Re: Correction of Exterior Water Infiltration Sources For Two (2) Elementary Schools

- **Thurgood Marshall Elementary School** 3291-99-05
- **Sawgrass Elementary School** 3401-99-05

VWM Project No. 00-108

Dear Ms. Cone:

We recommend that the SBBC award the construction contract for the referenced project to the low bidder Weiss & Woolrich Contracting Company, Incorporated. This recommendation is based on our experience with this contractor and their current performance on other projects we are involved with. Please be advised that we have not received the low bidder's required bidding documents. Since we have not had an opportunity to review and analyze these documents we cannot make any recommendations regarding appropriateness of their bid.

Very truly yours,

Joseph A. Masullo
Project Consultant
