CHIEF ACADEMIC OFFICER**

**Preliminary Analysis: High School Reading Requirement Success on ACT vs Reconfigured SAT**

The 2015 Grade 10 FSA Reading Achievement Levels were compared to the Florida Department of Education defined reading requirement concordance scores on the 2016 ACT (concordance score=19) and Reconfigured SAT (concordance score=430). Students who scored at Achievement Level 1 or 2 on the grade 10 FSA (and hence did not meet the reading requirement for graduation), tended to be more successful on the Reconfigured SAT than on the ACT.
