

## **Supportive Summary Explanation and Background (I-3) Continuation**

Section 1002.33(9)(n)1, Florida Statutes, states that “the director and a representative of the governing board shall submit to the sponsor for approval a school improvement plan to raise student performance... The department shall offer technical assistance and training to the charter school and its governing board and establish guidelines for developing, submitting, and approving such plans.”

Pursuant to Section 6A-1.099827(5), Florida Administrative Code, the Sponsor shall approve or deny the charter school SIP and notify the charter school in writing within ten (10) calendar days of its decision. The sponsor shall deny a SIP if it does not comply with the nine (9) components outlined in Section 6A-1.099827(4), Florida Administrative Code.
