**EXECUTIVE SUMMARY****Construction Bid Recommendation of \$500,000 or Greater****ITB 18-169C****Annabel C. Perry Pre-K – 8 (f.k.a. Annabel C. Perry Elementary School), Miramar****DiPompeo Construction Corporation****SMART Program Renovations****Project No. P.001728****PROJECT OVERVIEW:**

<b>Type of Contract:</b>	<b>Design/Bid/Build</b>
<b>Contractor:</b>	<b>DiPompeo Construction Corporation</b>
<b>Notice to Proceed Date:</b>	<b>Pending Board Approval</b>
<b>Budget:</b>	<b>See Below</b>

**GENERAL OVERVIEW:**

This item is requesting authorization to award a Lump Sum Agreement for construction of the Annabel C. Perry Pre-K – 8 SMART Program Renovations to DiPompeo Construction Corporation, in the amount of \$3,797,000. The scope of work for this project includes, but not limited to, fire alarm, building envelope improvements, HVAC improvements, and electrical improvements. Scope to provide sprinklers in group restrooms was removed by the District's Chief Fire Official. Chief May determined that Code did not require fire sprinkler systems for the group restrooms.

Approval to Advertise for Construction Bids was received from the Board on July 25, 2017 (Agenda item J-4). The Letter of Recommendation to Issue a Permit has been provided by the Building Department. Bids were received on May 4, 2018, from a total of five (5) bidders (see Exhibit 2 for details). Procurement and Warehousing Services has recommended the award of the project to DiPompeo Construction Corporation as the lowest responsive, responsible bidder that met the specifications, terms, and conditions of the bid.

The proposal from DiPompeo Construction Corporation exceeds the available funds and requires additional funding to proceed with the SMART Program Renovations. In order to authorize the award of this contract, CBRE | Heery recommends the Board approve additional funding in the amount of \$1,950,037.

The overall project budget for the SMART Program scope identified above is \$2,742,000. Of this amount, the pre-bid construction budget is \$2,024,239 and the pre-bid construction contingency is \$202,424 (10% of construction budget). The balance of the budget is for costs such as design fees, program management fees, and other soft costs.

The proposal that was received from DiPompeo Construction Corporation was for \$3,797,000. This proposal is \$1,772,761 over the pre-bid construction budget [ $\$3,797,000$  (proposal amount) -  $\$2,024,239$  (pre-bid construction budget)]. In addition, in order to maintain a 10% construction contingency for the project, the contingency needs to be increased by \$177,276 [ $\$379,700$  (10% value of proposal) -  $\$202,424$  (pre-bid construction contingency)].

The total requested increase to the overall project budget for the SMART Program Renovations is therefore \$1,950,037 ( $\$1,772,761 + \$177,276$ ). This will result in a revised overall project budget of \$4,692,037 for the SMART Program scope identified above.

DiPompeo Construction Corporation is not a certified Small/Minority/Women Business Enterprise (S/M/WBE). However, the Contractor has committed to S/M/WBE Participation of 12% for this project through the use of Certified S/M/WBE Subcontractors.

This Agreement has been reviewed and approved as to form and legal content by the Office of the General Counsel.

Each Milestone Five Hundred Dollars \$500.00 per day

4.04.03 Partial use or occupancy of the Work shall not result in the Work deemed substantially completed, and such partial use or occupancy shall not be evidence of Substantial Completion.

4.04.04 Substantial Completion, in the context of this Contract, does not refer to any prior dates wherein the Owner employs other contractors to work on the same site of the Project or Work.

**ARTICLE 5. SUBSTANTIAL COMPLETION AND FINAL PAYMENT.**

**5.01 Substantial Completion:**

5.01.01 When the Contractor believes that Substantial Completion has been achieved, the Contractor shall notify the Project Consultant in writing and shall provide to the Project Consultant a listing of those matters yet to be finished. The Project Consultant will determine whether the Work (or portion thereof) is appropriately ready for a Substantial Completion Inspection.

5.01.02 If the Work is determined to be ready for a Substantial Completion Inspection, the Project Consultant and Owner will thereupon conduct an inspection of the Work to determine if the Work is, in fact, substantially complete and establish a list of items necessary for the Contractor to correct or finish. When Substantial Completion has been granted as evidenced by the Substantial Completion Inspection, the Project Consultant will issue a letter formally establishing the Substantial Completion Date for the Work or portion thereof.

5.01.03 Upon Substantial Completion, the Owner shall pay the Contractor an amount sufficient to increase total payments to the Contractor to the Contract Price, less any amounts attributable to liquidated damages, together with two hundred percent (200%) of the reasonable costs (as determined by the Owner at its sole discretion), for completing all incomplete work, correcting and bringing into conformance all defective and nonconforming Work and handling any outstanding or threatened claims or any other matters which could cause the Owner damage, cost, expense or delay.

**5.02 Final Completion:**

5.02.01 When the Contractor believes that the Work or portion thereof, is finally complete and is ready for a final inspection, the Contractor shall notify the Project Consultant. in writing. The Project Consultant will then determine whether the Work (or portion thereof) is appropriately ready for a Final Completion Inspection.

When Final Completion has been granted as evidenced by the Final Completion Inspection, the Project Consultant will issue a letter formally establishing the Final Completion Date for the Work or portion thereof.

5.03 **Liquidated Damages for Final Completion:**

5.03.01 If the Contractor fails to achieve final completion within 30 consecutive calendar days of the date of Substantial Completion, the Contractor shall pay the Owner the sum of:

----------------	---------------------------------------

5.03.03 Any sums due and payable hereunder by the Contractor shall be payable, not as a penalty, but as liquidated damages representing a reasonable estimate of delay damages, inconvenience, additional overhead and costs likely to be sustained by the Owner, estimated at or before the time of executing this Contract. When the Owner reasonably believes that final completion will be inexcusably delayed, the Owner shall be entitled, but not required, to withhold from any amounts otherwise due the Contractor an amount then believed by the Owner to be adequate to recover liquidated damages applicable to such delays.
