TITLE:

Amendment to the State Educational Plant Five Year Survey (2009-2014)

REQUESTED ACTION:

Authorize staff to conduct a spot survey and amend the State Educational Plant Five Year Survey (2009-2014) to recommend the disposal of a 0.36-acre vacant parcel as no longer required for educational purposes.

SUMMARY EXPLANATION AND BACKGROUND:

The Town of Davie purchased land along the southern boundary of the Broward Fire Academy to construct a water and water reclamation facility. As a part of this facility, the Town must locate several water wells to utilize the Floridian Aquifer. One of the locations identified is a 15,650 square foot (0.36-acre) parcel south of the access drive to the Broward Fire Academy. The current Educational Plant Five Year Survey (2009-2014) and the Florida Inventory of School Houses (F.I.S.H.) reports the site contains 15 acres. A reduction of 0.36 acres will not impact the operational use of the school site. The property has been surveyed and appraised. The Town of Davie has expressed the desire to purchase the property.

Upon the Florida Department of Education concurrence with the Districts recommendation and approval of the Educational Plant Five Year Survey (2009-2014) amendment, staff will prepare a Resolution to declare 0.36 acre parcel on Broward Fire Academy as surplus.

SCHOOL BOARD GOALS:

- ☐ •Goal One: Raise achievement of all students to ensure graduation from high school and readiness for post-secondary education.
- ☐ •Goal Two: Improve the health and wellness of students and personnel.
- ☐ •Goal Three: Provide a safe and secure physical and technological environment for all students and employees.
- ☐ •Goal Four: Promote innovation which focuses on best practices and quality efforts that improve our best-in-class position.
- ☐ •Goal Five: Recruit, develop, retain, and recognize high performing and diverse faculty and personnel.
- ☒ •Goal Six: Build strong partnerships with family, business, community and government at the classroom, school, area, and district level.
- ☐ •Goal Seven: Ensure district's leadership as an environmental steward through innovative ecology and energy conservation programs.

FINANCIAL IMPACT:

There is no financial impact to the School District, therefore this item does not require a collaboration form from the Capital Budget Department.

EXHIBITS: (List)

1. Sketch of the Survey
