**TITLE:**  
2020 Legislative State Platform

**REQUESTED ACTION:**  
Approve the updated 2020 State Legislative Platform.

**SUMMARY EXPLANATION AND BACKGROUND:**  
As the sixth largest district in the Nation, Broward County Public Schools (BCPS) educates 10 percent of Florida's student population. BCPS champions educational policies that not only impact students within their District but affect students in every classroom across that state of Florida from cradle to career. The Florida Legislature should boost funding and adopt policies that educate today's students to succeed in tomorrow's world.

**SCHOOL BOARD GOALS:**  
 Goal 1: High Quality Instruction  
 Goal 2: Safe & Supportive Environment  
 Goal 3: Effective Communication

**FINANCIAL IMPACT:**  
There is no financial impact to the District.

## 2020 State Legislative Priorities

The Legislature should boost funding and adopt policies that educate today's students to succeed in tomorrow's world. BCPS will advocate for legislation consistent with School Board policy and programs.

### School Board Authority

- Preserve School Board constitutional and home rule authority and oppose legislation that would subvert, bypass, or undermine that authority.
- School Boards should have the authority to approve or deny a charter based on need such as capacity.
- Support the Marjory Stoneman Douglas HS Public Safety Commission recommendation to allow districts to levy up to .5 mills for capital outlay or personnel for safety purposes.
- Allow school boards to fulfill public notice requirements outlined in Florida State Statute through posting on the District's website.
- Preserve a school board's authority by opposing legislation that eliminates local school districts' ability to operate alternative programs that reduce and/or eliminate the criminalization of students.

### Funding

- Increase per-pupil funding through the Florida Education Finance Program (FEFP), allowing Florida school districts to be competitive nationwide.
- Fully fund the requirements for Safe-School Officers at all public schools and redirect the Aaron Feis Guardian Program funds to the Safe-Schools Allocation.
- Expand guardian training opportunities, such as allowing other neighboring Sheriffs or other entities, to provide the Guardian training to increase the pool of candidates.
- To ensure compliance, require charter schools to provide an executed contract or a full-year plan for Safe-School Officers two (2) weeks prior to the start of school.
- Maintain the Required Local Effort rate to allow for growth to pay for FEFP enhancements such as Base Student Allocation, Safe Schools Allocation, Mental Health Assistance Allocation, and supplemental services for additional students.
- Continue funding for school safety infrastructure enhancements to schools.
- Make the FEFP formula more equitable by eliminating compression within the FEFP and account for costs such as average teacher salaries, health insurance for employees, property and transportation per FTE.
- Establish a Victim's Compensation Fund for victims of the tragedy at Marjory Stoneman Douglas HS.
- Include all certified instructional personnel, including preschool teachers, in the education statute for the purpose of allowing them inclusion in incentive programs, such as the Best and Brightest retention bonus, and retirement options currently afforded to K-12 teachers.
- Establish a supplemental salary allocation within the FEFP for teachers.
- Expand the Turnaround School Supplemental Services Allocation to all Title I schools for wraparound services.
- Continue \$800,000 in funding for the BCPS Adults with Disability (AWD) program.
- Provide funding for the Mentoring Tomorrow's Leaders program.
- Allocate non-millage funding for charter schools to minimize the impact of sharing capital millage.
- Redirect Schools of Hope funding to District schools for wraparound services.
- Expand funding for full-day Pre-Kindergarten programs for all eligible students.
- Increase funding for student health services.
- Oppose any redirection of taxpayer funding to voucher programs.
- Restore funding to cover the costs associated with the Dual Enrollment program.
- Continue funding the Matching Fund program for BCPS students.
- Provide adequate funding for Post-Secondary Workforce Education per the funding needs as identified in the State DOE Funding Model.
- Continue statewide funding for CTE Industry Certifications which are attained by Post-Secondary students included on the Performance Incentive Funding list.
- Support fully funded state safety measures to include panic buttons.

- Provide funding to enhance hurricane shelters.

#### **Accountability**

- Require the State Board of Education and Commissioner to conduct a concordance of national assessments for all grade levels of Florida's standards that districts may use in lieu of FSA.
- Include career dual-enrolled students in the acceleration calculation for state high school grades.
- Schools with an A rating should automatically qualify for the retention bonus under the Best and Brightest program.
- All schools that receive taxpayer dollars should have the same accountability measures as public schools.
