Project Description	The City of Hallandale Beach is offering financial support to the Criminal Justice Program of Hallandale High School for the purpose of hiring a certified instructor. This instructor will deliver coherent and rigorous content with the goal to improve students' knowledge and awareness of law, public safety, and security.
Evaluation Plan	Hallandale High School intends to hire a certified instructor with a law enforcement background to satisfy the intentions of the grant funding.
Historical Premise	The City of Hallandale Beach previously supported Hallandale Magnet High School's Criminal Justice Program by assigning a full time police officer to teach the school's criminal justice class. In a fiscal year (FY) basis, approximately ten months or 83 percent of the officer's time was dedicated to teaching the criminal justice class. During preparation of the FY 2017/18 City of Hallandale Beach budget, staff recommended to reassign the police officer as part of an additional police unit being created in the northeast quadrant of the city and to start phasing out the funding from the City to Hallandale Magnet High School for the Criminal Justice Program. City administration has conferred with Hallandale Magnet High School administration and both parties are in agreement that the City will no longer assign a police officer to teach the criminal justice class. Instead, the City will assist in phasing out funding from the City by providing a grant to Hallandale Magnet High School through the District.
Alignment with Strategic Plan	This grant award is aligned to District Strategic Plan Goal 1: High-Quality Instruction as the school provides additional support to increase college and career readiness.
Level of Support provided by GAGP	GAGP staff facilitated the contract review and programmatic procedure review with the high school and the General Counsel's Office, wrote the executive summary for the Board agenda, prepared a hard copy of the file for record keeping, and managed the item for Board approval.
