EXECUTIVE SUMMARY Construction Bid Recommendation of \$500,000 or Greater ITB 18-187C Pioneer Middle School, Cooper City LEGO Construction Co. SMART Program Renovations Project No. P.001793

PROJECT OVERVIEW:

Delivery Method:	Design/Bid/Build		
Architect(s):	Williamson Dacar Associates Inc.		
Contractor(s):	LEGO Construction Co.		
Notice to Proceed Date:	Pending Board Approval		
Budget: See below			

GENERAL OVERVIEW:

This item is requesting authorization to award a Lump Sum Contract for construction of the Pioneer Middle School SMART Program Renovations to LEGO Construction Co., in the amount of \$9,096,994. The scope of work for this project includes, but not limited to, fire sprinkler protection, upgrade lighting to T8 and emergency lighting, safety/security upgrade, building envelope improvements, media center improvements, and HVAC improvements. Scope to provide fire sprinklers to Buildings 1, 2, 4, and 5 was reviewed by the District's Chief Fire Official who determined that Building 1 was the only building that required fire sprinklers. Buildings 2, 4, and 5 did not require fire sprinklers, and therefore, this scope was removed from the construction documents prior to bidding.

The Letter of Recommendation to Issue a Permit has been provided by the Building Department. Bids were received on May 2, 2019 from a total of four (4) bidders. Procurement and Warehousing Services has recommended the award of the project to LEGO Construction Co. as the lowest responsive, responsible bidder that met the specifications, terms and conditions of the bid (see Exhibit 2 for details).

The Construction Bid Recommendation for Pioneer Middle School exceeds the available funds and requires additional funding in the amount of \$3,467,193 to proceed with the SMART Program Renovations. Staff has evaluated both the Designer's and Atkins' 100% estimates and has deemed the bid fair and reasonable based on current market conditions, which have changed considerably since the 2014 budget development. These budget overages are included in the SMART Program Forecast. The following summarizes the previous and revised funding allocations:

Allocations of Project Funds	Previous Budget	Revised Budget	Net Change
Planning Design and Management	\$1,399,050	\$1,399,050	\$0
Construction Contract	\$5,945,000	\$9,096,994	\$3,151,994
Construction Contingency (10%)*	\$594,500	\$909,699	\$315,199
Construction Misc.**	\$289,450	\$289,450	\$0
Furnishings	\$70,000	\$70,000	\$0
Total	\$8,298,000	\$11,765,193	\$3,467,193

*Reserved for future use if required

**Includes the following items where applicable: Off-site Improvements; Misc. Construction; Hazardous Materials Abatement; Technology Infrastructures; Utility Connection Charges; PPO Work Orders; and Portables

The request for additional funding is a result of continued budget overages. The most significant budget overage is associated with building envelope improvements that will require approximately \$2.6M of additional funds. The HVAC improvements will require approximately \$500K of additional funds.

The building envelope improvements overage is due to inadequate unit prices and inflation. The HVAC overage is due to the total replacement of Building 1's system, increased unit prices, and inflation.

Page 1 of 2

Staff has evaluated the various SMART scopes for this project. It was determined that the most cost and time efficient means to deliver these improvements is by a single construction contract. Staff does not recommend creating separate bid packages, "carve outs", for any of the approved scopes. The proposal received from LEGO Construction Co. is believed to be the most cost-effective means of delivering this project.

LEGO Construction Co. is a certified Minority Business Enterprise (MBE) and has committed to 12.82% M/WBE participation for this project which is made up of 7.69% self-performance and 5.12% participation through the use of a certified M/WBE subcontractor.

This Agreement has been reviewed and approved as to form and legal content by the Office of the General Counsel.

The Project Consultant will determine whether the Work (or portion thereof) is appropriately ready for a Substantial Completion Inspection.
- 5.01.02 If the Work is determined to be ready for a Substantial Completion Inspection, the Project Consultant and Owner will thereupon conduct an inspection of the Work to determine if the Work is, in fact, substantially complete and establish a list of items necessary for the Contractor to correct or finish. When Substantial Completion has been granted as evidenced by the Substantial Completion Inspection, the Project Consultant will issue a letter formally establishing the Substantial Completion Date for the Work or portion thereof.
- 5.01.03 Upon Substantial Completion, the Owner shall pay the Contractor an amount sufficient to increase total payments to the Contractor to the Contract Price, less any amounts attributable to liquidated damages, together with two hundred percent (200%) of the reasonable costs (as determined by the Owner at its sole discretion), for completing all incomplete work, correcting and bringing into conformance all defective and nonconforming Work and handling any outstanding or threatened claims or any other matters which could cause the Owner damage, cost, expense or delay.

5.03.01 If the Contractor fails to achieve final completion within thirty <u>30</u> consecutive calendar days of the date of Substantial Completion, the Contractor shall pay the Owner the sum of:

Five Hundred Dollars \$500 per day for each and every calendar day of unexcused delay in achieving final completion beyond the date set forth for final completion of the Work.

5.03.02 In the event the Project involves more than one Milestone Date; the final completion date and liquidated damages amount for each Milestone Date shall be as follows:

Each Milestone Five Hundred Dollars \$500.00 per day

- 5.03.03 Any sums due and payable hereunder by the Contractor shall be payable, not as a penalty, but as liquidated damages representing a reasonable estimate of delay damages, inconvenience, additional overhead and costs likely to be sustained by the Owner, estimated at or before the time of executing this Contract. - 5.04.05 The Owner and Project Consultant may acknowledge satisfactory completion and accept the Work notwithstanding the existence of certain items of Work which are incomplete. As set forth in Article 5.03.03 of Article 5 hereof, the Owner may, but is not obligated to guarantee completion of incomplete items of Work by escrowing funds equal to two hundred (200%) percent of the estimated cost of the incomplete Work and shall establish a reasonable date by which all incomplete Work must finally be complete.

- 6.05.04 All extensions of time shall be authorized only by a written change order executed by the Owner and Project Consultant.
- 6.05.05 This "no damage for delay" clause will encompass any damages for delay or disruption even if the Contractor completes construction of the Work in a timely fashion in accordance with this Contract.
