

## **EXECUTIVE SUMMARY**

Contract for Use of Facilities (Professional Facilities Management Inc.)

Coral Springs Center for the Arts

The School Board of Broward County, Florida (SBBC) annually enters into an agreement with the Professional Facilities Management, Inc. to utilize Coral Springs Center for the Arts as a part of the All Broward County Honor Music Events. These events include performances of Elementary, Middle and High School students in the areas of Band, Chorus, Orchestra and Jazz. This venue is used because of its ability to host multiple performing groups simultaneously in a professional theatrical setting as well as provide a secure, sequestered location making security and supervision much easier for administrators, teachers and staff. The concert experience provides students with the ability to perform in a high quality professional theater that accentuates their talent and that is comparable with the honor of being selected to such a prestigious ensemble. The event is scheduled at this site because there is no Broward County Public Schools owned facility that is large enough to accommodate appropriate seating space for the large number of patrons that attend these events.

The dates for SBBC honor concerts for this school year are January 29th, February 5th, 12th, and 19th of 2020. The Coral Springs Center for the Arts will be used for both rehearsals and performances from 8:00 a.m. through 10:00 p.m. for each of the days listed above.
