
- 6) A student who lacks a fixed, regular, and adequate nighttime residence or whose primary nighttime residence is a public or private shelter designed to provide temporary residence for individuals intended to be institutionalized, or a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings.

Financial Aid Fee—Career and Technical Education: Districts shall use funds collected from the financial aid fee assessment to waive in full or in part the fees of persons with demonstrated financial need in accordance with Florida Statute Section 1009.22(5). The financial aid fee is equal to 10% of the state required fee for workforce education programs. Refer to Business Practice Bulletin A-455 Technical Colleges, Alternative High Schools and Community Schools Accounting for Financial Aid Fees 9/15/15.

Tuition Fee Amounts—Adult General Education: An Adult General Education Student tuition fee term must be charged to all students not specifically granted an exemption from the payment of fees. This is pursuant to 2016 General Appropriations Act.

Adult General Education Students will not be charged a registration, financial aid, capital improvement or technology fee. There are three defined terms of enrollment for the 2016-2017 school year.

Fee Exempt Students—Adult General Education: To qualify for a fee exemption, Adult General Education Students must meet one of the six criteria (as specified in FS 1009.25), as listed above in the Fee Exempt Students—Career and Technical Education section.

Residency for Tuition Purposes: Students shall be classified as residents or nonresidents for the purpose of assessing tuition in accordance with Section 1009.21, Florida Statute. The final residency determination will be rendered by the school. The identified students shall be designated as such in the student information data reporting system using the Adult Fee Status and Florida Residence data elements.

Registration Fee: Technical Colleges, alternative high schools and community schools are authorized to assess students a registration fee unless specifically exempted by law, School Board Policy, or other provisions set forth in this document.

Applicable students will pay the following fee based on the program of instruction in which they are enrolling:

- \$20.00 for all Term/Quarter and \$40 for all Semester/Trimester Certificate, Applied Technology Diploma (ATD) programs; -
- \$20.00 for all Fee Support classes.

One hundred percent (100%) of the registration fees collected and deposited in the school's internal fund accounts should be transmitted to the school's operating budget in functional area 9105640230000000 to support costs associated with the registration of students. The fee is to be assessed, where applicable, each time the student registers for a new program/course or portion thereof. Students repeating a program/course or portion thereof must repay the registration fee.

With select short term classes, the standard registration fee can be reduced by the Superintendent (designee).

Workforce Education Standardized Assessment/Placement Fee: Technical Colleges, alternative high schools and community schools are authorized to assess an initial student assessment/placement fee of \$10 to all students taking the Tests of Adult Basic Education (TABE) or Comprehensive Adult Student Assessment System (CASAS) placement tests. This fee is not re-assessed within the same school year, unless there is a 6-month lapse of instruction at such time an individual must be reassessed for placement purposes. Such fees shall be accounted for in accordance with Business Practice Bulletin A-421, and can be used to offset the cost of administering and distributing the results of the test. These fees will be collected and deposited in the school's internal fund account and then, periodically throughout the year, be transmitted to the school's operating budget in functional area 9106640230000000 to pay for operational type expenses. At the end of the fiscal year, any remaining funds in this Internal Account must be transmitted to the school's operating budget in the functional area listed above. The Point of Sale (POS) receipt shall serve as the admission to the Testing Center.

Student Activity Fee: Technical Colleges, alternative high schools and community schools are authorized to assess a one-time, once a year fee of \$10.00 to all students enrolled in both, on- and off-campus programs, with the exception of co-enrolled students. For the purpose of assessing a student activity fee, the school year will be established as beginning with the August term. These fees will be collected and deposited in the school's internal fund accounts and then periodically, throughout the year, be transmitted to the school's operating budget in functional area 5653670280000000 to pay for operational type expenses. At the end of the fiscal year, any remaining funds in this Internal Account must be transmitted to the school's operating budget in the functional area listed above. The fee can be used to offset the costs associated with providing student and campus related activities.

Fee Requirement for Health Science Education Students: Technical Colleges are authorized to assess all Postsecondary Health Science Education students whose program includes a clinical component a \$45 fee for fingerprinting, a \$38 fee for drug testing, a \$12 Health Student Professional liability fee and a \$18.00 subscription fee to American Data Bank who will electronically manage, retrieve and archive each student's health records for a period of two years. For the purpose of assessing the student liability fee, a calendar year based on the student's initial enrollment date will be used. These fees are subject to change as deemed necessary by the Superintendent (or designee), and are required by the clinical facilities to insure patient safety and site liability.

Pre-Assessment for Practical Nursing Students: Technical Colleges are authorized to assess all Practical Nursing students a fee to take a pre-assessment test. This pre-assessment is done to establish minimal entry-level competencies as a predictor of success in the program. These fees will be collected and deposited in the school's internal fund account and then periodically, throughout the year, be transmitted to the school's operating budget in functional area 9106640230000000 to pay for operational type

expenses. At the end of the fiscal year, any remaining funds in this Internal Account must be transmitted to the school's operating budget in the functional area listed above.

Fee Requirement for Clinical Experience Training of Emergency Medical Technician (EMT) Students: McFatter Technical College is authorized to assess all EMT students a \$100 fee for 24 hours of emergency room clinical training, as well as a \$12 liability fee. This training is in addition to the 250 hours of required academic instruction and is matched by 24 hours of emergency vehicle ride-along experience. These fees will be collected and deposited in the school's internal fund account and then, periodically throughout the year, be transmitted to the school's operating budget in functional area 5350000000000000 to pay for operational type expenses. At the end of the fiscal year, any remaining funds in this Internal Account must be transmitted to the school's operating budget in the functional area listed above.

Laboratory Fees: Lab fees are assessed on a per hour cost basis for each Career and Technical instructional program as specified in this fee schedule. These funds are deposited and remain in the school's internal account fund, pursuant to FS 1009.22 (9). These fees are justified on the basis of insufficient workforce funds and/or a recommendation from the appropriate industry advisory committee. These fees may be changed during the school year by the Superintendent (or designee).

Additional Fees: Except as prohibited by law, the cost of consumable supplies, textbooks, workbooks, uniforms, etc. shall be the responsibility of the student or an agency sponsoring the student's enrollment.

Course Work and Penalty: Only students actually enrolled in instruction provided or supervised by instructional personnel with the district are to be reported for Workforce Education funding. No student who has been exempt from taking a course or who has been granted academic or technical credit through means other than actual course work completed at the granting institution is to be reported for Workforce Education Funds in the course from which the student was exempt or granted credit. A penalty against the following year's Workforce Education Funds allocation of two times the value for such students reported is to be suffered by a school reporting such.

Fee Waivers: Schools may waive tuition and other appropriate fees pursuant Florida Statutes 1009.26. New waiver benefits will take effect July 1, 2016 are as follows:

Out-of-State Fee Waiver for Honorable Discharged Veterans: Florida Statute 1009.26(13), provides for an out-of-state fee waiver for honorably discharged veterans known as the "Congressman C.W. Bill Young Tuition Waiver Act." Effective July 1, 2014, a career center operated by a school district under s. 1001.44, F.S. or a charter technical career center shall waive out-of-state fees for an honorable discharged veteran of the United States Armed Forces, the United States Reserve Forces, or the National Guard who physically resides in this state while enrolled in the institution.

Tuition and fees charged to a veteran who qualifies for the out-of-state fee waiver may not exceed the tuition and fees charged to a resident student. The waiver is applicable for 110 percent of the required credit hours of the degree or certificate program for which the student is enrolled. In addition, the law requires the career center or charter technical career center report to the State Board of Education the number value of all fee waivers granted annually under this section of law.

Out-of-State Fee Waiver for Recent High School Graduates: Florida Statute 1009.26(12), provides for an out-of-state fee waiver for students, including, but not limited to, student who are undocumented for federal immigration purposes, and who meet the following conditions: 1) Attended a secondary school in this state for three consecutive years immediately before graduating from a high school in this state; 2) Apply for enrollment in an institution of higher education within 24 months after high school graduation; and 3) Submit an official Florida high school transcript as evidence of attendance and graduation. The tuition and fees charged to a student who qualifies for this waiver may not exceed the tuition and fees charged to a resident student. The waiver is applicable to 110 percent of the required credit hours of the degree or certificate program for which the student is enrolled. Each career center or charter technical career center shall report to the State Board of Education the number and value of all fee waivers granted annually under this section of the law. Centers must prioritize the enrollment of a veteran who is granted an out-of-state fee waiver pursuant to the Congressman C.W. Bill Young Tuition Waiver Act over a student who is granted an out-of-state fee waiver under this section.

Tuition Waivers for Purple Heart Recipients: Florida Statute 1009.26(8) provides a tuition waiver for recipients of a Purple Heart or another combat decoration superior in precedence. The tuition waiver must be provided to recipients who meet the following conditions: 1) Enrolled full-time, part-time or in summer school in a program that terminates in an associate or a baccalaureate degree, a college credit certificate or a career certificate; 2) Is currently, or was at the time of the military action that resulted in the awarding of the Purple Heart or other combat decoration superior in precedence, a resident of Florida; and 3) submits to the career center the DD-214 form issued at the time of separation from service as documentation that the student has received a Purple Heart or another combat decoration superior in precedence. If the DD-214 is not available, other documentation may be acceptable if recognized by the United States Department of Defense or the United States Department of Veterans Affairs as documenting the award. Such waiver for a Purple Heart recipient or recipient of another combat decoration superior in precedence shall be applicable for 110 percent of the number of required credit hours (or equivalent) of the degree or certificate program for which the student is enrolled.

Fee Waiver and Penalty: Schools may waive fees pursuant to School Board Policy 6606. The total number of students for whom the school waives fees must not exceed an amount to be allocated by the Superintendent (or designee). Any fees waived in excess of the established fee waiver amount may be subject to a penalty. The Workforce Education Business Analyst will provide schools/centers with the amount of funds available to be waived.

Deferred Fees and Penalty: Schools may defer fees in accordance with Florida Statute 1009.27. Any business, industry, governmental unit, nonprofit organization, or civic organization, with a permanent office in Broward County, is approved as an authorized agent for underwriting student fees. If, however, an agency fails to make payment in a timely manner, its approval may be revoked by the Superintendent (or designee).

All declarations of intent to pay student fees must be sent to the school principal in writing. In cases of economic hardship as defined in School Board Policy 6606, schools may collect fees in periodic installments calculated on the basis of the total fee divided by the number of payments to be made. In no case shall the installments extend beyond the last class period to the first survey in which the student is eligible for membership. Students not completing payments by this time shall not be counted. The first installment shall be made at the time of registration or the first day of class.

Lifelong Learning/Fee Support—Levels 100 & 200: Fees for Lifelong Learning/Fee Support courses are established to cover all associated operating costs with no cost to the District. Tuition covers instructional costs, equipment maintenance, and marketing. Schools shall charge \$2.00 per instructional hour for 100 Level courses and \$3.00 per instructional hour for 200 Level courses including Industry Training courses. In addition to tuition, a \$20 registration fee is charged for up to 9 weeks of instruction. As well, a supply fee may be charged to cover the cost of consumable supplies and books issued to enrolled students.

Fees are assessed by multiplying the required per hour of instruction fee by the number of hours of instruction, with the product rounded to the nearest whole dollar. The rounding procedure is based on rounding up where the product is at least \$0.50 and rounding down where the product is less than \$0.50. Small classes may require a tuition fee adjustment to accommodate the size. Any variance necessary to comply with law must be requested by written correspondence and have prior approval from the Superintendent (or designee).

Amanda's Place Parenting Program/Fee Support—Level 300: Fees for Amanda's Place courses must be equal to, but not to exceed costs associated with the provision of instruction. Schools shall charge \$3.00 per instructional hour plus a \$20.00 registration fee and \$20 lab fee for up to 9 weeks of instruction. Fees are assessed by multiplying the required per hour of instruction fee by the number of hours of instruction, with the product rounded to the nearest whole dollar. The rounding procedure is based on rounding up where the product is at least \$0.50 and rounding down where the product is less than \$0.50. Small classes may require a tuition fee adjustment to accommodate their size. Any

variance necessary to comply with law must be requested by written correspondence and have prior approval from the Superintendent (or designee).

American Red Cross Swimming Program/Fee Support—Level 400: Fees for the American Red Cross Swimming Program must be equal to, but not to exceed costs associated with the provision of instruction. Schools shall charge \$6.25 per instructional hour plus a \$20.00 registration fee for up to 9 weeks of instruction. Fees are assessed by multiplying the required per hour of instruction fee by the number of hours of instruction, with the product rounded to the nearest whole dollar. The rounding procedure is based on rounding up where the product is at least \$0.50 and rounding down where the product is less than \$0.50. Small classes may require a tuition fee adjustment to accommodate their size. Any variance necessary to comply with law must be requested by written correspondence and have prior approval from the Superintendent (or designee)

Broward Fire Academy/Fee Support—Levels 500-800: Fees for the Broward Fire Academy/Fee Support courses are established to cover all associated operating costs with no cost to the District. Tuition covers instructional costs, equipment maintenance, and marketing. McFatter Technical College shall charge \$3.50 per instructional hour for 500 Level courses, \$6.00 per instructional hour for 600 Level courses, \$7.50 per instructional hour for 700 Level courses, and \$12.50 per instructional hour for 800 Level courses. In addition to tuition, a \$20 registration fee is charged for each class. A supply fee may be charged, in addition, to cover the cost of consumable supplies and books issued to enrolled students.

Fees are assessed by multiplying the required per hour of instruction fee by the number of hours of instruction, with the product rounded to the nearest whole dollar. The rounding procedure is based on rounding up where the product is at least \$0.50 and rounding down where the product is less than \$0.50. These fees will be collected and deposited in the school's internal fund account and then, periodically throughout the year, be transmitted to the school's operating budget in functional area 5340670240000000 to pay for operational type expenses. At the end of the fiscal year, any remaining funds in this Internal Account must be transmitted to the school's operating budget in the functional area listed above.
