Project No. 0521-9501
Replacement School (Bldgs 5 and 6)
Temporary Certificate of Occupancy

In accordance with the 2001 Florida Building Code, Sections 106.1.3, 423.3 and 423.3.7, this is notification that a Temporary Certificate of Occupancy is being issued for a period of 90 days from the date of issue.

All Life Safety systems have been inspected and are operational. There are a number of inspection issues and/or items that need to be corrected; this Temporary Certificate of Occupancy does not relieve any of these issues. A complete list has been compiled from all of the past inspection reports and is herein attached for the disposition of the Acting Deputy Superintendent, FCM.

These buildings may be occupied during completion of the items listed on the final inspections. The results of the final inspections are of a nature that will allow occupancy of the premises and are being issued as the final list of items for each trade.

If I can be of further assistance, please call me at 754-321-4810.
