

EXECUTIVE SUMMARY

Below is an executive summary for American Data Bank, LLC, which supports the academic and personal enrichment of students in Broward County Public Schools.

Grant Program	N/A
Status	Approve the Agreement between The School Board of Broward County, Florida (SBBC) and American DataBank, LLC (ADB). The term of this agreement shall be for a period of (2) years from the date it is fully executed by both parties.
Funds Requested	No funds requested at this time.
Financial Impact Statement	The financial impact will vary, as it is based on a cost per student enrolled each year, who will be going to a Memorial Healthcare facility for their clinical experience as it relates to a Health Science field. Estimated cost will be between \$300 to \$3,720 per schools funded through CAPE and/or Perkins.
Schools Included	All Broward County high schools and Post-Secondary Technical Colleges offering Health Science Programs requiring students to complete contact hours in a clinical setting to meet Career Program requirements for certification.
Managing Department/School	CTACE – Career, Technical, Adult, and Community Education Department
Source of Additional Information	Enid Valdez, Director 754-321-8444
Project Description	<p>American Databank, LLC., is requesting a contract with The School Board of Broward County, Florida, to set up a master service agreement using the Complio System, a proprietary software system and database for tracking and reviewing individual health records and background screening reports of participating students in clinical field experiences at Memorial Healthcare System and Broward Healthcare System.</p> <p>This agreement addresses the requirements of regulatory agencies for students to qualify for certification/ licensure examination upon program completion.</p>
Evaluation Plan	Health Science Students and teachers who utilize the Complio System will be given a survey following the on-boarding process. This survey will address user-friendliness and effectiveness of the clinical experience.
Research Methodology	Health Science is identified as one of the growth fields by the OEO (Office of Economic Opportunity).
