Magnet/Program Development

**SUBJECT: SHOWCASE 2007/CONVENTION CENTER CONTRACT**

Each year the Magnet Programs Office holds a Showcase that informs parents of the educational opportunities available to them through Broward County Public Schools Magnet Programs. This event, planned for Wednesday, November 29, 2006, at the Broward County Convention Center, will attract thousands of parents who will interact with faculty, staff and magnet students to gain an overview and understanding of the various magnet programs available for their children. The financial impact is expensed to our department. Attached you will find a copy of the contract for the Showcase from the Broward County Convention Center. It will need to be processed by your department and presented to the Board as a board item. Additionally, the Convention Center requires a copy of the School Board's Certificate of Insurance. Please feel free to contact me at (754) 321-2380 should you have any questions. Thank you very much for your assistance.
