

Continuation of Summary Explanation and Background

Policy 2130 governs the District's practices for the implementation of behavioral threat assessment procedures. It is the intent of The School Board to identify the required actions of each school principal and each school-based threat assessment team, while also ensuring that all employees are held accountable and responsible for the expectations of their position.

Revisions to Policy 2130 were discussed at the September 22, 2020 School Board Workshop, October 13, 2020 Public Rule Development Workshop, and a final adoption at this October 20, 2020 Regular School Board Meeting.

The publication date on which this policy was advertised was on September 15, 2020
