

F-2 - Agreement between The School Board of Broward County, Florida and The City of Miramar (summary explanation and background con't.)

This district wide agreement will support the instructional programs provided by Broward County Public Schools that are necessary to meet Florida Department of Education mandated student performance standards. This agreement also addresses the requirements of regulatory agencies for students to qualify for certification/licensure.

In accordance with a School Board request, the Career, Technical, Adult and Community Education (CTACE) Department will develop a survey to measure the effectiveness of the clinical experience. We will request that Health Science Students and Teachers complete this survey in order to measure the effectiveness. The results of the survey will be used to make recommendations for modifying clinical agreements that will strengthen the student's job-site experience and the overall Health Science Program.
