

## **EXECUTIVE SUMMARY**

### **Authorization to Conduct a Spot Survey to Transfer Portables from Glades Middle School to Westglades Middle School**

In the current District Educational Facilities Plan adopted on September 6, 2017, funding was approved to move three (3) portables to Westglades Middle School to provide contingency space for instructional purposes. The school will have the opportunity to use space in an appropriate and efficient manner and address future student enrollment.

The Office of Facilities and Construction and Physical Plant Operations Departments assessed the portables located at Glades Middle School and concluded that these units are more suitable for the transfer to Westglades Middle School.

Consistent with the District's procedure regarding proposed amendments of the Plant survey, the Spot Survey to transfer Portables from Glades Middle School to Westglades Middle School was presented to the School Board and discussed at the March 13, 2018 School Board Workshop.

Upon authorization by the School Board to conduct the spot survey, staff will submit the survey to the Florida Department of Education for validation of the Plant Survey.
