3. Stephanie R. Williams, Director – Grants Administration (GA)	754-321-2260						
Project Description	The School Board of Broward County, Florida, has requested a grant in the amount of \$475,000 for the Out of School Youth Program funded by CareerSource Broward from federal Workforce Innovation and Opportunity Act (WIOA) funds. The program will serve 135 students, who meet WIOA eligibility requirements for out-of-school youth. These funds will provide additional assistance to obtain high school credentials, General Equivalency Diploma (GED) options, industry credentials, and job placement. The program design includes individual career pathway plans, employability skills development, financial literacy skills, and on the job training delivered by District employed teachers, counselors, and job coaches.						
Evaluation Plan	Grant deliverables are reviewed by CareerSource Broward during monthly meetings with CTACE for quality control and grant compliance. These deliverables include: 1) hands-on work experience related to industry career areas that culminate in an employer evaluation and 2) increased GED attainment by providing a strong support system with trained advocates for student participants.						
Research Methodology	According to the Bureau of Labor Statistics annual data, Florida’s youth unemployment rate ages 16 to 19 was 26.5 percent and for ages 20-24 was 14.3 percent. Studies show that youth who drop out are more likely to be unemployed, underemployed and incarcerated. High school dropouts are 72 percent more likely to be unemployed as compared to high school graduates.						
Alignment with Strategic Plan	This grant aligns with District Strategic Plan Goal 1: High-Quality Instruction by increasing the rate of students earning a GED or High School Diploma and preparing participants for a career, postsecondary education, or technical education.						
Level of Support provided by GA	Level 2 – GA staff worked in collaboration with CTACE to develop the original grant application and the executive summary for board approval. GA staff facilitated the amendment review, editing, and approval process. GA will track the grant in the system.
