

## **Continuation of Summary Explanation and Background**

On March 20, 2018, the School Board of Broward County, Florida (SBBC) approved Board Agenda Item No. L-5 which authorized staff to conduct a spot survey to amend the Educational Plant Five Year Survey Report, Broward County School District 2015-2020 (Plant Survey) to indicate that Modular Classroom Building No. 20 (Modular Building) is no longer needed as an educational facility to support the School District's educational needs; and therefore, should be disposed of. Thereafter, staff submitted the spot survey to the Florida Department of Education (FDOE) for review and validation. FDOE validated (approved) the Plant Survey at the end of March 2018. Thus, based on this validation, the Modular Building can be declared as surplus and disposed of.

Therefore, it is recommended that SBBC should declare the Modular Building as surplus, which would enable its disposition.
