Project Description	The Community Foundation of Broward, through the Turner France Fund, makes grants to Pompano Beach elementary and middle schools for teacher-developed projects to improve education.	
Evaluation Plan	The Community Foundation of Broward requires an evaluation plan with related outcomes for each project. The evaluation measures include increases in standard achievement test scores and benchmark assessments; student pre- and post-surveys; classroom reading assessment; student reports; and teacher observation.	
Research Methodology	Projects were developed using a variety of research-based programs and strategies designed to strengthen students' academic skills and behaviors.	
Alignment with Strategic Plan	All the applications support District Strategic Plan Goal 1: High-Quality Instruction as they include support for middle school learning, science, technology, engineering, and mathematics, literacy, and social skills development for participating students.	
Level of Support provided by Grants Administration (GA)	GA supported teachers interested in pursuing the grant opportunity by coordinating the application development and submission process; sharing previously funded proposals; hosting a technical assistance and grant writing workshop; and providing feedback on each application. GA provided Level 3 support throughout the contract negotiation, review, and approval process.
