Section 2.A: **Approved Application:** The School's approved application to operate a charter school is appended hereto as **Appendix 1** and is incorporated herein by reference.

Somerset Preparatory Academy Charter School at North Lauderdale #5003

If any provision of this Charter is inconsistent with **Appendix 1**, the provisions of this Charter shall prevail.

Section 2.B: **Term of Charter**: Unless terminated earlier pursuant to Section 1002.33, Florida Statutes, or upon the terms contained herein, this charter shall cover a term of five (5) years commencing on July 1, 2020 and ending on June 30, 2025.

Section 2.B.1: **Effective Date**: This Charter shall become effective on July 1, 2020 or upon signing by both parties, whichever date is later.

Section 2.B.2: **Start-Up Date**: The initial start-up of the School shall be consistent with the beginning of the Sponsor's public school calendar for each school year. In all years of operation, the School will follow the public school calendar adopted by the Sponsor unless otherwise stated and approved in the Application (**Appendix 1**) or by an amendment to this Charter. The School shall provide instruction for at least one hundred eighty (180) school days or the number of days required by law for other public schools, and may provide instruction for additional days.

Section 2.B.3: **Pre-Opening Deadline**: The School shall be eligible to receive FTE funding from the Sponsor once it has secured and has provided to the Sponsor evidence of at least temporary facility approval from the appropriate licensing or zoning authority, but in no event shall such funds be disbursed to the School any earlier than July 1 of the school year in which the School will open. If the School has not secured and provided to the Sponsor evidence of at least temporary facility approval from the appropriate licensing or zoning authority no later than fifteen (15) calendar days prior to the opening of the School, and the School otherwise fails to provide notice of intent to defer the opening of the School's operations in accordance with Section 1002.33(6)(b)(5), Florida Statutes, then this Charter will automatically expire without any notice, hearing, right to appeal or further action required of the Sponsor. The School understands that if the contract is not fully executed by both parties by April 30, 2020 that this can result in a failure to receive the state designated Master School Identification (MSID) in a timely fashion, which can impact student registration, enrollment and receipt of public funds.

Section 2.B.4: **Charter Modification**: This Charter may be modified during its term by mutual agreement of the parties, provided such modifications are agreed to in

Somerset Preparatory Academy Charter School at North Lauderdale #5003

A high-performing charter school shall notify the Sponsor in writing by March 1 if it intends to increase enrollment or expand grade levels the following year. The written notice shall specify the amount of the enrollment increase and the grade levels that will be added, as applicable.

Section 2.B.5: **Charter Renewal:** This Charter may be renewed pursuant to Section 1002.33(7)(c)(1), Florida Statutes, for such duration as may be established by mutual written agreement of the parties. In order to facilitate long-term financing for charter school construction, charter schools operating for a minimum of 3 years and demonstrating exemplary academic programming and fiscal management are eligible for a 15-year charter renewal. Such long-term charter is subject to annual review and may be terminated during the term of the charter. The 15-year charter renewal that may be granted above, shall be granted to a charter school that has received a school grade of "A" or "B" pursuant to Section 1008.34, Florida Statutes, in 3 of the past 4 years and is not in a state of financial emergency or deficit position as defined by this section. Such long-term charter is subject to annual review and may be terminated during the term of the charter pursuant to subsection (8). In addition, pursuant to Section 1002.331(2), Florida Statutes, a high performing charter school is authorized to receive a modification of its charter to a term of 15 years or a 15-year charter renewal. The charter may be modified or renewed for a shorter term at the option of the high-performing charter school.

Section 2.C: **Educational Program and Curriculum:** The School shall deliver an educational program and curriculum as described in its Application which is attached hereto and incorporated herein as **Appendix 1**.

In making the determination as to whether good cause exists for immediate termination, the Sponsor will consider whether the totality of the circumstances warrant a decision to forego the procedures for a ninety (90) day termination. The Sponsor shall notify in writing the School's governing body, the School's principal, and the Florida Department of Education if the Charter is immediately terminated. The Sponsor shall clearly identify the specific issues that resulted in the immediate termination and provide evidence of prior notification of issues resulting in the immediate termination when appropriate.

Section 2.D.3.a: **Immediate Termination – Operations During Appeal**: Upon receipt of notice of immediate termination, the School shall immediately provide the Sponsor access to the School's facilities, and shall immediately make accessible all educational and administrative records of the School so the Sponsor may immediately take any appropriate actions. Moreover, within five (5) business days, the School shall turn over to the Sponsor all records and information regarding the accounts of all of the public funds held by the School and shall turn over to the Sponsor all of the School's public property and public funds. If the School prevails in an appeal to the State Board of Education, the Sponsor shall, immediately, return to School all keys, security codes, all educational and administrative records of the School, and the School's facility. In that case, the School's governing board shall resume operation and oversight of the School.

Section 2.D.3.a.1: **Immediate Termination – Assets and Property During Appeal**: Any unencumbered public funds from the School, and district school board property and improvements, furnishings, and equipment purchased with public funds, or financial or other records pertaining to the School, in the possession of any person, entity or holding company, other than the School, shall be held in trust upon the Sponsor's request, until any appeal status is resolved.

Section 2.D.3.a.2: **Immediate Termination – School Debts and Term of Lease During Appeal**: However, nothing herein shall be construed as an obligation on the part of the Sponsor to secure the extension of a lease term during the pendency of an appeal or to pay with Sponsor's fund any debts incurred by the School in order to avert a foreclosure or eviction.

Section 2.D.3.a.3: **Immediate Termination – Correspondence During Appeal**: During the pendency of any appeal, the Sponsor shall forward to the chair of School's governing board copies of any correspondence or other written communications related to the School's leases and mortgages or to the extension or termination of any of the School's contracts or business relationships.

Somerset Preparatory Academy Charter School at North Lauderdale #5003

terminated upon ninety (90) days' notice or non-renewed in accordance with its terms during the pendency of an appeal in accordance with Section 1002.33(8), Florida Statutes.

Section 2.D.3.a.5: **Immediate Termination – Retrieval of Personal Items by School Personnel:** If the School appeals to the State Board of Education and is unsuccessful in the appeal (or if the School fails to timely file an appeal), the School shall be dissolved pursuant to Section 1002.33(8)(e), Florida Statutes. In such event, the Sponsor shall allow the School's governing body and its employees, agents and assigns to retrieve any of their respective personal belongings from the School's facility. However, all property and improvements, furnishings, and equipment purchased with public funds shall automatically revert to full ownership by the Sponsor, subject to complete satisfaction of any lawful liens or encumbrances.

Section 2.D.3.b: **Hearing Process:** A charter may be terminated immediately if the sponsor sets forth in writing the particular facts and circumstances indicating that an immediate and serious danger to the health, safety, or welfare of the charter school's students exists. The Sponsor's determination is subject to the procedures set forth in paragraphs 1002.33 (8)(b) and (c), except that the hearing may take place after the charter has been terminated. The Sponsor shall notify in writing the charter school's governing board, the charter school principal, and the department if a charter is terminated immediately. The sponsor shall clearly identify the specific issues that resulted in the immediate termination and provide evidence of prior notification of issues resulting in the immediate termination when appropriate. Upon receiving written notice from the sponsor, the charter school's governing board has 10 calendar days to request a hearing. A requested hearing must be expedited and the final order must be issued within 60 days after the date of request. The Sponsor shall assume operation of the charter school throughout the pendency of the hearing under paragraphs (b) and (c) unless the continued operation of the charter school would materially threaten the health, safety, or welfare of the students. Failure by the Sponsor to assume and continue operation of the charter school shall result in the awarding of reasonable costs and attorney's fees to the charter school if the charter school prevails on appeal.

Section 2.D.3.c: **Sponsor Operation of School Pending Appeal:** Unless the School has already ceased operations, the Sponsor shall, assume operation of the School upon immediate termination and shall continue operating the School throughout any timely appeal by the School to the State Board of Education or, if no appeal is filed, until the time for filing an appeal has expired. The feasibility of continuing the School's operations is a matter within the sole judgment of the Sponsor. The Sponsor shall hold and conserve all School property and assets, including cash and investments, in trust until the School has exhausted all appellate rights to the State Board of Education. The Sponsor shall only disburse School funds in order to pay the normal expenses of the School as they accrue in the ordinary course of business. Normal expenses shall include, but not be limited to, the payment of employee salaries and benefits.

Section 2.D.3.d: **School Employees After Immediate Termination:** The School's instructional and operational employees may continue working in the charter school until such time as the School exhausts its appellate remedies. Notwithstanding the general policy of employees continuing to serve in their regular capacities during that time, the Sponsor reserves the right to take any appropriate personnel action as to such employees if cause should arise or be discovered during the Sponsor's assumed operation of the charter school (after the Sponsor

Somerset Preparatory Academy Charter School at North Lauderdale #5003

provides any required due process to such employees if they are not terminable at-will). Sponsor shall notify the School prior to any adverse personnel action at the address provided in section 14.K.

Section 2.D.4: **Post Termination Provisions:** In the event that the Charter expires or is terminated (other than immediate termination) or non-renewed by the Sponsor, the disposition of financial and operational records, student records, property and assets, debts and leases shall be in accordance with the provisions of this Charter and applicable law.

In such case, all applicants shall have an equal chance of being admitted through a random selection process. In future years, the time frame for accepting applications shall be mutually agreed to by the Sponsor and the School. The School's enrollment plan shall comply with the following eligibility and enrollment considerations:

Section 4.F.1.a: **Equal Enrollment Opportunities:** Students requiring services from an Exceptional Student Education program as well as students requiring services from English for Speakers of Other Languages (ESOL) programs shall have equal opportunities of being selected for enrollment in the School. The School agrees to enroll any eligible student who submits a timely and completed application. However, if the number of applications exceeds the capacity of a program, class, grade level, or building all eligible applicants shall have an equal chance of being admitted through a random selection process that complies with Florida law and all applicable desegregation court orders, and/or settlement stipulations, Sponsor assignment plan/policies, voluntary school choice plans, and conditions relating to maintenance of appropriate student population that reflects the diversity of the community in which the School is located;

Section 4.F.1.b: **Enrollment for Conversion Schools:** In the event the School is operating as a conversion charter school, the School agrees to give enrollment preference in accordance with Section 1002.33(10)(c), Florida Statutes to students who would have otherwise attended that public school, however, parents or students may request non-participation and receive assignment to another public school through the Sponsor;

Somerset Preparatory Academy Charter School at North Lauderdale #5003

Section 4.F.1.c: **Community Diversity:** The School agrees that it will implement the strategies contained in **Appendix 1** to achieve and maintain a student population reflective of the diversity of the community the School serves, as defined above;

Section 4.F.1.d: **Enrollment Preferences - Siblings and Employees' Children:** The School acknowledges that it may give enrollment preference to eligible siblings of students enrolled in the School, to the child of an employee of the School, to the child of a member of the governing board of the School or to any other student as authorized by Florida law; and

Section 4.F.1.e: **Enrollment Preferences – Same Household:** The School acknowledges that it may give enrollment preference to students living in the same household with an accepted/attending student (e.g., foster home, foreign exchange student) subject to the provision of appropriate documentation to support such student eligibility.

Section 4.G: **Maintenance of Student Records:** The Sponsor agrees to cooperate with the School to provide cumulative folders and permanent records, including IEPs for Exceptional Students. The School shall maintain both active and archival records in Broward County, Florida, for current and former students in accordance with Florida Statutes. The School will maintain both active and archival records for current/former students in accordance with applicable federal and state laws. The Sponsor will assist the School in establishing appropriate record formats.

Section 4.G.1: **Cumulative Folders/Permanent Records:** All cumulative folders and permanent records of students leaving the School to attend a district school and all cumulative folders and permanent records of students leaving a district school to attend the School will be forwarded to the receiving school immediately upon request. Neither the School nor the Sponsor shall delay the transfer of records due to the lack of or a pending parent/student exit conference;

Section 4.G.2: **Records Upon Out-of-District Transfer:** All cumulative folders and permanent records of students leaving the School to attend a school other than a district school will be copied and forwarded to the receiving school. The original cumulative folder and permanent record of the student will be filed with the School's inactive student records and transferred to the Sponsor in accordance with applicable federal and state law.

Section 4.G.3: **Records Upon Other Transfers:** All cumulative folders and permanent records of students leaving the School for any reason, other than above, will be filed with the School's inactive student records and transferred to the Sponsor in accordance with applicable federal and state law;

Section 4.G.4: **Records Transfer to Sponsor:** All permanent (Category A) records of students leaving the School, whether by graduation, transfer to Sponsor's district schools, or withdrawal to attend another school, will be transferred to the Sponsor in accordance with applicable law. All records of student progress (Category B) will be immediately transferred to the appropriate recipient school, without exception, if a student withdraws to return to one of Sponsor's district schools or to another school system. The School may retain copies of the academic records created during a departing student's attendance at the School.

Somerset Preparatory Academy Charter School at North Lauderdale #5003

Section 4.G.5: **Inactive Student Records**: All inactive student records shall be maintained and archived by the school in accordance with Rule 6A-1.055, Florida Administrative Code. The School shall maintain pupil attendance records in the manner specified in Rule 6A-1.044, Florida Administrative Code; and

Section 4.G.6: **Annual Report of Student Records**: A report from the School will be forwarded to the Sponsor's Charter Schools Management/Support Department prior to July 1 of each year of the term of the Charter listing all students enrolled during the school year, and the disposition of each student's cumulative folder and permanent record, i.e., stored on site, transmitted to the Sponsor or other disposition, if appropriate.

Section 4.G.7: **Confidentiality of Student Records**: The School shall ensure that all student records are kept confidential as required by applicable federal and state laws including but not limited to the Family Educational Rights and Privacy Act of 1974 (FERPA) (20 U.S.C. 1232g) and Florida Statutes 1002.22 and 1002.221), the Sponsor has the right with reasonable notice, if it has a legitimate educational interest to review any and all student records maintained by the School including, without limitation, records pertaining to students in the Exceptional Student Education or English for Speakers of Other Languages (ESOL) programs at the School.

Section 4.H: **Exceptional Student Education**: Students enrolled in the School who are eligible to receive Exceptional Student Education services shall be provided a free appropriate public education by the School in accordance with this Charter, applicable federal and state laws and applicable administrative rules adopted by the Florida Board of Education. Students with disabilities will be educated in the least restrictive environment as outlined in the district's Special Policies and Procedures for Exceptional Students.

Section 4.H.1: **Non-Discriminatory Policy**: The School shall adopt a policy providing that it will not discriminate against students with disabilities who are served in Exceptional Student Education (ESE) programs and students who are served in English for Speakers of Other Languages (ESOL) programs; and that it shall not violate the anti-discrimination provisions of Section 1000.05, Florida Statutes (The Florida Education Equity Act). The School shall guarantee that its admissions policies shall be nonsectarian. The School shall adopt and implement a non-discriminatory policy regarding placement, assessment, identification, selection, and admission of disabled students. The School will not request a copy of a student's Individual Education Plan (IEP) nor any other student information from the parent or any other source prior to the student's completion of the application process, nor shall the School access such student information on the Sponsor's student information system prior to admission of the student. The School's enrollment application will not include questions concerning a student's IEP or need for special services. Upon receiving the application for enrollment of a student with a disability, the School will convene a meeting with individuals knowledgeable about the student to evaluate the student's individual needs and determine whether the student can be provided a free, appropriate public education by the School.

Section 4.H.2: **Sponsor's Responsibilities**: The Sponsor will have the responsibility of conducting the psychoeducational evaluation of students referred for potential

placement within exceptional student education in accordance with federal and state mandates. The School agrees that the Sponsor will perform psychoeducational evaluations of students initially referred for placement within exceptional student education without fee. The School will be billed for those services not covered by the administrative fee at the actual cost of these services. The School may obtain independent evaluations of students at the School's expense. These evaluations may be considered in determining eligibility but will not necessarily substitute for an evaluation conducted by the Sponsor's district personnel in a manner and timeframe consistent with that of all other schools in the district. The Sponsor will monitor the School for ESE compliance with applicable federal, state and local policies and procedures.

Section 4.H.3: **The School's Responsibilities:** The School shall make a continuum of alternative placements available to students with disabilities. Students with disabilities enrolled in the School shall be provided, at the School's expense, with programs implemented in accordance with federal, state and local policies and procedures, (or other State approved procedures) and, specifically, the Individuals with Disabilities Education Improvement Act (IDEIA), Section 504 of the Rehabilitation Act of 1973, 1000.05, 1003.57, 1001.42(4)(l), and 1002.33, Florida Statutes, Chapter 6A-6 of the State Board of Education Administrative Rule and Sponsor's Special Policies and Procedures for Exceptional Students. The School will be responsible, at its expense, for the delivery of all educational and related services indicated on the student's Individual Education Plan (IEP). Related services (e.g., speech/language therapy, occupational therapy, physical therapy, and counseling) must be provided by the School's staff or paid for by the School through a separate contract. Gifted students shall be provided with programs implemented in accordance with state and local policies and procedures, federal and state laws, and Chapter 6A-6 of the Administrative Rules adopted by the Florida Board of Education. The School will be responsible for the delivery of all educational services indicated on a student's educational plan.

Section 4.H.3.a: **IEP Meetings.** The School will develop an Individual Education Plan (IEP) and conduct an IEP meeting with the student's family for each exceptional student enrolled in the School. The School will utilize all of the Sponsor's forms and procedures related to ESE eligibility, IEP and placement process procedures. The School will invite the Sponsor to participate in all IEP meetings (including initial staffing and annual IEP review meetings) at the School and will provide the Sponsor at least two (2) weeks prior notice of such meetings accompanied by a copy of the Parent Participation Form, by mail or given in person. If it is determined by an IEP committee that the needs of a student with disabilities cannot be met at the School, the School and Sponsor will take steps to secure another placement for the student in accordance with federal and state mandates. The School's staff will work together with the Sponsor's personnel to ensure that the needs of these students are met. The School's staff will work closely and as early as possible in the planning/development stages, with Sponsor staff to discuss the services needed by the School's students with disabilities.

Section 4.H.3.b: **Least Restrictive Environment:** Except as otherwise provided by the provisions of Section 2.E contained hereinabove, students with disabilities enrolled in the School will be educated in the least restrictive environment and will be segregated only if the nature and severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. As it is the School's goal to place students in an environment where they can best flourish, those students

Somerset Preparatory Academy Charter School at North Lauderdale #5003

whose needs cannot be adequately addressed at the School will be appropriately referred; and the School's staff will work together with the Sponsor's personnel to ensure that the needs of these students are met. However, it is the School's obligation, and not that of the Sponsor or student's boundaried school, to provide all appropriate services to ESE students.

Section 4.H.3.c: **Procedural Measures:** As early as possible in the planning/development stages, the School's staff will work closely with the Sponsor's staff to discuss the needed services (including all related services and programs) of the School's students with disabilities. Parents of students with disabilities will be afforded procedural safeguards in their native language, which safeguards will include the areas of notice and consent, independent educational evaluations, confidentiality of student records, due process hearings, and surrogate parents.

Section 4.H.3.d: **Federal and State Reports:** Unless otherwise exempted by Chapter 1002, Florida Statutes, the School will complete federal, state and any other reports deemed necessary in accordance with the time-lines and specifications of the Sponsor and the State Department of Education.

Section 4.H.3.e: **504 Students:** The School will provide reasonable accommodations to students with a physical or mental impairment which substantially limits a major life activity, if and to the extent required to enable such students to have an opportunity to be successful in their educational program equal to that of their non-disabled peers. The School shall prepare a 504 Accommodation Plan for all such students who do not have an IEP, in accordance with Section 504 of the Rehabilitation Act and its implementing regulations.

Section 4.H.4: **Due Process Hearings:** The School shall be liable to Sponsor for all damages, attorney's fees and costs awarded against the Sponsor relating to an alleged violation by the School of federal and/or state laws related to the education of students with disabilities, including, without limitation, formal complaints, due process hearings, mediations or other court proceedings, relating to Section 615 of the Individuals with Disabilities Education Improvement Act or Section 504 of the Rehabilitation Act of 1973 and School shall be liable for all attorney's fees and costs incurred by the Sponsor in its defense of any claims. The School shall not be obligated to Sponsor under this subsection for any damages, attorney's fees and costs awarded in favor of a student with disabilities due to Sponsor's violation of federal and/or state laws related to the education of students with disabilities, including, without limitation, formal complaints, due process hearings, mediations or other court proceedings, relating to Section 615 of the Individuals with Disabilities Education Improvement Act or Section 504 of the Rehabilitation Act of 1973 or for any costs and attorney's fees incurred by Sponsor in defending a claim that resulted in such an award. All expenses, cost and attorney's fees owed to the Sponsor based on this Section shall be reimbursed by the School within thirty (30) days of the submission of a written invoice to School by the Sponsor.

Section 4.H.5: **English Language Learners:** Students enrolled at the School who are identified as limited English proficient, will be provided with primary instruction in English by personnel who will follow the Sponsor's District Plan for English Language Learners and who either (a) hold a currently-valid State of Florida educator's certificate showing the ESOL subject area or the ESOL endorsement or (b) hold a currently-valid State of

Somerset Preparatory Academy Charter School at North Lauderdale #5003

Florida educator's certificate in another area of certification, have been approved by the School's Board of Directors to teach in this capacity, and who complete the required in-service training in ESOL in the prescribed time frame per the State Department of Education rules and regulations provided by the school district in compliance with the *LULAC, et al. v. State Board of Education* Consent Decree. The School will meet all the requirements of the Consent Decree entered in *LULAC, et al. v. State Board of Education* and related rules of the State Board of Education in Chapter 6A-6. The School will comply with the Sponsor's current ELL plan, as approved by the State Board of Education, including the utilization of all forms and documents in—both the Sponsor's current ELL plan, which may be amended from time to time, as well as any district department handbooks, manuals and guidelines used for the process of identifying and classifying ELL students and for the provision of implementation of ESOL services to meet the needs of English Language Learners (ELLs).

Section 4.I: **Dismissal Policies and Procedures:** The School agrees to dismiss students as described in Sponsor's School Board Policy, within this Charter, and in the appropriate Section of the School's Application (**Appendix 1**). The School agrees to maintain a safe learning environment at all times. The School shall comply with Florida state law and will adopt and follow the Sponsor's Code of Student Conduct, as may be modified by the Sponsor from time to time, for the School's students of the same grades promulgated by Sponsor. Any policies developed by the School to implement the Code of Student Conduct shall be in accordance with the Florida State Board of Administration Rules, federal and state laws and regulations, and federal and state court decisions. The School's board of directors, in coordination with the Principal, shall recommend expulsions to the Sponsor. However, the Sponsor has the ultimate authority in cases of student expulsion. If the School is considering removal of a student from attendance, the School will inform the Sponsor of its intention and share information concerning the basis for considering removal. If the student's actions lead to recommendation for assignment to an alternative school or expulsion from the Sponsor's district, the School will cooperate in providing information and testimony needed in any legal proceeding. Students will be assigned to an alternative school only through the process established by the Sponsor's Board Policy, and will be expelled from the Sponsor's district only if approved by the Sponsor's School Board. Students with disabilities will be disciplined only in accordance with requirements of the Individuals with Disabilities Education Improvement Act and Rehabilitation Act and the Sponsor's Exceptional Student Education Policies and Procedures (SP&P). If a student has been recommended for expulsion for commission of an expellable act as defined by the Sponsor's policy and the student is withdrawn from the School by a parent/guardian, the student may be denied enrollment in a district school by Sponsor or may be assigned to an appropriate expulsion abeyance program in accordance with Sponsor's policies. The School may not withdraw or transfer a student involuntarily unless the withdrawal or transfer is accomplished through established procedures mutually agreed upon in this Charter or through the Sponsor's applicable policies for student withdrawal.

Section 4.I.1: **Corporal Punishment:** The School agrees that it will not engage in the corporal punishment of its students.

Section 4.J: **Extracurricular Student Activities:** Students at the School shall be eligible for participation in extracurricular activities and athletic opportunities at the School in the same manner as other schools in the school district to the extent such programs or sports are

Somerset Preparatory Academy Charter School at North Lauderdale #5003

offered. Nothing herein prohibits the School from imposing stricter requirements for participation in extracurricular activities. Students at the School will be eligible to participate in interscholastic extracurricular activity at the district school to which the student would be assigned according to Sponsor's policies and the rules of the Florida High School Athletic Association (FHSA), unless such activity is provided at the School, so long as the School student meets the requirements of 1006.15, Florida Statutes. All such students will be assigned to a district school for extracurricular activities through the Sponsor's student assignment office. The Sponsor agrees to support the School in its efforts to recognize student accomplishments. Such support shall include, but not be limited to, district competitions, district recognition programs and district scholarship programs. If there are any costs not paid for or reimbursed by the State, then the School shall pay its pro rata share of the costs of such recognition programs.

Section 4.K: **Enrollment - Health, Safety & Welfare:** Enrollment at the school is subject to compliance with the provisions of Section 1002.33, Florida Statutes, concerning school entry health examinations and immunizations. The school agrees to comply with the Federal Gun Free Schools Act of 1994 and any other applicable state and/or federal law pertaining to the health, safety and welfare of students.

ARTICLE 5: FINANCIAL ACCOUNTABILITY

Section 5.A: **Revenue - Basis for Student Funding:** The Sponsor agrees to fund the School for the students enrolled as if they are in a basic program or a special program in a school in the Sponsor's district. The basis for the funding shall be the sum of the Sponsor's operating funds from the Florida Education Finance Program (FEFP) as provided in Section 1011.62, Florida Statutes, and the General Appropriations Act, including gross state and local funds, discretionary lottery funds, and funds from the Sponsor's district current operating discretionary millage funds, divided by the total funded weighted full-time equivalent students (WFTE) in the Sponsor's district, multiplied by the WFTE of the School, less the statutory five percent administrative fee. The School shall receive one hundred percent (100%) of the Merit Award Program funds awarded to the School pursuant to Section 1012.225, Florida Statutes.

Section 5.A.1: **Student Reporting:** The School agrees to report to the Sponsor its student enrollment as provided in Section 1011.62, Florida Statutes, and, in accordance with the definitions contained in Section 1011.61, Florida Statutes, at the agreed-upon intervals and using the method used by the Sponsor's district when recording and reporting cost data by program. The Sponsor agrees to include the School's enrollment in the Sponsor's district report of student enrollment. In addition, for each year of the term of this charter, the School will submit the projected full-time equivalent student membership of the School to the Sponsor by the day required by the Sponsor in April prior to the new school year. The Sponsor will also provide training for the School's personnel in the use of designated district applications necessary to respond to the legislative requirements of Section 1008.345, Florida Statutes, including the annual report and the state required assessment program.

Section 5.A.1.a: **Retention of Attendance Records:** The School will retain the records documenting students' attendance, absences, and tardiness as required by applicable laws. These documents may include, but not limited to, teachers' daily attendance records, the absentee record, documentation of any changes to the absentee record, absentee slips, and any

Somerset Preparatory Academy Charter School at North Lauderdale #5003

electronic absentee records. These records should be retained in accordance with the retention schedule published by Florida Department of State, Division of Library and Information Services, "General Records Schedule GS7 For Public Schools, Pre-K-12 and Adult And Career Education".

Section 5.A.2: **Distribution of Funds Schedule:** The Sponsor shall disperse the funds specified in this Article to the School in a timely and efficient manner. Timely distribution of funds to the School shall begin in July (insert year) on a monthly basis. Until the Sponsor has conducted an official enrollment count, the monthly payments will be based on the School's prior year FTE student membership. Thereafter, the results of student enrollment counts and FTE membership surveys will be used in adjusting the amount of funds distributed monthly to the School for the remainder of the fiscal year. The Sponsor shall pay the School one-twelfth of the available funds less administrative fee as defined in Section 1002.33(20)(a), Florida Statutes within ten (10) working days of receipt by the Sponsor of a distribution of State or local funds. If payment is not made within ten (10) working days after receipt of funding by the Sponsor, the Sponsor shall pay to the School, in addition to the amount of the scheduled disbursement, interest at the rate of one percent (1%) per month calculated on a daily basis on the unpaid balance from the expiration for the ten (10) day period until such time as the payment is made.

Section 5.A.2.a: **Disbursement at Start of New Charter School**
Pursuant to Section 1002.33(17), Florida Statutes: "For the first 2 years of a charter school's operation, if a minimum of 75 percent of the projected enrollment is entered into the sponsor's student information system by the first day of the current month, the district school board shall distribute funds to the school for the months of July through October based on the projected full-time equivalent student membership of the charter school as submitted in the approved application. If less than 75 percent of the projected enrollment is entered into the sponsor's student information system by the first day of the current month, the sponsor shall base payments on the actual number of student enrollment entered into the sponsor's student information system. Thereafter, the results of full-time equivalent student membership surveys shall be used in adjusting the amount of funds distributed monthly to the charter school for the remainder of the fiscal year." In no event shall monthly payments begin until the School has secured at least temporary facility approval from the appropriate licensing authority and has presented the same to the Sponsor. The Sponsor will determine the School's actual state fundable FTE using Florida Department of Education FTE reports and will make monthly payments to the School based on those reports and the most recent calculation of FEFP revenue, less payments received, less the district administrative fee, with the balance due divided by the remaining months in the fiscal year. Payment shall be on a monthly basis.

Section 5.A.3: **Adjustments:** Total funding for the School shall be recalculated during the year to reflect the revised calculations under the FEFP by the State and the *actual* unweighted and weighted FTE students reported by the School during the full-time equivalent survey periods designated by the Commissioner of Education. If the School submits data relevant to FTE funding that is later determined through the audit procedure to be inaccurate, the School shall be responsible for any reimbursement to the State arising as a result of any errors or omissions for which the School is responsible. Any deficit incurred by the School shall be the sole fiscal responsibility of the School and the Sponsor shall have no liability for the same. Should the Sponsor receive notice of an FTE funding adjustment which is attributable to error, misreporting or substantial noncompliance by the charter school, the sponsor shall deduct the

Somerset Preparatory Academy Charter School at North Lauderdale #5003

amount of such adjustment from the charter school's FTE funding until the total amount of the FTE funding adjustment is recovered by the Sponsor. Such adjustment shall not exceed the fiscal year.

Section 5.A.4: **Millage Levy:** In accordance with the provisions of Section 1002.33(9)(l), Florida Statutes, the School agrees that it shall not levy taxes or issue bonds secured by tax revenues. However, nothing in this provision shall preclude a municipality from levying municipal taxes during a period in which the municipality is operating a charter school.

Section 5.A.5: **Holdback/Proration:** In the event of a state holdback or a proration which reduces funding, the School's funding will be reduced proportionately. In the event that the Sponsor's district exceeds the state cap for WFTE for any expenditure category of programs established by the Legislature, resulting in unfunded WFTE for the Sponsor's district, then the School's funding shall be reduced to reflect its proportional share of any unfunded WFTE and the School's funding will be reduced to reflect its proportionate share of any unfunded WFTE. In addition, should the Sponsor receive notice of an FTE funding adjustment which is attributable to error or substantial noncompliance by the School, the Sponsor shall deduct such assessed amount from the next available payment otherwise due the School. In the event that the assessment is charged near the end of or after the term of this Charter where no further payments are due the School, the Sponsor shall provide prompt notice to the School which shall refund the Sponsor the amount of the assessment within thirty (30) calendar days. The School will be responsible for an additional fee of one percent (1%) per month on the unpaid balance after thirty (30) days from the date of notice of such assessment.

Section 5.A.5.a: **Payment Withholding:** Distributions of FTE funds may be withheld without penalty of interest, upon written notice by the Sponsor, if any of the following required documents are more than thirty (30) calendar days overdue:

- i. the School's monthly or quarterly financial statements, or
- ii. the School's annual financial audit.

The Sponsor shall release, in full, any funds withheld under this provision within 10 (ten) calendar days of receipt of the documents whose absence resulted in the withholding of funds.

Section 5.A.6: **Categorical Funding:** If the School's students or programs meet the eligibility criteria in law, the School shall be entitled to its proportionate share of the categorical program funds included in the total funds available in the FEFP by the Legislature, including transportation, the research-based reading allocation, less the administrative fee permitted under Section 1002.33(20)(a), Florida Statutes. The School shall provide the Sponsor with documentation that categorical funds received by the School were expended for purposes for which the categoricals were established by the Florida Legislature. The School shall reimburse the Sponsor for any impermissible expenditure, as established by State criteria, within thirty (30) days of notice of such expenditures.

Section 5.A.7: **Federal Funding:** In any programs or services provided by the Sponsor which are funded by federal funds and for which federal funds follow the eligible

Somerset Preparatory Academy Charter School at North Lauderdale #5003

student, the Sponsor agrees, upon adequate documentation that verifies student eligibility (e.g. approved free-and-reduced price meal applications) from the School, to provide the School with equivalent federal funds per eligible student if the same level of service is provided by the School, provided that no federal law or regulation prohibits this transfer of funds.

Section 5.A.7.a: **Title I:** Pursuant to provisions of 20 U.S.C. 8061 Section 10306, the Sponsor will always provide all federal funding for which the School is otherwise eligible, including Title 1 funding, not later than five (5) months after the School first opens or after a subsequent expansion of enrollment. Any Title I funds allocated to the School must be used to supplement the reading/language arts and mathematics services for eligible students participating in the Title I program and shall be spent in accordance with federal regulations. These students will be identified utilizing the Survey 3 conducted annually during the prior fiscal year. Any capital outlay item purchased with Title I funds must be identified and labeled for Title I property audits. Any equipment purchased with Title I funds, which is classified as Capitalized Audio Visual or Equipment, remains the property of Title I, and must be identified and labeled for Title I property audits. If the School accepts Title I funds, at least one percent (1%) the Title I funds budget must be spent in support of parental involvement activities. The School will ensure that Title I guidelines are being followed at the School and that students are meeting high content and performance standards. The district and regional Title I staff will provide technical assistance and support in order to ensure that Title I guidelines are being followed at the School and that students are meeting high content and performance standards. The Sponsor agrees to timely notify the School of all dates and other information regarding reporting of student data, calendar of district in-service opportunities, and other dates and information pertinent to the School's compliance with this Charter.

Section 5.A.7.b: **IDEA:** The IDEA portion of the IDEA appropriation will remain with the Sponsor to provide training as required by IDEA guidelines. The School may participate in IDEA training offered by the Sponsor at no cost. The Sponsor agrees to timely notify the School of all dates and other information regarding reporting of student data, calendar of district in-service opportunities, and other dates and information pertinent to the School's compliance with this Charter.

Section 5.A.8.c: **Federal or Other Grants:** The Sponsor agrees to support the School in its efforts to secure grants by timely processing and submitting all documentation prepared by the School and necessary for the Schools competition for grants and other monetary awards, including but not limited to Federal Start-up Grant and Dissemination Grant. When the funding source requires that the Sponsor serve as the fiscal agent for a grant, the School shall, prior to generating any paperwork to the funding agency, notify the Sponsor in writing of its intent to submit a grant application and attach grant application guidelines. If the Sponsor develops a district-wide grant, the School may be included in the district proposal, if mutually agreed to by the School and the Sponsor. The Sponsor shall not agree to such participation unless the School specifically agrees to all terms, conditions, and requirements of the grant. If the School fails in any material respect to comply with said terms, conditions, and requirements, the School shall be solely responsible and liable for any consequences. When a charter school elects to participate in a district-wide grant prepared by the Sponsor's staff or when grant proposals are developed by district staff using student or School counts that include the

Somerset Preparatory Academy Charter School at North Lauderdale #5003

students of the School, dollars and/or services distributed via grant funds will be provided to charter schools in the same manner as traditional public schools.

Section 5.A.9: **Other Funding Sources:** The Charter School may secure funding from private foundations, corporations, businesses and/or individuals.

Section 5.A.10: **Charter School Capital Outlay Funds:** Section 1013.62, Florida Statutes, provides procedures and guidance for the distribution of capital outlay funds appropriated to Florida's public charter schools. Capital Outlay plans must be submitted to the FLDOE in the format and manner prescribed by the state. The Sponsor will review and verify the information uploaded to the FLDOE. The state determines approval of the School's Capital Outlay Plan. Each Capital Outlay plan must contain a written list specifically enumerating the proposed capital expenditures. Sales contracts, construction contracts, purchase orders, leases, lease-purchase agreements, rental agreements or bills of sale will be accepted by the Sponsor to document the School's expenditure of capital outlay funds. A copy of the previous year's annual audited financials must be submitted with a Capital Outlay plan as well as any other supporting documentation that verifies that the charter school qualifies for capital outlay funds. Conversion charter schools are ineligible for capital outlay funding allocations. After the Sponsor's certification of a Capital Outlay plan submitted by the School, the Sponsor shall deliver any public capital outlay funds [hereafter "CO Funds"] that are allocated and prorated to the School by the Commissioner of Education within ten (10) days of the delivery of such funds to the Sponsor by the Commissioner of Education. The property and/or improvements purchased by the School using the CO Funds and any unencumbered CO Funds shall be subject to reversion to the Sponsor pursuant to Sections 1002.33(8)(e) and 1013.62(3), Florida Statutes, and shall automatically revert to full ownership by Sponsor, subject to complete satisfaction of any other lawful liens and encumbrances, upon: (a) the termination or non-renewal of this Charter, or (b) the material breach of this Charter by the School. Any property and improvements, furnishings and equipment purchased without CO Funds or public funds for the School which have not been reimbursed by CO Funds or public funds shall be property of the School should the Charter terminate or not be renewed. However, ownership of an asset shall revert to the Sponsor in the event of termination or non-renewal of this Charter if the School's accounting records fail to clearly establish whether a particular asset was purchased with CO Funds or public funds or from another funding source. Except as otherwise provided herein and except for any interest conferred upon the Sponsor by applicable law or this Charter and except for other lawful liens or encumbrances, the School shall not rent, hire, or lend any of the property and/or improvements purchased with CO Funds. The Sponsor acknowledges that the facilities leased with CO Funds may be leased by the School for community and educational services for use when School is not in session. If the School leases such facilities to third persons as provided herein, any funds paid pursuant to such lease shall be the property of the School. The parties agree that a failure to satisfy the obligations imposed by this section shall constitute a material breach of this Charter and good cause for its termination. The School shall provide Sponsor's Accounting Department copies of invoices for the property and/or improvements purchased with CO Funds. Employees of the ESP company and family members of employees of ESP companies may not sit on the School's governing board or serve as officers of the School. For the purposes of this section, "family members" shall be defined to include spouses, mothers, fathers, sisters, brothers, mothers-in-law, fathers-in-law, sisters-in-law, brothers-in-law, daughters, sons, daughters-in-law and sons-in-law.

Meets the Standard

A. Explain the charter school's current School Improvement Status.

- How has the school met the standards required for federal and state accountability?
- If the charter school has not met these standards, what measures will be implemented for improvement?

Somerset Preparatory Academy Charter School at North Lauderdale (5003) has not been identified for School Improvement as it earned a "B" in the 2018-2019 school year.

Over the years, Somerset Preparatory Academy Charter School at North Lauderdale has worked diligently to ensure that the students are performing and improving in the state standardized assessments by implementing a multitude of systems to continuously increase learning gains and the level of achievement for the students. Somerset Preparatory Academy Charter School at North Lauderdale follows the Florida Standards for ELA & Math as well as the Next Generation Sunshine State Standards for Science & Social Studies. In alignment with Broward County Schools, our Reading curriculum includes Houghton Mifflin Harcourt Journeys for ELA & Writing for Kindergarten through 5th Grade and Houghton Mifflin Harcourt Collections as the curriculum for grades 6-8. For the Reading/ELA interventions, Somerset Preparatory Academy Charter School at North Lauderdale uses the Journeys Reading/Literacy Toolkit as well as the I-Ready Toolkit. For Mathematics, the Houghton Mifflin Harcourt Go Math series is in place as the core curriculum for K-8 grade which also includes intervention materials as well. In addition, the I-Ready toolkit is also available for the teachers for the mathematics interventions, as well. Following the Broward County directive, Somerset Preparatory Academy Charter School at North Lauderdale incorporates the Social Studies and Science standards into the Reading block as often as possible and the reading standards into the Science and Social Studies classes as well. In 2016-2017, the school implemented the Benchmark Assessment System (BAS) Running Record across K-5 grade levels to have consistency in the school when calculating Reading levels. These levels helped teachers to begin meeting the needs of individual students in alignment with Policy 6000.1 and the promotion criteria. With the adoption of this assessment, teachers attended district professional developments on how to use this data to group their students with the purpose of instructing them on their reading level and a goal of closing the achievement gap. Additionally, for the past 2 years, we have used USA Test Prep which covered Reading, Math, as well as Social Studies and Science EOC courses from third grade and up. This

program has served as a valuable tool for data collection, progress monitoring and have proven throughout the past 5 years to have direct correlation to the state standardized exams. For our ELL population, the text to speech features are enabled on USA Test Prep as well as heritage language assistance to ensure the needs of the mentioned students are met. We have also added Imagine Learning for our first year ELL students. The program helps bridge the gaps between students' independent learning levels and current grade level expectations while still catering to their specific needs as ELLS. For Reading support in the past 5 years, we have used BAS, I-Ready and FAIR, in alignment with the district Comprehensive Reading Plan, as well as USA Test Prep and Read Theory for additional support. Although all of these programs were successful in many cases, for the current school year, Somerset Preparatory Academy Charter School at North Lauderdale has decided to focus on one technological aid to meet the needs of our learners and provide us with consistent progress monitoring data that was specific and individualized to each student – I-Ready. I-Ready is known to be successful in closing the achievement gap for many schools and is really a comprehensive program that the school can consistently use across all grade levels, K-8. This program can now address the needs of our diverse learners including the needs of ESE, ESOL and Gifted students as well. Students work at their own level of understanding based on the Diagnostic assessment and as they make improvements, the level of understanding increases at their pace. Additionally, this program also has a teacher toolkit. Teachers are provided several different reports which guide them on what skills the students specifically need and how to group the students in the classroom. The toolkit will then give them the additional resources necessary to re-teach certain skills that the students are not performing well on. We plan to continue using this in the years ahead to create consistency among the grade levels and to track student progress. The needs of our ELL students and SWD are also met through interventions and supplemental material. Our first year ELL students receive similar support through the use of Imagine Learning. The implementation of Imagine Learning in Grades K-5 is in alignment with the requirements of the Broward County Public Schools and provides individualized practice and support to the students. ELL students are also provided with and use subject specific glossaries and pull-out services to provide supplemental assistance in their heritage language. SWD receive similar pull-outs to provide students with supplemental small-group instruction to help them succeed academically. Accommodations are also provided to these students inside of the classroom to meet their individual needs in accordance with their Individualized Education Plan. Our Gifted students receive enrichment within the classroom setting using the enrichment components provided by the core curriculum: Journeys, and Go Math.

AMO targets were discontinued, the last year this was in place was the 2013-2014 school year. Effective 2014-2015 school year with the start of the FSA, the state did not provide learning gains to assess the guidelines that were in place with AMO. Although there was no AMO target, the school has continued to work on student growth and improving the school grade. During the past 5 years, the student population has remained rather consistent, maintaining Title 1 status with a population of economically disadvantaged families above 90%, fluctuating slightly above and slightly below 95%. In the last 4 years that we have been able to receive learning gains percentages for FSA, we have seen steady learning gains in both reading and math, averaging 49% and 57% respectively. Learning gains have continued to be an area of focus as our student population needed academic support.

In 2015-2016, Somerset Preparatory Academy Charter School at North Lauderdale implemented a push-in /pull-out initiative with interventionists for additional support. The focus remained on literacy as student performance data indicated that literacy was a weakness amongst our

students. We have continued this strategy with more support being provided across the grades, and in other subject areas as well. After analyzing data year to year through the charter term, it is evident that an area in need of improvement remains in our SWD and ELL population which have both increased in numbers over the past 5 years.

Throughout the charter term, we have held professional developments with the staff, in-house, regarding ESE and ESOL strategies; these have typically been held during pre-planning week with a refresher PD in the second semester. This year and going forward, we have been asking the staff to also attend PDs provided by Broward County. We have a new ESE/ELL specialist who began with us the summer of 2019 whom has provided much support for our faculty. One of the main goals at Somerset Preparatory Academy Charter School at North Lauderdale is to ensure that our ESE and ELL students' needs are met with fidelity so that they may be successful in all areas of their life. For our ESE students, we work diligently to create an environment of trust and self-worth. Teachers spend time building effective relationships with these students to build on their areas of strength and make them comfortable learning and growing. They take the time to break down instructions to students in manageable tasks, use multi-sensory strategies, use voice and music, limit distractions, and provide students multiple opportunities to be successful. A key component that is implemented at Somerset Preparatory Academy Charter School at North Lauderdale for ELL students' success, is validating their language and culture. We find ways to show our ELL students how much we value them and their families. To help our ELL students succeed, we require our teachers to use visual aids during instruction, allow students to work more with their peers and in groups, incorporate culturally rich vocabulary, allow scaffolding in their native language. In order to meet the needs of students identified as the lowest 25%, we provide after-school tutoring for those students that focus on the student's specific need regarding the targeted reading skill for that week in accordance with the Instructional Focus calendars. Many of these students receive additional support through RTI. Our teachers fold in specially designed intervention for these students through small-group instruction to help meet the needs of the students in our lowest 25%. Additionally, in alignment with Marjory Stoneman Douglas Public Safety Act, we have also implemented Sanford Harmony as our Social Emotional Learning Curriculum to help with some of the social and emotional barriers that are preventing our students from succeeding due to their economic and household situations, while also encouraging positive interactions and relationship building. We have integrated home language support for all the students in the classrooms for the major languages in our school which are Spanish and Haitian Creole. We will continue providing this support going forward into the new contract term.

Another school improvement initiative that we have refined over the last 2 years is the Multi-Tiered System of Support. For the past 5 years, we have made a big shift not only in the collection of the data, but the importance of data analysis and how it is used to drive the instruction in the classroom to meet the needs of all students. This initiative began with teachers and administration meeting monthly to discuss the data collected by each grade level team via our progress monitoring assessments, which we call SDAs (Stop, Drop, and Assess). Teachers were required to assess the students on a bi-weekly schedule and analyze the strengths and weaknesses of each assessment. Additionally, as a team, they came up with the next steps to re-teach or improve the areas of growth. The final step was to determine which students were proficient, on the bubble or in need of intervention. Although we have monitored this data in the past 5 years on paper through the teachers, for the last 2 years, we have begun to track this data using BASIS, which has allowed us to document our services and data and serve as a one-stop-shop for our MTSS/RtI tracking. For 2019-2020 school year, we have an RtI Designee whom now conducts meetings with administration, the teachers and presents this information so that, as a CPS team, we can determine which students continue to land in the intervention range. At that point, the CPS

team makes the decision regarding which students need to be placed on Rtl, if any students can be removed from Rtl, or if any need to change tiers. This year, the implementation of I-Ready has been extremely beneficial in helping track student progress and determining who needs extra interventions. It is also assisting in bridging the students' academic gaps. We have established a dedicated MTSS team and developed a more streamlined MTSS/Rtl program this year. We have been using I-Ready, and BAS as intervention screeners to determine which students need intervention and what the specific academic area of need is. Our teachers were trained in the I-Ready program and how to pull materials that specifically support those students and what they need. They are also currently using the Journeys Reading Toolkit this year for intervention. For our Gifted students, we have created grade-level sections to ensure that instruction is designed to provide enrichment. We have assigned an instructor who holds a Gifted Endorsement to spearhead the gifted program at our school. Additionally, we have established a Scholastic Academy wherein academically eligible students who consistently perform above mastery on standardized assessments are placed on an advanced academic track. The advanced track, if completed, will conclude with the gifted students earning from 4 to 10 high school credits including core and elective classes. We are looking into Professional Development Opportunities for our teachers revolving around Gifted education. For the past 5 years, we have implemented after school tutoring in both fall and spring as supplemental support to improve student mastery. This tutoring targets our lowest 30% in the fall and our bubble students, the students who were just below the proficiency level, in the spring. The tutoring services provide instruction twice per week in each area, Reading and Math.

C. Identify any subgroups that did not achieve its AMO targets and how the charter school is using data to drive instruction to reach the students in this/these subgroup(s).

- **Include data and a data analysis for each of the subgroups your school serves.**
- **Discuss programs implemented to address subgroup deficiencies and gap skills.**

As noted in the charts above, Somerset Preparatory Academy Charter School at North Lauderdale has outperformed, or performed within 5% in Reading proficiency by subgroup in relation to the comparable surrounding schools. The exception being Morrow Elementary's Hispanic population. Broadview and Pinewood Elementary schools have student populations that are not as comparable to the population at Somerset Preparatory Academy Charter School at North Lauderdale, with less FRL students and smaller proportions of their population identified as Black or Hispanic.

During the current charter term, the student performance by subgroup has increased steadily with little fluctuation amongst our economically disadvantaged students, and English Language learners. The students with disabilities subgroup suffered a decline last school year and has performed inconsistently form year to year.

According to the 2017-2018 data, the first year ESSA data became available, Somerset Preparatory Academy Charter School at North Lauderdale was identified as an ESSA Category TS&I (Targeted Support and Improvement) School for students with disabilities as per the Division

of Accountability, Research and Measurement report. For 2018-2019, Somerset Preparatory Academy Charter School at North Lauderdale was not identified as a school in need of support under ESSA. In analyzing the data for the mentioned subgroup, SWD students performed with 77% achievement in middle school social science which caused the federal percent of points index to surpass the 41% threshold.

To address the identified deficiencies, we trained our staff on ESE and ESOL strategies and require the staff to also attend PDs provided by Broward County. The new ESE/ELL specialist has provided much support for our faculty and revamped the intervention system within her department. Services are provided to directly supplement the core instruction taking place in the classroom using the respective grade level instructional focus calendars and lesson plans. We have integrated home language support for all the students in the classrooms for the major languages in our school which are Spanish and Haitian Creole. We will continue providing this support going forward into the new contract term.

We have established a dedicated MTSS team and developed a more streamlined MTSS/RtI program this year that is working diligently to address the deficiencies noted in the subgroups. Teachers and administration meet monthly to discuss the data collected by each grade level team via our progress monitoring assessments, which we call SDAs (Stop, Drop, and Assess). Teachers continue to assess the students on a bi-weekly schedule and analyze the strengths and weaknesses of each assessment and come up with the next steps to re-teach the mentioned student groups. All of this is tracked using BASIS, which has allowed us to document our services and data, by teachers, administrators and interventionists. This year, the implementation of I-Ready has been extremely beneficial in helping track student progress and determining who needs extra interventions. Somerset Preparatory Academy Charter School at North Lauderdale is also using the Journeys Tool Kit for intervention. We have also implemented after school tutoring for supplemental support to improve student achievement. These tutoring opportunities target our struggling learners which include the underperforming students in each subgroup. The tutoring services provide instruction twice per week in each area, Reading and Math.

As noted in the chart above, Somerset Preparatory Academy Charter School at North Lauderdale has outperformed, or performed within 5% in Mathematics proficiency by subgroup in relation to the comparable surrounding schools. As mentioned previously, Broadview and Pinewood Elementary schools have student populations that are not as comparable to the population at Somerset Preparatory Academy Charter School at North Lauderdale, with less FRL students and smaller proportions of their population identified as Black or Hispanic.

During the current charter term, student proficiency by subgroup in mathematics has increased steadily with a minimal drop during the most recent school year, 2018-2019. The decline noted last year was most noticeable amongst the English Language Learners. It is important to note that our ELL and SWD population has increased significantly and this drop can be attributed to the influx of new students within these subgroups. As the students are provided with the services at Somerset Preparatory Academy Charter School at North Lauderdale, we predict an increase for the current school year in their performance.

D. Summarize the demonstrated proficiency or the charter school's progress toward meeting proficiency in subjects tested (math, reading, writing and science).

Somerset Preparatory Academy Charter School at North Lauderdale uses the state assessments to monitor student performance. We have seen steady increases in the last 4 year in Social

Studies achievement, increasing from 55% to 79% on the Civics EOC. Science achievement has increased over the last 3 years after a big drop in 2016-2017 to 21% to 33% in 2018-2019. Our FSA Reading and FSA Math proficiencies have also increased during the last 4 years from 34% to 42% in reading and 37% to 50% in math, with a few fluctuations in between. When taking a more detailed look at student proficiency by subgroup, we see slight increases in ELA across all subgroups with the exception of our SWDs and White populations. The opposite is true with regard to mathematic proficiency. Students have decreased in performance in every subgroup with the exception of our White student population. Although collectively, the school has increased overall in proficiency, the school does need to continue to improve student mastery each year going forward into the new charter term and continue to explore student’s achievement by subgroup to better address the deficiencies of each.

To do so, Somerset Preparatory Academy Charter School at North Lauderdale has implemented several, progress monitoring tools and systems for the students. In 2016-2017, the school introduced the Benchmark Assessment System (BAS) running record which gives a reading level for all K-5 students in the school, as well as I-Ready for all grades K-8. These programs are still being used currently and will continue to be used going forward. We assess the students three times per year using this method. In the past, we have used the Houghton Mifflin Go Math, as well as Journeys Beginning, Middle and End of Year assessments to monitor the progress in Math. Beginning this school year, the school administered the I-Ready diagnostic in the beginning of the year and will also administer it in December/January and in May. This program assesses students in both Reading and Math.

Going forward into the new charter contract, the school will continue using this tool to progress monitor for Reading and for Math. The school also uses the letters, sounds, and concepts of print assessment for Kindergarten which is administered 3 times per year as well. FLKRS – STAR Literacy is also administered at the start of the school year to all Kindergarteners. As you can see, all of our formal progress monitoring assessments are given three times per year. Additional to these assessments, the administration also meets with the teachers monthly to discuss assessment data on the benchmarks/standards students are currently learning.

Using all of the data, the school tracks the students and provides the necessary interventions to help increase the proficiency school-wide.

Over the last 5 years, the school has maintained an average rate of growth of 57% in Mathematics, which exceeds the 50% mark for annual growth. With regard to Reading gains, however, the school has fallen short by a small percentage every year except in 2017-2018 when we achieved 55% learning gains. Learning gains in reading over the last few years has averaged at 49% which does not meet the 50% mark for annual growth. To address the deficiency in learning gains in reading the school has enforced I-Ready use school wide, which will help address individual student reading deficiencies, and set a requirement for lessons passed per

week. Teachers are required to have students complete at least 20 minutes of I-Ready daily in addition to the home learning requirements. MTSS/RtI has also been streamlined to assist any students that are deficient in the area of Reading to help better meet their needs.

To address the identified deficiencies and help our ESE, ELL, and Gifted students achieve learning gains, we have trained our teachers on ESE and ESOL strategies and require the teachers to also attend PDs provided by Broward County. Services are provided to directly supplement the core instruction taking place in the classroom using the respective grade level instructional focus calendars and lesson plans. The interventionists pull-out and/or push into the classrooms to provide additional support to all ESE and ELL students. All supplemental curriculum resources are used to help remediate students and build upon the skills where students are deficient. Teachers meet with their ESE and ELL students each day in small group to provide differentiated instruction and targeted guided practice to assist students with reading and math skills. We have integrated home language support for all the students in the classrooms for the major languages in our school which are Spanish and Haitian Creole. We will continue providing this support going forward into the new contract term. Our ELL students are required to work through Imagine Learning program which provides the foundational skills to fill learning gaps while being exposed to grade level content. This program is in place for students identified as English Language Proficiency level 1 or A1 only. Identified ELLs will use Imagine Learning as their technology program to assist with language development. Students in grades K-1 use the program for 20 minutes 4 times per week, and students in grades 2-5, 30 minutes 4 times per week. These students are allowed to utilize the program at home if necessary.

F. Of the students in the lowest 25%, explain if 50% of those students are making one year’s worth of growth annually in mathematics and reading.

| Math Learning Gains- Lowest 25% | N/A | 49% | 60% | 53% | 54% |

Our lowest 25% have made an average of 49% learning gains in reading, while the lowest 25% in math have made an average of 54% in the last 4 years. In mathematics, the students have exceeded the 50% requirement for annual growth over the last 3 years. In reading, the same requirement was exceeded in 2016-2017 and 2017-2018, however our students did not meet the requirement in 2018-2019 earning only 45% learning gains. We determined that for those students who did not make learning gains, not enough explicit or differentiated instruction was provided for

those students. Our teachers are placing significance on providing small-group instruction with a selected focus on the skills for which students need reteaching. Teachers are also required to work with students in guided reading groups to help close the achievement gap. All students scoring below proficiency on the state assessments for reading were placed in intensive reading classes and have been placed on progress monitoring plans. The progress monitoring data for these students' is reviewed every 4-5 weeks by our RtI designee who then meets with the teachers and CPS team to determine if the students need to be considered for further intervention. This has been streamlined this year and will continue as our approach in the new charter term.

G. Verify that the school is appropriately administering applicable state standardized tests to its students.

- **If the school is not testing the appropriate percentage of students, what measures will the charter school take to ensure the appropriate numbers of students are being tested?**

Somerset Preparatory Academy Charter School at North Lauderdale ensures that all students who are present during the testing window for all state standardized assessments are tested. For the past 5 years, we have had 98-100% of our students tested each school year. We guarantee that this happens using different methods of communication with parents so that they are sure to bring their children to school on these important days. We start by sending a letter with testing dates so that parents do not make plans to have their children miss school on those days. Additionally, we host an FSA Parent Universities to stress the importance of their children being prepared and being present for these assessments. A week before the testing days begin, we send another letter to notify the parents the days of testing for each grade level and subject area. Parent Links are also sent out to parents the evening before every assessment date to remind parents and students. During testing days, we ensure student participation by tracking the student attendance during the time frame and making sure to call the households of all students that were not present so they can attend school during the testing window for make-ups. All of these initiatives have helped us maintain the maximum level of participation for all state standardized testing.

H. Identify if the charter school's performance meets or exceeds the performance of schools with closely comparable student populations.

As indicated in the chart above, Somerset Preparatory Academy Charter School at North Lauderdale meets or exceeds the performance of nearby schools with comparable populations with the exception of Pinewood Elementary School. This may be attributed to the smaller population with regard to the number of students. The smaller population size per grade level allows the staff at Somerset Preparatory Academy Charter School at North Lauderdale to provide students with individualized attention to ensure academic success and that all promotional and testing requirements are met. We are proud to provide a family environment where student-staff relationships are fostered, resulting in increased collaboration and involvement from all staff, including guidance, ESE/ELL specialist, curriculum coaches and administrative team.

*Pinewood Elementary serves a population of 78% low income households while the other schools exceed 90% in this area. This poses a difference in population, and therefore, although the school is in proximity to ours, it is not comparable to the rest.

I. Identify the charter school's school grade.

- **If the charter school did not obtain a school grade of "C" or above, what measures will the school implement or has the school been implementing to improve its grade?**
- **If a charter school does not get a school grade nor a School Improvement Rating what assessments has the school used or will the charter school use during the next charter agreement term to ensure that all students are learning and to identify students who may be struggling?**

- **If a charter school serves untested grades (K-2), what assessments has the school used or will the charter school use during the next charter agreement term to ensure that all students in untested grades are learning and to identify students who may be struggling?**

Somerset Preparatory Academy Charter School at North Lauderdale obtained a school grade of a "B" during the past school year (2018-2019). Throughout the current charter term, the school received either a "B" or "C" rating therefore, the school has always met the standard.

Somerset Preparatory Academy Charter School at North Lauderdale ensures that all students in untested grades from K through 2 are learning by using several data collection methods. The untested grades have been given the Benchmark Assessment System reading running record 3 times per year to determine a reading level for the student and to monitor their progress throughout the year. Additionally, Kindergarten students are and will continue to be given the Florida Kindergarten Readiness Screener as a baseline within the first 30 days of school. Students are also assessed on the Letters and Sounds and Concepts of Print 3 times throughout the year. First and second grades are assessed at the end of the year using the district's Primary End of Year Reading Assessment. Beginning this school year and going forward into the next charter term, we will continue to use the Benchmark Assessment System for K-5 grades and will continue to use the Primary End of Year Reading assessment for first and second grade. For the last 2 years, we implemented the I-Ready diagnostic as a new tool to monitor progress and determine which students are struggling. This diagnostic is given 3 times per year. We will also be using this tool and the others mentioned to monitor progress going into the new charter term.

- J. Identify if the school has developed a state-mandated School Improvement Plan (SIP). Discuss the main areas and the timeline for improvement if applicable.**

The school has earned a letter grade of a "B" and has not been required to complete a mandated School Improvement Plan. However, we develop one yearly to set goals for our students and staff. This year our goal is to increase at least 4% in reading proficiency and 2% in mathematics proficiency overall, and 5% by subgroup by June of 2020.

A. Explain how the charter school is implementing its mission as defined in the charter school's agreement.

Somerset Preparatory Academy Charter School at North Lauderdale is implementing its mission with fidelity ensuring that we accomplish our targeted goals. The school is successfully implementing state-approved, research-based curriculum and instructional strategies as defined in the school's current charter contract. The school uses the state-adopted Broward County School Board K-12 Reading Plan along with supplemental resources to further increase and remediate skills that students lack, thus ensuring student achievement. The strategies include those created to promote the use of effective instructional strategies that will especially support struggling students, English Language Learners (ELL) and Exceptional Student Education (ESE) students. To assist with building the achievement gap in Reading and Math, one initiative implemented that has caused growth in overall student achievement is i-Ready. Students use this program during their allotted technology time as well as in their classrooms in small-group rotations. In addition, we have designated reading and math interventionist push in and pull out students for additional help.

The school competently uses qualitative and quantitative data to inform and guide instructional planning and delivery aligned with the Florida State Standards and Next Generation State Standards. Data drives the decisions that are made regarding instruction. Teachers meet with their instructional coach to disaggregate data to help them create lesson plans that will address students' specific needs. These are addressed during small-group instruction. In addition, teachers meet with students to conduct data chats about their data from progress monitoring assessments. There are special implementations for students who perform below proficiency such as after-school tutoring. In order to help our at grade level students continue to be proficient, we provide enrichment activities and rigorous instruction in the classroom. We incorporate the use of Ready LAFS and MAFS to assist students with grade level text exposure and practice. Our teachers are highly-qualified and are continuously attending professional development trainings to improve and perfect their craft. The school ensures academic excellence is obtained by requiring curriculum plans and instructional strategies align across grade levels. Lesson plans are created on a bi-weekly basis indicating targeted goals are met through the use of various classroom and at home learning activities. Teachers also create Professional Growth Plans that allow them to focus on specially designed goals based on their individual need. Administration uses the evaluation tool provided by the Florida Charter School Consortium to monitor teacher effectiveness.

The school provides effective and the required services for ESE and ELL students. The students are provided with equal opportunities to learn. At Somerset Preparatory Academy at North Lauderdale, we understand and appreciate that all students are individuals and have distinctive needs. The school employs the appropriate personnel such as an ESE Specialist and contracts services with individuals like Speech Pathologists (SLP) to ensure that students receive the services required for student achievement. Our ESE and ELL specialist work closely with the students, parents, and teachers to ensure successful outcomes. The school offers consultation, collaboration, and direct instruction services based on students' individual needs and/ or goals established on their Individualized Education Plans (IEP).

In addition, the school follows the established policies and procedures for proper implementation of the Response to Intervention (RtI) process. Because of this process, we are able to identify and provide targeted interventions for students with academic and/or behavior deficiencies. The Collaborative Problem-Solving team works closely with our teachers and any identified specialist to analyze and monitor student progress.

B. Explain how the school is successfully implementing research-based curriculum and instructional strategies as defined in the charter school's contract.

Over the past 5 years, Somerset Preparatory Academy Charter School at North Lauderdale, has followed the state of Florida and School Board of Broward County's initiatives and implementation of curriculum and instruction. During this time, the curriculum has been consistent upon utilizing the Language Arts Florida Standards (LAFS) for reading, Mathematical Florida Standards (MAFS) for math, with Science and Social Studies still following the Next Generation Sunshine State Standards (NGSSS). Somerset Preparatory Academy Charter School at North Lauderdale (SPNL), uses the state approved Reading plan for K-12 adopted by Broward County Public Schools.

Somerset Preparatory Academy Charter School at North Lauderdale uses several evidence-based curriculum programs and materials to support the instruction of the Florida State Standards and NGSSS. Houghton Mifflin Harcourt (HMH) Journey's series is used to provide ELA instruction to all students in grades K-5 and is also used for intervention for struggling learners as well. The 6th through 8th grade teachers used the HMH Collections series for ELA instruction. The school has adopted the HMH Go Math series to support the Math instruction throughout all grade levels K-8. These curriculum programs are aligned to the LAFS and MAFS and has been used throughout the past 5 years of the charter contract. HMH Florida Science was used for the past 5 years to instruct the students on the NGSSS Science standards throughout all grade levels, K-8. We are committed to keeping i-Ready program a consistent support tool for both our teachers and students.

Lesson plans are created on a bi-weekly basis indicating daily goals to be met through various classroom and at-home learning activities. The teacher's plans are submitted and reviewed by the leadership team including the Principal, Assistant Principal, ESOL/RTI Coordinator and ESE/Gifted Specialist, as well as the Instructional Coaches. They all provide feedback to teachers regarding meeting the needs of all of the diverse types of learners at our school. The additional

staff in this process with the necessary expertise will ensure that more in depth and effective feedback is given to the teachers on their lesson plans. Leadership and educator professional growth plans assist the school in establishing goals and activities to drive effective instruction as each year progresses. Teachers create Professional Growth Plans that allow them to focus on goals based on individual needs. For the first 3 years of the prior contract, the school used Dr. Marzano's Art and Science of Teaching Tool to observe faculty. During this past year, the school used the Florida Consortium of Public Charter Schools evaluation model. This tool allowed our administrators the opportunity to provide teachers with immediate feedback and teachers the ability to reflect on their progress toward meeting the goals established on their PGP. Using formal and informal observations as well as monthly data meetings, administrators can gauge the level of differentiated instruction and best practices being used within the domains of effective teaching and learning in accordance with the evaluation tool. To ensure teacher effectiveness, formal and informal observations are conducted by the administration and student performance data analysis is conducted and monitored throughout the school year.

The school is committed to providing students with quality instruction and support based on their learning needs as well as their social-emotional needs. Teachers are provided guidance around high-leverage practices that should be used in every classroom to ensure that all students are provided fundamental strategies that will help them learn important content. The strategy of modeling content for the students is one that the school has made a priority. With the increased number of struggling learners in our school, it is important to us that our teachers learn the strategy of showing and not just telling to reach all types of learners who may not be able to understand content without the modeling after the explanation. As we see teachers struggle with this, we make sure to mentor them and allow them to observe their peers that excel in using this strategy. Additionally, we have also placed a great level of importance around teachers building positive relationships with students to create a level of respect and caring that results in the increased likelihood of student engagement. These strategies among many of the other highly effective practices being implemented throughout the school, are the fundamentals of teaching and can make a vast difference in the achievement gap that many of our students currently have. Although these strategies have been a priority, we still feel that our teachers have a lot of room to grow in this area and as we employ new teachers, we know that we must continue to provide teachers with support in these strategies. We will continue our effort to improve student achievement by working with the Professional Development Standards and Support Department in Broward County, to ensure that our teachers receive training affording best practices and strategies to use in the classroom.

C. Explain how the charter school is implementing demonstrably effective instructional strategies that support struggling students' ability to achieve grade level proficiency.

For struggling students, the school implements evidence-based effective instructional techniques and best practices that support the student learning. Teachers are using the fundamentals of teaching to ensure they are reaching the students regardless of their level of ability. These strategies include instructional techniques such as explaining & modeling, providing feedback, analyzing data as well as classroom management approaches to guarantee the best conditions for learning in their classrooms. As stated above, the social and emotional aspect is also important as the students need to feel a connection with the teacher in order to engage in the learning. Our teachers utilize the Gradual Release Model (We do, You do) instructional strategy to aid our students in critical thinking and active learning. We encourage the teachers to work on building relationships with those students who struggle as some of the times, there may be a reason for the lack of engagement from the student. A big priority in our school has been the use of small group guided instruction. All students in our school are instructed in a small group which focuses
