ADMINISTRATION OF PRESCRIBED OVER-THE-COUNTER MEDICATIONS WITH PHYSICIAN APPROVAL RULES

1. ADMINISTRATION OF MEDICATIONS

A. AUTHORIZATION

An Authorization for Medication/Treatment Form must be completed for all students receiving over the counter (OTC) medications which require physician approval. The completed form shall include the type, amount, time to be administered, possible side effects, and any special instructions regarding the medication. All prescribed over-the-counter medications, may only be administered when both the physician and the parent/guardian have signed the form. Execution of the parental consent and physician section will grant the principal or his/her designee the permission to assist in the administration of all medications and shall explain the necessity for the medication to be provided during the school day, including when the student is away from school property on official school business. A new Authorization for Medication/Treatment form must be completed every 12 months or when changes are made. Copies of the completed forms must be placed in the student's cumulative folder.

B. ADMINISTRATION

All prescribed over-the-counter medications, will be administered by onsite healthcare personnel or by school staff that are trained and designated by the principal.

(P.5)

Addition:

C. TRANSPORTATION OF MEDICATIONS

All prescribed over-the-counter medications, must be transported by parents/guardians, unless the student has a special health condition. In accordance with F.S. 1002.20, students with special health conditions e.g., asthma, diabetes, hypersensitivity, and cystic fibrosis or pancreatic insufficiency; regardless of the grade, may carry medication on self if approved by their physician and noted on the Medication/Treatment Authorization form as trained to perform. Medications are not to be transported on a school bus, unless the student is accompanied by trained personnel or has permission as outlined above to self-administer emergency medications.

D. RECEIVING AND STORING MEDICATIONS

In accordance with F.S. 1006.062(2), all prescribed over-the-counter medications, to be administered by school staff that are trained and designated by the principal, shall be received from the parent/guardian in the original sealed container, and counted (number of tablets or amount of liquid) and recorded on the area designated on the Student Medication Log. The medication shall be properly labeled and stored in the original container in a locked cabinet.

E. TRAINING

Training shall be provided to the principal or to the school personnel designated by the principal to assist students in the administration of medication. Training shall be provided by a registered nurse, or advanced registered nurse practitioner, a licensed practical nurse, a licensed physician, or a licensed physician assistant. A minimum of two people per school, including schools that have a designated school nurse, must be trained for administration of medications.
