| Broward County Public Schools (BCPS) is home to the largest Debate Initiative in the country. Beginning in 2018-2019, BCPS began offering a Debate special at the elementary school level, but currently there is no course code for Debate in the State Course Code Catalog. In 2019-2020, approximately 2,000 elementary school students participated in a Debate special with another 5,000 potential students (currently engaged in extra-curricular Debate participation) across the district. We propose to remedy this issue with the addition of a new content-focused Introductory Debate course in the State Course Code Catalog. | |

- learning and practicing a variety of speech formats
- learning and demonstrating appropriate formal and informal public speaking techniques for audience, purpose, and occasion
 - eye contact and body movements
 - voice register and choices of language
 - use of standard English
- using research and writing skills to support selected topics and points of view
 - across a range of disciplines
 - using a range of sources, including digital
- collaboration amongst peers, especially during the drafting and practicing stages

Special Notes:

Instructional Practices: Teaching from well-written, grade-level instructional materials enhances students' content area knowledge and also strengthens their ability to comprehend longer, complex reading passages on any topic for any purpose. Using the following instructional practices also helps student learning.

11. Reading assignments from longer text passages, as well as shorter ones when text is extremely complex.
12. Making close reading and rereading of texts central to lessons.
13. Asking high-level, text-specific questions and requiring high-level, complex tasks and assignments.
14. Requiring students to support answers with evidence from the text.
15. Providing extensive text-based research and writing opportunities (claims and evidence).

English Language Development ELD Standards Special Notes Section:

Teachers are required to provide listening, speaking, reading and writing instruction that allows English language learners (ELL) to communicate information, ideas and concepts for academic success in the content area of Language Arts. For the given level of English language proficiency and with visual, graphic, or interactive support, students will interact with grade level words, expressions, sentences and discourse to process or produce language necessary for academic success. The ELD standard should specify a relevant content area concept or topic of study chosen by curriculum developers and teachers which maximizes an ELL's need for

communication and social skills. To access an ELL supporting document which delineates performance definitions and descriptors, please click on the following link: <http://www.cpalms.org/uploads/docs/standards/eld/la.pdf>.
