

EXECUTIVE SUMMARY

Spot Survey for Margate Elementary School

Margate Elementary School, Parcel 87, is located at 6300 NW 18th Street, Margate, 33063. This facility was constructed in 1962, and through the years, several buildings were constructed on the school campus. Currently, the school houses grades PK-5.

On May 14, 2019, the Office of Facilities and Construction (OFC) presented to the School Board, several options regarding modifications to the original SMART Program Improvements at Margate Elementary School. Thereafter, the School Board selected Alternative 2 of demolishing Buildings 2, 4, 6, and 8 and to include a new 6 classroom building that will contain four (4) Exceptional Student Education classrooms, two (2) Voluntary Pre-K classrooms, and renovations to Buildings 1, 7, and 9 through 18. Thus, the purpose of this spot survey is to amend the Plant Survey to enable the demolition, renovation and addition of Buildings described herein.

Upon authorization by the School Board to conduct the spot survey, staff will submit the survey to the Florida Department of Education for validation of the Plant Survey.
