- 1. The foregoing recitals set forth above are true and correct and are incorporated herein by this reference.
- 2. The City, County, and School Board do hereby confirm, ratify and reaffirm the covenants, restrictions and obligations contained in the 2006 School Agreement and the 2018 School Agreement.

- This 2020 Amendment shall be deemed part of, but shall take precedence over and supersede any provisions to the contrary contained in the 2006 School Agreement and the 2018 School Agreement.
- 4. At the time of building permit review, the City shall identify the pool of units that the proposed units will be drawn from, either from the Unbuilt PCT 15-4 Units or the New Units. In the event the type of unit is the same between the Unbuilt PCT 15-4 Units and the New Units, the Unbuilt PCT 15-4 Units shall be allotted prior to the same type of New Units, provided that there is a sufficient amount of the type of units being permitted in the PCT 15-4 Units pool of units. The City shall allocate the New Units when the same type of Unbuilt PCT 15-4 Unit pools are exhausted or there is not a sufficient number of units in the Unbuilt PCT 15-4 Unit pool for the proposed development.
- 5. The City, County and School Board acknowledge the total 2,350 permitted residential dwelling units within the MRAC as specified in the County approved Land Use Plan Amendment PCT 19-7 (all reviewed as three or more bedroom garden apartment at the request of the Broward County Planning Council) Land Use Plan Amendment PCT 19-7. The City has been advised that the owner of the New Units restricts the New Units to 367 garden apartments (112 one bedroom or less, 187 two bedrooms, and 68 three or more bedrooms) and 1,983 midrise units (682 one bedroom or less and, 1,301 two or more bedrooms). Any application for the Unbuilt PCT 15-4 Units shall be subject to the imposition of educational mitigation in the manner set forth in 2018 School Agreement. Any application for the New Units shall be subject to the imposition of educational mitigation in the matter set forth in this 2020 Amendment. The City shall: (a) require that all New Units be assessed the higher of student station cost factor fees, or school impact fees on a site specific project basis, consistent with the terms of this 2020 Amendment, with the actual amount due being determined by the County at time of payment and is received by the County; (b) monitor and make certain that development within the MRAC will be built as specified herein for residential type and bedroom mix, and (c) monitor and make certain that the development of New Units comply with this 2020 Amendment.
- 6. Based on the currently effective Student Generation Rates contained in the Broward County Land Development Code (BCLDC) Table attached hereto as **Exhibit C**, the New Units, consisting of 367 garden apartments (112 one bedroom or less, 187 two bedrooms, and 68 three or more bedrooms) and 1983 midrise units (682 one bedroom or less and 1,301 two or more bedrooms) are anticipated to generate a total of 164_ students consisting of 80 elementary school students, _38_middle school students and 46 high school students into Broward County Public Schools.
- 7. The then owner(s) of the New Units shall provide written notification to the Director of the School Board Facility Planning and Real Estate Department or their designee ("Director") as provided herein, upon site plan or plat approval of any residential project authorized pursuant to PCT 19-7. Notification shall include project location and number and type of units approved in the site plan or plat and shall be confirmed by the City at the time of a building permit being issued.
- 8. Prior to the issuance of a building permit for construction of any one of the New Units, the City shall verify that the then owner(s), applicant and/or developer has paid the applicable student station cost factor fees or impact fees for the residential units being permitted as set forth herein. Failure to verify and ensure payment of the student mitigation fees prior to issuance of a

building permit shall constitute a default of this 2020 Amendment. Nothing herein shall waive or affect the right of the County and/or School Board to otherwise require the then owner(s) of the New Units to comply with the conditions of PCT 19-7 or this 2020 Amendment by any remedy provided by law or equity.

- 9. The student station cost factors fees per dwelling unit for each of the New Units shall be an amount derived from the cost per student station using the current Student Station Cost Factors as determined, published and amended by the State of Florida for elementary, middle, and high school students, and the associated per dwelling unit cost as calculated by the School Board and based on the calculation utilizing the State of Florida Student Station Cost Factors, published December 2019 and attached hereto as Exhibit D. The per dwelling unit cost for the New Units would be \$1,848 for April 2020, which may change from time to time. In no event shall the student station cost factors fees assessed per dwelling unit be less than the applicable Educational Impact Fee for the type of unit. The actual per unit cost amount due shall be determined at the time of payment and based upon the then Broward County Educational Impact Fee schedule.
- In the event that the total number of units change from what is represented herein and there is an increase in the number of units or a change in unit type(s) for the New Units the then current owner(s) agrees to provide written notification to the Director, with a copy to the Broward County Planning and Development Management Division. The Director, or designee, shall determine the additional students anticipated from any change in the residential type or increase in residential units beyond the New Units contemplated herein and shall notify the then current owner(s) and the County of any further increase in the number of anticipated students. If it is determined upon review that additional students would be generated by the change proposed to the approved development level reflected herein, and that excess permanent capacity would not be available to accommodate the anticipated additional students, the then current owner(s) shall propose additional mitigation for the newly anticipated additional students consistent with the terms of this 2020 Amendment and subject to the terms and provisions contained in the adopted School Board Growth Management Policy. In the event that changes in the overall mix of residential units for the New Units that result in a net reduction in the amount of units, no refund of any portion of the school impact and/or mitigation fees shall be due and owing to the City or the then current owner(s) by the County or the School Board. In the event that changes in the overall mix of residential units for the New Units does not result in an increase to the 164 (80 elementary, 38 middle, and 46 high) students generated from the New Units, then no amendment to this 2020 Amendment will be required.
- 11. <u>EFFECTIVE DATE.</u> This 2020 Amendment shall become effective upon its recording in the Public Records of Broward County, Florida ("Effective Date") and the provisions hereof shall constitute a covenant running with the land and shall remain in full force and effect and binding upon the undersigned current owners of the New Units, their heirs, legal representatives, successors, grantees and assigns until released as provided herein.
