

## **EXECUTIVE SUMMARY**

### **Authorization to Conduct a Spot Survey to Replace Building No. 6 at McArthur High School**

Building No. 6 was constructed in 1963 and is located at 6501 Hollywood Boulevard, Hollywood, Florida 33024 (Parcel 20). This Building is designated for educational purposes in the Educational Plant Five-Year Survey Report 2015-2020 (Plant Survey).

Due to the current structural condition, the Office of Facilities and Construction Department recommended the replacement of the Building via Agenda Item JJ-1 at the April 4, 2017 Regular School Board Meeting. The additional funding requested for the Building replacement was \$4,909,496. Also, the Agenda Item recommended amendment of the District Educational Facilities Plan to reflect the additional funding.

Subsequently, the School Board approved the Agenda Board Item; and the scope to replace the Building was included in the FY 2017-2018 of the Adopted District Educational Facilities Plan.

Consistent with the District's procedure regarding proposed amendments of the Plant survey, the Spot Survey for McArthur High School was presented to the School Board and discussed at the December 12, 2017 School Board Workshop. Upon authorization by the School Board to conduct the spot survey, staff will submit the survey to the Florida Department of Education for validation of the Plant Survey.
