<b>TITLE:</b>
Instructional Materials Five-Year Implementation Plan SY 2020 - SY 2025

<b>REQUESTED ACTION:</b>
Approve the recommended five-year instructional materials implementation plan resulting from the revised Florida instructional materials adoption schedule for adoption years 2019 - 2020 through 2024 - 2025. This plan has been communicated to schools through PIVOT memos and feedback was received from OSPA through collaborative conversations with Cadre Directors and Principals.

<b>SUMMARY EXPLANATION AND BACKGROUND:</b>
Florida Statute 1006.40(5) requires multiple steps in the approval process to ensure input from all stakeholders. These include: - Online access to student editions of the committee recommended instructional materials for 20 days. - An open, noticed Public Hearing during which the public may comment on the recommended instructional materials (February 5, 2019). - An open, notice School Board Meeting to approval an annual instructional materials plan to identify any instructional materials that will be purchased through the District's instructional materials review process (March 19, 2019). See Supporting Docs for continuation of Summary Explanation and Background.

<b>FINANCIAL IMPACT:</b>
This plan includes purchase of gap materials while also purchasing specific curriculum area materials. This plan is viable pending annual funding from the FLDOE categorical instructional materials allocation. These funds will be placed in the Innovative Learning budget. The cost for the gap year instructional materials 2019-2022 will cost approximately \$8,563,278, and purchase orders will utilize the 2019 - 2020 instructional materials allocation.
