Purpose

Dual enrollment courses are postsecondary courses that eligible students can take to earn both secondary and college or career certificate credit facilitating accelerated progress toward a post-secondary certificate or degree. The Gaetz Aerospace Institute (GAI) of Embry-Riddle Aeronautical University, Inc. (ERAU), Contract Committee meets annually in the spring to go over the current year's agreements and discusses changes that are required due to changes in statute or rule and any changes desired by either the school district or the college. A draft document is prepared by University personnel and sent to all members of the Committee for additional changes or approval. Once the document is in its final draft, copies are sent to the school districts to take to their School Boards for approval and signatures. Once approved and signed, copies are sent to Embry-Riddle Aeronautical University, Inc. (ERAU) to be approved and signed by designated ERAU personnel. Signed hard copies are mailed to the school district personnel.

The Agreement should be completed annually by July 1 of each year.

A. A ratification or modification of all existing agreements

Once the Agreement is signed by both parties, the Agreement will be active for the upcoming academic school year and provide two optional years that will become active only after an amendment to this Agreement is signed by both parties with an updated Statement of Work (SOW). This Agreement covers **dual enrollment**, but also course work to support career pathways, outreach, and teacher preparation. Legislative changes that occur after the final draft of this document which impact the 2020-2023 academic school years will take precedence.

B. A description of the process by which students and their parents are informed about opportunities for student participation in the dual enrollment program

1. References to *students* in this document mean any student enrolled in a GAI - ERAU course.
2. GAI will provide information to the secondary schools regarding requirements for participation in, and the educational benefits to be derived from dual enrollment.
3. The secondary schools, in turn, will utilize printed, published,

electronic, or other media to notify students and their parents or guardians of the opportunity to participate in these programs. The secondary schools will additionally provide information, using these same methods, to students and their parents or guardians, of the eligibility criteria for participation in these programs.

4. GAI will post application deadlines and registration dates on its dual enrollment website.
5. GAI's Program Coordinators, Faculty and staff will work with district and school officials on targeted dual enrollment recruiting activities.

C. A delineation of courses and programs available to students eligible to participate in dual enrollment, outreach and career pathway courses.

1. Courses to be provided by GAI under this Agreement will be mutually agreed upon by GAI and the DISTRICT and will avoid unnecessary duplication of existing courses. Current law allows for any course in the Statewide Course Numbering System, with the exception of remedial courses and Physical Education skills courses, to be offered as dual enrollment.
2. GAI will furnish each school with a copy of the current courses (and URL for Web access) with descriptions for each course in which a student may be enrolled. Specific courses to be provided on school campuses in the participating districts shall be mutually agreed upon by the School Board and GAI.
3. Students (age 18) who wish to take college credit courses that contain a study abroad or travel component (during summer only) must receive the permission of their secondary school principal, parent/guardian and the DISTRICT before participating. If the permission is granted, the student shall be exempt from the payment of the registration, matriculation and laboratory fees. However, the student is responsible for the full cost of travel to include meals, lodging, and transportation.

D. A description of the process by which students and their parents exercise options to participate in the dual enrollment program

Students and the parent/guardian of students wishing to pursue participation in the GAI program must contact their secondary school guidance counselors to discuss admissions criteria and to obtain the necessary application information.

1. Application Process - Students interested in enrollment must meet with their secondary school guidance counselor or principal for permission to participate in the program. Students must submit the GAI paper application complete with parent signature. Applications for new students

must be submitted to instructors within 10 days of the start of the semester for the student to be eligible to enroll in courses.

Once the instructor has verified the paper application is complete, the student must complete the online application by accessing the link on the GAI website. Special care should be taken to enter information correctly; this will create the official ERAU student account. The student will receive an email from ERAU with their student ID number and instructions to activate their ERNIE account once their application has processed.

The student is responsible for providing any documents needed for eligibility. This may include secondary school transcripts or placement test scores.

All documentation must be received by ERAU by the posted deadlines. If a student does not meet eligibility criteria or does not submit paperwork by the posted deadline, they will not be eligible to enroll.

2. Registration - GAI brochures will be provided to guidance counselors by ERAU to better help students and parents understand the requirements, admission, enrollment, procedures, and benefits of program participation.

Instructors will supply their students with the correct course and section number during open registration and students will self-register online. Students should verify their enrollments by logging in to their ERNIE accounts and reviewing their student center records. Students are held to the GAI academic calendar and deadlines. Any schedule changes must be made by the published deadlines. It is the student's responsibility to notify ERAU's GAI office if they change schools or withdraw from secondary school.

3. Withdrawal Process – dual enrollment students will follow the university's withdrawal policy. Students have the option to withdraw from a course(s) within the withdrawal period. The student must see their guidance counselor to complete the withdrawal form. The student and counselor must sign the form and send to the ERAU – GAI dual enrollment Specialist to process. Forms must be received by the withdrawal deadline. The student will receive a W on their transcript for the attempt in the course. Students who withdraw two times are no longer eligible to participate in the program.

Regardless of meeting student eligibility requirements for continued enrollment, a student may lose the opportunity to participate in a course if the student is disruptive to the learning process such that the progress of other students or the efficient administration of the course is hindered.

In addition, a student will be sanctioned accordingly if found to violate any of the ERAU student code of conduct standards as outlined in the ERAU

Student Handbook. This could include a sanction ranging from a warning to permanent dismissal from ERAU. <http://daytonabeach.erau.edu/Assets/daytonabeach/forms/daytonabeach-student-handbook.pdf>

Each course taken through dual enrollment will count toward the student's total attempted hours once they graduate secondary school. If the student takes unnecessary course work, it could impact Federal Financial Aid and university excess hour fees in the future. It is the responsibility of school guidance counselors to share this information with parents.

4. Grade Distribution - All students enrolled in dual enrollment classes will be graded on the same basis as other college students in the same courses. GAI will assign letter grades to each student/course and the letter grade assigned shall be posted to the student's secondary school transcript by the school district. Grades will be electronically transmitted securely by GAI to the student's secondary school for posting.

E. A list of any additional initial student eligibility requirements for participation in the dual enrollment program

1. Student eligibility requirements for initial and continued enrollment in career certificate dual enrollment courses must include a 2.5 unweighted high school grade point average. Exceptions to the required grade point averages may be granted on an individual student basis if the educational entities agree and the terms of the agreement are contained within the dual enrollment articulation agreement
2. The secondary schools shall identify those students qualified and interested in participation of dual enrollment classes. The secondary school administrators will approve student eligibility for participation in these classes. The student must be enrolled in their County Public School System or Private School Organization and must be working towards a secondary school diploma to participate in dual enrollment.
3. Parent/Guardian signature is required on the application.
4. Dual enrollment courses are weighted at least at the honors level on the secondary school transcripts. Any course taken becomes a permanent part of the student's academic record. Students will earn secondary school and college credit for the course dual enrollment (concurrent enrollment). If a student does not successfully complete their course(s) it could affect future financial aid eligibility.
5. Students are held to the GAI academic calendar and deadlines. Any schedule changes must be made by the published deadlines. It is the student's

responsibility to notify the GAI office if they change schools or withdraw from secondary school.

6. Students who earn an “F” grade in a course are no longer eligible to enroll in GAI courses.
7. Students who earn a “D” grade may retake that one class. Courses may only be repeated once.
8. Students who take dual enrollment classes are in actual college classes. They are not easier because the student is still in secondary school. The college’s accreditation agency requires all students to be held to the same requirements.
9. Students must be labeled as at least a sophomore in secondary school for consideration for dual enrollment courses. Students are no longer eligible for dual enrollment once they successfully complete 4 years of enrollment in secondary school or graduation, whichever comes first. Any exceptions to the requirements must be approved by both the secondary school and GAI.
10. Students who will graduate from secondary school prior to completion of the post-secondary course may not register for the course through dual enrollment. This means that secondary school seniors may NOT take a Summer A course as dual enrollment or as a regular college student since they have not officially graduated from secondary school prior to the start of that term.

F. A delineation of the secondary school credit earned for the passage of each dual enrollment course

1. The school district will ensure that appropriate secondary school credit will be awarded upon successful completion of dual enrollment classes.

G. A recommended procedure for informing students and their parents of college-level course expectations

1. GAI will supply secondary school guidance counselors with dual enrollment brochures which include application instructions to inform students/parents of the requirements and benefits of participation in the program.
2. Instructors will remind students that dual enrollment courses meet the curricular expectations and are at the same depth and rigor of non-dual enrollment postsecondary instruction. Instructors will provide students with a course syllabus outlining course requirements.
3. Students are informed that they should plan to study at least two to three hours outside of class for every hour they are in the class to be successful

in college level courses. In addition, guidance counselors should inform parents that dual enrollment courses become a part of a student's permanent college transcript and are calculated into the student's permanent postsecondary GPA.

H. The policies and procedures, if any, for determining exceptions to the required grade point averages on an individual student basis

There will be no exception made to the required grade point averages for academic or career dual enrollment without prior approval by both GAI and the HS administration.

1. The registration policies for dual enrollment courses as determined by the postsecondary institution.
2. Dual enrollment students will follow the college's procedures for drop, withdrawal and petition policies.
3. The beginning and ending dates of courses offered during the regular day in the secondary school facilities will follow the secondary school schedule and calendar.

I. Exceptions, if any, to the professional rules, guidelines, and expectations stated in the faculty or adjunct faculty handbook for the postsecondary institution

ERAU employees serving as dual enrollment faculty in the GAI approved to teach college courses under this Agreement will annually attend a new faculty or adjunct orientation conducted by GAI where they will receive a copy of the Gaetz Faculty Guidebook, which includes the Web address of the Student Handbook, add/drop, withdrawal, and grading policies, as well as the ERAU Student Code of Conduct and critical dates. These instructors are expected to adhere to the professional guidelines, rules, and expectations presented in each handbook.

J. Exceptions, if any, to the rules, guidelines, and expectations stated in the student handbook of the postsecondary institution which apply to faculty members

1. The School Board shall annually assess the demand for dual enrollment and provide that information to GAI for assistance in planning classes in the ERAU scheduling system.
2. GAI shall be responsible for ensuring that the quality of instruction provided to dual enrollment students is comparable to that afforded other ERAU students. To this end, the following will apply to dual enrollment courses taught on secondary school campuses:
 - a. Dual enrollment faculty shall be provided with a full-time ERAU

- faculty contact or liaison in the discipline they are teaching.
- b. Dual enrollment faculty shall be provided a copy of course plans, objectives and relevant ERAU Institutional Master Course Outline (MCO's). These objectives and outcomes must be included in the course syllabus.
 - c. The course syllabus must be provided to students and filed with the GAI discipline chairperson prior to the start of each term. Content of the syllabus must meet the same criteria as required for all college courses offered at ERAU.
 - d. Textbooks and instructional materials used in dual enrollment courses must be the same or comparable with those used in courses taught on the ERAU Daytona Beach campus. If not identical, they must be approved by the discipline chairperson at the college.
 - e. For academic disciplines where a departmental exam is used, the final exam will be provided to the dual enrollment faculty by ERAU prior to the scheduled administration dates.
3. The secondary school administration will recommend qualified secondary school teachers as instructors for dual enrollment courses. To be qualified, faculty selected to teach dual enrollment classes must submit an adjunct application to their administrative contact at GAI ERAU, along with their postsecondary transcripts. The instructors must meet ERAU faculty credentialing requirements set by Southern Association of Colleges and Schools (SACS) Commission on Colleges' *Principles of Accreditation: Foundations for Quality Enhancement, 2012 Edition* (section 3.7.1).
 4. In the absence of qualified secondary school instructors, ERAU may provide adjunct instructors to teach dual enrollment courses on secondary school campuses.
 5. GAI secondary school instructors who teach dual enrollment courses will be evaluated by the secondary school administration using the district-wide evaluation instrument. These instructors shall also be observed for evaluative purposes by a GAI Regional Manager, or faculty liaison in accordance with GAI faculty evaluation processes. Secondary school faculty that instruct an ERAU course will follow the school board's guidelines for the performance of employees when evaluating these dual enrollment instructors. Copies of Instructor performance evaluations will be maintained by the district and ERAU. This will include following the procedures for sharing and discussing the performance assessment tool/process with those being evaluated at least 20 days prior to the classroom observation;
 - a. scheduling the observation in advance;

- b. providing a copy of the performance assessment to the instructor within ten (10) working days after the observation;
 - c. allowing the instructor to submit a written rebuttal to be placed with the assessment document in his/her personnel file housed in the Human Resource Office at ERAU;
 - d. And allowing the instructor the right to inspect, review, and copy the contents of his/her personnel file. Results of GAI's observation will be shared with the district administrator.
6. Dual enrollment courses taught on a secondary school campus may not be combined with any non-college credit secondary school course.
 7. As is appropriate for college-level study, course materials and class discussions may reflect topics not typically included in secondary courses that some parents may object to for "minors." Courses are not to be modified to accommodate variations in student age and/or maturity.
 8. Any course-, discipline-, college-, or system-wide learning assessments required by the college in non-dual enrollment sections of a course shall also be administered in all dual enrollment sections of the course.
 9. GAI shall analyze student performance in dual enrollment course offerings on secondary school and college campuses to ensure that the level of preparation for future success is comparable with non-dual enrollment college students. Analyses and recommendations shall be shared and reviewed with principals and school district administrators.
 10. IMPORTANT: If a secondary school wants to offer 30 credits or more on their campus, they must submit a request to ERAU's Senior Vice President for Academic Affairs at least 9 months in advance. If approved by ERAU officials, the secondary school and school district administrators will work with college officials to create and submit a "substantive change" to SACS. Approval must be received from SACS before the additional courses on the secondary school campus may be advertised or offered.

K. The responsibilities of the school district regarding the determination of student eligibility before participating in the dual enrollment program and the monitoring of student performance while participating in the dual enrollment program

1. Student screening for eligibility and participation is the responsibility of the secondary school principals according to district and state requirements.
2. The secondary school counselor shall identify those students qualified to participate in dual enrollment classes on a semester basis and will verify their continued eligibility throughout their participation. This verification will be conducted after grades are posted each semester. The counselor will notify GAI's dual enrollment officer when a student's eligibility status

changes.

3. The secondary school counselor will work with students to include dual enrollment course plans to minimize enrollment in a random selection of ERAU-GAI courses.
4. GAI instructors will provide academic advising services to dual enrollment students, monitor their progress and attendance in dual enrollment classes, and provide progress and attendance reports to their secondary school at the college mid-term and upon completion of the college term.
5. Students and their parents will be informed of college-level course expectations.
6. Students attending dual enrollment classes held in secondary school facilities during regular school hours will be subject to the school district and FAA attendance policies when applicable. Required documentation of enrollment will be reported to the school district's MIS offices and ERAU Records office.
7. Students may enroll in courses conducted during school hours or extended school hours. However, if the student is projected to graduate from secondary school before the scheduled completion date of a post-secondary course, the students may not register for that course through dual enrollment. The student may apply to ERAU and upon admission and special permission by the Office of Admissions, may register and pay the required tuition and fees.
8. **CODE OF STUDENT CONDUCT:** Students taking dual enrollment classes on their secondary school campus will be subject to their school district's code of conduct. If a student in secondary school class is found to have plagiarized any portion of his/her course work or assignments, the instructor will notify ERAU's Dean of Students and the student will be subject to the same disciplinary actions as other students taking courses on the ERAU campus, regardless of disciplinary action is taken by their school district. If a student is disruptive to the learning process through their classroom behavior so that the progress of other students or the efficient administration of the course is hindered, a student may lose the opportunity to participate in the dual enrollment course, regardless of eligibility requirements for continued enrollment.
9. **STUDENT RECORDS:** The parties may provide personally identifiable student records to each other in the performance of this Agreement. Such records are provided pursuant to Section 1002.22(3)(d), Florida Statutes, and the Family Educational Rights and Privacy Act, 20 U.S.C.A. 1232g. Each party further agrees to comply with Section 1002.22, Florida Statutes, and 20 U.S.C.A. 1232 f, including but not limited to provisions

related to confidentiality, access, consent, length of retention, and security of student records.

L. The responsibilities of GAI regarding the transmission of student grades in dual enrollment courses to the school district.

1. Students with unsatisfactory progress reports should be counseled by the secondary school guidance counselor immediately upon receipt of the college reports.
2. All students enrolled in dual enrollment classes will be graded on the same basis as other college students in the same courses. GAI will assign letter grades to each student/course and the letter grade assigned shall be posted to the student's secondary school transcript by the school district. Instructors will submit grades to the student's secondary school and to ERAU.
3. If a dual enrollment student earns an F grade in any course(s) during one semester he/she will no longer be eligible to participate in dual enrollment. A student who earns a D grade will be permitted to retake that one course if offered, course may only be repeated once.

M. Accountability

This Agreement and the policies and allocation of responsibility shall be effective upon being signed by the representative authorized to commit the school districts and Gaetz Aerospace Institute of Embry-Riddle Aeronautical University but shall be executed before registration for the fall term of the following school year. Courses of study and programs are to be incorporated into the Agreement before instruction begins. This Agreement shall be valid for the 2020-2023 academic school year.
