Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. See the instructions on page 4.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

- The U.S. grantor or other owner of a grantor trust and not the trust, and
- The U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person, do not use Form W-9. Instead, use the appropriate Form W-8 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a “saving clause.” Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester the appropriate completed Form W-8.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments. This is called “backup withholding.” Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),
3. The IRS tells the requester that you furnished an incorrect TIN,

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the instructions below and the separate Instructions for the Requester of Form W-9.

Also see *Special rules for partnerships* on page 1.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your income tax return. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your income tax return on the “Name” line. You may enter your business, trade, or “doing business as (DBA)” name on the “Business name” line.

Limited liability company (LLC). Check the “Limited liability company” box only and enter the appropriate code for the tax classification (“D” for disregarded entity, “C” for corporation, “P” for partnership) in the space provided.

For a single-member LLC (including a foreign LLC with a domestic owner) that is disregarded as an entity separate from its owner under Regulations section 301.7701-3, enter the owner’s name on the “Name” line. Enter the LLC’s name on the “Business name” line.

For an LLC classified as a partnership or a corporation, enter the LLC’s name on the “Name” line and any business, trade, or DBA name on the “Business name” line.

Other entities. Enter your business name as shown on required federal tax documents on the “Name” line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the “Business name” line.

Note. You are requested to check the appropriate box for your status (individual/sole proprietor, corporation, etc.).

Exempt Payee

If you are exempt from backup withholding, enter your name as described above and check the appropriate box for your status, then check the “Exempt payee” box in the line following the business name, sign and date the form.

Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends.

Note. If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

The following payees are exempt from backup withholding:

1. An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2),
2. The United States or any of its agencies or instrumentalities,
3. A state, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities,
4. A foreign government or any of its political subdivisions, agencies, or instrumentalities, or
5. An international organization or any of its agencies or instrumentalities.

Other payees that may be exempt from backup withholding include:

6. A corporation,
7. A foreign central bank of issue,
8. A dealer in securities or commodities required to register in the United States, the District of Columbia, or a possession of the United States,
9. A futures commission merchant registered with the Commodity Futures Trading Commission,
10. A real estate investment trust,
11. An entity registered at all times during the tax year under the Investment Company Act of 1940,
12. A common trust fund operated by a bank under section 584(a),
13. A financial institution,
14. A middleman known in the investment community as a nominee or custodian, or
15. A trust exempt from tax under section 664 or described in section 4947.

The chart below shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 15.

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt payees except for 9
Broker transactions	Exempt payees 1 through 13. Also, a person registered under the Investment Advisers Act of 1940 who regularly acts as a broker
Barter exchange transactions and patronage dividends	Exempt payees 1 through 5
Payments over \$600 required to be reported and direct sales over \$5,000 ¹	Generally, exempt payees 1 through 7

¹ See Form 1099-MISC, Miscellaneous Income, and its instructions.

² However, the following payments made to a corporation (including gross proceeds paid to an attorney under section 6045(f), even if the attorney is a corporation) and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, and payments for services paid by a federal executive agency.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited liability company (LLC)* on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at www.ssa.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting www.irs.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, and 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). Exempt payees, see *Exempt Payee* on page 2.

Signature requirements. Complete the certification as indicated in 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

Call the IRS at 1-800-829-1040 if you think your identity has been used inappropriately for tax purposes.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes.

Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS personal property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: spam@uce.gov or contact them at www.consumer.gov/idtheft or 1-877-IDTHEFT(438-4338).

Visit the IRS website at www.irs.gov to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons who must file information returns with the IRS to report interest, dividends, and certain other income paid to you, mortgage interest you paid, the acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA, or Archer MSA or HSA. The IRS uses the numbers for identification purposes and to help verify the accuracy of your tax return. The IRS may also provide this information to the Department of Justice for civil and criminal litigation, and to cities, states, the District of Columbia, and U.S. possessions to carry out their tax laws. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You must provide your TIN whether or not you are required to file a tax return. Payers must generally withhold 28% of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to a payer. Certain penalties may also apply.

The School Board of Broward County, Florida (SBBC) is committed to ensuring the awarding of construction subcontracts to minority and women businesses. In accordance with Florida Statute 1001.41(1) and (2), and the School Board Policy 7007, the Supplier Diversity & Outreach Program (SDOP) requires that all projects shall have M/WBE subcontracting goals and that Contractors awarded work on such projects fully participate in the SDOP. This list is provided as an aid to Contractors in their effort to meet the M/WBE Subcontractor's participation goal. The SDOP does not insist that the Contractor utilize any subcontractor from the list. For additional information call 754-321-0550 or to view a list of vendors and subcontractors certified by SDOP, go to <http://www.broward.k12.fl.us/supply/sdop/vendorlist.html>.

This goal is stated as a numerical percentage of the Work proposed on the ERF (Estimating Recap Form - Document 00800b). - G. Certified M/WBE Subcontractor: A Subcontractor who is certified as an M/WBE by The SBBC if it meets all of the following criteria:

- Note: It is the responsibility of the Prime Contractor to verify that all Subcontractors have the required licenses, insurance, and bonding prior to and during the contract period.**

2. The Subcontractor produces evidence of ownership, operation, control and management of the firm on a daily basis.
3. The Subcontractor is an M/WBE Subcontractor as defined under paragraph B (1) above on the date of submission of the ERF.
4. The Subcontractor meets all SBBC and SDOP requirements for Certification prior to the award of the contract.

4. UTILIZATION OF M/WBE SUBCONTRACTORS

- A. Contractor's Obligation: Ensure that Certified M/WBE Subcontractors, as defined above in paragraphs 3(B) and 3(F), have the maximum opportunity to participate in the performance of the contract and are pro-active, in accordance with this Provision, to ensure that Certified M/WBE Subcontractors have the maximum opportunity to compete for and perform work.
- B. Contract Goal: (See Paragraph 3(E)) The stated goal is to have portions of the work under the contract performed by certified M/WBE Subcontractors for dollar amounts that are a numerical percentage of the amount on the ERF which is to be stated in the Agreement.
- C. M/WBE Contractors: A Contractor who is an M/WBE Certified Contractor may, subject to compliance with the applicable requirements of Section 5(C) of this Article, achieve the stated goal by performing work with its own forces with a dollar amount equal to the percentage goal.
- D. Unavailable: An M/WBE Subcontractor is unavailable to do specific work if:
 1. The Subcontractor has been informed of the terms and specifications of the Contract and:
 - a. Does not offer a proposal to do such work or decline an opportunity to do work.
 - b. Does not intend, or is unable, to make a proposal because of lack of interest.
 - c. Is unable to meet the reasonable and ordinary demands connected with doing such work.
 - d. Is unwilling to meet the specifications for such work.
 - e. Is unwilling to work on this project or in this geographic area.
 - f. Otherwise is unable to do the work for any other reason as is determined by SDOP to be sufficient.

5. REQUIREMENTS AND PROCEDURES PRIOR TO THE ISSUANCE OF A NOTICE TO PROCEED:

A. Submittals:

Prior to a Notice to Proceed being issued, as a condition of contract award, the Contractor must submit to the Owner the following M/WBE documents:

1. **Document 00470**, Letter of Intent: M/WBE Subcontractor Participation: A letter to the Contractor from each prospective Certified M/WBE Subcontractor that has agreed to participate in the project stating Trade Items and dollar amounts.
2. **Document 00475**, Summary: M/WBE Subcontractors Participating: Wherein all Subcontractors submitting a Letter of Intent are listed, together with their Contract (Trade) Items and subcontract dollar value amounts. The total M/WBE subcontract dollar value amount is compared to the total Bid Price (Base Bid and Alternates) as a percentage (%), which should equal or exceed the Contract Goal.
3. **Document 00480**, Unavailability Certification: M/WBE Subcontractor Participation: If the Contractor is unable to commit adequate M/WBE Subcontractor Participation to meet the Contract Goal, it shall request execution of this document for each M/WBE Subcontractor it has solicited, but who cannot participate for reasons of their own. This is necessary to show good faith efforts on the Contractor's part to meet the Contract Goal.

B. Good Faith Efforts:

If the information submitted in response to Paragraph 5.A demonstrates that a Contractor does not meet the M/WBE Subcontractor Goal, then information sufficient to satisfy SDOP that the Contractor has made good faith efforts must be submitted.

In making the required judgment, SDOP will consider some or all of the following good faith efforts. Other factors or types of efforts may be relevant in appropriate cases. In determining whether or not a Contractor has made good faith efforts, SDOP will evaluate the efforts that a Contractor has made and the quantity and intensity of these efforts.

Good Faith Efforts are as follows:

1. The Contractor provided written notice to a reasonable number of M/WBE Subcontractors soliciting their participation in sufficient time to allow M/WBE Subcontractors to participate effectively;
2. The Contractor, in order to increase the likelihood of meeting the goal, selected portions of the work to be performed by M/WBE Subcontractors that could be broken down into economically feasible units to facilitate M/WBE Subcontractor participation;
3. The Contractor provided interested M/WBE Subcontractors with adequate information about the plans, specifications and requirements of the contract;
4. The Contractor negotiated in good faith with interested M/WBE Subcontractors, not rejecting M/WBE Subcontractors as unqualified without sound reasons based on a thorough knowledge of their capabilities;
5. The Contractor contacted SDOP for direct referral for certified M/WBE Subcontractors when the Contractor was unsuccessful in locating qualified vendors on their own;

6. The Contractor maintained records stating name, address, type of trade, and described results of contact with each M/WBE Subcontractor specifically for this project;
7. The Contractor actively maintains a file with the names and addresses of M/WBE Subcontractors. (List may be obtained from SDOP)
8. The Contractor engaged in specific and continuing personal recruitment efforts directed at minority contractor organizations, minority recruitment organizations, and minority business assistance centers.

Meeting the goal, or making good faith efforts to do so, is a condition of being issued a Notice to Proceed.

The listing of M/WBE Subcontractors by a Contractor shall constitute a representation by the Contractor that such entity is qualified and available, and a commitment by the Contractor that, if it is issued a Notice to Proceed, it will enter into a subcontract in the amount set forth in its submission, subject to the terms of this Article.

C. Acceptability of M/WBE Subcontractor Submission.

1. If the SDOP questions the acceptability of the Contractor's M/WBE Subcontractor submissions, upon at least three (3) consecutive business days of notice given by SDOP, the Contractor shall meet with SDOP to present information to substantiate its compliance with the applicable requirements.
2. Not later than seven (7) calendar days after the communication with the Contractor, SDOP shall make a written recommendation to the Director, Procurement & Warehousing Services as to the acceptability of the M/WBE Subcontractor involved and which shall include a statement of the facts and reasons upon which it is based.
 - a. If SDOP cannot recommend issuance of a Notice to Proceed to the Primary Contractor, the Secondary Contractor will be contacted to provide the required M/WBE documents as stated in 5(A)(1) through (3).

D. Calculation of M/WBE Subcontractor Participation toward Contract Goal.

M/WBE Subcontractor participation shall be calculated toward meeting the goal as follows:

1. Once The SBBC has determined that a firm is an eligible M/WBE Subcontractor, the total dollar value of the contract awarded to the M/WBE Subcontractor is counted toward the goal, except as limited by paragraph 5(C)(2).
2. The SBBC will count toward the goal a portion of the total dollar value of a contract with a joint venture equal to the percentage of the ownership and control of the M/WBE Subcontractor partner in the joint venture.

3. The SBBC shall count toward the goal only expenditures to M/WBE Subcontractors that perform a useful contractual function in the work. An M/WBE Subcontractor is considered to perform a useful function when it is responsible for execution of a distinct element of the work of a contract and carrying out the responsibilities by actually performing and supervising the work involved.
4. Consistent with normal industry practices, an M/WBE Subcontractor may enter into subcontracts. If such an entity subcontracts a significantly greater portion of the work of the contract than would be expected on the basis of normal industry practices to non-M/WBE subcontractors, the entity shall not be considered as an M/WBE Subcontractor.

E. Issuance of a Notice to Proceed:

Provided the Contractor submitted the completed forms and information as required by Document 00467, and submitted information sufficient to satisfy SDOP that it has met the contract goal or has made good faith efforts to meet the goal, a Notice to Proceed will be issued.

6. REQUIREMENTS AND PROCEDURES SUBSEQUENT TO THE ISSUANCE OF A NOTICE TO PROCEED:

A. Subcontracts:

1. Approved

After issuance of a Notice to Proceed, the Contractor shall submit, for SBBC approval, subcontracts corresponding in all respects to the proposed agreements listed on its SUMMARY: M/WBE SUBCONTRACTORS PARTICIPATING (including authorized substitutions). Upon approval by SDOP, the Contractor shall execute the subcontracts.

2. Disapproved or Excused

The Director of Procurement & Warehousing Services, together with SDOP, retains the right to disapprove any subcontract with an M/WBE Subcontractor proposed under this Provision. If the Director, Procurement & Warehousing Services disapproves a subcontract for reasons relating to its form, the same M/WBE Subcontractor shall be allowed to resubmit his proposal for the same work and at the same price, in a form acceptable to the Director of Procurement & Warehousing Services. If the Director of Procurement & Warehousing Services disapproves a subcontract for any other reason, or if an M/WBE Subcontractor fails to follow through on its Letter of Intent, the awarded Contractor shall be excused from proposing that subcontract and shall proceed with a substitution of M/WBE Subcontractor as prescribed in Paragraph 6(B) following:

B. Substitution of M/WBE Subcontractors:

1. Excused from Entering Subcontracts: If, prior to execution of a subcontract required by this Article, the Contractor submits a written request to the Director, Procurement & Warehousing Services and demonstrates to the satisfaction of the Director, Procurement & Warehousing Services that, as a result of a change in circumstances beyond its control, of which it was not aware, and could not reasonably have been aware prior to the issuance of a Notice to Proceed, an M/WBE Subcontractor who is to enter into such subcontract has not qualified, or the M/WBE Subcontractor has unreasonably refused to execute the subcontract, the Contractor shall be excused from executing such contract with that subcontractor, who will be replaced with another acceptable Certified M/WBE Subcontractor, if possible (or available).
2. Termination of Subcontracts: If, after execution of a subcontract required by this Article, the Contractor submits a written notice to the Director, Procurement & Warehousing Services that such subcontract has committed and failed to remedy a material breach of the subcontract, the Contractor may proceed to exercise such rights as may be available to terminate the subcontract.
3. Alternative Subcontracts: If the Contractor is excused from proposing a subcontract under Section 6(B)(1) or rightfully terminates a subcontract under paragraph 6(B)(2) and without such subcontract the successful Contractor will not achieve the level of M/WBE Subcontractor participation upon which the Notice to Proceed was issued, the Contractor shall make every reasonable effort to propose and enter into an alternative subcontract or subcontracts for the same work to be performed by other Certified M/WBE Subcontractor(s) for a contract price for such work equal to or less than the price originally scheduled for such work (less all amounts previously paid thereof).
4. Compliance with Contract Goal: The Contractor shall be deemed to be in continued compliance with the established goal for M/WBE Subcontractor Participation if, following the situation described in paragraph 6(B)(3):
 - a. The Contractor shall propose and enter each such alternative subcontract for the same work with an M/WBE Subcontractor.
 - b. The Contractor demonstrates to the satisfaction of SDOP and the Director, Procurement & Warehousing Services that it has made every reasonable effort to contact and negotiate with M/WBE Subcontractors in an attempt to comply with W/MBE requirements.
 - c. In spite of Contractor's best efforts, it was unable to subcontract the work because M/WBE Subcontractors were not qualified, unavailable, unwilling or unable to propose a price for such work equal to or less than the price originally scheduled for such work (less all amounts previously paid thereof).

5. Monthly Monitoring Report:

- a. The Contractor holding a contract containing M/WBE participation goals is required to submit a monthly M/WBE Contractor/Subcontractors Utilization Report (Document 00485) with their monthly report and invoice. Forms can be obtained from SDOP.

C. Non-Compliance with Contract Goal:

1. Should the Contractor fail to comply with the provisions of Paragraph 6(B)(5)(a), it shall be considered in default of its Contract.

 Good and lawful money of the United States.

Signed and sealed at Fort Lauderdale, Florida, this ____ day of _____, A.D., **20**_____.

THE CONDITION OF THIS BOND is that if the Subcontractor:

1. Performs the Construction Contract between the Subcontractor and Contractor, the Contract made a part of this Bond by reference, at the times and in the manner prescribed in the Contract; and
2. Pays Contractor all losses, damages, expenses, costs, and attorney's fees, including all appellate proceedings, that the Contractor sustains because of a default by Subcontractor under the Contract; and

3. Performs the guarantee and maintenance of all work and materials provided under the Contract for the time specified in the Contract, then this Bond is void; otherwise, it remains in full force and effect, both in equity and in law, all in accordance with the laws and statutes of the State of Florida and particularly Section 255.05, Florida Statutes.

SURETIES OBLIGATIONS:

A. The Surety's obligation under this Bond shall arise after:

1. The Contractor has notified the Subcontractor and the Surety that the Contractor is considering declaring a Subcontractor Default and has requested and attempted to arrange a conference with the Subcontractor and the Surety to be held not later than fifteen days after receipt of such notice to discuss methods of performing the Construction Contract. If the Contractor, the Subcontractor and the Surety agree, the Subcontractor shall be allowed a reasonable time to perform the Construction Contract, but such an agreement shall not waive the Contractor's right, if any, subsequently to declare a Subcontractor Default; and
2. The Contractor has declared a Subcontractor Default and formally terminated the Subcontractor's right to complete the contract. Such Subcontractor Default shall not be declared earlier than twenty days after the Subcontractor and the Surety have received notice as provided in Subparagraph A.1; and
3. The Contractor has agreed to pay the Balance of the Contract Price to the Surety in accordance with the terms of the Construction Contract or to a contractor selected to perform the Construction Contract in accordance with the terms of the Contract with the Contractor.

B. When the Contractor has satisfied the conditions of Paragraph A, the Surety shall promptly and at the Surety's expense take one of the following actions:

1. Arrange for the Subcontractor, with consent of the Contractor, to perform and complete the Construction Contract; or
2. Undertake to perform and complete the Construction Contract itself, through its agents or through independent contractors; or
3. Obtain bids or negotiated proposals from qualified contractors acceptable to the Contractor for a contract for performance and completion of the Construction Contract, arrange for a contract to be prepared for execution by the Contractor and the contractor selected with the Contractor's concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Construction Contract, and pay to the Contractor the amount of damages as described in Paragraph D in excess of the Balance of the Contract Price incurred by the Contractor resulting from the Subcontractor's default; or
4. Waive its right to perform and complete, arrange for completion, or obtain a new contractor and with reasonable promptness under the circumstances:
 - a. After investigation, determine the amount for which it may be liable to the Contractor and, as soon as practicable after the amount is determined, tender payment there for to the Contractor; or
 - b. Deny liability in whole or in part and notify the Contractor citing reasons there for.

C. If the Surety does not proceed as provided in Paragraph B with reasonable promptness, the Surety shall be deemed to be in default on this Bond fifteen days after receipt of an additional written notice

from the Contractor to the Surety demanding that the Surety perform its obligations under this Bond, and the Contractor shall be entitled to enforce any remedy available to the Contractor. If the Surety proceeds as provided in Subparagraph B.4, and the Contractor refuses the payment tendered or the Surety has denied liability, in whole or in part, without further notice the Contractor shall be entitled to enforce any remedy available to the Contractor.

- D. After the Contractor has terminated the Subcontractor's right to complete the Construction Contract, and if the Surety elects to act under Subparagraph B.1, B.2, or B.3 above, then the responsibilities of the Surety to the Contractor shall not be greater than those of the Subcontractor under the Construction Contract, and the responsibilities of the Contractor to the Surety shall not be greater than those of the Contractor under the Construction Contract. To the limit of the amount of this Bond, but subject to commitment by the Contractor of the Balance of the Contract Price to mitigation of costs and damages on the Construction Contract, the Surety is obligated without duplication for:
1. The responsibilities of the Subcontractor for correction of defective work and completion of the Construction Contract;
 2. Additional legal, design professional and delay costs resulting from the Subcontractor's Default, and resulting from the actions or failure to act of the Surety under Paragraph B; and
 3. Liquidated damages, or if no liquidated damages are specified in the Construction Contract, actual damages caused by delayed performance or non-performance of the Subcontractor.
- E. The Surety shall not be liable to the Contractor or others for obligations of the Subcontractor that are unrelated to the Construction Contract, and the Balance of the Contract Price shall not be reduced or set off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than the Contractor.
- F. The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.
- G. Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within the time provided by Florida Law after Subcontractor Default or within five years after the Subcontractor ceased working or within five years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

NOTICE:

- A. Notice to the Surety, the Contractor or the Subcontractor shall be mailed or delivered to the addresses shown on the first page of this Bond.
- B. Faxed or other electronic transmission of Notice will not be allowed.

DEFINITIONS

- 31.01 Any salvage resulting from clearing, grubbing, grading, draining, remodeling or altering any existing facilities on this site shall be the property of the Owner; and this material shall be piled or stacked on the site if the Owner desires this material.

31.02 If this material is not desired by the Owner, it shall be disposed of by the Contractor at his expense.

ARTICLE 32. CLAIMS BY THE CONTRACTOR.

32.01 Although Contractor acknowledges the No Damage for Delay clause set forth in Article 10.09 of Document 00520, Agreement Form, in the event the Contractor is entitled to assert a claim against Owner for any reason, claims by the Contractor against the Owner are subject to the following terms and conditions:

32.01.01 All Contractor claims against the Owner shall be initiated by a written claim submitted to the Owner and the Project Consultant. Such claim shall be received by the Owner and the Project Consultant no later than fifteen (15) calendar days after the event, or the first appearance of the circumstances causing the claim, and same shall set forth in detail all known facts and circumstances supporting the claim and the actual damages or injuries suffered;

32.01.02 The Contractor shall continue its performance hereunder regardless of the existence of any claims submitted by the Contractor;

32.01.03 In the event the Contractor seeks to make a claim, as a condition precedent to any such claim the Contractor shall strictly comply with the notice requirements above and such claim shall be made by the Contractor before proceeding to execute any additional or changed Work. Failure of the condition precedent to occur, i.e., providing notice as required in Article 32.01.01 above, shall constitute a complete waiver by the Contractor of any claim for additional compensation or extension of time. This written notice requirement may not be waived by verbal representations or the acts of representatives of the Owner or Project Consultant;

32.01.04 In connection with any claim by the Contractor against the Owner for compensation in excess of the Contract Price, any liability of the Owner for the Contractor's cost shall be strictly limited to direct cost of labor and materials incurred by the Contractor at the jobsite and shall in no event include indirect cost, overhead, loss of profit, or consequential damages of the Contractor. The Owner shall not be liable to the Contractor for claims of third parties including, but not limited to, subcontractors, suppliers, laborers, etc.

ARTICLE 33. CHANGE ORDERS.

33.01 One or more changes to the Work within the general scope of this Contract may be ordered by the Owner by Change Order, Project Consultant's Supplementary Instructions, and Construction Change Directives.

33.02 The Contractor shall proceed with any extra Work or changes which alter the Contract by adding to, or deducting from the Contract Sum or Contract Time in strict accordance with the following terms and conditions:

33.02.01 Change Order shall mean a written order to the Contractor executed by the Owner and the Project Consultant after execution of this Contract, directing a change in the

Work and may include a change in the Contract Price or the time for the Contractor's performance, or any combination thereof;

33.02.02 Any change in the Contract Price or time resulting from a Change Order shall be determined as follows:

- a. By mutual agreement between the Owner and the Contractor as evidenced by (a) the change in the Contract Price or time being set forth in Change Order in accordance with Article 33.02.08 below, and (b) the execution of the Change Order; or,
- b. If no mutual agreement occurs between the Owner and the Contractor, the change in the Contract Price, if any, shall be derived based upon the Cost Plus Price basis (as set forth in Article 33.02.08 below) by determining the "total actual costs" (in accordance with Article 33.02.09 below), incurred or savings achieved, resulting from revisions in the Work. Such total actual costs or savings shall include a component for direct jobsite overhead and profit but under no circumstances shall it include non-job site overhead expenses or costs or any other indirect costs or components. Any such costs or savings shall be documented in the format, and with such content and detail as the Owner or the Project Consultant requires. If agreement is not reached as to the change in time, Contractor shall be given a reasonable time based upon the scope of Work required by the change.

33.02.03 The execution of a Change Order by the Contractor shall constitute conclusive evidence of the Contractor's agreement to the ordered changes in the Work and the change in the Contract Price and the time for performance by the Contractor. The Contractor, by executing the Change Order, waives and forever releases any claim against the Owner for additional time or compensation for issues or matters relating to or arising out of or resulting from the Work included within or affected by the executed Change Order.

33.02.04 The Contractor shall notify and obtain the consent and approval of the Contractor's surety with reference to all Change Orders and provide such consent in the form of fully executed Document 00630, Performance Bond Rider, and, Document 00635, Payment Bond Rider. The Contractor's execution of the Change Order and submission of fully executed Document 00630, Performance Bond Rider, and, Document 00635, Payment Bond Rider shall constitute the Contractor's warranty to the Owner that the surety has been notified of, and consents to, such Change Order and the surety shall be conclusively deemed to have been notified of such Change Order and to have expressly consented thereto.

33.02.05 The Owner, without invalidating the Contract, may require the change for any reason whatsoever. All such Work shall be executed under the terms of the original Contract.

33.02.06 All change orders and adjustments shall be in writing and executed by the Contractor and Owner; otherwise, no claim for additional compensation or time will be allowed.

- 33.02.07 The amount of credit to be allowed by the Contractor to the Owner for a deletion or change which results in a net decrease in the Contract Sum shall be the total actual cost (as set forth in Article 33.02.09 below) saved as confirmed by the Project Consultant. The amount of the credit shall include an amount for the overhead and profit of the Contractor which the Owner is not required to pay as a result of the deletion or decrease. When both additions and credits covering related Work or substitutions are involved in a change, the overhead and profit shall be calculated on the basis of net increase, if any, with respect to that change. The Contractor shall not be entitled to overhead and profit in the event the net change results in a reduction of the original contract amount.
- 33.02.08 The value of any change ordered under the Contract for extra Work and/or any reductions in Work required, shall be determined using one of the selected pricing methods as described in Exhibit A.
- 33.02.09 The Contractor is obligated to proceed with the Work for a Change Order, even though there has not been an agreement reached with the Owner as to an adjustment to the Contract Price or time, and even if there is a dispute as to same. In such instances the Project Consultant will issue Document 01250e, Construction Change Directive as specified elsewhere in the Contract Documents. A Change Order or proposed Change Order shall not be the basis of the Contractor not performing pursuant to the Contract Documents.
- 33.02.10 The Contractor, Owner and Project Consultant shall administer and document the Change Order process by utilizing the documentation system specified elsewhere in the Contract Documents, including Document 01250e, Construction Change Directive.
- 33.03 The Project Consultant will have authority to order minor changes in the Work not involving an adjustment to the Contract Sum or Contract Time and not inconsistent with the intent of the Contract Documents. Such changes shall be effected by written order on Document 01250f, Project Consultant's Supplemental Instructions and such changes shall be binding on the Owner and the Contractor.
- 33.04 The Owner has authorized the following approval thresholds for Change Orders in the Name of The School Board of Broward County, Florida under Board Policy 7006, the rules of which are incorporated below:
- A. The Chief is authorized to approve change orders in accordance with Board Policy 7006, Change Orders, as amended from time to time.
 - B. When the cumulative total of all change orders on a project has exceeded the ceiling established in 33.04A above, all subsequent change orders will require prior Board approval, except in emergency cases as declared by the Superintendent, or where the change order in question would be in the form of a credit, thereby reducing the adjusted contract amount.

- C. Approval of change orders under this policy shall be for the purposes of expediting the work in progress and shall be confirmed by Board action at the next regular meeting of the Board.

ARTICLE 34. DISCOVERING AND CORRECTING DEFECTIVE OR INCOMPLETE WORK.

- 34.01 In the event that the Contractor covers, conceals or obscures its work in violation of this Contract or in violation of a directive from the Owner or the Project Consultant, such work shall be uncovered and displayed for the Owner's or Project Consultant's inspection upon request, and shall be reworked at no cost in time or money to the Owner.

- 34.04 In addition to its warranty obligations set forth elsewhere herein, the contractor shall be specifically obligated to correct any and all defective or nonconforming work for a period of twelve (12) months following final completion upon written direction from the Owner.
- 34.05 The Owner may, but shall in no event be required to, choose to accept defective or nonconforming work.
 - 34.05.01 In such event, the Contract Price shall be reduced, at Owner's option, by the greater of (i) the reasonable costs of removing and correcting the defective or nonconforming work, or (ii) the difference between the fair market value of the Project as constructed and the fair market value of the Project had it not been constructed in such a manner as to include defective or nonconforming work.
 - 34.05.02 If the remaining portion of the unpaid Contract Price, if any, is insufficient to compensate the Owner for the acceptance of defective or nonconforming work, the Contractor shall, upon written demand from the Owner, pay the owner such remaining compensation for accepting defective or nonconforming work.

The Work in the affected area shall not thereafter be resumed except by written notice from the Owner. Otherwise, the Contractor shall pay the Owner any and all costs, fees, damages or expenses which the Owner has paid or is obligated to pay in excess of the contract price (as it may be modified hereunder). This obligation for payment shall survive the termination of the Contract. In the event the employment of the Contractor is terminated by the Owner for cause pursuant to this Subparagraph and it is subsequently determined by a Court of competent jurisdiction that such termination was without cause, such termination shall thereupon be deemed a Termination for Convenience and the terms of Article 41.02 shall apply.

Exhibit A

Change Orders, Extra Work and Claims

1. The contract language contained in this Article will supplement and take precedence over all other change order pricing contract provisions in file contract documents provided by either the Owner or the Contractor and/or Architect/Engineer. It is understood that these contract provisions will govern the pricing and administration of all change order proposals to be submitted by the Contractor, Prime Contractors, Trade Contractors or Subcontractors (Subcontractor), and all other lower tier Contractors (Sub-Subcontractors) working on the Project. In the event of a conflict between the language in this Article and the other contract documents used for the project, the change order pricing and contract provisions in this Article shall govern.
2. Contractor agrees it will incorporate the provisions of this Article into all agreements it enters into with any entity or individual in relation to this Project. It is understood that these change order pricing provisions apply to all types of contracts and/or subcontracts specifically including lump sum (or fixed price contracts), unit price contracts, and/or cost plus contracts with or without a guaranteed maximum. It is further understood that these change order provisions will apply to all methods of change order pricing, specifically including lump sum change order proposals, unit price change order proposals, and cost plus change order proposals.
3. The term change order shall include Extra Work and Claims unless specifically excluded or further described.
4. Whenever change order proposals to adjust the contract price become necessary, the Owner will have the right to select the method of pricing to be used by the Contractor in accordance with the pricing provisions found in this Article. The options will be (1) lump sum change order proposal, (2) unit price change order proposal, or (3) cost plus change order proposal as defined in the following provisions:
 - a. **Lump Sum Change Order Proposals** - The Contractor will submit a properly itemized Lump Sum Change Order Proposal covering the additional work and/or the work to be deleted. This proposal will be itemized for the various components of work and segregated by labor, material, and equipment in a detailed format *satisfactory* to Owner. The Owner will require itemized change orders on all change order proposals from the Contractor, subcontractors, and sub-subcontractors regardless of tier. Details to be submitted will include detailed line item estimates showing detailed materials quantity take-offs, material prices by item and related labor hour pricing information and extensions (by line item by drawing as applicable).

Labor: Estimated labor costs to be included for self-performed work shall be based on the actual cost per hour paid by the Contractor for those workers or crews of workers who the Contractor reasonably anticipates will perform the change order work. Estimated labor hours shall include hours only for those workmen and working foremen directly involved in performing the change order work. Supervision above the level of working foremen (such as general foremen,

superintendent, project manager, etc.) is considered to be included in the agreed upon Markup Percentages as outlined in paragraph 6 of this Article.

Labor Burden - Labor burden allowable in change orders shall be defined as employer's net *actual* cost of payroll taxes (FICA, Medicare, SUTA, FUTA), net actual cost for employer's cost of union benefits (or other usual and customary fringe benefits if the employees are not union employees), and net actual cost to employers for worker's compensation insurance taking into consideration adjustments for experience modifiers, premium discounts, dividends, rebates, expense constants, assigned risk pool costs, net cost reductions due to policies with deductibles for self-insured losses, assigned risk rebates, etc. Contractor shall reduce its standard payroll tax percentages to reflect the effective cost reduction due to the estimated impact of the annual maximum wages subject to payroll taxes.

Material: Estimated material change order costs shall reflect the Contractors reasonably anticipated net actual cost for the *purchase* of the material needed for the change order work. Estimated material costs shall reflect cost reductions available to the Contractor due to trade discounts, free material credits, and/or volume rebates. Cash discounts available on material purchased for change order work shall be credited to Owner if the Contractors provided Owner funds in time for Contractor to take advantage of any such cash discounts. Price quotations from material suppliers must be itemized by each specific item to be purchased. "Lot pricing" quotations will not be considered sufficient substantiating detail.

Equipment: Allowable change order estimated costs may include appropriate amounts for rental of major equipment specifically needed to perform the change order work (defined as tools and equipment with an individual purchase cost of more than \$1000), for Contractor or subcontractor owned equipment, the "bare" equipment rental rates allowed *to be used* for pricing change order proposals shall be 75% of the monthly rate listed in the most current publication of The AED Green Book divided by 173 to arrive at a maximum hourly rate to be applied to the hours the equipment is used performing the change order work. Further, for Contractor or subcontractor owned equipment, the aggregate equipment rent charges for any single piece of equipment used in any change order work shall be limited to 50% of the fair market value of the piece of equipment when the first change order is priced involving usage of the piece of equipment. Fuel necessary to operate the equipment will be considered as a separate direct cost associated with the change order work.

- b. Unit Price Change Order Proposals - As an alternative to Lump Sum Change Order Proposals, the Owner or the Contractor acting with the approval of the Owner may choose the option to use Contract Unit Prices. The Contractor will submit within seven (7) days after receipt of the Owner's written request for a Unit Price Proposal, a written Unit Price proposal itemizing the quantities of each item of work for which there is an applicable Contract Unit Price. The quantities must be itemized in relation to each specific contract drawing.

Contract Unit Prices will be applied to net differences of quantities of the same item. Such Contract Unit Prices will be considered to cover all direct and indirect costs of furnishing and installing the item including the subcontractor's Markup Percentage Fee.

- c. Cost Plus Change Order Proposals - As an alternative to either Lump Sum Change Order Proposals or Unit Price Change Order Proposals, the Owner may elect to have any extra work performed on a cost plus markup percentage fee basis. Upon written notice to proceed, the Contractor shall perform such authorized extra work at actual cost for direct labor (journeymen, apprentices, helpers, etc.), actual cost of labor burden, actual cost of material used to perform the extra work, and actual cost of rental of major equipment (without any charge for administration, clerical expense, general supervision or superintendence of any nature whatsoever, including the cost or rental of small tools, minor equipment, or plant (fabrication), plus the approved markup percentage fee. The intent of this clause is to define allowable cost plus chargeable costs to be the same as those allowable when pricing Lump Sum Change Proposals as above. Owner and Contractor may agree in advance in writing on a maximum price for this work and Owner shall not be liable for any charge in excess of the maximum. Daily time sheets with names of all Contractor's employees working on the project will be required to be submitted to the Owner for both labor and equipment used by the Contractor and / or contractors for time periods during which extra work is performed on a cost plus fee basis. Daily time sheets will break down the paid hours worked by the Contractor's employees showing both base contract work as well as extra work performed by each employee.
5. Maximum Markup Percentage Allowable on Self-Performed Work: With respect to pricing change orders to any Lump Sum Contract change order, the maximum Markup Percentage Fee to be paid to any Contractor (regardless of tier) on self-performed work shall be a single markup percentage not-to-exceed (the following sliding scale of percentages) of the net direct cost of (1) direct labor and allowable labor burden costs applicable to the change order or extra work; (2) the net cost of material and installed equipment incorporated into the change or extra work, and (3) net rental cost of major equipment and related fuel costs necessary to complete the change in the Work. The following sliding scale will apply for the pricing of the self-performed work portion of each change order proposal request:
- a. 15% on the first \$25,000 of the change order direct cost of self-performed work,
 - b. 10% on the portion of the change order direct cost of self-performed work between \$25,000 and \$50,000 and,
 - c. 7.5% on the portion of the change order direct cost of self-performed work between \$50,000 and \$200,000 and,
 - d. 5% on the portion of the change order direct cost of self-performed work greater than \$200,000.
6. Maximum Markup Percentages Allowable on Work Performed by Lower Tier Contractors: With respect to pricing the portion of change order proposals involving work performed by lower tier contractors, the maximum Markup Percentage Fee allowable to the Contractor supervising the lower tier contractor's work shall not-to-exceed the following

- sliding scale on the aggregate amount allowed to be charged by the lower tier contractor(s) for each change order event:
- a. 8% on the first \$25,000 of approved change order work performed by all subcontractors combined for any particular change order proposal.
 - b. 4% on any amount greater than \$25,000 of approved change order work performed by all the subcontractors combined for any particular change order proposal.
7. Sales and use tax (if applicable) shall not be subject to any Markup Percentage Fee. Any sales or use tax properly payable by the Contractors shall be added, after computing the change order amount before tax.
 8. As a further clarification, the agreed upon Markup Percentage Fee is intended to cover the Contractor's profit and all indirect costs associated with the change order work. Items intended to be covered by the Markup Percentage Fee include, but are not limited to: home office expenses, branch office and field office overhead expense of any kind; project management; superintendents, general foremen; estimating, engineering; coordination; expediting; purchasing; detailing; legal, accounting, data processing or other administrative expenses; shop drawings; permits; comprehensive general liability insurance; auto insurance and umbrella insurance; pick-up truck costs. The cost for the use of small tools is also to be considered covered by the Markup Percentage Fee. Small tools shall be defined as tools and equipment (power or non-power) with an individual value of \$1,000 or less.
 9. The application of the markup percentages referenced in the preceding paragraphs will apply to both additive and deductive change orders. In the case of a deductive change order, after the net credit is computed by applying the sliding scale percentages as outlined, an adjustment will be made to the computed credit by multiplying the credit amount by a factor of .975 to arrive at a final credit amount to be issued to the owner. In those instances where a change involves both additive and deductive work, the additions and deductions will be netted and the markup percentage adjustments will be applied to the net additive or deductive amount.
 10. In no event will any lump sum or percentage amounts for "contingency" be allowed to be added as a separate line item in change order estimates. Unknowns attributable to labor hours will be accounted for when estimating labor hours anticipated to accomplish the work. Unknowns attributable to material scrap and waste will be estimated as part of material costs.
 11. The Contractor's proposals for changes in the contract amount or time shall be submitted within seven (7) calendar days of the Owner's request, unless the Owner extends such period of time due to the circumstances involved. If such proposals are not received in a timely manner, if the proposals are not acceptable to Owner, or if the changed work should be started immediately to avoid damage to the project or costly delay, the Owner may direct the Contractor to proceed with the changes without waiting for the Contractor's proposal or for the formal change order to be issued. In the case of an unacceptable Contractor proposal, the Owner may direct the Contractor to proceed with the changed work on a cost-plus basis with an agreed upon "not-to-exceed" price for the work to be performed. Such directions to the Contractor by the Owner shall be confirmed in writing by a "Notice to Proceed on Changes" letter within seven (7) calendar

days. The cost or credit, and or time extensions will be determined by negotiations as soon as practical thereafter and incorporated in a Change Order to the Contract.

12. In the event the Contractor has been required to furnish performance and/or payment bonds as part of the base contract price, a final contract change order will be processed to account for the Contractor's net increase or decrease in bond premium costs associated with change orders to Contractor's base contract price. Contract adjustments related to any such increased or decreased costs of related to insurance and/or bond coverage will not be subject to any Contractor markup for overhead and profit.
13. **Accurate Change Order Pricing Information:** Contractor agrees that it is responsible for submitting accurate cost and pricing data to support its Lump Sum Change and/or Cost Plus Change Order Proposals or other contract price adjustments under the contract. Contractor further agrees to submit change order proposals with cost and pricing data, which is accurate, complete, current and in accordance with the terms of the contract with respect to pricing of change orders.
14. **Right to Verify Change Order Pricing Information:** Contractor agrees that any designated Owner's representative will have the right to examine the Contractor's records to verify the accuracy and appropriateness of the pricing data used to price change proposals. Even after a Change Order Proposal has been approved, Contractor agrees that if the Owner later determines the cost and pricing data submitted was inaccurate, incomplete, not current or not in compliance with the terms of the contract regarding pricing of change orders; then an appropriate contract price reduction will be made.
15. **Requirements for Detailed Change Order Pricing Information:** Contractor agrees to provide and require all subcontractors to provide a breakdown of allowable labor and labor burden cost information as outlined in this Article. This information will be used to evaluate the potential cost of labor and labor burden related to change order work. It is intended that this information represent an accurate estimate of the Contractor's actual labor and labor burden cost components. This information is not intended to establish fixed billing or change order pricing labor rates. However, at the time change orders are priced, the submitted cost data for labor rates may be used to price change order work. The accuracy of any such agreed upon labor cost components used to price change orders will be subject to later audit. Approved change order amounts may be adjusted later to correct the impact of inaccurate labor cost components if the agreed upon labor cost components are determined to be inaccurate.

The Contractor is required to notify the owner within seven (7) calendar days subsequent to an event that may lead to a claim by the Contractor or Subcontractor of any tier. The claim is to be perfected and the Owner provided a full accounting for all costs associated with the claim within thirty (30) calendar days, unless the Contractor requests in writing and the Owner agrees to a specific extension of this time. The reason for the extension is to be made known to the Owner in the written request. Any claims that are not promptly and accurately reported in keeping with this article will not be entertained. The Owner has the right to verify amounts claimed in the same manner as described in paragraphs 16 and 17 of this paragraph.
