## Excerpt from the FLDOE Commissioner of Education:

“It is imperative for all charter schools to ensure full compliance with this law requiring at least one [School Safety Officer] SSO be present at their school while it is in session. All charter schools without current coverage have until August 1 to come into compliance for the 2019-20 school year...

For those charter schools that choose to treat our requests for information as optional, our only option going forward will be to use the full extent of the law to ensure compliance.”
