# Reimagining Middle Grades

## Purpose of Today's Meeting:

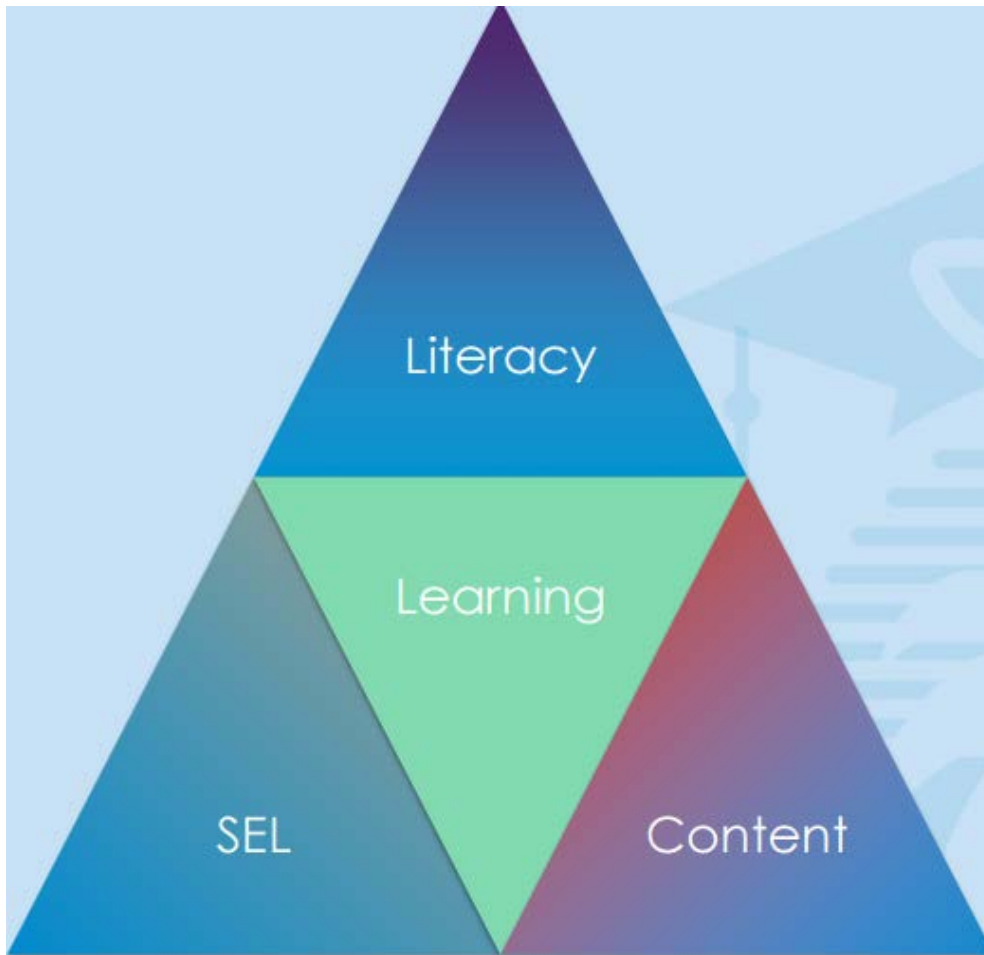

- Why and How?
- Board Workshop Timeline
- Stakeholder Engagement
- Middle Grades Data
- Framework for Reviewing Ideas
- Next Steps

*"The middle grades are a time when adolescents experience immense social, emotional, and physical changes. We can help students in these grades become who they want to be by providing innovative and meaningful learning opportunities."*

*Ref Rodriguez  
Los Angeles Unified School District*

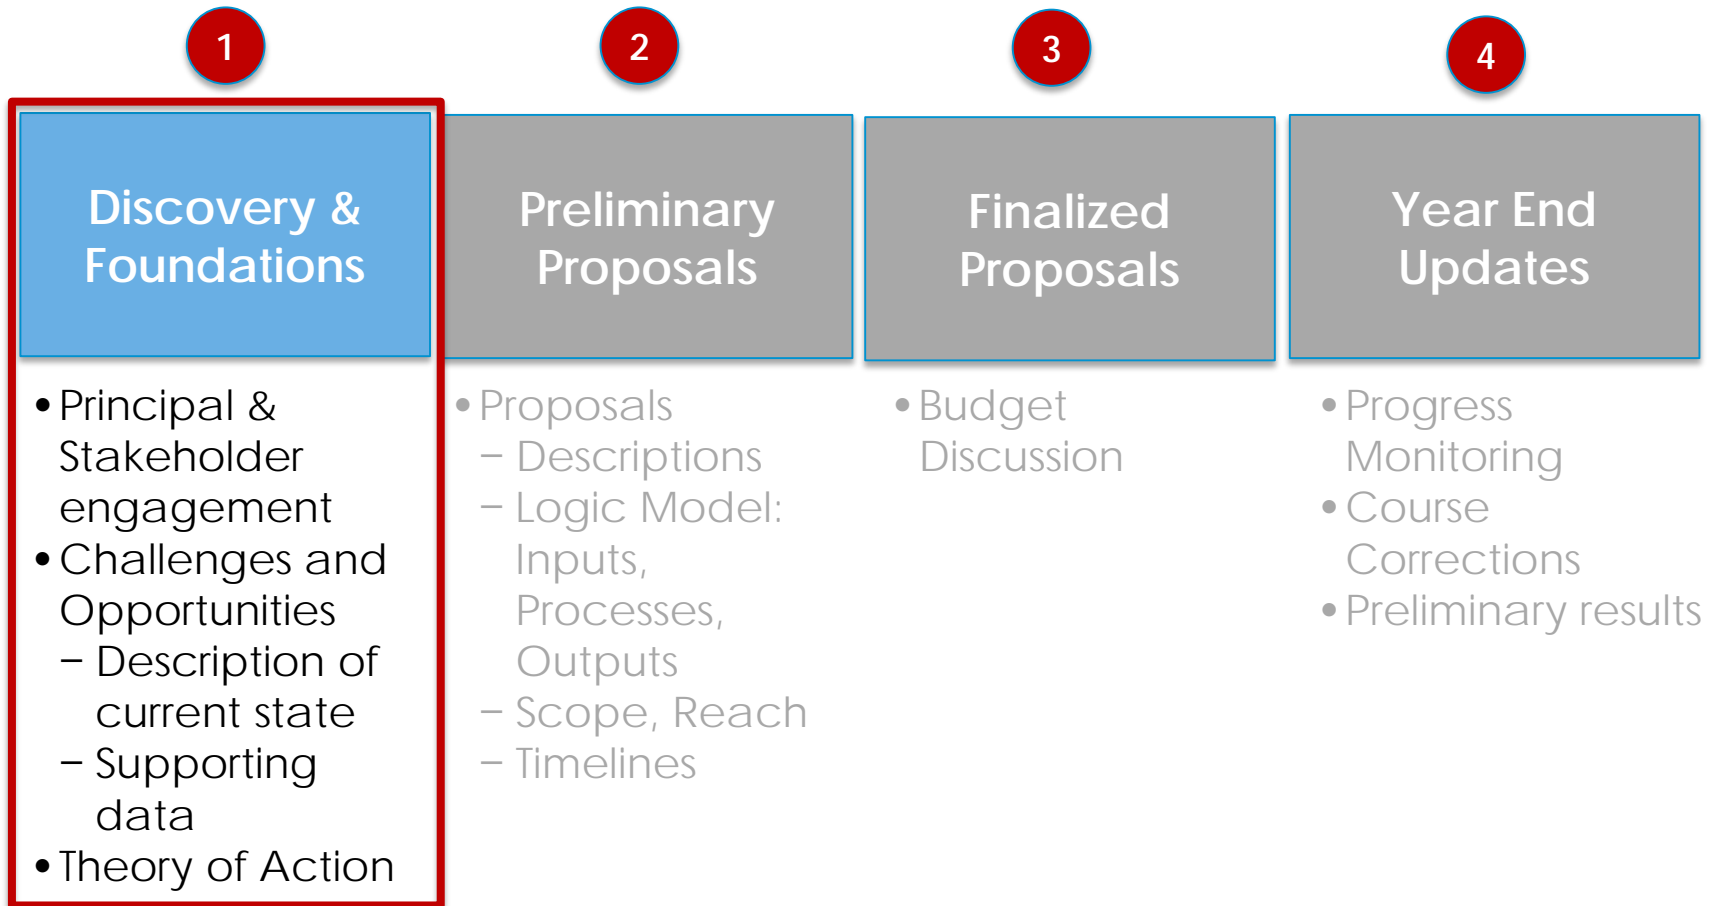

# Why are we here?

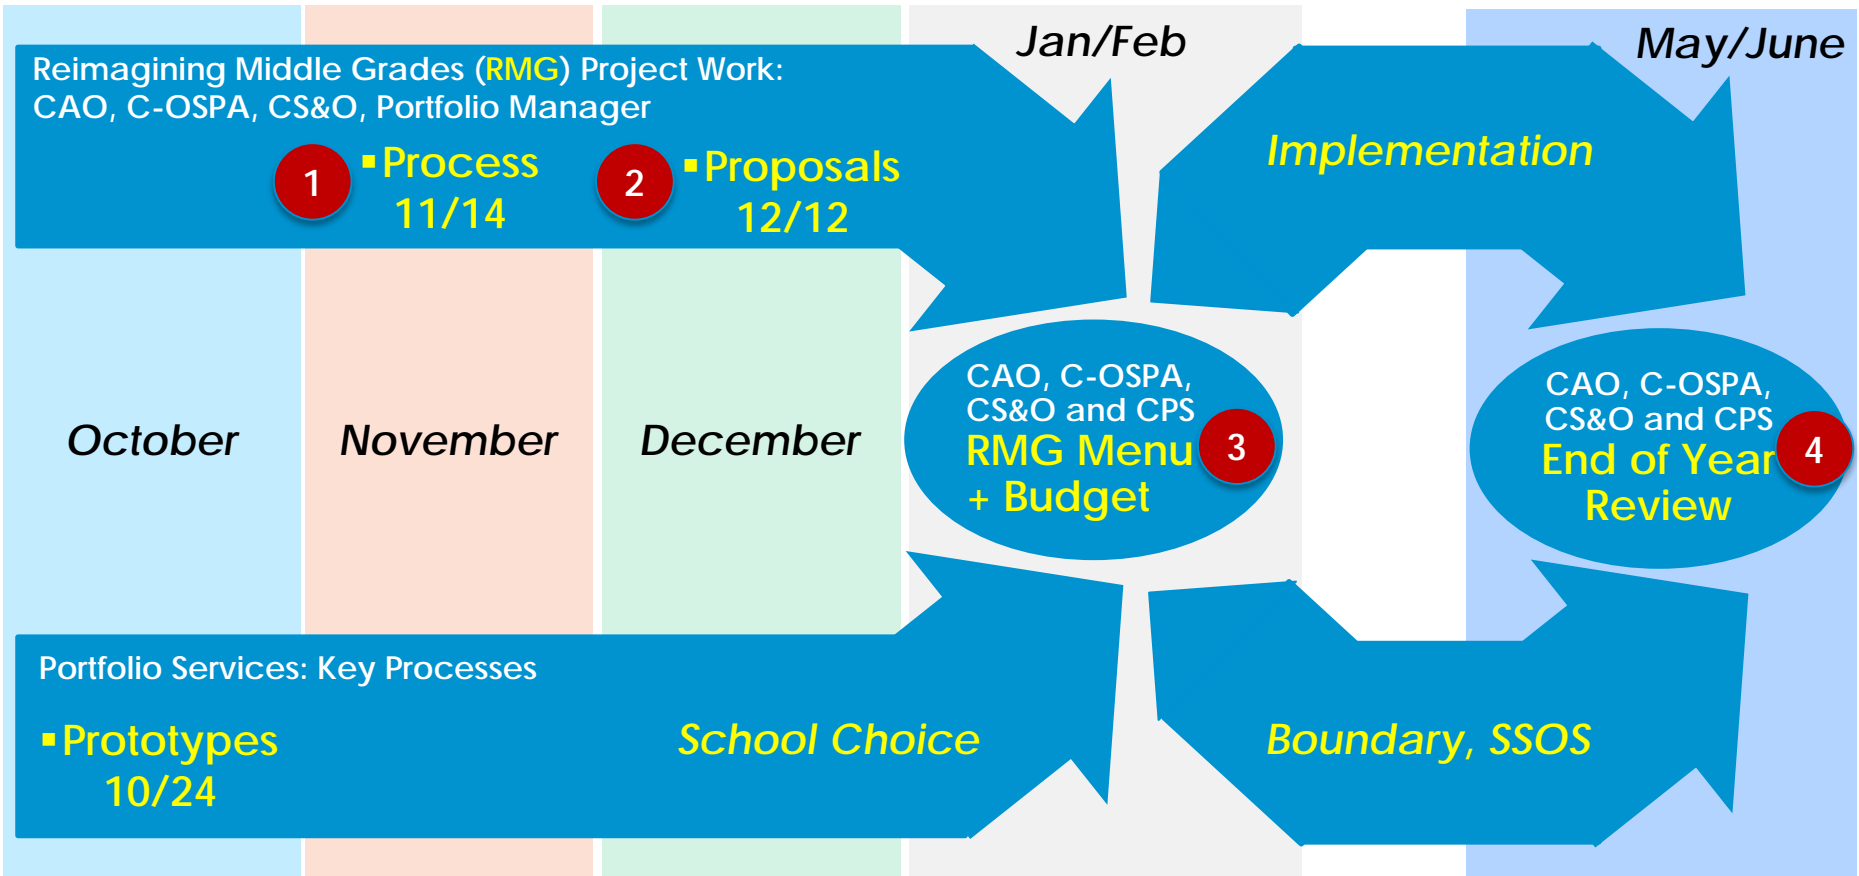

BCPS wants every child to be  
**literate, emotionally healthy, & academically successful**  
in a **safe, experiential** learning environment.

# Core Datasets Reflecting Our Current State

	Description		Dataset
Challenges	Academic Performance Gaps	We need better strategies for growing students at <u>every</u> performance level.	Dataset A
		We have persistent achievement gaps between subgroups.	Dataset B
		Emphasis on acceleration may be misplaced.	Dataset C
		The gap between learning gains of all students compared to lowest quartile is widening.	Dataset D
	Student Engagement	Better teacher-student relationships, social awareness, and self-management are needed for students' experiences to improve.	Datasets E, F
Opportunities	Community Partnerships	Resource (people, funding) constraints limit our ability to execute programs. Partners can play a key role in expanding our capacity.	Dataset G
	System Improvement	We leverage all available data sources to monitor implementation and identify site-based opportunities for continuous improvement.	All
