Broward County Schools	The Little Match Girl Ballet Dillard Center for the Arts Theater	Language Arts/Theater	3-6	<p>The Little Match Girl is a short story by Danish poet and author Hans Christian Anderson. The story is about a dying child's dreams and hope, and was first published in 1845. It has been adapted to various media including animated film and a television musical.</p> <p>On a cold New Years Eve a poor girl tries to sell matches in the street. She is already shivering from cold and early hypothermia. Still she is afraid to go home because her father will beat her for not selling any matches. She shelters in a nook and sits down.</p> <p>The girl lights the matches to warm herself. In their glow, she sees several lovely visions including a Christmas tree and a holiday feast. The girl looks skyward and sees a shooting star, as she then remembers her dead grandmother saying that such a falling star means someone is dying and is going to heaven. As she lights the next match, she sees a vision of her grandmother, the only person to have treated her with love and kindness. She strikes one match after another to keep the vision of her grandmother alive for as long as she can.</p> <p>Running out of matches, the child dies and her grandmother carries her soul to heaven. The next morning, passers-by find the child dead in the nook and feel pity for her.</p>	2	Amaturo Theater	1,160	N/A
