One .75FTE Curriculum Supervisor
Three FTE Teacher Specialists
One FTE Clerk IV/Bookkeeper

Program Design:

A constant caseload of 91 classrooms will be maintained by the three Teacher Specialists according to the project-caseload distribution in Table I. The three Teacher Specialists will be individually assigned to the following quality initiative projects to provide technical assistance and training: Innovation Zone/C-QuELL with 35 tiered pre-kindergarten classrooms, Accreditation with 46 pre-kindergarten classrooms, and Quality Rating System with 5 pre-kindergarten classrooms and 5 3-year-olds classrooms. (See the QRS Pilot Project below).

1. Innovation Zone/C-QuELL Project:

The BCPS Teacher Specialist (TS) assigned to the C-QuELL Project will work in a tiered support of 35 Pre-kindergarten classrooms to provide on site technical assistance and training according to the requirements of the subcontract. The number of centers will be determined by the number of classrooms at each of the C-QuELL centers supported by the BCPS in this tiered approach. Additional pre-kindergarten classrooms from the Accreditation Project will be added to the caseload to complete the number of classrooms if the C-QuELL Project does not have the 35 projected pre-kindergarten classrooms. Solicitation and agreement on the responsibilities of all (Center, FCI and BCPS) and the determined hierarchy of support areas will be agreed upon prior to initiation of services at each center.

There will be three levels in this tiered approach supported by the Teacher Specialists.

- Level I Up to 15 classrooms rated as needing a high level of support in numerous areas based on an informal ECERS and other factors.
- Level II Up to 15 classrooms rated as needing a medium level of support (based on ECERS and other factors) in a focused area as determined after a meeting with Director, FCI and BCPS.
- Level III Up to 5 classrooms with a very low level of needed support as they ready for their accreditation visit.

2. Accreditation Project:

Two TS will be assigned to this project. One TS will work with 28 pre-kindergarten classrooms and one with 18 pre-kindergarten. The Teacher Specialists assigned to this project will work with 46 pre-kindergarten classrooms to provide on site technical assistance and training going through the accreditation process according to the requirements of the subcontract. These sites will be grouped by clusters, which will be based upon their choice of accrediting agency. In addition to technical assistance, the TS will attend regular support group meetings provided in collaboration with the Family Central Coach to review the self study process and the progress of the participating sites according to the accrediting agencies, which include APPLE, National Association for the Education of Young Children (NAEYC) as well as others that are approved by the State of Florida as Gold Seal Agencies.

3. Quality Rating System (QRS) Project:

Included in 91 classrooms caseload, the following pilot program will be implemented for the 2006-2007 fiscal year. The TS working with the 18 pre-kindergarten classrooms in the Accreditation Project will be assigned to this QRS pilot. This pilot is designed to provide the TS with the opportunity to work with five (5) pre-kindergarten classrooms and five (5) 3-years-old classrooms in the QRS sites to provide on site technical assistance and training according to the requirements of the subcontract. Technical assistance will be provided based upon the Environment Rating Scales and the Protocols that were approved by the Coalition for the implementation of the QRS. These sites will enter the project after the Child Care Licensing and Enforcement of Broward County completes their rating and will exit after meeting their agreed upon goals based upon the report of their rating.

4. Training for Community Providers:

The School Board of Broward County will provide thirty hours (30) of curriculum training to child care administrators and teachers during the 2006-2007 fiscal year. These trainings will be based upon the requirements of the Office of Early Learning for curriculum implementation for school readiness providers in conjunction with the needs of the providers.
