

FINANCIAL IMPACT:

The source of funds is the School Board Members' department Budget. Please note the funding for this item was approved during budget adoption. The invoice will be reviewed by the CFO to insure it is correct. This Board item will no longer be required since payment is mandatory by statute and budget authority is in place. In developing the FY 18-19 budget, the payment to the VAB will be budgeted in the Office of the Treasurer and not the School Board Member's department budget in order to make payment efficiently.
