## Robert W. Runcie Superintendent of Schools

---

As Superintendent of the nation's sixth largest school district – with over 270,000 students in 337 schools and approximately 30,000 employees – Broward County Public Schools Superintendent Robert W. Runcie is committed to Educating Today's Students to Succeed in Tomorrow's World.

The School Board of Broward County, Florida, prohibits any policy or procedure which results in discrimination on the basis of age, color, disability, gender identity, gender expression, genetic information, marital status, national origin, race, religion, sex or sexual orientation. The School Board also provides equal access to the Boy Scouts and other designated youth groups. Individuals who wish to file a discrimination and/or harassment complaint may call the Director, Equal Educational Opportunities/ADA Compliance Department & District's Equity Coordinator/Title IX Coordinator at 754-321-2150 or Teletype Machine (TTY) 754-321-2158.

Individuals with disabilities requesting accommodations under the Americans with Disabilities Act Amendments Act of 2008, (ADAAA) may call Equal Educational Opportunities/ADA Compliance Department at 754-321-2150 or Teletype Machine (TTY) 754-321-2158.

## District Educational Facilities Plan FY21 to FY25

This District Educational Facilities Plan (DEFP-FY21) covers the five-year period beginning July 1, 2020, and ending June 30, 2025. This plan sustains funding for the SMART Program and other projects that were approved in the DEFP adopted on September 4, 2019.

### **COVID-19 Impact**

At this point the District does not anticipate a significant financial impact from the COVID-19 crisis on capital outlay funding. The primary source of capital revenues is derived from property taxes that is based on the taxable portion of the assessed property values; and the impacts of the COVID-19 crisis on those values are minimal. The District does, however, expect that operating funds will be impacted as a result of the economic impacts to sales tax revenues, which is a primary source of funding to the operating budget.

It is also important to point out that the capital investments that were made in the SMART Program to improve technology infrastructure and lower the student-to-device ratio played a critical role in the District's capability to provide educational services virtually to students during this crisis.

### **School Safety Funding**

Since the Marjory Stoneman Douglas (MSD) High School tragedy, District and school leadership remain focused on meeting the needs of students, employees and the entire school community during our emotional and difficult recovery process. In FY19, SB 7026 provided funding for MSD to meet the facility needs necessary to recover from this tragedy. In total, the 2018 Florida Legislature approved \$26.3 million for the District to:

- Provide portables
- Build a new permanent building
- Demolish the 1200 Building (State F.I.S.H. Building 12)
- Construct a monument

In the 2018-19 State budget the District received funding from a State security grant that the District used to fund \$6.2 million for security cameras and \$1.8 million on public announcement (PA) systems at schools. The District also entered into a \$19.8 million capital lease to implement additional PA systems and upgrade the District's radio communications system. In the 2019-20 State budget there is an additional \$4 million in State security grant funding that is included in this DEFP-FY20 update that will be used to implement additional school security upgrades. In DEFP-2021 the District is expected to get an additional \$3.3 million

# Broward County Public Schools

in funding for security items from the funds allocated in the State grant. In addition the District is using Federal funding in the E-rate program to further improve its infrastructure to support security cameras.

## **Funding for Capital Outlay Needs**

The DEFP FY21 presented sustains funding for district-wide maintenance, student and staff computers, school buses and white fleet vehicles. The plan also funds the District's debt service for past and current financings as well as funding for building leases, capital outlay staff and charter schools capital outlay.

New allocations in this plan include funding to support student information system, technology infrastructure and VOIP upgrade, as well as covered walkways and upgrades to BECON's infrastructure.

## **SMART Program**

The SMART Program is currently \$1,260.1 million and is supported with funding from the \$800 million General Obligation Bond (GOB) and other capital outlay funding. The scope of the SMART Program is mostly unchanged from the DEFP FY20. When the School Board approves budget amendments to projects as the construction contracts were awarded those amendments are incorporated into the individual school-by-school pages that outline the funding plan for each school.

More information about the SMART Program is available on a quarterly basis when the District prepares the quarterly Bond Oversight Committee reports. The website where this information can be found is: <http://www.broward.k12.fl.us/boc/index.html>

Each quarter after the Bond Oversight Committee meets, a representative from the Committee presents an update to the School Board at a workshop.

## **Reserves**

The District sustains reserves to stabilize the SMART Program and other projects in the DEFP. These reserves protect ongoing projects over the duration of the SMART Program so that changes in the economic environment and other risks are mitigated. There are SMART reserve funds the Board previously identified to be set aside for the SMART Program and additional funds are added in FY 2021. These reserves are shown on the Appropriations page, and details of the approved transactions that impact the reserve funds are shown in the Appendix.

# Broward County Public Schools

## Total SMART Reserve

\$225 million SMART Reserve established FY 2018  
\$211 million COPs Series 2020A  
**\$436 million**

At the July 21, 2020 School Board meeting, a new Project Management Owner's Representative (PMOR) contract was approved for an additional three (3) years with a financial impact of \$64.9 million. The agenda item approved \$17.7 million from the existing SMART project budgets and \$47.2 million from the capital budget unallocated reserve. The unallocated reserve is also available for future SMART Program budget impacts. Additional allocations into the SMART Program require the Board's approval, and all future amounts are subject to change based on economic conditions and the results of annual legislative action.

## COPs 2020

At the March 31, 2020, School Board of Broward County Emergency Meeting, the District authorized the issuance of Certificates of Participation (COPs), Series 2020A in an aggregate principal amount not to exceed \$250 million. The 2020A COPs issuance provides the supplemental funding for the additional costs for the SMART Program associated with the August 2019 updated SMART Program Risk Assessment/Market Conditions report from Atkins North America, Inc. (Atkins). Two hundred eleven million dollars of the \$250 million was added to the SMART reserve.

## Completed Projects

A list of completed projects are shown in the school-by-school listing. Completed projects are projects that have had financial activity and the scope of the projects is done. There may be some additional financial activity on these projects as the final payments are made and all the purchase orders are closed out. Any remaining balances for SMART Program projects will be returned to the SMART Program reserve so that when the Board awards projects these funds will be used to supplement the program. Remaining balances for completed projects that are not in the SMART Program will be returned to the unallocated reserve until the Board takes action to re-prioritize the funds for other District needs.

## Appendices

The Appendix section includes other information that is required by Section 1013.35, Florida Statutes, and the Citizens Concerned about our Children (CCC) Settlement Agreement to be included in the DEFP. The appendix schedules include: the Portable Transition Plan, the Public School Concurrency Plan (including the Level of Service Plan), the Allocation of Resources -10 and 20 Year Plan, and the Reserve Activity Report.

# Broward County Public Schools

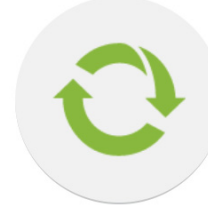

## Smarter School Spending Framework

Where applicable to the District's Capital Outlay Plan, the District engages principles from GFOA Smarter School Spending Framework. Implementation of this framework is a part of the Finance Division's objectives to continually improve how all of financial resources are in alignment with the District's strategic objectives.

<https://smarterschoolspending.org/>

 Plan and Prepare	 Set Instructional Priorities	 Pay for Priorities	 Implement Plan	 Ensure Stability
<p>The planning and budgeting process begins with mobilizing key stakeholders, gathering information on academic performance and cost structure, and establishing principles and policies to guide the budget process</p>	<p>The budget needs to be rooted in the priorities of the district. Intentionally created instructional priorities provide a strong basis for developing a district's budget and strategic financial plan, as well as presenting a budget document.</p>	<p>Current resources and expenditures must be thoroughly analyzed in order to find capacity to pay for top instructional priorities.</p>	<p>The "strategic financial plan" is the long-term road map for implementing the district's instructional priorities. A "plan of action" describes how the strategic financial plan will be translated into coherent actionable steps.</p>	<p>The planning and budgeting process should be one that can be replicated in the future in order to ensure the district remains focused and plans accordingly for reaching its student achievement goals.</p>

## Supporting the District's Strategic Plan

The main strategic goal achieved by publishing the District Educational Facilities Plan (DEFP) is Effective Communication. The DEFP is the District's five-year capital improvement plan. The purpose of the District Educational Facilities Plan is to keep the School Board and the public fully informed on the District's capital funding plan to meet the essential needs of students. The DEFP contains a detailed funding plan for each of the District schools and shows how the capital funds support the detailed plan as well as other district-wide funding that supports the District's goals. Funding for the SMART Program, other capital construction projects, technology equipment, buses and support vehicles provides the means to create and maintain a Safe & Supportive Environment and allows the District's educational professionals to have the appropriate classroom environments to provide High Quality Instruction to over 270,000 students.

## 2024 Strategic Plan

**OUR VISION:** *Educating today's students to succeed in tomorrow's world.*

**OUR MISSION:** *Educating all students to reach their highest potential.*

### OUR CORE VALUES:

**S**tudent Focus

**T**eaching Excellence

**A**ccountability

**R**espect

**S**afety

### OUR GOALS:

High-Quality Instruction | Safe & Supportive Environment | Effective Communication

### OUR CAMPAIGNS & INITIATIVES:

#### Support Services for All

- Student, Employee, & Supplier Diversity
- Prevention, Intervention, & Assistance
- Social-Emotional Learning

#### Retain, Develop, & Recruit

- Employee Retention & Recruitment
- Professional Learning for All
- Organizational Structure & Aligned Funding

#### Our Data, Our Tools

- Data Governance & Use
- Tool Development, Implementation, & Use

#### Student Experience

- Achievement & Equity
- College, Career, & Life Readiness (PreK-Adult)
- Personalized Pathways
- Enrollment Optimization

#### Let's Connect

- Public Relations, Partnerships, & Legislation
- Internal Communication
- Marketing
- Customer Service

#### Refresh, Redesign, & Reduce Risk

- Operational & Process Improvement
- Facilities & Asset Management
- Safety, Security, & Risk Mitigation

## Glossary of Terms

### 1. **General Obligation Bond (GOB)**

On November 4, 2014, the voters of Broward County authorized up to \$800 million in general obligation bonds to fund the Broward County Public Schools SMART Program. The issuance of the bonds are timed to align with the needs of the projects in the SMART Program. The first series was issued in June 2015 and the second series was issued February 2019. Within the \$800 million authorization, the actual amounts and timing of the future individual series may vary from what was initially planned based on the execution of projects and cash flow projections.

### 2. **SMART Program**

Safety, Music & Art, Athletics, Renovations and Technology (SMART), is an ongoing capital improvement program to address infrastructure and equipment needs of Broward County Public Schools. Funding sources include the \$800 million GOB and other capital funding.

### 3. **Program Years (SMART)**

Program Years refer to the years that funding is identified for SMART Program projects. Included in this DEFP-FY20 update, the program years refer to:

- Program Year 1 = Fiscal Year 2015
- Program Year 2 = Fiscal Year 2016
- Program Year 3 = Fiscal Year 2017
- Program Year 4 = Fiscal Year 2018
- Program Year 5 = Fiscal Year 2019
- Program Year 6 = Fiscal Year 2020
- Program Year 7 = Fiscal Year 2021
- Program Year 8 = Fiscal Year 2022

### 4. **Adopted District Educational Facilities Plan FY19 (DEFP-FY19)**

The District Educational Facilities Plan (DEFP) was adopted by the School Board on September 05, 2018. The DEFP is a five-year capital improvement plan and budget planning document that is revised annually and adopted by the School Board. The first year of the DEFP is incorporated into the District's capital budget. The DEFP and the budget is a projection of revenues and a plan to appropriate funding for anticipated expenditures. The DEFP includes revenues from the GOB and appropriations for the SMART Program projects.

### 5. **District Educational Facilities Plan (DEFP-FY20)**

An update to the DEFP-FY19 that includes revised revenue projections and updated appropriations. The update also incorporates amended project budgets that were approved by the School Board in the previous fiscal year.

# Broward County Public Schools

## 6. Fiscal Years

The District's Fiscal Year begins on July 1 each year and ends on June 30 in the following calendar year. For example, the fiscal year beginning July 1, 2020 and ending June 30, 2021 is referred to as "Fiscal Year 2021," "Fiscal Year 21," or "FY21".

## 7. SMART Website

The District's SMART Program website contains information on the SMART Program, links to specific project information and links to the SMART Program Bond Oversight Committee website.

<http://browardschools.com/smartfutures>

## 8. School Choice Enhancement

School Choice Enhancement funding {\$100,000) was allocated to every District school for a school-based, school-choice project to improve the condition of an instructional or educational space at the school. The District's Facilities and Construction Management Department {Facilities) is working with schools to develop and execute a project that meets each school's needs within the \$100,000 budget allocation.

## 9. Districtwide Funding

Funding/project(s) for locations other than schools.

## 10. Building Replacement

Requires additional analysis by the Design Professional hired to determine if a building is in a condition that would warrant replacement or if the building is sufficiently structurally sound that would make improvements appropriate.

Project	Original Program Year	Program Years 1-5	Program Year 6 (FY20)	Program Year 7 (FY21)	Program Year 8 (FY22)	Total	Scope
There are no active DEFP projects for this location.						0	

### SMART Program

Project	Original Program Year	Program Years 1-5	Program Year 6 (FY20)	Program Year 7 (FY21)	Program Year 8 (FY22)	Total	Scope
All SMART Program projects are complete.						0	

### Completed

Project	Original Program Year	Program Years 1-5	Program Year 6 (FY20)	Program Year 7 (FY21)	Program Year 8 (FY22)	Total	Scope
SMART	Yr1	699,000				699,000	Fire Sprinklers
SMART	Yr1	294,000				294,000	Fire Alarm
SMART	Yr2	50,000				50,000	Music Equipment Replacement
DEFP	Yr1	2,205,618				2,205,618	Replace existing classroom unit ventilators (approximately 43 classrooms) with new unit ventilators, duct and diffusers. Includes all related work including electrical, DDC controls, plumbing, ceiling removal and replacement, test and balance, and replacement of outside air units.
DEFP	Yr1	50,000				50,000	Provide ventilation for Communications Room F110H.
SMART	Yr1	1,055,000				1,055,000	Building Envelope Improvements (Roof, Window, Ext Wall, etc.)
SMART	Yr3	8,000				8,000	CAT 6 Data port Upgrade
SMART	Yr4	517,143				517,143	Additional funding for approved scope
SMART	Yr1	274,000				274,000	Media Center improvements
SMART	Yr1	100,000				100,000	School Choice Enhancement
SMART	Yr3	76,000				76,000	Wireless Network Upgrade
SMART	Yr3	17,000				17,000	Technology Infrastructure (Servers, Racks, etc.) Upgrade
SMART	Yr3	158,000				158,000	Additional computers to close computer gap
Completed Sub-Total		5,503,761	0	0	0	5,503,761

## Portable Transition Plan

### Part I: Inspection, Disposition, Demolition

Currently, Broward County Public Schools (BCPS) has a total of 1,488 portables in its inventory. At this time, 79.04% of the portables are designated for instructional use in Elementary, Middle and High Schools, 8.27% are designated for instructional use in Adult Educational Centers, Technical Colleges and Alternative Centers, 11.96% are designated for administrative use, and 0.73% are located in other sites (Juvenile Detention Centers). Of the 1,488 portables in the inventory, 5.9% are currently slated for disposition.

Per feedback received from the Florida Department of Education (FDOE), portables deemed as Fail Standards<sup>1</sup> or Unsatisfactory<sup>2</sup> can be demolished and cannot be used for instructional purposes. Additionally, the portables should be declared surplus by The School Board of Broward County, Florida (SBBC) prior to their demolition.

Table 1 - Portable Conditions – Fiscal Year 2020/2021

Facility	Total Portables Remaining in the District's Inventory	Total Portables in Satisfactory Condition	Total Portables in Unsatisfactory Condition <sup>(1) - (2)</sup>	Total Unsatisfactory Portables Listed for Potential Disposition and Funded in FY 2020-2021	Total Portables Demolished/ Disposed <sup>(3)</sup>	Total Portables Use Percentage
Elementary	444	394	50	21	133	29.85%
Middle	333	302	31	3	140	22.38%
High	399	389	10	7	200	26.81%
Centers	123	120	3	0	3	8.27%
Administration	178	136	42	0	102	11.96%
Other Sites	11	11	0	0	0	0.73%
<b>TOTAL</b>	<b>1,488</b>	<b>1,352</b>	<b>136</b>	<b>31</b>	<b>578</b>	<b>100%</b>

<sup>1</sup> Portables were deemed to have failed Standards by the Florida Department of Education (FDOE) because these portables did not meet some of the 17 criteria. Therefore, such portables were not affixed with the required DCA (Department of Community Affairs) insignia by the FDOE.

<sup>2</sup> Portables deemed unsatisfactory: Are typically due to compromising effects on the structural integrity, or excessive physical deterioration of the portable facility.

<sup>3</sup> Portables demolished/dispensed from FY 2013-14 through FY 2017-18 that were approved by the School Board at regular School Board meetings on December 9, 2014, May 19, 2015 and September 7, 2016.

Based on the District's inspection of portables during Fiscal Year 2019-20, a total of 69 portables were deemed unsatisfactory by FDOE and recommended for disposition due to the compromising effects on the structural integrity, or excessive physical deterioration. However, at the May 28, 2019 School Board Workshop planning for the FY 2019-20 Budget, the School Board discussions on portables concluded with consensus that it will authorize funding in FY 2019-20, only for the demolition of 38 portables; leaving a balance of 31 portables from the total 69 portables that were determined to be unsatisfactory. Subsequently, funding for the 38 portables was approved, and is contained in the currently effective 2019-20 District Educational Facilities Plan (DEFP). However, the Physical Plant Operations (PPO) Department has advised that the current coronavirus (COVID-19) pandemic has impacted its schedule regarding complete demolition of the portables; and as such, its demolition of the 38 portables will take longer than initially planned. Therefore, complete demolition of the portables is anticipated to conclude in Fall 2020.

During discussions towards the generation of this Portable Transition Plan, consensus was reached that in addition to requesting funding for the demolition of the 31 remaining portables, monies should also be requested for 5 additional portables, to account for portables that may need to be demolished due to cited health and safety issues that may arise during FY 2020/21. Thus, monies needed to demolish the remaining 31 portables, and 5 additional portables were requested for and included in the initial version of this Portable Transition Plan.

The District continues to work on the portable demolition projects identified in FY 2019-20. After the completion of FY 2019-20 projects, allocation the remaining 36 portables will be requested.

On an ongoing basis, BCPS staff will continue to work with school principals to examine and process additional portables that could be deemed as unsatisfactory, be qualified to be declared as surplus, and be subsequently demolished when funding is available. Upon demolition of these portables, the data regarding portables in the District's inventory will be updated in the appropriate District databases such as, but not limited to, the District's Planning Tool for School Enrollment and Capacity.

Table 2 - List of Portables Slated for Disposition/Demolition

	Location	Number of Units	<sup>1</sup> Estimated Cost
1	Forest Hills Elementary	2	\$19,200
2	J P Taravella Senior High	1	9,600
3	Lakeside Elementary	3	28,800
4	Larkdale Elementary	2	19,200
5	Lauderhill 6-12	1	9,600

## Portable Transition Plan

### Part II: Construction of Covered Walkways at Identified Schools

The Portable Transition Plan is called for in the State Requirements for Educational Facilities (SREF). The purpose is to identify schools that have useful portables for instructional purposes where a covered walkway could be constructed to fulfill the required Transition Plan.

#### Criteria for the selection of the schools

1. Identify portables needed for instructional purposes **(Completed)**
2. Examination of the five-year student enrollment projections and Level of Service Standard (LOS) **(Completed)**
3. Determination of the youngest portables at the school site or those purchased after 1998 **(Completed)**
4. The portables are arranged in a cluster type setting – **(Completed)**

This analysis determined that the schools listed below met the above selection criteria and as such qualify for the construction of covered walkways at the campuses.

Table 5 – List of Schools Slated for Covered Walkways

	Schools Location	Number of Portables	Estimated Cost <sup>1</sup>
Approved in FY 2015/16	Manatee Bay Elementary	5	Completed
	North Andrews Garden Elementary	6	Completed
Approved in FY 2016/17	Westglades Middle	16	Completed
Approved in FY 2018/19	Gator Run Elementary*	16	1,938,000
	<b>Total</b>	<b>16</b>	<b>\$1,938,000</b>
Year 1 <sup>2</sup>	Tequesta Trace Middle	3	510,000
	<b>Total</b>	<b>3</b>	<b>\$510,000</b>
Year 2 <sup>2</sup>	Western High School	20	
Year 3 <sup>2</sup>	Deerfield Beach Elementary	3	
Year 4 <sup>2</sup>	Tradewinds Elementary	8	
Year 5 <sup>2</sup>	Coconut Creek High School	11	
<sup>1</sup> Year 1 Covered Walkway estimated cost provided by the Office of Facilities & Construction as of 5/27/2020			
<sup>2</sup> Year 2 through Year 5 may change based on annual enrollment projections.			
* Project is under design/permit. Currently anticipated that The Office of Facilities & Construction will complete the construction of the covered walkway by July 20, 2021.			

The Office of Facilities and Construction (OFC) is anticipated to complete the construction of the covered walkway at Gator Run Elementary School by July 20, 2021 (Source E-Builder).

Analysis to construct the next covered walkways has identified Tequesta Trace Middle School as the recipient of covered walkway for FY 2020/21. The selection of Tequesta Trace Middle was based on the criteria cited herein, which included the analysis of the projected enrollment utilizing the District's five-year student enrollment projection and the gross capacity for 2020/21. The conclusion of the analysis indicated that Tequesta Trace Middle school has the most need for a covered walkway in the 2020-21 FY. The funds needed and requested for the construction of the covered walkway is \$510,000. The OFC will commence the due diligence and construction process for the covered walkway as soon as the funds are approved in the 2020/21 DEFP. Thereafter, OFC will initiate the vendor, and subject building permit process to enable construction of the covered walkways. The goal is to complete the covered walkways by July 30, 2021.

## PUBLIC SCHOOL CONCURRENCY

### **Background**

In Florida state law, concurrency means the implementation of a system whereby the provision of public facilities and services that are needed to serve proposed development is available at the time the impact of the development occurs. In Broward County, residential development cannot be approved until a determination from the School District has been issued, which indicates there is sufficient school capacity available to serve the proposed development. This requirement is codified in the Third Amended and Restated Interlocal Agreement for Public School Facility Planning (TRILA), a contract between the School Board, Broward County, and 27 municipalities which establishes a public school concurrency management system. The purpose of this system is to create a mechanism which provides for the coordination of planning among the school district, county, and municipalities to meet the purposes of concurrency. In compliance with amended School Board Policy 1161 (which delineates the District's public school concurrency management system) and which became effective on January 15, 2008, the District commenced the implementation of public school concurrency on February 1, 2008. Subsequently, the local governments in Broward County adopted public school concurrency into their comprehensive plans.

### **Comprehensive Plan**

For information purposes, a comprehensive plan prescribes the principles, guidelines, and standards for the orderly and balanced future economic, social, physical, environmental, and fiscal development of a jurisdiction (such as a county or municipality). Each comprehensive plan must contain several “elements” that address key issues such as land use, capital improvements, sewer and solid waste, potable water, housing, and intergovernmental coordination. With the implementation of public school concurrency, the county and each municipality within the county – unless exempt – added a public school facilities element to their comprehensive plan, and amended any existing elements that relate to the school facilities element.

Because public school concurrency is implemented district-wide, the public school facilities element must be consistent with those adopted by the other local governments within the county and must be based upon data and analyses that address, among other items, how the Level of Service (LOS) Standard will be achieved and maintained. The LOS Standard for school facilities is the maximum permissible school utilization rates relative to capacity. The element also contains goals which establish the long-term end toward which public school programs and activities are ultimately directed, contains measurable objectives for each goal that mark progress toward the goal, and contains policies for each objective that establish the way programs and activities will be conducted to achieve the goal.

### **The Role of the Adopted Five-Year District Educational Facilities Plan**

Under public school concurrency, the School District must create a five-year capital plan regarding the provision of needed capacity (classroom additions and/or improvements to existing schools, new schools) to meet the adopted LOS Standard. This plan must show where and when capacity additions will be built, and must also show exactly where the money to build the additions will come from.

## **PUBLIC SCHOOL CONCURRENCY (CONT'D)**

The LOS Standard was established jointly in the TRILA by the School Board, Broward County and 27 Municipalities within the County. In 2008, the initial LOS Standard was 110% permanent Florida Inventory of School Houses (FISH) capacity. For public school concurrency, the LOS Standard refers to the standard at which a public school facility is expected to operate based upon the “capacity of the facility”. For public school facilities, the LOS Standard is expressed as the percentage or ratio of student enrollment to the student capacity of the school. The five-year Capital Improvement Plan (CIP) therefore, must contain enough capacity improvements necessitated to achieve and maintain the adopted LOS Standard. In Broward County, the School Board, Broward County and pertinent municipalities have agreed that the Five-Year District Educational Facilities Plan (DEFP) shall serve as the CIP and shall be adopted into the Broward County’s and pertinent municipalities’ comprehensive plans.

Since first established in 2008 at 110% of permanent FISH capacity, the LOS Standard has been amended twice. In 2010, the then ILA was amended (Second Amended ILA) to change the LOS Standard to 100% gross FISH capacity. Under the current TRILA, which became effective in 2018, the LOS Standard is established as the higher of: 110% permanent FISH capacity or 100% gross capacity. This concept, known as the Alternate LOS Concept, blends both LOS standards previously adopted in the ILA and enables schools to benefit by avoiding school boundary changes that would become necessary to meet the LOS requirements of public school concurrency when the schools have available relocatable capacity onsite.

The TRILA requires the District to annually transmit the Tentative DEFP to local governments for review to determine consistency of the Tentative Plan with pertinent local government comprehensive plans. Subsequently, the TRILA requires that each year after formal adoption of the DEFP by the School Board, the District will transmit the Plan to the County and municipalities for adoption and incorporation into their respective comprehensive plans.

Under public school concurrency, a local government may approve a development if adequate public school facilities (contained within the first three (3) years of the DEFP) will be in place or under actual construction within three (3) years after the development receives final approval. Subsequently, if adequate public school facilities are not available, a developer may pay, if accepted by the School Board, the cost of the improvement (proportionate to the demand that the project is generating, otherwise known as proportionate share mitigation) needed to satisfy the demand created by that development. Upon acceptance of the “proportionate share mitigation” by the School Board, the School Board must amend the Five-Year DEFP to incorporate that improvement within the first three (3) years of the Plan, and provide the capacity associated with the improvement within three years after the proposed development receives final approval from the local government.

### **Long Term Plan**

The TRILA requires the School District to review proposed residential developments regarding changes to future land use comprehensive plans and rezoning applications that may impact public schools, against a long term (ten year) planning horizon. Also, the law requires school districts to create a long term plan to enable such analysis and planning for future needed public facilities (capacity additions or new school). To meet this requirement, the DEFP includes capacity improvements, if necessitated, anticipated over the long-term planning horizon (10 years).

**PUBLIC SCHOOL CONCURRENCY (CONT'D)****Level of Service Plan**

The LOS Plan is a matrix that contains the data to demonstrate each elementary, middle and high school's ability to meet the adopted LOS Standard during each DEFP period by calculating the projected enrollment divided by the LOS capacity of the facility. As previously stated, the LOS Standard is the maximum permissible school utilization rate relative to capacity. The LOS Plan therefore shows the projected enrollment for each of the five years covered by the DEFP divided by the LOS capacity of each school. To be deemed a financially feasible plan, the DEFP must demonstrate that the LOS Standard can be achieved and maintained at each (bounded) elementary, middle and high school over the five-year period.

Data contained within this Level of Service Plan reflects information available at the time of printing.

Level 1 Meets Level of Service

Level 2 Does not meet Level of Service

Projected Enrollment as of Fall 2019

FISH as of April 2020

\* LOS will be met via School Board Policy 5000

LOS Capacity is the higher of: 100 percent gross capacity or 100% permanent capacity

\*\* Heron Heights and Park Trails Elementary Schools have a shared boundary

and utilize aggregate enrollment and capacity for LOS

Data contained within this Level of Service Plan reflects information available at the time of printing.

Level 1 Meets Level of Service

Level 2 Does not meet Level of Service

Projected Enrollment as of Fall 2019

FISH as of April 2020

\* LOS will be met via School Board Policy 5000

LOS Capacity is the higher of: 100 percent gross capacity or 100% permanent capacity

\*\* Heron Heights and Park Trails Elementary Schools have a shared boundary

and utilize aggregate enrollment and capacity for LOS

Data contained within this Level of Service Plan reflects information available at the time of printing.

Level 1 Meets Level of Service  
Level 2 Does not meet Level of Service  
Projected Enrollment as of Fall 2019  
FISH as of April 2020

\* LOS will be met via School Board Policy 5000  
LOS Capacity is the higher of: 100 percent gross capacity or 100% permanent capacity  
\*\* Heron Heights and Park Trails Elementary Schools have a shared boundary and utilize aggregate enrollment and capacity for LOS

## **ALLOCATION OF RESOURCES**

### **(CCC Settlement Agreement – Condition #8)**

The Citizens Concerned about our Children (CCC) Settlement Agreement specifies nine conditions, each of which is intended to ensure that diversity and equity is promoted within Broward County Public Schools. Under each condition of the Agreement, the BCPS with the cooperation of the District's Diversity Committee established standards to address the terms of the Agreement. Condition #8 of the CCC Settlement with the School District requires that the five-year capital plan and subsequent five-year capital plans be developed using a structured public analysis.

The District's needs are far beyond what is allocated in this plan but an effort was made to provide resources to improve existing schools to achieve the District's mission of educating all students to reach their highest potential. This five-year capital plan is an equitable funding plan. All of the dollars allocated in the plan are for schools that are already in operation, to service the debt on the construction financing for many of these schools and to support educational programs at schools throughout the County. The District is committed to updating and upkeeping all schools in a condition that meets the needs of the students and provides benefit to the communities. The District believes that this plan fulfills condition #8 of the CCC Settlement Agreement with regard to the equitable allocation of capital outlay funds.

## **10 AND 20 YEAR PLAN**

Over the next 10 and 20 years, there are many capital funding needs in the Broward County School District. The District will continue to assess and evaluate the capital needs in its determination to renovate, update and modernize its facilities.
