WHEREAS, following the 2017 School Agreement, the Broward County Board of County Commissioners approved Broward County Land Use Plan Amendment (LUPA) PC 17-4 (“PC 17-4”) and Broward County Land Use Text Amendment PCT 17-2 (“PC 17-4/PCT 17-2”), designating a Regional Activity Center (“RAC”) in the City. PC 17-4 and PCT 17-2 added 374 high-rise units into the RAC (“PC 17-4/PCT 17-2 New Units”). WHEREAS, for purposes of this 2018 School Agreement, the remaining undeveloped units shall include the Previously Approved Units (389 high-rise units), and the PC 17-4/PCT 17-2 New Units (374 high-rise units), for a total of 763 high-rise units (collectively, “Remaining Units”); and

WHEREAS, the School District’s Facility Planning and Real Estate Department issued a School Consistency Review Report (SBBC-1014-2011) in connection with LUPA PC 17-4/PCT 17-2 dated December 8, 2016, a copy is attached hereto as **Exhibit “B”**.

NOW, THEREFORE, in consideration of the foregoing premises and the promises and covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree:

1. The foregoing recitals set forth above are true and correct and are incorporated herein by this reference.

2. The City, County and School Board do hereby confirm, ratify and reaffirm the covenants, restrictions and obligations contained in the 2004 School Agreement, 2006 School Agreement, 2013 School Agreement, and 2017 School Agreement.

3. This 2018 Amendment shall be deemed part of, but shall take precedence over and supersede any provisions to the contrary contained in the 2004 School Agreement, 2006 School Agreement, 2013 School Agreement, and 2017 School Agreement.

4. The City, County and School Board acknowledge and approve the PC 17-4/PCT 17-2 New Units within the RAC as specified in the County approved Land Use Plan Amendment PC 17-4/PCT 17-2. Any application for Remaining Units shall be subject to the imposition of educational mitigation in the manner set forth in 2004 School Agreement, 2006 School Agreement, 2013 School Agreement, the 2017 School Agreement and this 2018 Amendment.

The City shall require that all Remaining Units (a) be assessed the higher of student station cost factor fees, or school impact fees, consistent with the terms of this 2018 Amendment, on a site specific project basis the actual amount due shall be determined at time of payment; (b) monitor and make certain that development within the RAC will be built as specified herein for residential type and mix, and (c) as otherwise may be required to comply with this 2018 Amendment.

5. Based on the currently effective Student Generation Rates contained in the Broward County Land Development Code (BCLDC) Table attached hereto as **Exhibit "C"**, the Remaining Units are anticipated to generate a total of 16 students consisting of 8 elementary school students, 3 middle school students and 5 high school students into Broward County Public Schools.

6. The City shall provide written notification to the Director of the School Board Facility Planning and Real Estate Department or their designee ("Director") as provided herein, upon site plan or plat approval of any residential project authorized pursuant to Amendment PC 17-4/PCT 17-2. Notification shall include project location and number and type of units approved in the site plan or plat and shall be confirmed by the City at the time of a building permit is issued.

7. Prior to the issuance of a building permit for construction of a Remaining Unit, the City shall verify that the owner, applicant and/or developer has paid the applicable student mitigation fees or impact fees for the residential units being permitted as set forth herein. Failure to verify and ensure payment of the student mitigation fees prior to issuance of a building permit shall constitute a default of this 2018 Amendment. Nothing herein shall waive or affect the right of the County and/or School Board to otherwise require the City to comply with the conditions of Amendment PC 17-4/PCT 17-2 or this 2018 Amendment by any remedy provided by law or equity.

8. The student station cost factors fees per dwelling unit for each of the Remaining Units within the RAC shall be an amount derived from the cost per student station using the current Student Station Cost Factors as determined, published and amended by the State of Florida for elementary, middle, and high school students, and the associated per dwelling unit cost as calculated by the School Board. Based on the calculation utilizing the State of Florida Student Station Cost Factors, published July 2018 and attached hereto as **Exhibit "D"**, the per dwelling unit cost for the Remaining Units would be \$544.00 for August 2018, which amount may change from time to time. In no event shall the student station cost factors fees assessed per dwelling unit be less than the applicable Educational Impact Fee for the type of unit and the actual amount due shall be determined at the time of payment.

9. In the event that the total number of units change from what is represented herein and there is an increase in the number of units or a change in unit type(s) and/or bedroom mix, the City or the then current owner agrees to provide written notification to the Director, with a copy to the Broward County Planning and Development Management Division. The Director, or designee, shall determine the additional students anticipated from any change in the residential type, bedroom mix or increase in residential units beyond the Remaining Units contemplated herein and shall notify the City and the County of any further increase in the number of anticipated students. If it is determined upon review that additional students would be

generated by the change proposed to the approved development level reflected herein, and that excess permanent capacity would not be available to accommodate the anticipated additional students, the City (or the then current owner) shall then propose additional mitigation for the newly anticipated additional students consistent with the terms of this 2018 Amendment and subject to the terms and provisions contained in the adopted School Board Growth Management Policy. In the event that changes in the overall mix of residential units and/or mix of bedrooms result in a net reduction in the amount of units, no refund of any portion of the school impact and/or mitigation fees shall be due and owing to the City by the County or the School Board.

10. EFFECTIVE DATE. This 2018 Amendment shall become effective upon its recording in the Public Records of Broward County, Florida (“Effective Date”) and the provisions hereof shall constitute a covenant running with the land and shall remain in full force and effect and binding upon the undersigned, their heirs, legal representatives, successors, grantees and assigns until released as provided herein.

The annual benchmark school enrollment is used to apply individual charter school enrollment impacts against school facility review processes.

Information contained in the application indicates that the approximately 164.6-acre site is generally located on the west side of Palm Avenue between Pines Boulevard and Washington Street in the City of Pembroke Pines. The current land use designation for the site is Local Activity Center (LAC) which allows 275 townhouse (all three or more bedrooms), 665 garden apartments (all three or more bedrooms), and 701 mid-rise (two or more bedroom) residential units. The applicant proposes to change the land use designation to Regional Activity Center (RAC) to allow 275 townhouse (all three or more bedrooms), 1,239 garden apartment (all three or more bedroom), and 701 mid-rise residential units. Therefore, the proposed additional units will generate 160 additional students (72 elementary, 42 middle, and 46 high) into Broward County Public Schools. The initial application (PC 04-2) for the LAC site was for 325 townhouse (all three or more bedrooms) and 425 high-rise units and is subject to a tri-party agreement which requires payment of student station cost factors per dwelling unit. Thereafter, the City added 250 additional high-rise residential units to the site via application PCT 06-1, which is also subject to another tri-party agreement and requires payment of student station cost factors per dwelling unit. Subsequently, in 2013 and 2016, the City added 365 and 476 additional multifamily residential units to the site via applications PCT 13-2 and PCT 16-2.

This application was reviewed based on its location in the School District's Long Range Seven Planning Areas, and Ten-Year Long Range Plan contained in the Adopted District Educational Facilities Plan (DEFP). However, the statistical data regarding the Level of Service (LOS) standard status of the actual schools impacted by this land use application in the initial five years of the ten-year period is depicted herein for informational purposes only.

Schools serving the amendment site in the 2016-17 school year are Pine Lakes Elementary, Pines Middle, and Charles Flanagan High. Based on the District's Public School Concurrency Planning Document, all the schools are operating below the adopted LOS of 100% of their gross capacities in the 2016-17 school year. Incorporating the cumulative students anticipated from approved and vested developments anticipated to be built within the next three years (2016-17 – 2018-19), all the schools are expected to operate below the adopted LOS of 100% of their gross capacities through the 2018-19 school year. It should be noted that the school capacity or Florida Inventory of School Houses (FISH) for the impacted schools reflects compliance with the class size constitutional amendment and the permanent capacity additions that are planned for the schools within the first three years of the Five-Year Adopted DEFP FY 2016-17 – 2020-21. Also, to ensure maximum utilization of the impacted Concurrency Service Areas, the Board may utilize other options such as school boundary changes to accommodate students generated from developments in the County. Charter schools located within a two-mile radius of the site in the 2016-17 school year are depicted above.

Capital Improvements scheduled in the long range section (2021-22 to 2025-26) of the currently Adopted DEFP Fiscal Years 2016-17 – 2020-21 regarding pertinent impacted schools are depicted above. Based on the School District's Seven Long Range Planning Areas, the amendment site is located within School District Planning Area "F" and the elementary, middle and high schools currently serving Planning Area "F" and their cumulative twentieth day student enrollments, permanent capacities and ten-year student enrollment projections are depicted herein. Therefore, Planning Area "F" is anticipated to have sufficient excess capacity to support the students generated by the residential units proposed in the Planning Areas.

Please be advised that the mitigation for the student impact anticipated from previously approved applications PC 04-2, PCT 06-1, PCT 13-2 are addressed in the Educational Mitigation Agreements/First Amended Agreement between Broward County, the City of Pembroke Pines, and the School Board of Broward County, Florida. Since the application for LUPA PCT 16-2 and PCT 17-2/17-4 adds more residential units to the site, the existing Agreements must be amended to address the anticipated students from the proposed additional units. Therefore, staff recommends that approval of LUPA PCT 17-2/17-4 should be conditioned upon amendment of the Agreements to address students anticipated from additional units proposed in both PCT 16-2 and PCT 17-2/17-4.

Also, be advised that if approved, the units from this project will be subject to a public school concurrency review at the plat, site plan (or functional equivalent) phase of development review, whichever comes first.
