**SUMMARY EXPLANATION AND BACKGROUND:**  
Virtual Enterprises International (VEI) is an in-school entrepreneurship program that combines global business simulation that is modeled after an international tradition of apprenticeships and work experiences. Students are taught the business mindset by bringing the workplace through mentorship into the classroom. This student-centered approach and coaching emphasizes project-based collaborative learning with the guidance of a teacher, facilitator and a business partner. VEI students establish and manage a virtual company and conduct business with other student 'firms' domestically and internationally. We are adding 13 middle and 2 high school programs for the 2017/18 school year.
