Project Description	<p>The funding to support these educational programs will come from Full Time Equivalent (FTE) generated dollars supported by the Florida Education Finance Program (FEFP). These programs are community-based programs that offer therapeutic, residential services and operate in partnership with the Department of Children and Families and The School Board of Broward County, Florida. These programs specifically serve significantly fragile students with mental health and or substance abuse needs. Students are referred to this site by parents, community providers or Department of Children and Families (DCF).</p> <p>Atlantic Shores Hospital, LLC has on average 11 students at any time during the academic year. There are 15 beds at the site. Students can reside at the site between 3 days and 12 months depending on the student's needs. Therefore, there can be over 50 students who reside at the facility during the year. Whispering Pines School sends one (1) teacher to the facility.</p> <p>Broward County Public Schools has an obligation to educate these students as they are either: Broward County residents or are under the care and custody of the Department of Children and Families. FTE dollars are generated for students who reside at the site.</p>
