I. REPLICATION

A. Provide a list of every High-Performing Charter School that is operated by the governing board submitting this application, including grade-levels served by each school.

This charter school application is being submitted by the Doral Academy, Inc., Governing Board of Directors. In the 2013-2014 school year, this governing board operated four Doral Academy schools, of which all four schools were designated high performing schools by the Florida Department of Education, having met all criteria specified in F.S. 1002.331, as evidenced by their respective HP school designation letters, contained herein, *Appendix H - High Performing System/ School verification letters*. These four Doral schools have each earned a letter grade of A (or points equivalent thereto) in the 2012-2013 school year, and therefore these schools will maintain their HP designation through this year. During the 2011-2012 school year, Doral Inc. opened up Doral Academy of Technology; which has been rated a letter grade of A. Therefore, the charter below will show all five schools with their current designation. The five High Performing schools include the following:

MSID#	School Name:	Grades Served	Designation 2012	2013 School Grade	Notes
133030	Doral Academy Elementary School	K-5	High Performing	A	No Change in HP Status
136030	JAM Middle School	6-8	Opened 2012-2013	A	Only open 1 year
136030	Doral Academy Middle School	6-8	High Performing	A	No Change in HP Status
133029	Doral Academy of Technology	K-8	Open two Years A 2012	A	Open 2 years
137020	Doral Academy High School	9-12	High Performing	A	No Change in HP Status
137009	Doral Academy Performing Arts High School	9-12	High Performing	A	No Change in HP Status

Due to the fact that at least 50% of the Doral schools operated by this governing board were eligible for HP designation, and having met all HP designation system criteria, in accordance with F.S. 1002.332, Doral Academy, Inc. also received High Performing System status, as stated in the Verification Letter from the Florida Commissioner of Education, also contained herein, *Appendix H - High Performing System/ School verification letters*.

Furthermore, it is expected Doral Academy Technology School and JAM Middle will also earn the HP designation, bringing the total HP designated schools in the Doral system to a total of Six schools out of Six, therefore yielding 100% of the schools operated by the Doral governing Board as HP, thereby ensuring the Doral system will remain a high performing system, meeting the conditions set forth in F.S. 1002.332.

B. Describe how the educational program proposed by the applicant is a substantial replication of the applicant school or one of the applicant's high-performing charter schools.

Doral Academy Charter High Hollywood will be a replication of the High Performing School, Doral Academy Charter High School (#6012 Doral Academy High School Hollywood will mirror the mission of developing the intellectual and social skills of its students by facilitating a rigorous college preparatory curriculum and a wide range of educational resources within a safe learning environment. Similar to school to be replicated, at Doral Academy Charter High Hollywood, students will be expected to perform at or above grade level availing success in high school and within a global society. Doral Academy Hollywood Middle will maintain at the heart of the school's philosophy and underlying purpose as: Academic Excellence with a push towards College Readiness.

To ensure the educational program proposed by the applicant will be a substantial replication of this HP school, the governing board will ensure Doral Academy Charter High Hollywood will replicate best practices of Doral Academy High School, including but not limited to:

- ensure fidelity of instructional programming, and utilize appropriate grade/subject level pacing guides and focus calendars.
- meet periodically by grade level and/or subject to plan and share best practices. Lesson plans will then be created and submitted to department heads for review.
- utilize the common board configuration - outlining the objectives, agenda, essential questions, and home learning assignments for each class.
- verify the fidelity of curriculum implementation through co-teaching, modeling, and mentoring.
- ensure teachers are on task and effective, utilizing various processes such as: Formal observations conducted at least once a year, classroom, walkthroughs conducted daily, and student performance data;
- use qualitative and quantitative data to inform and guide instructional planning and practice aligned with Next Generation Sunshine State Standards and/or Common Core Standards as adopted;
- use numerous data results from state summative assessments – and collect, disaggregate and compile in Data Binders
- Ensure Doral Academy Charter High Hollywood engages in the same student data-driven continuous improvement methodology that is utilized at the school to be replicated;
- engage in professional development for implementation of curriculum, such as Carnegie, College Board's Spring Board Curriculum to supplement Math, and English/Language Arts instruction;
- Implement the same cornerstone elements: high expectations (through a push and pull philosophy); project based learning; targeted tutoring; and parental involvement through EESAC and an active PTSA;
- Implement the same three core areas of National Association of Secondary School Principal's (NASSP) and Center for Secondary Schools Redesign (CSSR) Breaking Ranks II (for middle and high schools) for which the school was named a Breakthrough School in 2009 – including collaborative leadership, personalization, and curriculum, instruction and assessment (wherein there is access to rigorous coursework, differentiated instruction with multiple assessment, data-driven decision making, and opportunities of career development);

- Ensure Doral Academy Charter High Hollywood implements the same curriculum of all the Doral's, and scheduling process that is utilized at Doral Academy Charter High Hollywood, and which is reflected herein this application of this application;
- Provide access to supervised study time and tutoring after school (and possibly on Saturdays as well) to accelerate their progress.
- Provide access for students who wish to pursue an advanced academic program are provided with Honors, and Gifted courses (when applicable).
Additionally, in order to accurately reflect and commit to replicating the educational programming at Doral Academy Charter High Hollywood which is being implemented at the HP school to be replicated; the applicant has committed employ the following actions:
- Involve the HP school's leadership team in the application and planning processes of the Doral Academy Charter High Hollywood
- Assign the High Performing School Site administrator as a mentor to the Doral Academy Charter High Hollywood Principal, to serve as a colleague principal, to assist with planning and first, and second year implementation of the Doral program. The mentor will be available to meet with the Doral Academy Charter High Hollywood frequently and on an as-needed basis for support, mentoring, and coaching services.
- Appoint the HP School Site administrator to the interview committee that will select the Doral Academy Hollywood Middle principal;
- Guarantee Doral Academy Charter High Hollywood meets all five AdvancEd/Southern Association Colleges and Schools-Council on Accreditation and School Improvement (SACS-CASI) Standards for schools; and
- Ensure support is provided from not only the replicated school but also from all Doral schools within the entire Doral network wherein all other leaders serve as mentors to new administrators and everyone shares ownership and accountability in maintaining the thriving, financially viable and academically high performing network of charter schools – that is “the Doral Way”.

C. Describe how the organization or individuals involved in the operation of the proposed school are significantly involved in the operation of the replicated school.

The Doral Board has the responsibility for all affairs and management of all Doral schools (including both the HP school to be replicated and the proposed DAW School discussed herein the application) and will provide continuing oversight of all Doral School operations. The School Principal, hired by the Board, will be responsible for all aspects of school operations within the scope of operating policy and budgetary approval by the Governing Board. The Governing Board of the School is the ultimate policy-making body that determines the academic direction, approves curriculum, and oversees operation of all Doral schools.

The board of the proposed School is comprised of the same individuals responsible for the existing HP Doral Academy Charter High School and other Doral schools, thus, they have ownership of the program and the experience to ensure the existing HP school model is replicated with fidelity. The strategies the governing board has identified for replication of the existing HP School design include, but are not limited to, the following:

- Implementing the same core values, and beliefs of the existing program;

- Adopting the research-based educational concept and utilizing the same curriculum strategies from the existing program;
- Utilizing stakeholders as consultants who continuously provide training to Doral administrators, faculty and staff;
- Adopting common expectations of student behavior and parental involvement;
- Adopting common Professional Policies and Standards for staff;
- Implementing the policies for financial management and oversight proven effective in the existing school and amongst all Doral schools; and
- Providing ongoing communication, training, and support for the school's changing operational needs.

As stated, the Doral Board Chair along with all sitting board members will oversee the business, operations and educational programming of the Doral schools, as well as reports on all aspects of school operations. The Doral Board will work closely with the DAW principal to ensure fidelity of all programs and for support at all times.

The educational leadership and on-site management of Doral schools are delivered through, a hired administrator, the Principal, and contracted Services and Support Organization, the ESP. The DAW School Principal will serve as the instructional leader and conduct day-to-day operations of the school and *Academica*, the ESP, will provide professional support services and manage the operations of the school while in communication with the Principal.

The School will benefit from professional management support (the ESP) while freeing the principal from many administrative and compliance duties, which would otherwise have to be shouldered internally. Professional management will ensure that the School has the latest information systems and administrative procedures in place to support an effective educational program, and at a reduced cost of implementing directly. With a staff of trained professionals, *Academica* will ensure DAW is professionally supported and operated in accordance with the requirements of Sponsor contracts and the requirements of all State and Federal laws, as well as local municipal ordinances as applicable to its operations or facilities.

The Doral Principals have formed a professional learning community comprised of all Doral School Principals, and a representative from the ESP, *Academica* (currently the Director of Education and Quality Assurance). This professional learning community also serves as a support network of school administrators, allowing experiences administrators to share best practices and ensuring continuous improvement of not only their respective school sites but also of the Doral system of schools.

The involvement of the aforementioned individuals in both schools demonstrates great capacity and competence to support the operation and implementation of the High Performing replication at DAW

II. EDUCATIONAL PLAN

Section 1: Mission, Guiding Principles and Purpose

A. Provide the mission statement for the proposed charter school.

The mission statement should, in a few concise sentences, indicate what the school intends to do, for whom and to what degree. A school's mission statement provides the foundation for the entire application.

The Vision of Doral Academy, Inc. is to provide students a viable educational choice that offers an innovative, rigorous, and seamless college preparatory curriculum, providing Doral students, at every level from Kindergarten - 12th grade, with a competitive advantage thus enabling students to become confident, self-directed, and responsible life-long learners.

Doral Schools strive to:

- create a dire to acquire knowledge in all disciplines;
- spark the art of thinking and serve as a springboard for lifelong learning; and
- deliver and enrich every student with a sense of purpose, a belief in their own efficacy, and a commitment to the common good.

To ensure the applicant will continue to achieve their vision, **DAW** will implement the following mission in alignment with the mission from its replicating high school:

“to prepare students with the academic skills that foster student success in any rigorous educational setting necessary to perform at or above grade level while instilling a belief in their own efficacy.”

B. Describe how the school will utilize the guiding principles found in section 1002.33(2)(a), F.S.

In accordance with the law, charter schools shall be guided by the following principles:

- **Meet high standards of student achievement while providing parents flexibility to choose among diverse educational opportunities within the state's public school system.**

Doral Academy Charter High Hollywood will be a replication of the High Performing School, Doral Academy Charter High School (#6012 Doral Academy High School Hollywood will mirror the mission of developing the intellectual and social skills of its students by facilitating a rigorous college preparatory curriculum and a wide range of educational resources within a safe learning environment. Similar to school to be replicated, at Doral Academy Charter High Hollywood, students will be expected to perform at or above grade level availing success in high school and within a global society. Doral Academy Hollywood Middle will maintain at the heart of the school's philosophy and underlying purpose as: Academic Excellence with a push towards College Readiness.

To ensure the educational program proposed by the applicant will be a substantial replication of this HP school, the governing board will ensure Doral Academy Charter High Hollywood will replicate best practices of Doral Academy High School, including but not limited to:

- ensure fidelity of instructional programming, and utilize appropriate grade/subject level pacing guides and focus calendars.
- meet periodically by grade level and/or subject to plan and share best practices. Lesson plans will then be created and submitted to department heads for review.
- utilize the common board configuration - outlining the objectives, agenda, essential questions, and home learning assignments for each class.
- verify the fidelity of curriculum implementation through co-teaching, modeling, and mentoring.

- ensure teachers are on task and effective, utilizing various processes such as: Formal observations conducted at least once a year, classroom, walkthroughs conducted daily, and student performance data;
- use qualitative and quantitative data to inform and guide instructional planning and practice aligned with Next Generation Sunshine State Standards and/or Common Core Standards as adopted;
- use numerous data results from state summative assessments – and collect, disaggregate and compile in Data Binders
- Ensure Doral Academy Charter High Hollywood engages in the same student data-driven continuous improvement methodology that is utilized at the school to be replicated;
- engage in professional development for implementation of curriculum, such as Carnegie, College Board's Spring Board Curriculum to supplement Math, and English/Language Arts instruction;
- Implement the same cornerstone elements: high expectations (through a push and pull philosophy); project based learning; targeted tutoring; and parental involvement through EESAC and an active PTSA;
- Implement the same three core areas of National Association of Secondary School Principals' (NASSP) and Center for Secondary Schools Redesign (CSSR) Breaking Ranks II (for middle and high schools) for which the school was named a Breakthrough School in 2009 – including collaborative leadership, personalization, and curriculum, instruction and assessment (wherein there is access to rigorous coursework, differentiated instruction with multiple assessment, data-driven decision making, and opportunities of career development);
- Ensure Doral Academy Charter High Hollywood implements the same curriculum of all the Doral's, and scheduling process that is utilized at Doral Academy Charter High Hollywood, and which is reflected herein this application of this application;
- Provide access to supervised study time and tutoring after school (and possibly on Saturdays as well) to accelerate their progress.
- Provide access for students who wish to pursue an advanced academic program are provided with Honors, and Gifted courses (when applicable).
Additionally, in order to accurately reflect and commit to replicating the educational programming at Doral Academy Charter High Hollywood which is being implemented at the HP school to be replicated; the applicant has committed employ the following actions:
- Involve the HP school's leadership team in the application and planning processes of the Doral Academy Charter High Hollywood
- Assign the High Performing School Site administrator as a mentor to the Doral Academy Charter High Hollywood Principal, to serve as a colleague principal, to assist with planning and first, and second year implementation of the Doral program. The mentor will be available to meet with the Doral Academy Charter High Hollywood frequently and on an as-needed basis for support, mentoring, and coaching services.
- Appoint the HP School Site administrator to the interview committee that will select the Doral Academy Hollywood Middle principal;
- Guarantee Doral Academy Charter High Hollywood meets all five AdvancEd/Southern Association Colleges and Schools-Council on Accreditation and School Improvement (SACS-CASI) Standards for schools; and
- Ensure support is provided from not only the replicated school but also from all Doral schools within the entire Doral network wherein all other leaders serve as mentors to new administrators

and everyone shares ownership and accountability in maintaining the thriving, financially viable and academically high performing network of charter schools – that is “the Doral Way”. , hereinafter referred to as “the School” will “meet high standards of student achievement while providing parents flexibility to choose among diverse educational opportunities within the state’s public school system,” in accordance with the law. Through implementation of the strategies fully addressed in this application, the proposed school will meet and exceed these requirements by:

- Providing a highly rigorous curriculum, infused with effective, proven teaching strategies, that incorporates the Common Core State Standards (CCSS) and/or Next Generation Sunshine State Standards (NGSSS) for the content areas, as adopted, with research-based, print/literacy-rich, and technology-infused curriculum initiatives that encourage success for every student;
- Setting clear and measurable expectations for student success while providing ample opportunities for students to have ownership of the learning process;
- Implementing mechanisms to continuously monitor, evaluate, and improve both the structure of the curriculum and the methods used in its delivery to achieve continuous student improvement year to year; and
- Providing opportunities for active and genuine involvement of stakeholders (including students, families, teachers, staff, and community partners) within the School, in an effort to create and promote a synergetic learning community that holds all stakeholders accountable for the program’s success.

It is anticipated that a standards-based curriculum, proven teaching strategies, and high expectations will benefit students through a systemic approach for teaching the Common Core Standards, wherein students are able to earn a positive achievement record as evidenced by student’s success on the Partnership for Assessment of Readiness for College and Careers (PARCC).

- Promote enhanced academic success and financial efficiency by aligning responsibility and accountability.

The School promotes financial efficiency and will be accountable to its students, their families, and other stakeholders, providing a quality education in a responsible, cost-efficient manner. In order to align the plan for academic success with financial efficiency, the School will gather pertinent data relative to its student body and subsequently set goals to target student performance and achievement. The School is responsible for its students’ success and thus, must determine and meet each child’s individualized educational needs. To meet these needs, the School will continuously monitor student progress in order to ensure all students are receiving the services they require in order to progress, as detailed more specifically herein Section I part D of this application. When available, student assessment records from previous years will be used to gather baseline data on each student. The data may also include standardized test scores, report card grades, attendance records, and behavioral records, Individual Education Plans (IEP), and/or English Language Learner Plans, as applicable. This data will be made available to teachers who, as stakeholders, will share in the responsibility of providing appropriate services to promote student academic success.

Further, upon accessing data from the State’s Annual Accountability Reports, the School will objectively measure its own progress in meeting the needs of its student population. As a means for aligning responsibility for students’ academic success to financial efficiency, after an appropriate implementation

timeframe, and prior to any contract renewals, the academic programs which are utilized at the School will be re-evaluated, and the School's administration will discuss with the Governing Board their findings as to whether or not there exists a positive yield of student achievement for the respective investment.

Thus, by designing and communicating specific educational goals and financial responsibilities to its stakeholders (governing board, staff, students, and parents) – the School will promote continuous academic success and financial efficiency by aligning responsibility with accountability.

- **Provide parents with sufficient information on whether their child is reading at grade level and whether the child gains at least a year's worth of learning for every year spent in the charter school.**

Ongoing communication regarding the child's progress will occur between the School and home through mid-quarter progress reports; quarterly report cards as well as the School may plan parent conferences, parental involvement workshops and utilize other appropriate forms of written and oral communication.

Consistent with the Just Read Florida! Initiative, the School will provide parents with PARCC Assessment Results for Reading and Math as well as FCAT 2.0 for Science on a yearly basis for every year their child participates in PARCC and FCAT. This means of communication informs parents whether or not their child is reading at grade level and whether or not their child has gained a year's worth of learning for every year spent at the School. The School will also provide its parents with reports based on State Accountability Reports, communicating to the parent the child's reading learning gains for each year. Through detailed assessment of academic performance using standardized test scores and other assessments the School will:

- Identify students who are a level below, at grade level, or a level above grade level; and communicate this to parents;
- Identify those students not making adequate progress toward the Common Core State Standards and institute applicable measures for improvement and communicate the baseline, the intervention strategies, and the progress of those interventions, in the manner identified herein this charter school petition; and
- Report student progress throughout the academic school year via a standards-based means of grade assignment for report cards (grades will be assigned in consideration of Common Core State Standards and/or NGSSS in the content area, mastery).

Once academic performance data is disaggregated, the School will identify students not making adequate progress towards the Common Core State Standards and institute applicable measures for improvement. In addition, ongoing communication regarding the child's progress will occur between the School and the parents through mid-quarter progress reports and quarterly report cards. The School may also plan parent conferences, host parental involvement workshops or information sessions, parent academies, and utilize other appropriate forms of written, oral and/or digital communication, as necessary. Other such methods of communication may include sharing/discussing student needs through the respective documentation and communication processes for development and update of Educational Plans (EPs), Individual Education Plans (IEPs), and English Language Learner Plans as applicable. The School will also utilize an electronic gradebook providing parents and students access to student grades and

attendance records. The School will strive to maintain an open channel of communication with parents and other stakeholders at all times.

C. Describe how the school will meet the prescribed purposes for charter schools found in section 1002.33(2)(b), F.S.

In accordance with the law, charter schools shall fulfill the following purposes:

- *Improve student learning and academic achievement.*

The School will offer a well-rounded, dynamic educational program that will hold itself and its students accountable for meeting self-imposed goals and standards, as well as those required by the State of Florida and Broward County Public Schools (BCPS). The educational philosophy of the School is rooted in increasing learning opportunities and raising the academic achievement of all its students. Within a quality-learning environment, the School will utilize a continuous improvement methodology, wherein student assessment results will offer opportunities for differentiated and targeted instruction, leading to consistent increased student achievement outcomes.

Aligned with the mission, the School is rooted in increasing learning opportunities, and an underlying purpose in Academic Excellence with a push towards College Readiness. The School will facilitate a rigorous college preparatory curriculum with a wide range of educational resources within a safe learning environment raising the academic achievement of all its students. To meet this goal, the school commits to:

- Deliver increased learning opportunity for its students, by providing challenging curriculum with a nurturing, quality-learning environment;
- Implement a continuous improvement methodology wherein student assessment results offer opportunities for differentiated and targeted instruction tailored to students' individual needs, ensuring consistent increased student achievement outcomes;
- Expect and encourage that all students will realize their highest academic potential, especially in the core subjects of Reading, language arts, mathematics, science and social studies, and provide the means for these students to reach their potential;
- Match or surpass the average student academic performance of the local district in all required public accountability tests, (e.g. PARCC, EOC and FCAT 2.0); and
- Seek out, establish, and maintain sound, mutually beneficial partnerships with local businesses and civic institutions to encourage the entrepreneurial spirit, and provide a wide array of educational experiences for students to enjoy continued learning opportunities and find relevance in the "real-world" and beyond the immediate classroom.

The school's educational program is aligned to specific learning methods and strategies, with emphasis on low-performing students and reading, which have proven successful in raising student learning and achievement. These include but are not limited to:

- A standards-based curriculum infusing an interdisciplinary approach to integrate core areas of study such as mathematics, reading, language arts, writing, science, and social studies.
- Appropriate assessments for learning (screening, progress monitoring and diagnostic)

- Data-driven high quality differentiated instruction
- Supplemental programs for student advancement and remediation
- Support for teachers and ongoing professional development.

The plan will provide a structured means to improve teaching and learning to meet state content and performance standards, and it is anticipated the proposed school will be highly effective in improving student learning and academic achievement, as has been the case in the success of other Doral schools.

- ***Increase learning opportunities for all students, with a special emphasis on low-performing students and reading.***

One of the most important aspects of insuring the success of low performing students is monitoring their academic progress, and responding to individual learner needs immediately. Emphasis will be placed on low performing students, beginning with identification of those not making adequate progress and/or not demonstrating mastery of CCSS and/or NGSSS for the content areas, as adopted, evidenced by their previous year's performance on standardized tests. Taking into account the students' needs and keeping track of their progress on standardized tests will determine the needs for each individual student. Differentiated instruction methods and other appropriate measures for targeted instruction will then be instituted for these students. Students who are not performing at grade level will be placed on a Progress Monitoring Plan (PMP).

The reading proficiency of students is a fundamental need and basis for assimilation and mastery of all other curriculum to be implemented at the School. As such, implementation of the BCPS Comprehensive Research-Based Reading Plan (CRRP) will be instituted, with fidelity, and each teacher will be required to follow the plan. Teachers and staff will have training in and access to instructional materials to reinforce Reading and language arts skills. Some of these reinforces include: Structured Independent Reading, Reciprocal Teaching, Read and Retell Learning to Write – Writing to Learn, Vocabulary Development, Accelerated Reader Program, CRISS (Creating Independence through Student-owned Strategies), Book Sharing, Cooperative Groups, and Graphic Organizers, to name a few.

Further, the School's curriculum will serve learners of all ability levels and aim for mastery of CCSS and/or NGSSS for the content areas, as adopted, for all students. Using data from the published State Accountability reports, and standardized assessment results, the School will measure its own progress in meeting the needs of its student population. The school will annually develop measurable learning objectives over the major subject areas, to target student learning and development needs in its annual School Improvement Plan (SIP). Common Cores Standards, as applicable, that are not mastered will be identified, and appropriate measures for remediation will be instituted. All student students who scored a level 1 or 2 on the 2014 FCAT 2.0, as well as those students who have been identified as needing additional support and remediation, will have access to tutoring after school (and possibly on Saturdays, as well) to accelerate their progress. Students with special learning needs will also have access to the additional support as well as those students that are performing at grade level, and would like a similar opportunity to participate in Doral's tutoring program, in order to maximize their potential and advance their progress.

- ***Encourage the use of innovative learning methods.***

The school goal is to provide students a viable educational choice that offers an innovative, rigorous

curriculum, serving as a foundation for a successful academic experience. Furthermore the School will be committed to a core philosophy focused on students' intellectual and social development. Aligned with the school's mission, it will offer a disciplined, balanced, and enriched education of the highest quality, to prepare students for a successful postsecondary education.

While the School accepts the curriculum of BCPS as its basic curriculum, it will not be restricted to the content of the curriculum, and whenever appropriate, will introduce new elements to the courses offered. The School will maintain a commitment to the Common Core State Standards and its students' mastery of the standards. Therefore, a variety of instructional methods will be used by teachers at the School to deliver the coursework, seeking the most effective way for the majority of students and targeting individualized learning needs as necessary to ensure success for all learners.

Other innovations to be incorporated in the program include but are not limited to:

- An integrated approach to learning through discovery and deductive reasoning methods in science and mathematics;
- Parental involvement obligations to ensure, whenever possible, that parents actively participate in the educational process; and
- Strong emphasis on civic responsibility and leadership with structured opportunities on campus and through School Community Projects.

Additionally, educators will be expected to “think outside the box” in terms of teaching techniques. All students learn differently and teachers will be encouraged to adapt their teaching styles to fit the learning needs of their students.

- ***Require the measurement of learning outcomes.***

The School will participate in all applicable components of the Florida State Accountability system as required by Florida Statute, as well as, other age-appropriate assessments that may be recommended by the State and/or Sponsor. Subsequently, the School will utilize data from the State's published FCAT, EOC (when applicable) and other State and Federal Reports to measure its progress in meeting the needs of its student population. Using the disaggregated data from those assessments, and any other pertinent data, the School will annually develop measurable learning objectives over the major subject areas, to target student learning and development needs and the School will publish those goals in their annual *School Improvement Plan*.

Through the data disaggregation process, students not making adequate progress towards mastery of the Next Generation Sunshine State Standards-Common Core Standards, as adopted, will be identified, and appropriate measures for remediation will be instituted and prescribed, with parent input, for development of a PMP. By determining and communicating specific responsibilities to its stakeholders, such as, governing board members, faculty and staff, students, and parents, etc. the *School Improvement Plan* will serve as a viable vehicle for continuous school-wide academic and financial improvement.

Apart from the introspective reflection that the school community will undergo through the development of the *School Improvement Plan*, the School will also report progress on its' goals, the learning outcomes of its students, and other pertinent school wide data through the State issued Annual Accountability Report. Through this report, the School will document whether or not the goals written

in the *School Improvement Plan* have been met as well as if it requires other important data, such as, qualifications and credentials of faculty, salary information for all staff, financial audit information, and etc.
etc.

Section 2: Target Population and Student Body

A. Describe the anticipated target population to be served

If applicable, applicants should describe if they will target, in accordance with the law, certain populations defined in section 1002.33(10)(e), F.S.

This charter school application is being submitted for a High School program, which will be open to students in grades 9 through 12 (approximately 14 through 18 years of age). The School expects that the student enrollment will closely mirror the current demographics of neighboring schools and the community where the school is located, and close to the demographics of Broward County Public Schools (including traditional and charter) which was reported through the 2012 February FTE Reports as follows: 50.81% White; 40.26% Black; 29.04% Hispanic; 3.47% Multiethnic; 1.3% Other.

In accordance with federal and state anti-discrimination laws and in accordance with the Florida Educational Equity Act, Section 1000.05(2)(a), the School will not discriminate on the basis of race, religion, or national or ethnic origin in the admission of students. The School will welcome students and their families, who choose to attend a school of high academic standards, delivering a rigorous and advanced curriculum, with an emphasis on mastery of the content of core academic areas, and a unique bilingual, bi-literate, and bi- cultural program, through the study of Hebrew as a second language. Any eligible student who submits a timely application will be accepted, unless the number of applicants is more than the capacity of the program. In such case, all applicants shall have an equal chance of being admitted through a random selection lottery process conducted by the school's accounting firm in conformity with Florida's Charter School Legislation.

To that end, through an open admissions policy will be implemented wherein the School will be open to any student residing in the County. Any eligible student, as described in Fla.Stat.§1002.33(10), who submits an application (prior to the posted deadline) and whose parents accept the conditions of the Parental Involvement Contract shall be considered, unless the number of applications exceeds the capacity of the program, class, grade level, or building. In such case, all applicants shall have an equal chance of being admitted through a random selection process. If the number of applications falls short of the established capacity, supplemental registration periods may be held for the purpose of reaching student capacity.

Florida's charter school legislation, Fla. Stat. §1002.33(10)(e), provides that the School may give enrollment preference to certain student populations. Said student populations include:

1. Students who are siblings of a student enrolled in the charter school.
2. Students who are the children of a member of the governing board of the charter school.
3. Students who are the children of an employee of the charter school.

Additionally, in order to minimize any traffic impact caused by the school and ensure that the school is available to serve the residents of the neighborhood where the school is located, the Governing

Board of the charter school may elect to limit the enrollment process to target students residing within a reasonable distance of the school as provided under Fla. Stat. §1002.33 (10)(c).

In accordance with federal and state anti-discrimination laws and in accordance with the Florida Educational Equity Act, Section 1000.05(2)(a) the School will not discriminate on the basis of race, ethnicity, national origin, gender, disability, or marital status against a student in its school admission process.

B. Provide the following projection for each year of proposed operation: the grades that the school will serve, the projected number of students to be served in each grade, the number of students expected in each class, and the total number of students enrolled.

Projected estimated enrollment for the duration of the proposed application is as follows:

	Year 1	Year 2	Year 3	Year 4	Year 5
Kindergarten	0	0	0	0	0
1st Grade	0	0	0	0	0
2nd Grade	0	0	0	0	0
3rd Grade	0	0	0	0	0
4th Grade	0	0	0	0	0
5th Grade	0	0	0	0	0
6th Grade	0	0	0	0	0
7th Grade	0	0	0	0	0
8th Grade	0	0	0	0	0
9th Grade	275	275	275	275	275
10th Grade	275	275	275	275	275
11th Grade	0	275	275	275	275
12th Grade	<u>0</u>	<u>0</u>	<u>275</u>	<u>275</u>	<u>275</u>
	550	825	1100	1100	1100

Note: * The numbers provided herein are estimates, and may fluctuate within each grade level depending on student enrollment and/or attrition in the respective grade levels.

Note: ** The projected student-to-teacher ratio shall be consistent with those required by Florida Law as applied to charter schools.

C. Provide a description of how the student population projections were developed.

The student population projection is based upon the applicant's previous successful experience, operating various other Doral Charter Schools within Miami-Dade County.

Section 3: Educational Program Design

A. Describe the school's daily schedule and annual calendar, including the annual number of days and hours of instructional time.

A student day shall consist of at least 360 minutes, and all hours of instructional time will be aligned with state and district requirements for secondary grades. It is anticipated the School will operate a seven-period day. The instructional day at the School is anticipated to commence at 7:30am and end at 2:30pm each day. The daily bell schedule is as follows

Sample - iDoral Academy Middle School Daily Schedule			
Description	Start Time	End Time	Length
Student Arrival	7:00 AM	7:25 AM	25 min
Period 1 and Attendance	7:30 AM	8:25 AM	55 min
Period 2 or 3	8:30 AM	10:20 AM	110 min
Morning Announcements	8:30 AM	8:40 AM	10 min
Period 4 or 5	10:25 AM	12:35 PM	130 min
Period 6 or 7	12:40 PM	2:30 PM	110 min

Annual Calendar:

The School will follow (and mirror) the annual public school calendar established by the Sponsor, which requires a minimum of at least 180 actual instructional days per school year

B. Describe the proposed charter school's educational program.

The School will offer a seamless middle school to high school educational program aligned to Next Generation Sunshine State Standards-Common Core Standards, as adopted, and tested via high-quality assessments that will minimize the academic gap between middle school and high school. The School will establish a cohesive approach to instruction by considering curriculum, assessment and teacher support, within a learning community focus. This approach will be personalized and tailored to all students' abilities and needs. Upon completion, students will have surpassed the ordinal set goals of the program as evidenced by some attaining high school credits as well as having successful outcomes on state and other examinations. Successful completion of the Doral program will provide students exposure to the challenges, rigors and demands of a high school and future college education.

The School will expose students to a program that addresses the rigors, relevance and relationships of learning in a college preparatory environment. The School model is unique in that it places a premium on preparing students for advanced academic coursework as early as the sixth grade. Students who are struggling and/or below-level will be identified so that any gaps in standards mastery or other similar learning deficiencies can be effectively remediated. Teachers and other support staff will use data from all available assessments to develop and target instruction in order to meet the needs of all students so that each child can realize his or her highest potential. The emphasis of the framework is a “*push and pull*” method of preparing students, wherein students are *pushed* to pursue the most rigorous and challenging academic program they can handle and those students who may be underachieving, are *pulled* out for remediation through an intensive tutoring program which utilizes supportive learning strategies.

The School will combine the best practices developed by model schools and those principles driving essential school reform nation-wide. Rigor, Relevance and Relationships, for example, will serve as the fundamental core of pedagogy, and drive teaching and learning within the School, preparing students for success in meeting the demands of the 21st century.

The School will also utilize three core areas of National Association of Secondary School Principals (NASSP) and Center for Secondary Schools Redesign (CSSR) Breaking Ranks II (for middle and high schools) as follows:

- collaborative leadership: professional learning communities, shared leadership, and student and staff leadership development;
- personalization: attention to all students, mentoring, and school/community connections;
- curriculum, instruction and assessment: providing access to rigorous coursework, utilizing differentiated instruction techniques and using multiple assessments for data-driven decision making.

These core areas have been implemented successfully at Doral Academy Charter Middle Schools, the HP school to be replicated, and which has yielded positive results.

The commitment to the Doral Academy Charter High Hollywood Educational program philosophy is rooted in a core of beliefs and/or values that drive and serve as the impetus for implementation of the vision and mission of the School founders (and described herein this petition). In addition, four cornerstone elements the School will employ to support delivery and execution of their instructional model include: high expectations, project-based learning targeted tutoring, and parental involvement. These proven research-based elements that Doral schools have all utilized in support of their educational programming include:

- **High expectations** - The curriculum of the School will meet, and in some cases exceed, the requirements to be considered a rigorous program. According to a report released by the National Center for Education Statistics, “The more rigorous the high school curriculum, the more likely students are to find success in college. Students with a rigorous high school curriculum were found more likely to enroll in four-year College institutions and ultimately attain a bachelor's degree. The report also finds that a lack of a rigorous curriculum proves a more significant obstacle to overcome than socioeconomic challenges, test scores, or a poor initial year in college.” This school aims to prepare their middle school students to springboard into a college preparatory high school through the implementation of a rigorous curriculum and program. The administration, faculty, staff and community will collaborate to prepare students for a success experience in any college preparatory high school.

Furthermore, at Doral we believe, high expectations engender success. Both students and teachers live up -or down- to expectations set for them. “Students do best - intellectually, personally, morally – when they are striving for excellence.” Further, autonomy in the teaching and learning process kindles a desire to quest for knowledge. Through accountability and responsibility, learners become engaged and the teacher facilitates the quest for knowledge and both the learner and facilitator are accountable for their actions.

- **Project-based learning** - enables students to pursue their own interests and passions, what is “in the moment” rather than imposed. Project- Based Learning emphasizes individual and collaborative projects as the foundation for learning and includes very little of the whole-class instruction typically found in traditional secondary schools (Newell, 2003).
- **Targeted Tutoring** – Teachers and peers will provide tutoring at the School. It will be offered during class time at the teachers' discretion, after school, and may also be offered on Saturdays.

Tutoring will be used not only to adapt instruction for students who need additional help but also to enrich instruction for students able to accelerate their learning. “Teaching one student or a small number with the same abilities and instructional needs can be remarkably effective.”¹ (*Cohen, Kulik, Ehlly, Medway*).

- **Parental Involvement** – sets the tone for declaring the home: school relationship as a partnership, and for which school and home share responsibility for children's learning. The School extends this partnership to include the larger community, with the hope that the benefits are greater yet. Perhaps most important is that when responsibility for children's learning is shared by the School, home, and community, children have more opportunities for meaningful, engaged learning.

Students are able to see the connection between the curriculum in the School and the skills that are required in the real world. Research demonstrates that building family and school partnerships promotes student success. Wendy S. Grolnick and her colleagues, in articles published in 1994 and 1997, conceptualized three dimensions of parental involvement based on how parent–child interactions affect students' schooling and motivation. Behavioral involvement refers to parents' public actions representing their interest in their child's education, such as attending an open house or volunteering at the school. Personal involvement includes parent–child interactions that communicate positive attitudes about school and the importance of education to the child. Cognitive/intellectual involvement refers to behaviors that promote children's skill development and knowledge, such as reading books and going to museums. Parental involvement, according to this theory, affects student achievement because these interactions affect students' motivation, their sense of competence, and the belief that they have control over their success in school². The School provides parents the opportunity to become active participants and decision makers in their child's education. This is particularly important at the secondary level as parents tend to detach from participating in their children's school career as they get older.

C. Explain how the educational program aligns with the school's mission.

The School's educational program is in direct alignment with the school's mission, and moreover supports and facilitates its implementation.

The globalization of the world through advances in information technology and other such media outlets has created a much more competitive world for our students. In the future, all human endeavors will necessitate that before students enter postsecondary education, there already exists, in them, a certain capacity to compete and be successful in “worldly matters.” What's more, this developed “capacity” is merely a leveling of the playing field.

The School will open “windows to the world” by creating college-ready students with expanded intellect and a thirst to interact within a global information age. Through enriched learning experiences the School remains true to its mission by developing and empowering their students via development of superior cognitive abilities and an understanding and respect for a pluralistic world.

The School’s philosophy is built on a set of beliefs and values and these serve as the impetus for all student performance and achievement goals and objectives. The educational philosophy and approach are appropriate and likely to result in improved educational performance, as same has proven successful at the high performing school the School aims to replicate.

Through a sustained commitment of the Applicant (and, in turn, the School) to maintain:

- high expectations for students and teachers, through delivery of a college preparatory curriculum;
- project based learning as a means to inspire creative endeavors and grow and develop all students;
- personalized and differentiated instruction and/or targeted tutoring to ensure student’s success; and
- Parental Involvement obligation that builds the home school relationship and encourages a partnership between parents and the school, where students will benefit and have positive academic learning outcomes.

Further, students will understand and appreciate their learning styles; accommodate, plan, and monitor their learning, kindling a desire and fostering ability for lifelong learning. The aforementioned concepts are embodied in the school program and serve as a vehicle to increase learning opportunities with special effort made to help all students, including those labeled low performing students, have success and consistent learning gains thereby engaging in a cycle of continuous improvement.

D. Explain how the services the school will provide to the target population will help them attain the Next Generation Sunshine State-Common Core Standards, as required by section 1002.33, F.S.

The School is committed to serving the needs of all its students, regardless of level, learning style(s), and/or special needs; the goal remains that all our students attain and demonstrate mastery of NGSSS-CCS, as adopted. Teachers will utilize differentiated instruction, as well as other modes of instruction including, but not limited to peer tutoring, individual instruction, and group work. Additionally, the School will ensure that students with special needs, such as ESE and ELL students, are effectively served in accordance with the policies and procedures of Broward County Public Schools.

The School will utilize *Pacing Guides*, which incorporate both NGSSS and Common Core Standards (CCS). Additionally, all students will be monitored to ensure they are making adequate progress toward the NGSSS-CCS, as adopted, in this way, students who are struggling and/or below-level will be identified so that any problems can be effectively remediated. Teachers and other support staff will use data from all available assessments, including, but not limited to, state and district required assessments, to develop instruction that meets the needs of all students so that each child can realize his or her highest potential.

As deemed necessary, according to student need, the School may employ Reading and/or

Math coaches and necessary ELL and ESE personnel, as required and necessary to adequately support and properly service students. Classroom teachers will utilize research based, state adopted texts, enhanced by supplementary materials and programs, to ensure students make progress toward the NGSSS-CCS, as adopted and as required.

E. Describe the applicant's capacity to replicate an existing school design.

The city of Doral is considered to be a very young city; it was officially recognized as its own city in 1995. Doral Academy Preparatory was the first high school located within the city when Doral opened in August of 1999. Since 1999, Doral Academy Preparatory Schools and the replicating school have earned a letter grade of A by the Florida Department of Education for the past five school years. In addition to Doral Academy Preparatory High School, four other schools within the network have also received a letter grade of "A" by the Florida Department of Education for the past five school years. This high performing network not only creates a culture within the surrounding walls of their educational settings but shares best practices among schools and mentors principals when new schools come into the network.

Nestled within a changing residential community, industrial warehouse businesses, and cow pastures, Doral Inc. schools have united with the unique local community to develop and cultivate its mission. Doral Schools are preparing students with the academic skills that foster student success in any rigorous educational setting necessary to perform at or above grade level while instilling a belief in their own efficacy.

Doral Schools are comprehensive schools enrolling over 6000 students in grades K through 12. The student body is a diverse population comprised of 92.8% Hispanic/Latino, 1.2% Black, 4.8% White, and 1.2% other. Administration, Faculty, and Staff are as diverse as the students served.

Doral Academy has developed a multi-tier system (management, instruction, assessment and professional development) that has achieved increased performance across all student populations and subgroups as evidenced by their historical academic student performance and achievement record of all their schools. Doral Academy Schools have been able to implement unique and innovative strategies aimed at improving student performance and achievement and Doral High Schools have increased college readiness; improved graduation rates; and cultivated not only college-bound but also college ready students, proving their model and their chosen strategies to be successful with all student populations, including English Language Learners, Special Education Students, and students entering

Doral has duplicated its success 6 times, producing high quality school programs across Miami-Dade County, wherein each has and continues to increase student performance, as evidenced by the historical student performance and achievement record of Doral schools.

The success of the applicant is due to the commitment of the Governing Board of Doral Academy to develop and implement a school model, which has proven to be a highly effective school design, demonstrating organizational viability, including compliance with all statutory requirements and mandates set forth by the Florida Department of Education and the obligations agreed to in the individual charter contracts of the schools under their purview.

The founders/stakeholders of Doral have displayed a strong commitment to the mission of increasing student performance at district, state and national levels. All Doral employees remain focused on

delivering high quality, college preparatory, public school choice options, while positively affecting student performance and achievement. The achievement results are indicative of the applicant's ability to decrease the achievement gap and increase student performance and achievement, as evidenced below in the Doral Academy, Inc. Report Card. *(Please see Doral Academy, Inc. Schools Report Cards on the following pages).*

The governing board of the proposed school is comprised of the same individuals responsible for the operation of the existing Doral schools. These highly experienced professionals possess the expertise in the areas of curriculum, assessment, finance, law, school management and governance to be able to

replicate the existing design. The applicant has the financial and human resources available to replicate a high quality model; has ownership of the existing school design; and most importantly has a proven track record of success in replicating the design. These factors all support Doral Academy Inc.'s capacity to replicate the High Performing school design of Doral Academy Charter High School.

Strategies for replication of the existing program design are detailed in the sections referenced below. These include, but are not limited to, the following:

Implementing the same core values, beliefs, and core curriculum content of the existing programs (*Section 3- 4*)

- Adopting the research-based educational concept for the existing programs (*Sections 3- 8*)
- Utilizing the team of experts (who have experience and/or ownership of the Doral educational program) as consultants who continuously provide training to the proposed school's administrators, faculty and staff (*Sections 9 and 11*)
- Adopting common expectations of student behavior and parental involvement (*Section 8 and 13*)
- Adopting common Professional Policies and Standards for staff (*Section 10 and 12*)
- Implementing the policies for financial management and oversight proven effective in the existing schools (*Section 18*)
- Providing ongoing communication, training, and support for the school's changing operational needs (*Section 9 and 12*).

Furthermore, apart from the positive student performance and achievement record detailed in the aforementioned Doral Academy, Inc. School's Report Cards, the applicant's success is evidenced by local, state, and national recognitions for their exemplary performance in serving elementary, middle, and high schools students. Some of the meritorious accolades earned by Doral schools include:

- Doral Academy High School recognized Newsweek Top 500 Schools, 3 consecutive years
 - o 2011-2012
 - o 2010-2011
 - o 2010-2009
- All 6 Doral Academy Inc. schools are consistently ranked in the top 10% of the schools in Miami-Dade County Public Schools (both charter and non-charter)
- During the 2009-2010 school year, thirty-seven percent (37%) of our students enrolled in Advanced Placement courses passed their exams with a three (3) or better.
- In 2010-2013, ninety-eight percent (98 %) of the class of 2009 graduated and enrolled in two or four year institutions compared to ninety-nine (99 %).
- Collectively, Doral students received \$1.3 million dollars in scholarships in 2009 and \$2.4 million dollars in 2010. In 2013 students received \$3.7 million in scholarships.
- Doral Academy also had one of its own represent native country Suriname during the Beijing Summer Olympic Games in 2008 and the London Summer Olympic Games in 2012. This same student brought Doral its first ever FHSAA State Championship in the fifty-meter (50 m) freestyle in swimming in 2010.

Additionally, further pursuing academic accountability and excellence, Doral Academy High

School underwent a complete Self-Study process, sought and obtained Accreditation for the Doral Academy Preparatory High School. In June of 2010, Doral Academy was awarded AdvancEd Corporate/District Accreditation for its proven commitment to quality and continuous improvement and educational excellence. The Quality Assurance Review (QAR) Team representing the SACS CASI examined the effectiveness of the system's methods for quality assurance. The report findings validate a direct relationship between the program elements and positive student achievement record. An excerpt from the QAR final exit report commended Doral Academy, Inc. for the following:

- The vision of the school creates a college preparatory environment through the inclusion and encouragement of all student participation in the Advance Placement curriculum.
- The collaboration, support, and guidance fostered by school leadership *promotes* professional growth and a collegial environment focused on the needs of all stakeholders;
- A comprehensive and robust website provide the school and community stakeholders access to school wide curricular, and extracurricular information as well as two way communication;
- A committed and dedicated faculty and staff is the most valuable resource in the school from which a culture of student support is evident;

Based on the organization's accreditation, the proposed school under the operation of Doral Academy, Inc. will open as an AdvancEd accredited school from inception and will be held to the same standards of accountability of the existing programs. Thus, by replicating the successful educational design of the existing schools – with a full-range of services targeted to students of all performance levels -- the proposed School will prove highly effective in raising student achievement.

Doral's continuous compliance with legal, organizational, and financial requirements coupled with increasing academic performance annually for all schools has yielded approved and/or renewed charter school contracts over the past several years. Today, there are six Doral Academy programs in Miami-Dade County offering complete Pre-K through high school systems at two separate campuses. The evidence above indicates that by adopting Doral's successful educational design of the existing High Performing Charter High School – with a full-range of services targeted to students of all performance levels – the proposed school will be highly effective in raising student achievement with emphasis on low-performing and minority populations.

Section 4: Curriculum Plan

A. Describe the school's curriculum in the core academic areas, illustrating how it will prepare students to achieve the Next Generation Sunshine State-Common Core Standards.

The objectives and goals in the Doral Academy curriculum are built upon the Florida Next Generation Sunshine State Standards and/or Common Core State Standards, as adopted. The School's curriculum will focus on clear and measurable expectations for student learning and covers the main subject areas of Reading/Language Arts, Mathematics, Social Studies, Science, Foreign Language, Music, Art, Life Skills, Character, multimedia production and Computer Education. The curriculum will continuously reflect high quality instruction and implement research based strategies, innovations and activities that facilitate achievement for all students.

The school will have the following processes in place to support the delivery of the curriculum:

- continuous review of curriculum to ensure a year's worth of learning of all state – benchmarks
 - research-based instructional practices (i.e., Breaking Rank II)
 - collaborative leadership: professional learning communities, shared leadership, and student and staff leadership development;
 - personalization: attention to all students, mentoring, and school/community connections;
 - curriculum, instruction and assessment: providing access to rigorous coursework, utilizing differentiated instruction techniques and using multiple assessments for data-driven decision making
- principal evaluation through daily classroom walkthroughs (principal is expected to have strong awareness that all teachers are utilizing the best practices and implementing the instructional initiatives with fidelity)
- The School Improvement Plan (SIP) will be used as a quality assurance tool to ensure that the curriculum goals are being accomplished.
- assessment data to make instructional decisions and plan interventions
- weekly grade level and monthly staff meetings
- ongoing professional development workshops
- before and afterschool tutoring for remediation and acceleration for all students who scored a Level 1 and 2 on FCAT 2.0
- targeted interventions for struggling readers and students performing below grade level.
- integration of long-term thematic projects across the curriculum
- multiple ELL and SPED strategies across the curriculum
- focus on differentiated instruction for learning styles
- integration of technology across all major disciplines

The School's curriculum will require students to interact with each other, apply curriculum to real-life situations, and use a variety of technological tools beyond the classroom. Teachers will incorporate various teaching strategies to accommodate all learning styles as detailed in Table 2 –Section 3 above. In accommodating individual learning styles and needs the School's curriculum incorporates the following instructional practices:

Interdisciplinary Connections - Curricular decisions will be guided by the aim thorough student mastery and achievement rather than by an effort merely to cover content. As teachers build on interdisciplinary connections, students naturally begin to link information between and among courses, increasing the relevancy of skills and content in such courses.

Vertical and Horizontal Teaming: Horizontal and Vertical Teams exist throughout the School and also throughout the Doral System, creating opportunities for success in every classroom, because both grade-level and content-area teams work together to align curriculum, instruction, and assessment. The PLCs provide opportunities within Doral to engage multiple teaming patterns. For example, PLCs by grade level and PLCs across-disciplinary teams work collaboratively to plan and implement standards-based instruction and connections across content areas, respectively. To further illustrate, in-school curriculum council meets across all disciplines, while another active PLC is meets by subject area. Additionally, the Doral system also has a Doral Reading Coaches PLC, Doral Science PLC and a Doral Mathematics PLC with Language Arts and Social Studies PLCs, planned for the future.

Differentiated and Standards-Based Instruction – The School's ultimate goal is to provide a learning environment that will maximize the potential for student success. Teachers will use differentiated instructional strategies that connect with individual student's learning needs. Teachers will manage instructional time to meet the standards while providing motivating, challenging, and meaningful experiences for students to receive and process information in ways that require differentiation of experience. These instructional practices will include:

► Direct Instruction (lecturing/modeling): this methodology will be used when teachers need to explain or demonstrate specific content and skills. Explicit, systematic instruction will be based on the NGSSS and/or CCSS, as adopted. This instruction is structured and based on mastery learning. Frequent Curriculum-based assessments help place students in ability groups for further differentiated strategies and identify students who require additional intervention.

► Scaffolding - Teachers will identify the current developmental skills of individual students based on assessments and provide support structures to help students move to the next level. As the year goes on, the student becomes more adept at skills and at directing his or her learning, and becomes more autonomous

► Cooperative Learning – Teachers will guide small-group learning, to increase communication and team-building skills. It is based on grouping small teams of students heterogeneously according to ability, interest, background, etc. Some Cooperative learning activities will include Jigsaw II, STAD-Student Teams, or Group Investigation.

► Inquiry-Based Learning - Based on the scientific method, this student-centered strategy will require students to conduct investigations independent of the teacher, unless otherwise directed or guided through the process of discovery. Teachers will use this strategy in developing critical thinking and problem solving skills.

► Information Processing Strategies - Teaching students "how to" process information is a key factor in teaching students how to strategically organize, store, retrieve, and apply information presented. Such strategies will include memorization, KWL, reciprocal teaching, graphic organizing, scaffolding, or webbing

Behavior Management – We believe that both teachers and students need to be provided with a consistent behavior management system so that maximum time can be spent teaching and learning. Inappropriate behaviors that interfere with the learning process and the expectations set for character development can be reduced and ultimately extinguished through consistent, best practice behavior management techniques.

Behavior management based on a positive reward/point system will be in place in all classrooms from the beginning of the first year of operation. Pre-service and in-service training will be required of all teachers. Each teacher, then, will be given the opportunity to implement her/his own behavior management techniques in their respective classrooms. The ultimate goal will be to remove these systems from the classrooms, based on the theory that appropriate behaviors will be internalized and external reward systems will no longer be necessary.

Accountability - Teachers at The School are required to document instruction of the NGSSS and/or CCSS, as adopted, (including ELL and SPED strategies) by completing daily lesson plans, as well as records of weekly and monthly thematic unit plans. Lesson plans identify specific objectives taught and benchmarks met as listed in the curriculum. Furthermore, teachers are required a common board configuration in all classes and will be evaluated by the administrative team during daily walkthroughs. The Principal will check lesson plans weekly and conduct a daily walk through classrooms to ensure that curricular objectives are being documented in each teacher's lesson plan book and taught accordingly.

The School will implement Broward County Public Schools *Student Progression Plan** as a vehicle to guide the progression and implementation of the curriculum to be taught and in the manner described herein the following section. Accordingly, the curriculum is specifically tailored to ensure that all students meet the requirements for high school graduation -- including mastery of all respective Common Core State Standards and Next Generation Sunshine State Standards (as applicable for subjects other than English/Language Arts and Mathematics) while participating in an innovative college preparatory program.

The School's commitment to deliver a college preparatory curriculum dictates a curriculum with high rigor and relevance in core subject areas. The school program will be highly prescribed to engage students in a very rigorous curriculum. All programs focus upon the consolidation of study skills, a core of common learning, and emphasis in the development of higher level thinking skills. The School will seek to expand the student's knowledge base in each succeeding grade level, always moving forward, to ensure the student builds capacity and is not only college bound but also college ready.

The recommended course of study for all students will include:

- English - 4 credits required (English I - IV (regular, honors, gifted or AP) or English I-IV through ESOL (with a major concentration in composition and literature and reading for information) OR English IV - Florida College Prep (100140501)- 1 credit; and/or Reading for College Success (1008350) – 0.5 credit; and/or Writing for College Success (1009370) 0.5 credit**)) are required to meet the English/language arts graduation requirement);
- Mathematics - 4 credits required (Algebra I***, Geometry***, and 1 additional course at the Algebra II level or higher OR Math for College Success (1200410) -0.5 credit, and/or Math for College Readiness (1200700) – 1.0 credit**) are required to meet the graduation requirement);
- Science -3 credits required ((Physical Science, Biology I***, and Chemistry OR Physics OR an equally rigorous Science course) are required to meet the graduation requirement, with the School encouraging 4 credits to be earned in science);
- Social science - 3 credits required ((World History 1.0, United States History 1.0***, United States Government 0.5, and Economics 0.5 are required to meet the graduation requirement, however, the School encourages 4 credits to be earned in social science)
- Performing/Fine or Practical/Arts -1 credit required (Performing/ fine arts or a practical arts, speech and debate, or practical arts or other eligible courses as listed in the course code directory) to meet the graduation requirement;
- PE/Health - 1 credit required (0.5 personal fitness, .5 physical education elective) to meet graduation the requirement;
- Electives (8 credits required to meet graduation requirement) with the goal that, whenever possible, some of the electives be dual enrollment and/or advanced placement courses; and

- Foreign language (the School will require students to meet the prerequisite for state university school system admittance through completion of two sequential courses in the same foreign language. In addition, this requirement will allow our graduates to be eligible for Florida's Bright Futures Scholarship).

Furthermore in addition to aforementioned course requirements*, students will also be required to*:

- Earn the acceptable passing score(s) on the common core ELA assessment (expected to be PARCC) and for which an acceptable score is still-to-be-determined. (For example, in 2013-14 is the Reading section of the FCAT 2.0 graduation Test and/or can also be met by achieving a state-approved concordant score on the ACT or SAT).
- Earn the required passing score on the applicable End of Course Tests, as required by State***,
- Demonstrate computer literacy from completion of at least one on-line course taken between ninth and twelfth grade;
- complete a community service project, in fulfillment of Florida Bright Futures Scholarship eligibility requirement;
- earn a cumulative grade point average (GPA) of at least 2.0 on a 4.0 scale. Additionally, students must earn a minimum of a grade of D, in order to earn a course credit. Promotion from grade to grade will be in accordance with the requirements set forth in the *BCPSS Student Progression Plan**.

NOTE* -The SPP, as referenced herein, reflects current policies and procedures adopted by the Sponsor. The School hereby agrees to adopt and implement the Sponsor's policies and procedures with respect to the SPP, as amended from time to time.

NOTE** - In accordance with revisions to SB 1076³, students who do not meet grade level proficiency and/or who do not master respective CCSS and/or NGSSS in ELA as evidenced by achievement on the state-mandated 9th, 10th or 11th grade common core English Language Arts (ELA) assessments, when implemented, will be enrolled in and complete an intensive remedial course the following year or be placed in a content area course that includes remediation of skills not acquired by the student. Similarly, each year the student scores a Level 1 or Level 2 on the Algebra I EOC assessment or upon transition to the common core Algebra I assessment, the student will be enrolled in and complete an intensive remedial course the following year or be placed in a content area course that includes remediation of skills not acquired by the student, as applicable and as specified and required by State and/or District mandates).

NOTE***: Also in accordance with SB 1076 (referenced above) The End of Course (EOC) Assessment Requirements for Graduation include:

- **Algebra I** -EOC or common core assessment-must be passed in order to earn credit for the course
- **Geometry** - EOC or common core assessment will be required and will constitute 30 percent of the student's final course grade
- **Biology 1** - EOC assessment- will be required and will constitute 30 percent of the student's final course grade.
- **U.S. History** - EOC assessment-will be required and will constitute 30 percent of the student's final course grade.

³<http://www.flsenate.gov/Session/Bill/2013/1076/BillText/er/PDF>

Additionally, when the state administers a common core Algebra II assessment, a student selecting Algebra II must take the assessment, and the student performance in the assessment will constitute 30 percent of the student's final course grade

Notwithstanding, the School will address the specific needs of learners via an individualized approach for the placement of students in courses. The School will consider test scores, academic history, state and district requirements, and teacher recommendations when placing students in courses and always for the benefit of the student. In addition, the School will encourage the students to pursue the most challenging coursework in which he or she can demonstrate success.

That is to say, students will be advised as to course recovery options, individually and by a school counselor, who is aware of all options and scheduling nuances, as well as the respective anticipated results of recovery options. For example, in most cases, students may elect to repeat a course if the schedule permits, but scheduling can become a challenge if the student is enrolled in intensive coursework. A student could also repeat the course via Adult Education and/or through a Virtual Education Course, to recover a mandated course credit, as necessary.

Additionally, students who do not satisfy college preparatory testing requirements for achievement in communication and mathematics competencies as demonstrated on PERT (or as determined by State in the future) will not be permitted to enroll in college credit courses in curriculum areas precluded by the deficiency. The students may also demonstrate college readiness by earning the following acceptable College Ready cut scores:

College Ready Cut Scores			
Assessment	Reading	Writing	Math
ACT	18	17 (English)	19
SAT	440	N/A	440
P.E.R.T.	104	99	113

Furthermore, students who do not demonstrate college readiness, will be enrolled in remedial courses that will mirror the competencies of the highest level of College preparatory coursework offered at Broward Community College. The remedial courses to be offered, as applicable, include:

- Math for College Success (1200410) -0.5 credit
- Math for College Readiness (1200700) - 1.0 credit.
- Reading for College Success (1008350) - 0.5 credit
- Writing for College Success (1009370) - 0.5 credit
- English 4: College Prep (1001405) - 1.0 credit.

The School will utilize different metrics to advise students, including a combination of PSAT scores (students will take PSAT in 9th grade) class grades, and other standardized exams. To identify a student for advanced work, the School may utilize a combination of the CollegeBoard's AP Potential, Core Subject Grades, as well other standardized assessment results and teacher recommendations. The combination of such metrics will provide for a holistic approach to student advisement. The School will therefore offer differentiated educational programs beyond those normally provided by the regular school program in order to realize potential student contributions to self and society. Some of these options include:

- Honors courses

- Advanced placement program
- Dual enrollment program.

The following is an overview of the core curricular program and courses that may be offered at the School. However, in fulfillment of graduation requirements, other core courses may be offered as electives, if necessary, to benefit the students.

Reading/Language Arts

The purpose of the English/LA/Reading program, is to provide instruction for mastery of Common Core State Standards, making students college- and/or career-ready at the conclusion of their High School career as well as “21st century literate” as evidenced by possessing the skills in reading, writing, speaking, and listening that are the foundation for any creative and purposeful expression in language. Course content for these courses will be delivered in accordance with course descriptions provided by the FL-DOE available at http://www.fl DOE.org/bii/curriculum/course_descriptions/ and will ensure mastery of Common Core State Standards, as applicable).

Four credits of English are required, including English I - IV or English I-IV through ESOL, each course having a major concentration in composition and literature and reading for information. Additionally, students who do not demonstrate college readiness in grade 12 may be required to take the English IV-Florida College Prep for 1 credit and/or Reading for College Success for 0.5 credit; and/or Writing for College Success for 0.5 credit for remediation and in fulfillment of the English/language arts graduation requirement.

The following is a list of ELA courses that the School plans to offer in accordance with student need and interest:

Note:

**This list of courses is indicative of the courses the School intends to offer once fully established, as a Doral High School. The School intends to begin with a modest albeit healthy course options and will increase offerings in accordance with student need, interest, demand and district, state and federal mandates and guidelines, always with student's best interest in mind.*

***Students who do not satisfy college preparatory testing requirements for achievement in communication competencies (that is students in Grade 11 who have not otherwise demonstrated college readiness, as evidenced by earning the required "College Ready Cut Score" will be enrolled in remedial coursework. Currently, the remedial course will mirror the competencies of the highest level of College preparatory coursework offered at B College. The remedial course in communication that may be offered is the following (this course will also satisfy 1 or 0.5 of the required English credits, as indicated above. If the requirements or parameters change as a result of full implementation of common core state standards, the school will also adjust in order to be compliant with State and/or Sponsor requirements and Student Progression Plan requirements.*

****English I, II, III, and IV or English I-IV through ESOL are required to meet the graduation requirement for this subject area.*

The School will prepare students for mastery of the College and Career Readiness (CCR) anchor standards for:

- Reading (Literature and Informational Texts),
- Writing;
- Speaking and Listening; and
- Language.

These define what students should understand and be able to do by the end of each grade, respectively. For example, the anchor standards for reading include: Key Ideas and Details, Craft and Structure, Integration of Knowledge and Ideas, and Range of Reading Level and Text Complexity. The CCR and grade-specific standards are necessary complements—the former providing broad standards, the latter providing additional specificity that together define the skills and understandings that all students must demonstrate.

The School will implement the state-approved *BCPS- K-12 Comprehensive Research-Based Reading Plan (CRRP)*, approved by the FL-DOE. The CRRP will provide teachers a systematic framework for literacy instruction, and will align all departments to focus on the teaching of reading and writing throughout all areas of the curriculum. The Language Arts program will reflect critical and creative thinking and a harmonious balance of its several components, including reading, writing, speaking, listening and viewing. Teachers will address all Common Core State Standards for Language Arts and Literacy instruction and will prepare students for mastery of those standards. It is the intention of the Applicant that all students will be well accomplished in all aspects of reading to ensure they are successful in whatever career they pursue.

The ELA content will include, but not be limited to, the study and interpretation of traditional and contemporary literature, application of the writing process, formal grammar and usage in preparation for the, PARCC and other common core standardized assessments, PSAT, SAT, and ACT sections of Writing and English. Effective use of speaking and listening skills and higher-order reading skills will prepare our students for the Florida Comprehensive Assessment Test, and those same study skills will enable their success in school and beyond when entering the world of work.

Additionally, the School will implement research-based strategies that have proven successful in teaching reading including, but not limited to, designating an uninterrupted reading block for Reading Instruction

and utilizing state-adopted textbooks and programs. The School will also implement: structured independent reading time, reciprocal teaching methodology, vocabulary development, CRISS (Creating Independence through Student-owned Strategies), Literature circles, differentiated instruction. The school will utilize research based curriculum materials, such as SpringBoard and reading software such as Reading Plus and Teenbiz. The School will also utilize strategies such as graphic organizers and marginal note-taking, to name a few, and will include instruction and implementation of reading strategies in a variety of professional developments.

The School believes learning continues beyond the classroom and therefore home learning will reinforce reading skills taught in the classroom. In addition, the School will promote parental and family involvement in reading by encouraging family literacy practices, and communicating information regarding students' reading progress to parents. The idea will be that reading should take place in the home as well as in the classroom, and parents will be encouraged and instructed as to the creation and encouragement of literacy-rich environments for their children whenever possible.

Furthermore, the Reading Leadership Team (RLT) will design workshops to address the needs of classroom instruction. The Language Arts Department chair and/or when available, the Reading Coach, will meet with the Reading Leadership Team and other grade levels/departments to review assessment data and share best practices and to: provide further intensification, model lessons, offer peer coaching, provide peer observation and deliver additional professional development opportunities to be made available to the faculty. The RLT will also provide classroom support by developing on-site teacher professional development and utilizing reading intervention programs.

Additionally, as part of the English/Language Arts Curriculum, students will enhance writing skills through daily writing assignments in various modes, including, but not limited to, expository, persuasive and narrative. In addition to the elements of focus, organization, support, and conventions, students will also receive instruction in the correct use of standard English conventions (sentence structure, mechanics, usage, punctuation and spelling). Additionally, the School will also strengthen the requirements for quality of details, requiring use of relevant, logical, and plausible support, rather than contrived statistical claims or unsubstantiated generalities, while students learn to create the expectation that relevant supporting detail for clarification of meaning are the expectation for quality writing at all grade levels. Lastly, the Writing curriculum will prepare students in the elements of writing persuasive responses that will well prepare students in the art of Writing.

To that end, all students at the School will be required to write across the curriculum on a daily basis. As part of the Writing program, students will be instructed with SAT and ACT prompts regularly and will be able to respond to them. Additionally, there will be an emphasis on the writing process, amongst all grade levels. Writing will be incorporated across the curriculum through the utilization of the CRISS philosophies and principles as well as the utilization of the practices presented in the critical mass professional development (Reading and Writing Standards and Effective Reading in Secondary Classrooms). Writing will be incorporated across the curriculum during reading instruction to monitor students' learning. These writing strategies may include: reader response logs, two-column notes, perspective journal entries, completing framed paragraphs, or RAFT. (RAFT is essay writing that includes a role, audience, format and a topic, plus a strong verb.) Students writing after reading may include: quick-writes, mapping, brainstorming, essay questions and/or journal entries, writing a summary, developing a learning log entry, writing peer responses, or creating a summary poem. All writing strategies should enhance teaching and learning in the content area classrooms.

A writing journal will be required for all students. Each class will be responsible for an on-going writing project that is embedded within the thematic unit of study. The use of technology in the writing process further enhances the program, as students publish their work. Additionally, the school will utilize the Document Based Questions (DBQ) to assess the ability of each student to work within scientific and historical sources in multiple forms. The secondary DBQ will have a maximum of 8 documents; at least 2 of which will be visuals. The DBQ requires many of the same skills used in developing a research paper - interpreting primary and secondary sources, evaluating sources, considering multiple points of view, using historic evidence, developing and supporting a thesis. Document-based questions consist of Science and Social Studies Learning Standards, themes and concepts. They will focus on critical thinking skills and ask students to make comparisons, draw analogies, apply knowledge to the given data, and require students to apply historic analysis. Additionally, these questions will ask students to take positions on issues or problems and support their conclusions, require students to look at issues from multiple perspectives, require student to apply skills they use as adults, are criterion referenced and employ a scoring rubric.

NOTE: *The School will utilize the curriculum and specific guidelines for Language Arts as proffered by the State. The School further commits to abide by the Sponsor's CRRP, as approved by the State.

Additional details regarding reading plan instruction, for students reading below grade level, is provided in the question included herein towards the end of this section.

Materials:

Some of the curriculum, programs, state-adopted texts, and supplements the School intends to use, to deliver Language Arts instruction and achieve student mastery of the NG SSS (and/or Common Core State Standards, as adopted) include:

- Textbook publishers for Language Arts may include, but are not limited to: Holt, McDougal Littell, Prentice Hall, and Glencoe including (or other state-adopted text as new adoptions are proffered);
- CollegeBoard SpringBoard Curriculum as a supplement;
- Reading Plus software;
- Achieve 3000/Teenbiz
- Supplemental reading materials including, but not limited to: Florida Reading, AMSCO Publication, Florida Coach and Ladders to Success
- Jamestown Timed Readers;
- USA Today Newspapers in Education;
- SAT Advantage as a supplement for Advanced and Honors courses;
- Classroom libraries representing a variety of genres.

The aforementioned curricula and curriculum support materials are all research-based and support the philosophy, goals and objectives of the School.

Mathematics

The purpose of the Mathematics program is to provide instruction for mastery of Common Core State Standards, making students college- and/or career-ready at the conclusion of their High School career. Four years of mathematics are required for high school graduation; however, additional mathematics electives will be made available to students, that they may elect to pursue whenever possible. Students

will be placed in the appropriate Math course on the basis of scores on standardized tests, past performance in classes, and teacher recommendations. The minimum four year recommended sequence will include Algebra I, Geometry, Algebra II and another equally rigorous Mathematics course, in fulfillment of graduation requirements).

The following is a list of Mathematics courses that the School plans to offer* in accordance with student need and interest:

ed and state adopted curriculum and textbooks that is rigorous and standards-based. It is anticipated the School will utilize the following instructional curriculum materials, state adopted textbooks and or supplementary materials for the required courses as follows:

For students who do not excel in mathematics and need remediation, they will be enrolled in an Intensive Math course. The Intensive Mathematics teacher supports the academic mathematic growth by teaching fundamental topics in math to help remediate students' non-mastery of basic foundational math skills. In addition, weekly assessments will be administered to monitor progress. The most important aspect of the Intensive Mathematics course will be that the remediation provided will assist students in grasping concepts in their regular on-grade level math classes. Some of the supplementalresources and programs The School intends to use are, but are not limited toFlorida Coach, Buckle Down, Aleks Online Program, Springboard.

The School's text selection for 2014 and beyond may be modified as per the state and district's text adoption and modifications throughout the duration of the charter.

As previously mentioned, the School will deliver the content/practice Common Core State Standards and address the material outlined in the state course code descriptions for senior high courses. The content standards will encompass the base for instruction by grade level and/or course specific material for the courses previously listed herein this section. The School will also develop students understanding of mathematical concepts and skills by teaching eight Mathematical practice standards to, in essence, engage students in very specific mathematical effective habits. These practice standards include:

- make sense of problems and persevere in solving them;
- reason abstractly and quantitatively;
- construct viable arguments and critique reasoning of others;
- model with mathematics;
- use appropriate tools strategically;
- attend to precision;
- look for and make use of structure; and
- look for and express regularity of repeated reasoning.

Through the implementation of CCSS and via the connections of the mathematical practice and content standards, students will grow their ability to engage mathematics to reason, communicate, and problem

solve (among other things) making them able to remain competitive in an ever changing, fast-paced and technology-rich society. The cultivation of skills and practices will help students develop a mathematical literacy, wherein they will have acquired the mathematical knowledge, problem solving ability, and communication skills required to become a college and/or career ready contributor, and excel in our ever-changing world.

The School will provide quality instruction, high expectations, and consistent standards for all students. The content will be challenging for all students and based on the assumption that all students can achieve high standards if given stimulating opportunities to learn. The School will also infuse literature and technology into Mathematics instruction. This will provide for reinforcement of mathematical terminology, real world applications of mathematical concepts, and organization/visualization of mathematical concepts (e.g. word walls, journals for hypothesizing and/or subsequent reflection of mathematical conclusions, graphing software, interactive white boards, to name a few.)

Additionally, the School will utilize the district pacing guide, if available, or will align the Pearson Prentice, Hold McDougal, Glencoe and anyState adopted textbook to serve as the basis and provide the timeline for instruction and to ensure the course material is taught sequentially, consistently and in a challenging format. Furthermore, the School will ensure courses are delivered with integrity to course content outline and that teachers cover concepts and utilize materials that are appropriate for mastery of the Common Core State Standards. Implementing a standards-based instructional model, the school will provide students a deeper understanding of content rather than a broad base of knowledge. Furthermore, EOC Exams for Algebra I & Geometry, as well as PARCC exams, etc. will be used to assess students in respective Mathematics courses. Upon adoption, the School will implement and prepare students to demonstrate their mastery of CCSS on any other standardized assessments that may be required by the State and/or district.

The School's mathematics curriculum is designed to serve students of all ability levels, and therefore, students in need of remediation or not making adequate progress towards mastery of the Next Generation Sunshine State Standards (and/or Common Core State Standards, as adopted) and/or students with special learning needs (struggling learners, or learners identified as ESE and/or ELL) will have access to supervised study time and tutoring services during non-school hours (e.g. after school, Saturday mornings, etc. and whenever possible, to accelerate and/or remediate student achievement). Additionally, struggling students will receive the additional time and supports they need in order to be successful, as required by State and/or District parameters and guidelines and as prescribed in the student progression plan. Apart from providing any necessary remediation, a learning support system will be utilized to intervene, enabling the School to provide a systematic, timely, and directive program for struggling students.

Anticipated Interventions* - If a student does not pass their respective End of Course Exam, in Algebra or Geometry, the School, in consultation with the student's parent, will implement a Progress Monitoring Plan (PMP) to assist the student to meet state and district levels for proficiency, and with the end goal to have the student receive intervention to remediate deficiency. Remediation will be offered in the aforementioned situations, through a content specific Intensive Mathematics course, and the student will receive targeted tutoring assistance, simultaneous to their mathematics course to be able to later earn the necessary credit for graduation.

In grade eleven and twelve, students are expected to evidence College Readiness through standardized exams such as P.E.R.T. (and/or ACT or SAT), if students are not able to demonstrate college readiness

and subsequently graduate from high school and enter a College without the need for remediation, the School will not have achieved their mission. To that end, Math for College Success (1200410) -0.5 credit and/or Math for College Readiness (1200700) - 1.0 credit, will serve as the remedial course for these students, unless the District and/or State modify this current plan. The course will mirror the competencies of the highest level of College preparatory coursework offered at Broward Community College.

The aforementioned intervention courses are designed to assist students in strengthening their areas of identified need. The classroom teacher examines the student's data, determines the student's areas of strength and areas for improvement, and designs a plan to assist the student in improving mathematically. When appropriate, the classroom teacher and the other support personnel will provide and coordinate the activities to support remediation and mastery of the Common Core State Standards.

Intervention classes will utilize multitude of resources such as technology, peer tutoring, classroom aides, and school volunteers to assist struggling students. Cooperative groups, one-to-one tutoring, and guided instruction will be used to help strengthen the student's area of weakness. Mastery of the Common Core State Standards will be continually monitored. Immediate feedback will be provided and appropriate interventions applied to ensure the individual student's success.

*Note - The intervention explained herein is the current and/or anticipated future practice, however, the School will implement Intensive Mathematics interventions in accordance with the Sponsor's Student Progression Plan, as amended.

The School will also address the needs of advanced learners at all grade levels, via rigorous and relevant coursework offered to students, who by virtue of outstanding abilities, are capable of high performance and require a variety of educational programs beyond those normally provided by the regular school program in order to realize their contributions to self and society. Some of these options within the Mathematics branch include:

- Honors courses;
- Advanced placement program;
- Gifted program;
- Dual enrollment program; and
- Virtual Education.

Technology will also be integrated into the mathematics curriculum to enable students to explore, visualize, solve, and better describe the concepts they are learning. Graphing software, calculators, computers, and interactive white-boards are some of critical technology tools that will be used as part of an effective mathematics program. In addition, the School may utilize specific software to support the teaching and learning of mathematics, such as Carnegie Learning's Cognitive Tutor Programs and Gizmos, to name a few.

Science:

The Purpose of the Science program is to provide students with a broad knowledge of scientific concepts and establish a solid foundation for students to pursue postsecondary education. All science courses and science curriculum content is inquiry-based and hands-on in nature. The Science curriculum will be aligned with the Next Generation Sunshine State Standards as well as will address the Common Core State Standards for Science Literacy, which will include strategies such as wide reading from

complex texts, emphasize text-specific complex questions, and provide extensive research and writing opportunities.

Furthermore, the School will utilize the Sponsor's *Curriculum Pacing Guides*, to ensure the course is taught in alignment to respective NGSSS Benchmarks, with integrity to course content outline, and within the appropriate timeframes to address all required NGSSS and Common Core State Standards for mastery. Students are required to complete a minimum of three credits of high school science for graduation. After the completion of the core courses, it is recommended that students continue to take at least one science course per year from the electives list. At minimum, 3-years of Science are required and will include: Physical Science, Biology I, and Chemistry OR Physics OR an equally rigorous Science course to meet the graduation requirement. However, the School will encourage students to earn 4 credits in science.

The following is a list of Science courses that will be offered, in accordance with student need, interest, and capability:

Note:

**This list of courses is indicative of the courses the School intends to offer once fully established, as a Doral High School. The School intends to begin with a modest albeit healthy course options and will increase offerings in accordance with student need, interest, demand and district, state and federal mandates and guidelines, always with student's best interest in mind.*

***Placement decisions for courses will occur taking several factors into consideration. Some listed prerequisites for aforementioned courses might be considered "soft prerequisites" as other factors may inform placement decisions for certain non-required electives, advanced coursework, etc. (This soft*

"prerequisite" caveat does not apply to courses which are by "membership in a program" such as gifted .)

Instruction in the aforementioned courses will emphasize the important role science plays in both acquiring a new body of knowledge and mastering a scientific approach to problem solving. Students will be engaged in science inquiry, constructing an understanding of science concepts through their own investigations and analyses using laboratory equipment. Science instruction at the School will be riddled with questions designed to stimulate higher-order thinking by students. Instructors will promote discussion about the increasingly international context of scientific activity, its impact and limitations, and the continuous evolution of scientific knowledge.

Additionally, the school will utilize the Document Based Questions (DBQ) to assess the ability of each student to work within scientific sources in multiple forms. The secondary DBQ will have a maximum of 8 documents; at least 2 of which will be visuals. The DBQ requires many of the same skills used in developing a research paper - interpreting primary and secondary sources, evaluating sources, considering multiple points of view, using scientific evidence, developing and supporting a hypothesis. Document-based questions will consist of Science Learning Standards, themes and concepts. They will focus on critical thinking skills and ask students to make comparisons, draw analogies, apply knowledge to the given data, and require students to apply scientific analysis. Additionally, these questions will ask students to take positions on issues or problems and support their conclusions, require students to look at issues from multiple perspectives, require student to apply skills they use as adults, are criterion referenced and employ a scoring rubric.

Instruction will also teach the need for safety, and appropriate safety measures, protocols, precautions, and procedures for the Science classroom and “experiment-rich” environments. The procedures that ought to be taken when conducting experiments (use of goggles, handling chemicals, etc.) and safety protocols will be adhered to and taught to students. All labs will be conducted in a safe environment (e.g. with access to eyewash and use of goggles for teachers and students, as appropriate) and safe storage guidelines will be taught and adhered to, as well as appropriate disposal of chemicals will be taught and done by approved contractors.

Classroom teaching strategies will emphasize active learning, both individually and in groups. Students will be introduced to problem solving, communication, and reasoning through experiments, modeling, investigations, and real-world applications. The instruction will include the use of manipulatives, discovery method, inquiry, higher-order thinking skills, technology, context-based problem-solving activities, cooperative-learning groups, and verbal and written communication. Furthermore, assessment will be an integral part of instruction, consistent with the content, goals, and instructional design of the course. Assessments will encourage multiple approaches and make use of diverse forms and methods of assessment. Assessments will probe students’ abilities to demonstrate depth, flexibility, and application of learning, as well as provide information on students’ progress and learning needs.

All science coursework is designed to promote a sense of inquiry through laboratory experiences and to further develop critical thinking skills. Students are guided in the nature of science, the implementation of scientific habits of mind, the application of scientific knowledge, methodology, and the historical context of science. Emphasis will be placed on the use of laboratory techniques, terminology and relationships between scientific and mathematical disciplines. The science curriculum is aligned with Science NGSSS which are “world-class science standards” that reflect the conceptions of coherence,

focus, and rigor promoted by the American Diploma Project (ADP) and the TIMSS framework. The science courses will address, at minimum, the following four (4) Bodies of Knowledge: Nature of Science, Earth and Space, Life Science and Physical Science.

Additionally, the school will also teach for mastery of the Common Core Reading and Writing Literacy Standards in Science, which fall under the following:

Reading:

- Key Ideas and Details;
- Craft and Structure;
- Integration of Knowledge and Ideas; and
- Range of Reading and Level of Text Complexity.

Writing:

- Text types and Purposes
- Production and Distribution of Writing;
- Research to Build and Present Knowledge;
- Range of Writing.

The required science courses of Physical Science, Biology, and Chemistry (or Physical Science) will prepare students to develop sophistication in their abilities and understanding of scientific inquiry. Investigations will derive from questions and issues that have meaning for students, such as current events and technology-related problems. Student manipulation, analysis, and interpretation of data strategies will be modeled by science teachers and practiced by students. Determining the range, mean, and mode values of the data, plotting the data, developing mathematical functions, and looking for anomalous data are all examples of analyses students may perform. Small group discussions, peer review, posing alternative scientific explanations, discussing sources of experimental error, labeled drawings, writings, and concept mapping will also be used by students to develop their scientific explanations. These, in turn, will be the baseline for instruction as teachers help students construct explanations aligned with scientific knowledge, as well as helping them evaluate their own explanations and those made by scientists.

Through appropriate science instruction in this area, students will be able to:

- Conduct investigations to explore new phenomena, check previous results, and test and compare theories.
- Understand the implications and process of new scientific ideas, the importance of scientific responsibility, and the value of technology.
- Discuss that the laws of the universe can be discovered through systemic study.
- Understand the role of scientists in society to understand matters of public concern.
- Understand that those who engage in design and technology to solve problems and apply practical scientific knowledge.

Research-Based Materials:

Some of the curriculum, programs, texts, and curriculum supplements the School intends to use to deliver Science instruction and achieve student mastery of the NGSSS (and/or Common Core State Standards, as adopted) include:

- State-adopted textbooks, proven effective and selected according to the content to be delivered from publishers, such as: Holt, Prentice Hall; Glencoe;
- Achieve 3000/Teenbiz
- Facts on File - Extensive on-line resources and curriculum related databases. (e.g. Science On-File, Genetics On-File, etc.);
- Web-based simulators and online videos (e.g. *BrainPop*, *Discovery Learning*, *Gizmos*);
- SIRS – Full-text articles and Internet resources for credible information on social issues, science, history, etc. and representing respected domestic and international publications organizations (teachers can also search for resources by state standard); and
- Calculator-based laboratories and probes.

Specific strategies will be implemented to increase awareness of Science programs and initiatives as well as to ensure student success and mastery of Next Generation Sunshine State Standards and Common Core State Literacy Standards, as follows:

- Commit to hands-on science learning experiences- science teachers will incorporate at least 75 minutes of laboratory experience per week into their instruction;
- Review of labs by lab write-ups after each lab completed;
- Encourage development of science clubs as well as honor societies, and Career Shadowing experiences;
- Encourage students to participate in hands-on activities such as those proposed in SECME;
- Allocate time for Science and mathematics teachers to plan and work together to plan the integration of science and mathematics to support the curriculum of their specific courses (e.g. mathematics and science teachers at the School will include meaningful mathematics and science projects that emphasize the content strands and can be incorporated into classroom and home learning assignments);
- Integrate technology and literacy (e.g. CRISS strategies for mathematics and science) as a part of their effective teaching strategies;
- Utilize current research-based programs and high quality materials with documented success;
- Inform the community and the parents about the curriculum, assessment, and courses necessary to pursue various career options through a Family Math/Family Science and Technology Night, and/or a Career and College Fair; and
- Inform parents and the community about the Third Mathematics and Science Study-Repeat (TIMSS-R) data, relationships, and implications to various assessments.

Social Studies

The overarching goal of the social studies program will be to prepare students to be knowledgeable, informed, and active citizens in an increasingly diverse community, nation and interdependent world. The main purpose of the Social Studies program will be to promote civic competence and ensure that the values and ideals that have shaped our democratic nation continue to be instilled in our youth. Students will be required to successfully complete three credits of Social Studies in fulfillment of graduation requirements. As follows: World History 1.0, United States History 1.0, and United States Government 0.5, and Economics 0.5. However, the School encourages 4 credits be earned in Social Science.

The following is a list of Social Science courses that will be offered, in accordance with student need and interest:

**This list of courses is indicative of the courses the School intends to offer once fully established, as a Doral High School. The School intends to begin with a modest albeit healthy course options and will increase offerings in accordance with student need, interest, demand and district, state and federal mandates and guidelines, always with student's best interest in mind.*

***Placement decisions for courses will occur taking several factors into consideration. Some listed prerequisites for aforementioned courses might be considered "soft prerequisites" as other factors may inform placement decisions for certain non-required electives, advanced coursework, etc. (This soft "prerequisite" caveat does not apply to courses which are by "membership in a program" such as gifted.)*

The Social Studies curriculum will be delivered via State-adopted and research-based texts, and will address all Social Studies NGSSS and Common Core State Literacy Standards, and with integrity to course content description provided by the State. Furthermore, the School will utilize the Sponsor's Scope and Sequence as a guide for curriculum development and ensure all appropriate content is addressed within a logical and prescribed timeline, and that it is fully addressed for mastery of respective subject area content, as detailed in the state course content descriptions. The school will also teach for mastery of the Common Core Reading and Writing Literacy Standards in History/Social Studies, which fall under the four areas, respectively:

Reading:

- Key Ideas and Details;
- Craft and Structure;
- Integration of Knowledge and Ideas; and
- Range of Reading and Level of Text Complexity.

Writing:

- Text types and Purposes
- Production and Distribution of Writing;
- Research to Build and Present Knowledge;
- Range of Writing.

The Social Studies program will utilize the following best practices to reach this goal:

1. Deliver a rigorous, standards-based (NGSSS) curriculum to positively impact student performance and achievement.
2. Utilize Achieve 3000 weekly to support reading through social studies articles.
3. Increase the in-depth study of topics or content in each social studies discipline and decrease cursory coverage of a lock step curriculum. Deeper understandings help students learn, retain, and apply skills and knowledge.
4. Select the most important content and concepts, the most representative case studies, the most precedent-setting events that students must know and apply to their lives outside of school.
5. Increase activities that engage students in inquiry and problem solving about significant human issues.
6. Increase student decision-making and participation opportunities in school and in wider social, political, and economic affairs.

7. Offer students opportunities to practice participation skills to carry on our democratic republican form of government.
8. Encourage teachers to participate in relevant professional development opportunities, designed to enrich their content knowledge and strengthen their pedagogical approaches to teaching social studies.
9. Utilize quality instructional resources to support the School's social studies instructional program and improve student achievement.
10. Integrate social studies disciplines within the field as well as with other areas of the curriculum.
11. Encourage Social Studies teachers to plan collaboratively with other content areas, especially language arts and mathematics, to ensure that literacy integration and language arts/reading standards are incorporated as well as math skills (e.g. reading graphs, charts and maps, using coordinates).
12. Subject to make the skill a "real-life", practical and applicable learning experience. Tap other District offices, government agencies, community and not-for-profit organizations, and websites such as www.ncss.org, (National Council for the Social Studies) and colleges and universities as support systems to enrich the K-12 social studies instructional program.
13. Increase knowledge and awareness of global issues, ethnic groups and religious groups to help students understand the environment that surrounds them locally, nationally and internationally, (e.g. by committing to offer a Model UN club, and seek to form a partnership with one of the local colleges/universities).
14. Encourage and assist social studies teachers, however possible, to participate and join professional social studies organizations such as Florida Council for Social Studies, National Council for the Social Studies, et. al, and share said information with their departments.

The School will ensure Social Sciences teachers possess a strong background in Social Sciences content and knowledge, enabling them to create a challenging instructional environment that integrates critical thinking, reading and writing skills throughout the social studies curriculum. The Social Studies teacher will also be required to:

- promote multicultural appreciation;
- emphasize geography and current events throughout the curriculum;
- emphasize a global perspective;
- develop skills such as reading maps, charts, and graphs;
- use a variety of learning strategies in the instructional program;
- encourage the examination of controversial issues;
- use a variety of teaching materials and resources;
- assist students in conducting research;
- utilize technology to enhance the instructional program;
- use a variety of assessment techniques to evaluate students' progress;
- establish a positive teacher-student relationship; and
- encourage parental involvement.

In agreement with the Sponsor, the School acknowledges content area teachers, secondary social studies teachers, in particular, often struggle with how to manage the overwhelming amount of information that is in their textbooks. Given this fact, social studies teachers will be encouraged to adapt an attitude of "purposeful abandonment" and ensure the course content as presented by the State and all respective Next Generation Sunshine State Standards (and/or Common Core State Standards, as adopted), including specific concepts and knowledge, can be retained, understood and mastered, as identified for their specific course.

Additionally, the school will utilize the Document Based Questions (DBQ) to assess the ability of each student to work within scientific and historical sources in multiple forms. The secondary DBQ will have a maximum of eight documents; at least two of which will be visuals. The DBQ requires many of the same skills used in developing a research paper - interpreting primary and secondary sources, evaluating sources, considering multiple points of view, using historic evidence, developing and supporting a thesis.

Document-based questions consist of Social Studies Learning Standards, themes and concepts. They will focus on critical thinking skills and ask students to make comparisons, draw analogies, apply knowledge to the given data, and require students to apply historic analysis. Additionally, these questions will ask students to take positions on issues or problems and support their conclusions, require students to look at issues from multiple perspectives, require student to apply skills they use as adults, are criterion referenced and employ a scoring rubric.

Further, the School will make a special effort to address a variety of cultures and times and analyze their interaction in the modern world. Lessons will be designed to teach students to effectively analyze historical evidence, use sources effectively, detect potential bias in resources due to cultural influences, and argue empathetically. Thematic units will be designed that integrate the various subjects and address the four key areas of the social studies curriculum: Time, Continuity, and Change (History); People, Places, and Environments (Geography); Government and the Citizen (Civics and Government); and Economics. Additionally, the School will include the following social studies topics in the social studies curriculum:

- Religion Studies;
- African-American History Requirement;
- Holocaust Studies;
- Hispanic Contributions to the United States Requirement;
- Women's Contributions to the United States Requirement;
- Veterans Contributions Recognition;
- "Celebrate Freedom Week"- Instruction shall be in accordance with Florida Statutes and district guidelines in an effort to encourage patriotism; and
- Character Education.

Research-Based Materials:

Some of the state adopted texts and curriculum supplements the School may use to deliver Social Studies instruction and achieve student mastery of the NGSSS (and/or Common Core State Standards, as adopted) include:

- State-adopted textbooks, proven effective and selected according to the content to be delivered from publishers such as: Prentice Hall - Connections to History and Comparative Politics today; Houghton Mifflin -Western Society; Magruder's - American Government and Government by the People; and American Passages and America Past and Present;
- Grolier Online – providing quick access to encyclopedia articles, web links, and full-text periodical articles and rich multimedia databases (e.g., Encyclopedia Americana, Grolier Multimedia, New Book of Knowledge, America the Beautiful, etc.);
- Discovery Learning and BrainPop, Webquests, Podcasts;

- Florida eChoices - The career exploration and information system from bridges.com for the State of Florida;
- Facts on File - Extensive resources and curriculum related databases, such as American Women's History, World History On-File, African American History On-File, Geography On-File, et.al; and
- SIRS - SIRS Knowledge Source (SKS) provides full-text articles and internet resources for credible information on social issues, science, history, etc. and representing respected domestic and international publications organizations. Teachers can also search for resources by state standard on social issues, science, history, government, the arts and humanities, etc.

Additionally, the School will also address the specific needs of learners via an individualized approach for the placement of students in courses. The School will consider test scores, academic history, state and district requirements, and teacher recommendations when placing students, always for the benefit of the student and always encouraging students to pursue the most challenging coursework in which he or she can be successful. That is to say, students will be counseled as to course recovery options, individually and by a school counselor, who is aware of all options and scheduling nuances, as well as the respective anticipated results of recovery options. For example, in most cases, students may elect to repeat a course if the schedule permits, but scheduling can become a challenge if the student is enrolled in intensive coursework. A student could also repeat the course via Adult Education and/or through Florida Virtual School, to recover a mandated course credit, as necessary.

The School will use the PSAT scores (students will take PSAT in 9th and 10th grade), subsequent CollegeBoard AP Potential, scores of A or B in English, and other standardized assessments results to identify students who have a demonstrated potential for success in advanced coursework. By virtue of student initiative and/or virtue of outstanding abilities, students may also be identified for advanced Social Studies coursework. The School will therefore offer differentiated educational programs beyond those normally provided by the regular school program in order to realize potential student contributions to self and society.

Some of these options within the social studies branch include:

- Honors courses;
- Advanced placement program;
- Dual enrollment program; and
- Virtual Education Course

B. Describe the school's reading curriculum. Provide evidence that reading is a primary focus of the school and that there is a curriculum and set of strategies for students who are reading at grade level or higher and a separate curriculum and strategy for students reading below grade level. *The reading curriculum must be consistent with effective teaching strategies and be grounded in scientifically-based reading research.*

Reading is a critical portion of Florida's education system and the law requires it be a "primary focus" of all school curricula. The School will support the *Just Read, Florida! Initiative* in assisting all students in becoming successful, independent, and comprehensive readers by adopting the BCPS Comprehensive Research-Based Reading Plan (CRRP) to provide teachers with a systematic framework for literacy instruction. The goal of all instruction is to improve student achievement through mastery of the

CCCSS and/or NGSSS in the content areas, as adopted by the state. Reading programs alone cannot accomplish the task of moving students to achieve mastery with grade level text. Schools need to use research-based strategies that are systematic, explicit, scaffolded, differentiated, and print-rich and that are compatible with the instructional goals in the district's Comprehensive Research Based Reading Plan Programs.

Student Placement:

The decision to participate in Intensive Reading Class will be made in accordance with the District's CRRP by student's performance on the 2014 Reading FCAT 2.0 and data from diagnostic assessments such as the District's Interim Assessments and State assessments like the FAIR, progress monitoring, and teacher recommendations. In subsequent years, those students who do not demonstrate proficiency in the state adopted assessment will also be required to participation in an intensive reading plan. To further elaborate, the K-12 CRRP requires each school to conduct a screening and diagnostic process to identify appropriate placement of Level 1 and Level 2 students in reading classes to be completed prior to the end of the school year. The K-12 CRRP also requires a daily double block for all students who have reading deficiencies in decoding and fluency (Intensive Reading Plus). Some high achieving FCAT Level 2 students as per the CRRP may attend either an Intensive Reading or a homogeneously grouped language arts course, in which the language arts teacher instructs the reading course, while infusing the language arts benchmarks into the course. The criteria are based on FAIR.

To that end, the School intends to implement, as necessary, based on student data, the following programs as detailed below, and within District guidelines for placement, will deliver research based-programs and quality NGSSS-driven instruction. Students at the School who achieve a Level 1 or 2 on FCAT and or the state adopted assessment in subsequent years, will complete an intensive reading course. Passing scores on FCAT and concordant scores on other assessments will not be used to exempt students from required intensive reading courses.

Students who do not meet the state standard in Reading proficiency and who have intervention needs in the areas of decoding and/or fluency will have an extended block of reading intervention, either through a double block of intensive reading or by blocking together a class of "Intensive Reading" with another subject area class. This block of time will be taught by the same teacher, and said teacher will be highly qualified to teach reading or working toward that status (pursuing the reading endorsement or K-12 reading certification. Classroom infrastructure will be at a ratio of no more than 25:1, and have appropriate and adequate CIRP and SIRP materials (detailed below) to address learner needs.

Furthermore, the reading intervention course will include daily:

- whole group explicit instruction;
- small group differentiated instruction;
- independent reading practice monitored by the teacher;
- infusion of NGSSS benchmarks specific to the subject area blocked with the intensive reading course (biology, world history, etc.); and
- a focus on informational text at a ratio matching FCAT.

The School will progress monitor those students not meeting state proficiency levels, through internal data, at least a minimum of three times per year. This will include a District Benchmark Assessments such as BAT.

Reading instruction will utilize a Comprehensive Intervention Reading Program (CIRP) to address multiple areas of reading, with the aim of accelerating growth in reading to ultimately achieve, at minimum, grade level proficiency. Similarly, the use of Supplemental Intervention Reading Programs (SIRP) will assist to provide instruction in one or more areas of reading skill, as the use of SIRPs is

intended for flexible use as part of differentiated instruction or more intensive interventions to meet student learning needs in specific areas (oral language, phonological awareness, phonics, fluency, vocabulary, and comprehension). All skills and strategies will align with grade appropriate Next Generation Sunshine State Standards (and/or Common Core State Standards, as adopted) and specifically those that will be assessed on the state adopted accountability test. Intensive Reading teachers will be certified, Reading endorsed, or working towards said endorsement by completing at least two courses of the six reading endorsement competencies per year.

The CIRP includes instructional content based on the six essential components of reading instruction (oral language, phonological awareness, phonics, fluency, vocabulary and comprehension). CIRPs are used to accelerate growth in reading with the goal of returning students to grade level proficiency. Teachers will place students in intervention programs based on data.

Those students not meeting proficiency, as established by the state, regardless of whether they are fluent, will be placed in the appropriate intensive reading class. The following four courses in high school will offer the intensity of instruction needed to address student needs:

1. Intensive Reading Plus (IR+): FCAT 2.0 Level 1 and 2 (or not meeting state proficiency standard as adopted by the state) students who are non-fluent and in need of decoding, fluency, vocabulary, and comprehension instruction = minimum of 90 minutes daily.

The School will provide an Intensive Reading Plus class for students who are non-fluent and in need of instruction in decoding and fluency. Students in high school who are non-fluent will be provided a daily literacy block. This literacy block will focus on explicit phonics and fluency instruction in order to improve decoding and fluency. The literacy block will include one period of Intensive Reading “Plus” back-to-back with one period of Language Arts taught by the same teacher. In order to provide sufficient opportunity to remediate these deficits, the students enrolled in the Intensive Reading “Plus” literacy block will receive a greater allotment of instructional time.

2. Intensive Reading (IR): FCAT 2.0 Level 1 and 2 (or not meeting state proficiency standard as adopted by the state) students who are fluent and in need of vocabulary and comprehension instruction = minimum of 55 minutes daily or 90 minutes every other day.

The School will provide an Intensive Reading class for students who are fluent and in need of vocabulary and comprehension instruction. This class will focus on effective reading strategies and differentiated instruction that reinforces whole group instruction and provides opportunity for intervention within the classroom context.

3. Intensive Reading Enrichment (IR-EN) This course will be required: FCAT 2.0 Level 2 (or not meeting state proficiency standard as adopted by the state) students who are fluent and in need of vocabulary and comprehension instruction at a higher level=minimum of 55 minutes daily or 90 minutes every other day.

In addition to the Intensive Reading (IR) course, the School will provide an Intensive Reading Enrichment class for high FCAT 2.0 Level 2 (or not meeting state proficiency standard as adopted by the state) students and students who have regressed. The class will focus on specific reading strategies targeted to enrich the level of instruction to significantly improve students’ vocabulary and comprehension achievement using selected grade level text and novel units.

4. Intensive Reading for 11th/12th Grade Retakers: Level 1 and 2 students who have not met the graduation requirement and in need of reading instruction=minimum of 55 minutes daily or 90 minutes every other day.

The School will provide an Intensive Reading class for students who have not met the graduation requirement and in need of vocabulary and comprehension instruction. This class will focus on effective reading strategies and differentiated instruction that reinforces whole group instruction and provides opportunity for intervention within the classroom context.

Students in 11th and 12th grade who have not met the reading graduation requirement must be enrolled in an Intensive Reading class in addition to the regular English class.

Students in grades 11 and 12 who have met the graduation requirement, but whose developmental FCAT Reading score falls within level 2 (1926-2067) will receive reading intervention in the English class. The teacher will provide differentiated instruction based on student assessment data to improve reading proficiency.

Schools will utilize the following CIRPs in high school reading classes:

- Hampton Brown Edge Levels A (grade 9) and B (grade 10) - Intensive Reading Plus classes;
- Springboard
- Sun Sentinel - 11th and 12th Grade Retaker classes.

Schools will utilize the following CIRPs in the high school Developmental Language Arts Through ESOL classes:

- Hampton Brown Edge Fundamentals - ESOL Level 1
- Hampton Brown Edge Level A - ESOL Level 2
- Hampton Brown Edge Level B - ESOL Level 3
- Hampton Brown Edge Level C - ESOL Level 4

Supplemental Intervention Reading Programs (SIRP)

Supplemental Intervention Reading Programs provide instruction in one or more areas of reading skill. They are intended for flexible use as part of differentiated instruction or more intensive interventions to meet student learning needs in specific areas (phonological awareness, phonics, fluency, vocabulary, and comprehension). They may be used with almost all students in the class in the event that the Comprehensive Intervention Reading Program (CIRP) does not provide enough instruction and practice in a given area for the majority of the students in the class or to provide targeted, intensive interventions for smaller groups of struggling readers. These programs provide targeted instruction designed to fill in gaps in student knowledge or skill. These programs can be used to provide additional instruction, additional practice, or both.

Materials:

The School will utilize one or more of the following SIRP materials in reading classes: Reading Plus, Springboard, and SIPPS (Systematic Instruction in Phonemic Awareness, Phonics and Sight Words). Supplemental Intervention Reading Programs are intended for flexible use as part of differentiated instruction, or in more intensive interventions to meet student-learning needs in specific areas (oral language, phonological awareness, phonics, fluency, vocabulary, and comprehension). Within these groups students will receive supportive comprehension instruction with scaffolding as necessary that

focuses on using grade level text to explicitly address text complexity. The ultimate goal is to have students read independently grade level text.

Instructional Models

Guided by teacher instructions, reading/literacy teachers will model effective reading strategies and guide students through pre-reading, during reading, and post-reading techniques that will strengthen metacognition and self-monitor their own comprehension.

- **Systematic, Direct and Differentiated Instruction-** Based on the research, teachers will use systematic, direct and differentiated instruction in their curriculum delivery while implementing the above mentioned research-based strategies as follows:
 - **Systematic instruction** will involve a carefully designed sequence plan for instruction. The plan for systematic instruction is carefully thought out, strategic and designed before activities and lessons are developed. Systematic instruction is clearly linked within, as well as across, the six elements of reading instruction (oral language, phonemic awareness, phonics, fluency, vocabulary, and comprehension). For systematic instruction, lessons build on previously taught information, from simple to complex, with clear, concise student objectives that are driven by ongoing assessment. Students are provided appropriate practice opportunities, which directly reflect instruction.
 - **Direct instruction** is an instructional approach that utilizes explicit and structured teaching routines. A teacher using direct instruction models, explains, and guides the students through extended practice of a skill or concept until mastery is achieved. The lessons are fast paced, students are academically engaged, and teachers are enthusiastically delivering instruction. Direct instruction is appropriate instruction for all learners, all five components of reading, and in all settings (whole group, small group, and one-on-one).
 - **Differentiated Instruction** meets the demands of the differing learning abilities in the same class. For optimal instruction, students will be grouped in various ways and in flexible setting to accommodate varying reading levels and learning styles. Teachers will utilize the methods of whole-group instruction, small-group instruction, individual instruction, and independent reading to address the various needs of the students.
- **Print-Rich Environment** - Each reading class will maintain a classroom library to include a collection of quality literature that includes material written at varying reading levels and in a variety of genre forms, inclusive of both fiction and nonfiction. This collection will offer students reading material that will support their individual interests and abilities. Frequent successful reading experiences using appropriate texts will provide the opportunity to improve their reading proficiency with regard to fluency, vocabulary, and comprehension. The books in the classroom library will be attractively displayed to exhibit an inviting accessibility to all students. Teachers will organize classrooms to afford students ample opportunities for, and easy access to reading materials during literacy center time within the daily reading block. (e.g. Word Walls)
- **Sustained Silent Reading** - Increments of independent, sustained silent reading will be included in the reading classroom. Reading material will be self-selected, and will encourage students to build stamina for increasingly longer and more challenging text. Teachers will monitor for engagement via reading logs, reaction journals, text talk, book passes or story summaries, to help students make connections to text.

The Reading Leadership Team:

The school will establish a Reading Leadership Team, with the purpose of creating capacity of reading knowledge within the school building and focusing on areas of literacy concern across the school. The principal selects team members for the Reading Leadership Team (RLT) based on a cross section of the faculty and administrative team that represents highly qualified professionals who are interested in serving to improve literacy instruction across the curriculum. The team will meet monthly throughout the school year. School Reading Leadership Teams may choose to meet more often. The RLT maintains a connection to the school's Response to Intervention process by using the RtI problem solving approach to ensure that a multi-tiered system of reading support is present and effective. The principal, reading coach, mentor reading teachers, content area teachers, and other principal appointees should serve on this team, which should meet at least once a month.

The administrative team will conduct classroom visitations, monitor lesson plans and ensure that reading strategies are implemented across (if applicable) the curriculum. Teachers who are in need of assistance will be supported by reading coordinators. In addition, all faculty members must address strategies for reading instruction in their annual Individual Professional Development Plans (IPDP). These strategies must be constantly updated based on the results and analysis of progress monitoring in reading.

The Reading Leadership Team will meet monthly to:

- Meet to discuss and disaggregate student data;
- Review, plan and assess the professional development needs of staff related to reading instruction based on student performance data;
- Develop an action plan that addresses curricular and professional development needs as they relate to the implementation of the reading plan; and
- Plan and promote school-wide literacy events, among other things.

The principal will actively promote school-wide literacy reform by:

- Including representation from all curricular areas on the RLT;
- Selecting team members who are skilled and committed to improving literacy;
- Offering professional growth opportunities for team members; creating a collaborative environment that fosters sharing and learning;
- Developing a school wide organizational model that supports literacy instruction in all classes; and
- Encouraging the use of data to improve teaching and thus impact student achievement.

Language Arts Department Heads, and/or Reading Coaches, when applicable, will analyze progress monitoring data on a quarterly basis. As student data are collected and analyzed, these data will be used to identify specific areas in which teachers can benefit from additional professional development opportunities. Assessment data will indicate areas where improvement is needed in instructional methods, practices and necessary interventions, thereby allowing for focused professional development (including site-based modeling and coaching).

Data Collection and Analysis: The School's The Reading Leadership Team will compile progress monitoring data on a quarterly basis (or when available) and will disaggregate the results. Classroom instruction will be designed to address the deficiencies shown by data analysis and progress monitoring (incorporating classroom assessments) will be used to measure effectiveness of such.

Progress Monitoring:

The principal will monitor collection and utilization of assessment data, including progress monitoring data (FAIR Assessments), District Interim Assessment data, observational data, and in-program assessment data. Progress monitoring and interim data will be collected a minimum of three times per year. Observational data is collected via principal classroom walk-throughs. In-program assessments will be administered as the program dictates (weekly or monthly). This data will be used to determine intervention and support needs of students by:

- participating in the Data Analysis Team meetings after each FAIR assessment period,
- analyzing the progress monitoring data with reading coach, directing the reading coach to meet with grade level/departments to review their progress monitoring (FAIR) data,
- monitoring that the reading coach uses the data to differentiate teachers support as evidenced by the coach's log, daily/weekly schedule, classroom visitations, and
- monitoring the teacher's use of data driven instruction during classroom visitations.

The School will utilize the Florida Assessments for Instruction in Reading (FAIR) as a progress monitoring tool. Students will be progress monitored three times per year using the Florida Assessments for Instruction in Reading (FAIR). In addition, teachers will keep data portfolios, or folders, of student assessment results and progress in their classrooms to provide additional data of student progress for district and school-based monitoring. The School will also utilize the District's Quarterly Interim Assessments as a means to progress monitor.

The School will know the Reading Plan is effective by obtaining quality results on the Sponsor's Interim Assessments, which has proven to be highly predictive of FCAT success. Results will be used to modify instructional practices, interventions, and for the use of differentiated instruction. Subsequently FCAT examinations will dictate whether or not the School has met prescribed goals and objectives and will clearly indicate whether or not students have made a year's worth of learning gains in a given year.

NOTE: The Sponsor's CRRP, as referenced above, reflects current policies and procedures adopted by the Sponsor. The School hereby agrees to adopt and implement the Sponsor's policies and procedures with respect to the CRRP, as amended from time to time.

C. Describe proposed curriculum areas to be included other than the core academic areas.

The following elective courses will be offered to enhance the curriculum and/or in fulfillment of course requirements.

World Languages:

The School recognizes that the growing international interdependence among nations and the pluralistic nature of the world demands that the United States develop citizens with sound understanding of international and cross-cultural issues, and with the ability to communicate in more than one language.

Two years of language other than English will be offered, to afford students the opportunity to meet the foreign language entry requirement for state university system and become eligible for the State of Florida's Bright Future's Scholarship. Reading, speaking, and writing a language other than English will not only encompass enhancing students' functional ability with the language, but also will focus on viewing and using the knowledge of another world language as the gateway to the understanding and

appreciation of another culture. Additionally, language courses will aim to reinforce and build grammar, vocabulary, comprehension and critical thinking skills that can be transferred to the English language

To that end, all language courses will be delivered via State-adopted and research-based texts, and will address all language NGSSS (and/or Common Core State Standards, as adopted). Further, the School will ensure all state mandates and standards are addressed and that course content for language courses is delivered as specified in the course content description provided by the State, with fidelity.

According to research, foreign language study is associated with increased cognitive skills, higher achievement in other academic areas, and higher standardized tests cores (Janice Cooper, Education Research Analyst, 2005). Students who took a foreign language in high school scored significantly higher on the verbal scale of the Scholastic Aptitude Test. Those from lower socioeconomic backgrounds who studied a foreign language performed “basically just as well as their . . . peers” (Thomas Cooper, 1987. Foreign Language Study and SAT Verbal Scores. *The Modern Language Journal*, 71(4), 381-7). Additional reasons for foreign language study include global economic competition. “While only 44% of four high school students are studying a foreign language, learning a second or even a third foreign language is compulsory for students in the European Union, China, Thailand and many other countries” (Spellings, Margaret. January 6, 2006 Speech to the U.S. University Presidents Summit on International Education).

Special Areas and Electives

The focus of instruction for benchmarks that address multiple forms of communication (e.g., listening, speaking, writing, or reading) should be on the achievement of speaking and listening competencies. The focus of instruction for benchmarks that address writing should be on recognizing and producing letters of the alphabet and special characters necessary for reading or writing, as well as the formation and syntax of ideographic/special characters or sentences.

The following is a list of courses that the school intends to offer, however with the possibility of additional or alternate language coursework upon considering student need and interest:

Course Title	Grade Level	Credit	Prerequisites
Spanish I for Non-Speakers	9-12	1	
Spanish II for Non-Speakers	9-12	1	Spanish I for Non-Speakers

The Arts:

The School will apply an approach of global interpretation and understanding of the arts for its students, analyzing the common traits and differences of artistic expression across cultures, discovering the cultural values of civilizations reflected in their works of arts, and understanding the relationship between ideas and arts across the globe.

Both visual arts and performing arts will be elements of the curriculum. Students will be taught to identify particular creative abilities and to master techniques appropriate to particular forms of expression, developing their own imagination and skills. Works of art that have proven to be of enduring worth will be used throughout the program of arts instruction. The School will be organized around the “creative cycle” wherein an exploration of the arts will focus on “creative energy, communication, interaction, and reflection.”

Physical Education:

The School’s physical education program will center on teaching students to cultivate a healthy and active lifestyle. Students will develop the motor skills necessary to participate successfully in a variety of physical activities, and will learn the benefits of a regular exercise regime. The physical education program will also expand beyond the school grounds, allowing students to experience and appreciate a wide range of physical activities outside of school, and will be structured to include opportunities for forms of self-reflection, communication, and teamwork.

The following is a list of courses that will be offered, in accordance with student need and interest:

Practical Arts/Technology:

Courses in practical arts will provide planned, specialized instruction designed to prepare students to enter employment, to make career progress, and to refine prescribed competencies required for employment in a cluster of business occupations or in a specific occupation chosen as a career objective. Courses will prepare students for jobs in a variety of fields such as Management and Supervision, Accounting, Finance and Computer Technology, Web Design, etc. Students are provided with concrete experiences through the study and use of technological tools, materials, systems, and processes. The school recognizes that instructional technology can facilitate learning and enhance the curriculum itself. All members of the school, including parents, will benefit from the success of the technology plan. The teachers will improve their lesson plans and delivery methods. The students will have the opportunity to be exposed to and to learn an enhanced curriculum with all the additional tools for computation and visualization.

The School, in an effort to maximize student exposure to the latest technology can, equip its classrooms with multi-media, high-speed computers and other hardware with high-speed Internet access. In addition to technology utilized in elective courses listed below, the School will utilize SMART, Promethean and Mimio boards. Additional equipment can be integrated with best practices to enhance the technological exposure of the students such as the purchase of document cameras, various integrated learning systems and professional development related to such systems, plus other hardware and peripherals to increase staff, teacher, parent and student access to a wide range of advanced equipment that facilitates operations, improves instruction, and encourages the use of 21st Century technology.

Such integration of technology throughout the curriculum requires policies are in place to promote safe, ethical, and appropriate use of such technology in compliance with legal and professional standards. Therefore, a policy for the acceptable use of the Internet as a tool for learning will be included in the respective handbooks produced and agreed to by students and their parents that clearly dictate network etiquette guidelines for such use. Similarly, in the staff handbook, a similar use policy will be included as a reminder of professional standards regarding appropriate use of technology to which the staff must adhere. To establish a policy for the acceptable use of the Internet as a tool for learning, the School will adopt an Acceptable Use Policy for the Exploration and Utilization of the Internet as a Tool for Learning. Students and staff will be provided with network etiquette guidelines in their respective handbooks. Staff will also be reminded of professional standards regarding appropriate use of technology.

The following is a list of courses that will be offered, in accordance with student need and interest:

Additional elective courses may be offered under any of the aforementioned headings to address student's curricular needs.

D. Describe how the effectiveness of the curriculum will be evaluated.

The extent to which the effectiveness of the curriculum can be evaluated will be determined by the achievement of the specific measurable objectives stated herein this application (provided herein section 5) and as written in the School's *School Improvement Plan* in subsequent years beyond year one. Those educational goals and performance objectives target student performance and achievement goals, and provide the expectation that all students are expected to make annual learning gains and demonstrate mastery of Common Core State Standards and Next Generation Sunshine State Standards as applicable.

Further, the educational strengths and needs of students will be determined on an individual and school-wide basis. Analysis on a school wide basis will assist in determining staff development needs, curriculum realignments, and the objectives submitted in the School Improvement Plan. Data is used to understand and improve school effectiveness by targeting benchmarks indicating which students need additional support to master specific grade level skills. An array of educational activities will be integrated into the curriculum to support the goals of the *School Improvement Plan* and enhance the overall academic success and performance of the students the School will serve.

Additionally, the School's commitment to continuous improvement and adherence to the AdvancEd quality standards, as an AdvancEd *Southern Association of Colleges and Schools Council on Accreditation and School Improvement* (SACS/CASI) accredited high school under the Doral Corporate School System umbrella, is required since inception. As a Doral school, the School will be closely and consistently monitored by the governing board, through the president, and the School will annually report on their progress and observance of specific parameters and guidelines set by the Accrediting agency.

Section 5: Student Performance, Assessment and Evaluation

- A. State the school's educational goals and objectives for improving student achievement. Indicate how much academic improvement students are expected to show each year, how student progress and performance will be evaluated, and the specific results to be attained.**

The School will establish educational goals for improving student achievement through Annual Measurable Objectives (AMO) that aim to continuously increase student proficiency from year to year and remain competitive with district/state and local comparable public school's achievement targets.

The AMO's will be realigned annually through the School Improvement Plan as a vehicle for continuous improvement. Furthermore, although the FL-DOE has not yet fully established a state measure for assessing student mastery on adopted CCSS in 2015, the School, in order to demonstrate a commitment to continuous improvement, has included objectives herein that set student performance and achievement goals competitive with local district and state. Notwithstanding, since the school cannot set absolute thresholds at this time for certain objectives (for example in cases where the test has yet to be established such as PARCC) the School commits to realign AMOs, and address absolute thresholds for all state/district assessments (including applicable EOC, etc.) based on actual baseline data, once available.

At minimum, the school has set the following Annual Measurable Objectives:

1. Given school-wide instruction for mastery of *English/Language Arts (E/LA) Common Core State Standards (CCSS)*, the School will meet and/or exceed the District and/or State average (whichever is higher) of students who achieve a passing score (as established by FL-DOE) on the 2014-15 administration of the PARCC Assessment* in E/LA.
2. Given school-wide instruction for mastery of the *Mathematics CCSS*, the School will meet and/or exceed the District and/or State average (whichever is higher) of students who achieve a passing score (as established by FL-DOE) on the 2014-15 administration of the PARCC Assessment* in Mathematics.
3. Given instruction for mastery of *Algebra I CCSS*, at least 55% of students enrolled in the class will demonstrate proficiency as evidenced by earning a passing score on the 2014-15 EOC.
4. Given instruction for mastery of *Biology NGSSS* and *CCS Science Literacy Standards*, at least 83% of students enrolled in the class will demonstrate proficiency as evidenced by earning a passing score on the 2014-15 EOC.
5. Given school-wide instruction for mastery of *Geometry CCSS*, at least 55% of students enrolled in Geometry will demonstrate proficiency as evidenced by earning a passing score on the 2014-15 EOC.**
6. Given school-wide instruction for mastery of *US History NGSSS* and *CCS History Literacy Standards*, at least 50% of students enrolled in the class will demonstrate proficiency as evidenced by earning a passing score on 2015-16 US History EOC Exam. (11th Grade) (Please note - The 50% threshold is derived from the 2013 base field test scale score).
7. Given a school-wide emphasis on increasing learning opportunities for the lowest performing students to ensure adequate progress towards mastery of the NGSSS/CCSS, at least 55 percent of the lowest quartile of students will make learning gains in ELA and Math, as established by the FLDOE in 2014-15 or other state and/or district standardized assessments utilized for State of Florida Accountability Program.

8. Given school-wide instruction for Mastery of *Mathematics CCSS*, at least 55 percent of the lowest quartile students will make learning gains in ELA and Math, as established by the FLDOE in 2014-15 on the 2014-15 PARCC Assessment* or other state and/or district standardized assessments utilized for State of Florida Accountability Program.
9. Given school-wide emphasis on instruction for College and Career Readiness, at least 90% of students will meet the requirements for graduation, upon completion of grade twelve.
10. Given school-wide emphasis on instruction for mastery of *CCSS/NGSSS*, at least 95% of students will participate in Florida's K-12 Statewide Assessment Program, as applicable.
11. Given a quality choice for education the of their child(ren), at least 80 percent of parents/guardians of students enrolled at the School, will indicate a high level of satisfaction with their child's schooling experience as evidenced by positive feedback on Stakeholder Satisfaction Survey administered in the second semester of the 2014-15 school year.
12. Given instruction for mastery of *CCSS/NGSS*, in a College Preparatory environment, the School's average passing rate on the P.E.R.T (or other college readiness exam mandated by the FLDOE) will meet and/or exceed the District and/or State average (whichever is higher) of students who achieve a passing score on the 2015-16 P.E.R.T administration. (You must adjust this year for whenever you will have 11th graders enrolled in accordance with budget).

Note * Although the AMO is written to address PARCC assessments, the School commits to utilize whatever Common Core Standardized assessment (albeit PARCC or any other common core state standards assessment) mandated by the FL-DOE.

Note** The AMO % target was set using the district guideline for establishing FCAT baseline for new schools as per the BCPS Office of School Improvement Data Reports. The AMO for 2014-15, sets a goal to increase the percent of students scoring at Levels 3-5 and reduce the percent of students scoring at levels 1 and 2 by 50% over six years (using 2010-11 BCPS district wide data as the baseline year).

Note*** The absolute thresholds set herein for EOC objectives are based upon current average passing rates for neighboring Florida counties and the overall State average passing rate. The school will adjust this threshold through the SIP, in response to average passing rates during the 2013-14 school year.

All Students are expected to make annual learning gains toward achieving the CCSS and NGSSS as assessed by teacher-made internal pre and post testing in each core course in 2014-15. Due to changes in legislation and state-mandated testing in ELA and Mathematics, the specific thresholds have not yet been determined by the FLDOE for 2015. The school will set an absolute AMO targets for annual learning gains as expected to be established by the FL-DOE in 2014

At the heart of the mission and vision of the organization is the expectation that the School will deliver students who are not only college-bound and college-ready but ultimately college-completers. To that end, the aforementioned AMOs and moreover the School's commitment to complete annual SIP objectives to ensure improvement, demonstrate that the school is committed to improving student performance and achievement; and utilizing student progress and performance as the main indicator of the school's success.

Evaluating Student Performance and Progress – The School will participate in the statewide assessment program created under s1008.22, Florida Statutes. As per the *Student Success Act*, school districts will be expected to administer student assessments that measure mastery of course content for

each course offered, beginning the 2014-2015 school year. Accordingly, the school will use such state and district-adopted as well as school-based assessments to measure student progress toward mastery of the *CCSS and applicable NGSSS* across all grade levels.

The School will implement the Sponsor's testing calendar and performance measurements, with the same frequency of assessments, as amended from time to time in accordance with district and/or statewide assessments. School-based methods of assessing students' mastery of performance outcomes will consider interim progress reports and report cards, facilitator observations, teacher tests and quizzes, attendance rates, teacher-generated exams, midterm and final examinations (EOC's as applicable).

Baseline data will be established, collected, and used to identify the educational strengths and needs of students and rates will be compared to the academic progress of the same students from year to year. All baseline, interim, and standardized testing data will be collected and analyzed each year to measure progress and inform instruction. Academic grades will reflect the student's academic progress based on the competencies/benchmarks for the grade level course in which the student is enrolled. The Interim Assessments to be used are the District's Interim Assessment Tests which include Baseline Assessments in all areas tested by the state as well as assessed in the Fall, Winter and Spring.

Other methods of assessing students' mastery of performance outcomes will include quarterly progress reports and report cards, facilitator observation, teacher tests and quizzes, attendance rates, teacher-generated exams, midterm and final examinations (assessing student performance and progress (see examples under Question E)

B. Describe the school's student placement procedures and promotion standards.

The School will follow the BCPS Student Progression Plan to identify the placement and promotion requirements for all students enrolled at the School. This overview of the policies reflect the most current Student Progression Plan (SPP) available at the time of application submission. The School hereby agrees to adopt the SPP in effect for the 2014-2015 school year and as amended for each year of the charter.

Required Courses for High School Students - It is required that all students in the middle school receive instruction in the state and district grade level objectives and competencies approved in mathematics, language arts/ESOL, social science, science, physical education, and career exploration as well as in a range of exploratory/elective areas (including but not limited to music, art, theatre arts, dance, foreign language, and career and technical education).

High school, grade level placement and promotion ⁴ will be determined as follows:	
To be designated as a 10th grader:	9th grade student must have earned a minimum of four credits, which must include one credit in English/ESOL and/or one credit in mathematics.
To be designated as an 11th grader:	a 10th grade student must have earned a minimum of 9 credits, which must include two credits in English/ESOL, one credit in mathematics, and one credit in science OR one credit in English/ESOL, two credits in mathematics, and one credit in science.

⁴<http://www.broward.k12.fl.us/sbbcpolicies/docs/P6000.1.pdf>

To be designated as a 12th grader:	an 11th grade student must have earned a minimum of 16 credits, which must include three credits in English/ESOL, two credits in mathematics, and two credits in science OR two credits in English/ESOL, three credits in mathematics, and two credits in science.
Note: At least one course within the 24 credits required, must be completed through online learning to meet the digital learning graduation requirement. An online course taken during grades 6 through 8 fulfills this requirement. This requirement may be met through an online course offered by the FLVS, an online course offered by the high school, or an online dual enrollment course, offered pursuant to a district inter-institutional articulation agreement. A student, who is enrolled in a full-time or part-time virtual instruction program, meets this requirement.	

C. If the school will serve high school students, *describe the methods used to determine if a student has satisfied the requirements specified in section 1003.428, F.S., and any proposed additional requirements.*

The School will implement the Sponsor's policies and procedures with respect to graduation requirements, as detailed in the BCPS Student Progression Plan, including future amendments, to remain compliant with Section 1003.43, Florida Statutes. Currently, the FL-DOE has published the following *Graduation Requirements - STUDENTS ENTERING GRADE NINE IN 2013-2014 SCHOOL YEAR that follows:*

	24 CREDIT OPTION	18 CREDIT COLLEGE PREPARATORY OPTION	18 CREDIT CAREER PREPARATORY OPTION

DIGITAL LEARNING	Within the 24 credits, at least one online course is required	Within the 18 credits, at least one online course is required	Within the 18 credits, at least one online course is required

To that end, currently, in order to graduate, all graduation options currently require students to earn a passing score on the Grade 10 Florida Comprehensive Assessment Test 2.0 (FCAT 2.0) Reading test (or earn a state approved concordant score on the SAT or ACT), earn a specific grade point average (GPA) on a 4.0 scale, and successfully complete the required courses as specified in the previous Graduation Requirements Chart, and as detailed previously in *Section 4: Curriculum Plan, Part A.-Core Curriculum*. Furthermore, Students entering ninth grade in the 2012-2013 school year (and beyond) must take the End of Course Assessments for Algebra 1, Geometry, and Biology 1 and pass these assessments with a Level 3 or higher to earn course credits. In addition, students must earn credit in Algebra 2 along with Algebra 1 and Geometry as three of the four mathematics credits required for graduation. Students must also take the Grade 10 FCAT writing. Moreover, in order to graduate, a student must demonstrate mastery of the Next Generation Sunshine State Standards (NGSSS)/CCS, as applicable, and complete a community service project.

Diplomas/Certificates:

The awarding of Diplomas and/or Certificates by the School will occur in adherence to the guidelines and provisions detailed in the BCPS Student Progression Plan (SPP), and as amended from time to time. Some of these options are further detailed herein.

A student completing the senior high school or adult program may earn a standard diploma, a certificate of completion, a Superintendent's Diploma of Distinction, an International Baccalaureate diploma, a special diploma, or a special certificate of completion.

Standard Diploma

A standard diploma will be awarded to graduates, if the student has earned the required credits and attained the grade point average for the graduation program selected. Also, students must pass the Grade 10 Florida Comprehensive Assessment Test 2.0 (FCAT 2.0) Reading test and all applicable End of Course Assessments. The purpose of the standard diploma is to certify that the student has met all District and State standards for graduation. A special education student will be awarded a standard diploma if all of the criteria for a standard diploma have been met by that student.

Superintendent's Diploma of Distinction

This diploma will be awarded to students who are enrolled in the 4-year, 24-credit program and complete an academically rigorous course of study. The requirements include at least four Honors, Advanced Placement, International Baccalaureate, Advanced International Certificate of Education,

and/or International Studies courses; and completion of 75 hours of community service, which includes identification of a social problem of interest, development of a plan for personal involvement in addressing the problem and, through papers and other presentations, evaluate, and reflect upon the experience. All students must earn a 3.5 GPA (weighted scale) by the end of the first semester of the senior year with no final grade less than a "C."

Certificate of Completion

A student who is enrolled in the 4-year, 24-credit program and has met all requirements for graduation except passing the FCAT graduation test, or earning the 2.0 GPA required for graduation will be awarded a certificate of completion. A student may make further attempts to meet the requirements for a standard diploma.

CPT* – Eligible Certificate of Completion

Students who earn the 24 required graduation credits and achieve a GPA of 2.0 or higher, but do not pass the FCAT graduation test, are eligible to receive the College Placement Test (CPT) – eligible certificate of completion. Students who receive the CPT – eligible certificate of completion may enroll directly into a Florida community college or post-secondary career and technical education program. Based upon the score the student receives on the CPT, the student may enroll in remedial or credit courses at the community college.

NOTE: *CPT will be replaced by the P.E.R.T.

Special Diploma and Special Certificate of Completion

Students with disabilities who are enrolled in the 4-year, 24-credit program and have been properly classified may be eligible to receive a special diploma or a special certificate of completion. Parents who have questions concerning these special diplomas or certificates are urged to consult the school counselor, special education department chairperson, or Region Center exceptional student education staffing specialist.

Grading Student Performance:

Student grades will be issued in accordance with State and Sponsor guidelines, as specified in the Sponsor's SPP. Academic grades will reflect the student's academic progress based on the competencies/benchmarks for the grade level/course in which the student is enrolled. A student's academic grade will reflect the teacher's most objective assessment of the student's academic achievement. The determination of the specific grade a student receives will be based on the teacher's best judgment after careful consideration of all aspects of each student's performance during a grading period, including such factors as class attendance, homework, and participation. The grade will not be based on the student's effort and/or conduct, attendance or tardiness.

The following are the academic grades used:

GRADE	NUMERICAL VALUE (%)	VERBAL INTERPRETATION	GRADE POINT VALUE
A	90 -100	Outstanding progress	4
B	80 -89	Above average progress	3
C	70 -79	Average progress	2
D	60 -69	Lowest acceptable progress	1
F	0 -59	Failure	0
I	0	Incomplete	0

In grading students these numerical or letter grades are to be averaged to determine a students' grade for a nine-week grading period.

Conduct Grades. Conduct grades are to be used to communicate clearly to both students and their parents the teacher's evaluation of a student's behavior and citizenship development. These grades are independent of academic and effort grades. The conduct grade must be consistent with the student's overall behavior in class and should not be based on a single criterion.

Effort Grades. Effort grades are utilized to convey both to students and their parents the teacher's evaluation of a student's effort as related to the instructional program. These grades are independent of academic and conduct grades. In assigning an effort grade, the teacher must consider the student's potential, study habits, and attitude. Three numerical grades are used to reflect effort in all grades.

Forgiveness Policy: In grades 9-12, teachers may override the final grade of a semester or an annual course on the electronic grade book, thus overriding the computation of the grade point average. The override option applies to raising a grade to a higher grade or lowering it.

For students in grades 9-12 the forgiveness policy for required courses is limited to replacing a grade of "D" or "F" with a grade of "C" or higher earned subsequently in the same or comparable course. The forgiveness policy for elective courses is limited to replacing a grade of "D" or "F" with a grade of "C" or higher earned subsequently in another course. In either situation when a student attempts forgiveness for a grade, only the new grade will be used to compute the student's GPA, but the lower grade will remain on the student's transcript and in the student's permanent record. Any course not replaced according to this policy shall be included in the calculation of the cumulative grade point average required for graduation.

In grades 9-12, in authorized semester courses, the student's final grade shall be determined by the teacher as follows: 50 percent value for each of two nine-week grading periods, with a provision for teacher override. A teacher may administer an assessment at the end of each nine-week grading period. The value of the assessment may not exceed 10 percent of the grade for each nine-week grading period.

In authorized annual courses, the student's final grade shall be determined by the teacher as follows: 25 percent value for each of four nine-week grading periods, with a provision for teacher override. A teacher may administer an assessment at the end of each nine-week grading period. The value of the assessment may not exceed 5 percent of the grade for each nine-week grading period. This equates to ten points required to pass an annual course using a 4.0 scale. Students in grades 9-12, in order to pass an annual course must earn a minimum of 10 grade points, five of which must be earned in the second semester. A teacher exercising the override rule must have documentation for such a decision.

EOC Requirement: As of July 1, 2010, statewide EOC assessments are mandated for specific high school courses, including Algebra 1, Geometry and Biology 1. In the 2013-14 school year, U.S. History EOC assessment will be added to the list of required EOC tested courses for all students, however at this time, the exact requirements for students are pending from FL-DOE. Additionally, middle school students who take a course that requires a statewide EOC, may "bank" their passing scores for the purpose of high school credit accumulation.

Unexcused Absences:

Students in grades 9-12 who have ten or more unexcused absences in an annual course (5 in a semester course) will be subject to the withholding of passing final grade(s) (“A”- “D”), pending a student/parent-requested administrative screening and/or review of all absences by the attendance review committee. If all course objectives and competencies have been appropriately mastered by the student, he/she may receive a passing final grade within acceptable grade definitions as provided in the Sponsor’s SPP (pages 43-44).

NOTE: The SPP, as referenced above, reflects current policies and procedures adopted by the Sponsor. The School hereby agrees to adopt and implement the Sponsor's policies and procedures with respect to the SPP, as amended from time to time.

D. Describe how baseline achievement data will be *established*, collected, and used.

Describe the methods used to identify the educational strengths and needs of students and how these baseline rates will be compared to the academic progress of the same students attending the charter school.

Baseline data will be established, collected, and used to identify the educational strengths and needs of students as well as achievement rate (annual growth) from one year to the next. The baseline levels of academic achievement established during the first academic year will be compared to academic achievement levels in prior years, when data is available, in order to assess rates of prior academic progress and the baseline rates of academic progress for the School’s students. Other than standardized test scores, other baseline data may include report card grades, attendance records, and behavioral records (including in school and out of school suspensions as well as exemplary behavior). In the case of Special Education (ESE), Individual Education Plans (IEP) will be secured and the Individual ELL Student Plans will be obtained for English language learners (ELL). This data will be made available to teachers who will assess progress against the baseline data.

The baseline student academic achievement levels for the school will be established using multiple measures of student’s academic performance on the school and the Florida Assessment Program, as applicable. Some of the assessments to be utilized will include the following:

- Florida Comprehensive Assessment Test 2.0* - (although it is anticipated this test may not be utilized beyond the 2013-14 school year for Reading and/or Math as it is anticipated it may be replaced by a Common Core Standardized assessment, e.g. PARCC, the standardized testing information from the 2013-14 school year will be utilized to inform baseline information regarding students mastery of certain standards and relative grade level attainment)
- End of Course Exam results, as applicable
- FCAT-Writing Test
- Other Standardized tests
- Other standards-based exams
- Baseline Benchmark assessments, as applicable
- Interim Assessments
- FAIR, as applicable
- Portfolio assessments (whenever applicable)

Student performance and achievement results will be compared to the academic progress of the same students from quarter to quarter and from year to year as a means to determine students are continuously improving and making learning gains.

Leadership team will collect, disaggregate, process and present data as well as chart individual student performance and achievement data soon as after every quarterly assessment. The data will assist the Principal and the teachers establish a baseline, and to identify both opportunities for improvement and areas of strength upon which to build. Data is utilized to drive instruction and enhance the curricular delivery and teacher effectiveness.

Each year, baseline data will be established and utilized to determine annual growth by the students individually and also collectively informing stakeholders to the extent to which educational goals and performance standards have been met by the School (including the achievement of the specific measurable objectives identified in the charter school application for the first year of operation and in the SIP beyond year one). Said baseline data is also made available to stakeholders and the community at-large, as reported in the *School Improvement Plan* via the needs assessment and also through specific learning objectives, which are written to address student's learning needs. The objectives written herein this application, *Section 5: Student Performance, Assessment and Evaluation – Part A* – are in great majority based on current practice in use for the 2013-14 School Improvement Planning process of Broward County, however the School will utilize the BCPS SIP Planning process made available in the summer prior to the 2014-15 school year.

The School will evaluate the effectiveness of their curriculum by determining the extent to which the School meets the Annual Measurable Objectives (AMO) written herein this application (and with consideration that changes will need to occur as the State solidifies plans for evaluating student mastery of the CCSS via PARCC or whatever other assessment is selected). In subsequent years, the results (based upon those baseline data items created each year) will be gauged against the objectives specified in the respective *Annual School Improvement Plan* and this method of goal setting and data collection will be utilized as a living and continuous improvement tool by the School.

E. Identify the *types and frequency* of assessments that the school will use to measure and monitor student performance.

The School will participate in the statewide assessment program created under section 1008.22, F.S. and comply will all applicable requirements under 1003.43, F.S. The School will also participate in all federal, state, and district assessment programs as directed by the Sponsor following all required policies and procedures with regard to administration of tests and standardized practices.

As per the *Student Success Act*, school districts will be expected to administer student assessments that measure mastery of course content for each course offered, beginning the 2014-2015 school year. These assessments may include:

- Statewide assessments;
- Other standardized assessments including nationally recognized standardized assessments;
- Industry certification examinations; and

- District-developed or district-selected EOC assessments.

The School will thereby administer and use state standardized assessment scores and district-adopted assessments in each course offered (as required) to measure mastery of CCSS/NGSSS across all grade levels and monitor student performance.

The types and frequency of assessments will include:

DESCRIPTION	ABBREVIATION
<i>Florida End-of-Course Assessments* (EOC) US History; Biology 1; Algebra 1; Geometry</i>	EOC
<i>District Benchmark Assessments (Baseline, Fall, and Winter)</i>	BAT
<i>Florida Assessments for Instruction in Reading Assessment (AP1, AP2, & AP3)</i>	FAIR
<i>Preliminary ACT Test</i>	PLAN
<i>Race to the Top District Developed Assessments for other content areas (e.g. Career Technical Education, Physical Education, Visual Arts, Performing Arts, and World Languages)</i>	TBA
<i>Florida Comprehensive Assessment Test -Reading Retake* (Grades 10+, 11, 12, eligible students)</i>	FCAT 2.0 RETAKE

<i>IDEA Oral Language Proficiency Test II (IPT-II)-</i>	IPT

School-Based Assessments in all Courses will include:

- Weekly teacher-generated quizzes
- Monthly teacher-generated and textbook-adopted assessments
- Quarterly Exams
- Portfolios and presentations
- Class participation/presentation and PBL rubrics
- Quarterly projects /investigations

- Teacher Made Performance-Based Assessments
- UDL Design Framework*

**Universal Design for Learning* supports teachers' efforts to meet the challenge of diversity by providing flexible assessment strategies that help teachers differentiate instruction to meet varied needs, especially for SWD and ELL student populations. It does this by providing options for Instruction (Presenting information and content in different ways) and Assessment (Differentiating the ways that students can express what they know)

In preparation for PARCC and Common Core Assessments, performance tasks elicit a demonstration of the student's mastery of one or more benchmarks standards; they may require students to create a product, demonstrate a process and/or perform an activity; Performance tasks will be evaluated with teacher customized scoring rubrics/exemplars

F. Describe how student assessment and performance data will be used to evaluate and inform instruction.

The school will collect, analyze and process individual student performance and achievement data on an on-going and consistent basis (after every quarterly assessment and also throughout the school year). Student assessment and performance data will be used to evaluate and improve school effectiveness by targeting benchmarks indicating which students need additional support to master specific standards and/or grade level skills.

At the beginning of each school year and at least quarterly, the school to generate meaningful reports on assessment data to identify areas of instructional weaknesses pinpointing thresholds of student progress. State **standardized assessments** will be used to determine mastery of content standards and make decisions regarding school-wide improvement from year to year (see section 5E); District **Baseline Benchmark Assessments (BAT) data will be used** for baseline and instructional purpose, program reporting, or as a measure for developing School Improvement Plans; FAIR assessments will be used as screening and progress monitoring tools to differentiate instruction; **Interim Assessment** and other reports from reading (CIRP and SIRP) and district writing assessments will be used for ongoing progress-monitoring of students. In addition to required and mandated assessments as described in section 5E, teacher-made and text-adopted classroom assessments will further determine mastery of content standards for earning specific class credit requirements. Formative assessments (class discussions/presentations, Project-based assessments, audio/visual presentations, journals, creative writing, research projects, group projects, and reviews/case studies) will help determine whether students are meeting the expectations set forth by the school's mission.

All Data will be disaggregated and used by teachers to inform instruction on student knowledge and skills relative to CCSS and applicable NGSSS academic standards **as follows:**

1. Data reports on these and all state-mandated assessments (as listed in section 5E above) will be disaggregated by student, by standard, by teacher, and by school will be used to inform decisions about adjustments to the educational program. These reports will be made available to all teachers (and students as applicable) to identify areas needing improvement while informing instruction to enhance curriculum delivery and teacher effectiveness.

2. The school leadership team will meet weekly to: Evaluate data and correlate to instructional decisions; Review progress-monitoring data at the grade level and classroom level to identify students and their academic levels; Identify professional development to enhance students' achievement levels; Collaborate, problem solve, share effective practices, evaluate implementation, make decisions, and practice new programs and skills; Facilitate the process of building consensus, increasing infrastructure, and making decisions about implementation.
3. Based on the data analysis, administrators and school faculty collaboratively develop an instructional focus calendars with timelines for addressing targeted strands as denoted in assessed benchmarks. Through the use of the calendars, student assessment data will drive-decisions for continuous improvement of the teaching and learning process.
4. Department Chairs will communicate with teachers to determine the areas of students' strengths and weaknesses as demonstrated by class work assignments and assessment results.
5. Each teacher will be training and expected use all data available to determine the instructional focus lessons and differentiate instruction accordingly. Struggling students and students referred by teachers will be targeted for Early Bird tutoring, Super Saturday tutoring, and daily pullout tutoring. Students at and above mastery level will be challenged through the use of additional hands-on investigations, projects and research assignments that will reinforce the mastery of benchmarks.

Data will serve as a feedback system to guide teachers in lesson planning and individualizing instruction and to provide students with knowledge of their current levels of performance. The school will use data on an ongoing basis to inform instructional practices allowing for increased student learning outcomes. These actions will enhance instructional interventions by closely monitoring activities and aligning results with effective instructional decision-making.

G. Describe how student assessment and performance information will be shared with students and with parents.

Doral students will participate in the statewide assessment program under s. 1008.22 and in the state's education performance accountability system under s. 1008.31. The comprehensive assessment program will be used to inform stakeholders (students, parents, and teachers) about where a student is succeeding and what areas need strengthening. The school will thereby provide parents with assessment results on a yearly basis for each year their child participates in the state assessment and EOC examinations (as applicable) and any other district based examinations. The Department of Education reports student assessment data pursuant to s. [1008.34](#)(3)(c) and the school will then report the information to each parent of a student at the charter school, the parent of a child on a waiting list for the charter school, the district, and the governing board of the charter school.

The School will also provide its parents with student performance reports from the Baseline and Interim Assessments results with specific information regarding their child's progress and learning gains. This means of communication informs parents whether or not their child is reading at grade level and whether or not their child has gained a year's worth of learning for each year spent at the School.

The establishment of a School Improvement Plan will also ensure school-wide student assessment and performance data can be shared with parents, students and other stakeholders. In addition to the *School Improvement Plan*, the following systems ensure school-wide student assessment and performance data can be shared with parents, students and other stakeholders:

Ongoing communication between the school and the parents will be maintained through systems such as parent access to web-based grade book and progress reports. Specifically, the school will ensure communication with students/parents via the following:

- Progress Reports and Report Cards - The School will issue progress reports at the four-week mark and at the end of each marking period.
- Interim reports - Not later than 4 weeks into the grading periods, an interim report shall be sent to parents of students who are experiencing difficulty including, but not limited to, the following: failing, a drop of two or more grades, unacceptable behavior and/or excessive absences. Required Parental
- Notification for students in danger of not meeting grade level requirements.

The school will also host parent conferences, open house meetings, parental workshops, and coordinate other appropriate methods of communication with parents/guardians, as necessary.

Section 6: Exceptional Students

A. Please indicate the level of service that the school will provide to students with disabilities by selecting from the list below.

- **The school will serve students with disabilities whose needs can be met in a regular classroom environment (at least 80% of instruction occurring in a class with non-disabled peers) with the provision of reasonable supplementary supports and services and/or modifications and accommodations.**
- **The school will serve students with disabilities whose needs can be met in a regular classroom and resource room combination (between 40%-80% of instruction occurring in a class with non-disabled peers) with the provision of reasonable supplementary supports and services and/or modifications and accommodations.**
- **The school will serve students with disabilities whose needs can be met in a separate classroom (less than 40% of instruction occurring in a class with non-disabled peers).**

The school will serve students with disabilities whose needs can be met in a regular classroom environment (at least 80% of instruction occurring in a class with non-disabled peers) with the provision of reasonable supplementary supports and services and/or modifications and accommodations.

Students with disabilities enrolled in the School will be educated in the least restrictive environment and will be segregated only if the nature and severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved

satisfactorily. An inclusion model with ESE support will be used, as appropriate, wherein the ESE Teacher and General Education teacher regularly monitor students' progress on attaining goals stated on the IEP as well as grade-level curriculum goals.

Plan of Services: The school will follow the School Board of Broward County's Special Programs and Procedures (SP&P) for Exceptional Students and Collaborative Problem Solving (CPS) and Comprehensive Evaluation in serving students with disabilities (SWD).

Plan of Services:

- If the school has students with Speech and/or Language Impairment, the school will contract with a Speech and Language Pathologist *and provide* Speech Therapy and Language Therapy. The location, duration, and frequency of service will be dependent upon each individual student's needs and that which is stipulated on the Individual Educational Plan (IEP).
- If the school has students with a Specific Learning Disability, the school will provide services within the General Education setting. An ESE teacher may provide the following services: co-teaching, support facilitation, or consultation.
- If the school has students with Other Health Impairment, the school will provide services within the General Education setting. An ESE teacher may provide the following services: co-teaching, support facilitation, or consultation. A school counselor may also provide weekly or monthly counseling.
- If the school has students with Emotional Behavioral Disability, the school will provide services within the General Education setting. An ESE teacher may provide the following services: co-teaching, support facilitation, or consultation. A school counselor may also provide weekly or monthly counseling.
- If the school has students with Spectrum Disorder, the school will provide services within the General Education setting. An ESE teacher may provide the following services: co-teaching, support facilitation, or consultation. A school counselor may also provide weekly or monthly counseling.
- If the school has students that are Gifted, Gifted-endorsed teachers may provide services within a Gifted course through challenging and in-depth work within the specific content area.
- If the school has students that are Deaf or Hard of Hearing, the school will provide services within the General Education setting. An ESE teacher may provide the following services: co-teaching, support facilitation, or consultation.
- If the school has students with Developmental Delay, the school will provide services within the General Education setting. An ESE teacher may provide the following services: co-teaching, support facilitation, or consultation. The school will work with the Sponsor to re-evaluate the students with a Developmental Delay in order to determine the most appropriate services.
- If the school has students with Dual Sensory Impairment, the school will provide services within the General Education setting. An ESE teacher may provide the following services: co-teaching, support facilitation, or consultation. The school may contract other personnel to provide services that are deemed necessary on the IEP.
- If the school has students with Intellectual Disability, the school will provide services within the General Education setting. An ESE teacher may provide the following services: co-teaching, support facilitation, or consultation.
- If the school has students with Occupational Therapy Disability, the school will provide services within the General Education setting. An ESE teacher may provide the following

services: co-teaching, support facilitation, or consultation. In this case the school would contract with an Occupational Therapist *and provide* occupational therapy. The location, duration, and frequency of service would be dependent upon each individual student's needs and that which is stipulated on the Individual Educational Plan (IEP).

- If the school has students with Orthopedic Impairment Disability, the school will provide services within the General Education setting. An ESE teacher may provide the following services: co-teaching, support facilitation, or consultation. In this case the school would contract with an Occupational Therapist and/or Physical Therapist *and provide* occupational or physical therapy. The location, duration, and frequency of service would be dependent upon each individual student's needs and that which is stipulated on the Individual Educational Plan (IEP).
- If the school has students with Physical Therapy Disability, the school will provide services within the General Education setting. An ESE teacher may provide the following services: co-teaching, support facilitation, or consultation. In this case the school would contract with an Physical Therapist *and provide* physical therapy. The location, duration, and frequency of service would be dependent upon each individual student's needs and that which is stipulated on the Individual Educational Plan (IEP).
- If the school has students with Traumatic Brain Injury, the school will provide services within the General Education setting. An ESE teacher may provide the following services: co-teaching, support facilitation, or consultation.
- If the school has students with Visual Impairment, the school will provide services within the General Education setting. An ESE teacher may provide the following services: co-teaching, support facilitation, or consultation. The school may contract other personnel to provide services that are deemed necessary on the IEP.

B. Describe how the school will ensure that students with disabilities will have an equal opportunity of being selected for enrollment in the charter school.

The School will not discriminate on the basis of race, religion, or national or ethnic origin, or exceptionality in the admission of students. Any eligible student who submits a timely application and whose parents accept the conditions of the Parental Involvement Contract shall be considered, unless the number of applications exceeds the capacity of the program, class, grade level, or building. The School will be open to any student residing in Broward County. The School will have an open admissions procedure, utilizing a "first come, first served" policy as required by statute, unless the number of applicants exceeds capacity. In such case, all applicants shall have an equal chance of being admitted through a random selection process conducted by the School's accounting firm in conformity with Florida's Charter School Legislation. This process doesn't take into account a student's background, ethnicity, race, socio economic status or disability, and therefore allows for every student who applies to have an equal opportunity to enroll in the school.

C. Describe how the school will work with the sponsor to ensure the charter school is the appropriate placement for each student with a disability, based on the student's needs.

Operating under the auspices of the Sponsor as the Local Education Agency (LEA), the School will assume responsibility for programming and delivering related services to exceptional students, as identified in the student's IEP with adherence and fidelity to the Sponsor's policies, and with provisions further detailed in the paragraph that follows. The School does acknowledge a need for a collaborative linkage with the Sponsor, especially with respect to the responsibilities that exist for providing a free

appropriate public education to children with disabilities and ensuring that the needs of ESE students are met.

The School hereby agrees to adopt and implement the Sponsor's policies and procedures with respect to serving students with disabilities, including the procedures for identifying students with special needs, developing Individualized Education Plans, and 504 Plans (as applicable), and providing a full range of services. Special Education students will be provided with programs implemented in accordance with federal, state, and local policies (specifically, the Individuals with Disabilities Education Act (IDEA); the Americans with Disabilities Act of 1990 (ADA); Section 504 of the Rehabilitation Act of 1993; Sections 1000.05 and 1003.57, Florida Statutes; Chapter 96-186, Laws of Florida; and Chapter 6A-6 of the Florida Administrative Code. Additionally, the School will follow guidelines and procedures detailed in the BCPS **Special Programs and Procedures for Exceptional Students Manual**. The educational program for exceptional students will include and adhere to the principles of the law as follows:

- **Free appropriate public education (FAPE)**- will be provided to every exceptional student enrolled in the School. That is, Free (no cost to parents); appropriate suited to individual needs of the child; public – provided by and paid for the public education system; education-including extracurricular activities.
- **Appropriate evaluation** – evaluations will occur within appropriate timeframes and in accordance with published guidelines. **Individual Education Plans (IEP)**- and Educational Plans (EP) for gifted will be developed, and maintained and meetings will be held in accordance with Sponsor's guidelines.
- **Parent/Student Participation in Decisions** – including, but not limited to, giving consent for evaluation and initial placement, helping design the IEP, helping the School understand their child.

Procedural Due Process – a non-discriminatory policy regarding the eligibility, identification, location, placement and evaluation process as well as adherence to procedural guidelines for all of these will consistently be implemented. Notwithstanding, when in question, due process hearings may be initiated by a parent or the district on the proposal or refusal to initiate or change the identification, evaluation, or educational placement of the student or the provision of a free appropriate public education.

- **Least Restrictive Environment:** Students with disabilities will be educated in the least restrictive environment and will be segregated only if the nature and severity of the disability is such that education in regular classes, with the use of supplementary aids and services, cannot be achieved satisfactorily. Similarly, gifted students will be educated in an environment that promotes acceleration

Identifying students with special needs- Appropriately certified personnel will ensure that students' needs are being met even before student is identified or evaluated for Exceptional Education Services through a Response to Intervention (RtI) process, wherein interventions will be frontloaded in the general education classroom as a first step allowing student to receive support and have an opportunity to learn. The RtI framework will be a comprehensive support to students. The school will practice RtI as a prevention-oriented approach to linking assessment and instruction. This can then inform teachers on how to best teach their students. The goal of the RtI model at the school is to minimize the risk for long-term negative learning outcomes by responding quickly and efficiently to documented learning or behavioral problems and ensuring appropriate identification of students with disabilities.

The School will use the Response to Intervention (RtI) model for the implementation of research-based instruction and intervention. The school will identify students at-risk for poor learning outcomes;

monitor student progress; provide evidence-based interventions and adjust the intensity and nature of those interventions depending on a student's responsiveness; and subsequently begin the process to identify students with learning disabilities or other disabilities. The RtI implementation will contribute to more meaningful identification of learning/behavioral problems, improve instructional quality, provide all students with the best opportunities to succeed at the school, and assist with the identification of learning difficulties and problems. The RtI model will have four essential components: A school-wide, multi-level instructional and behavioral system for preventing school failure, screening, progress monitoring, data-based decision making for instruction and movement within the multi-level system. Regardless of the number interventions the school implements, each will be classified under one of the three levels of prevention. This will allow for a common understanding across the entire process.

At Tier I, research-based core instructional and behavioral methodologies, practices and supports designed for all students provide the foundation in general education. Tier II consists of supplemental instruction and interventions that are provided in addition to and in alignment with core instruction and behavioral supports to targeted groups of students identified as needing additional assistance. The school will use the Comprehensive Research Based Reading Plan (CRRP) to determine specific intensive reading and math interventions that can be used for students at Tiers I and II. Tier III is targeted for those students that require intensive instructional or behavioral intervention in addition to and in alignment with core instruction. At this tier, instruction and intervention intensity is reflected in increased frequency, greater duration and/or more individualization.

RtI teams will review (Tier 1 meetings) the screening data and identify students in need of additional support through Tier 2 intervention. For those students that meet benchmark standards, they will continue to remain at Tier 1 and their progress monitored at the next benchmark assessment. While receiving intervention at Tier 2, a student's progress will be monitored by the RtI team to determine if progress is being made adequately. If a student is not progressing and the intervention(s) has been implemented as designed, the student will be referred to the Collaborative Problem Solving (CPS).

Collaborative Problem Solving Team (CPS) will assist teachers in providing additional interventions for students with learning, emotional, social, and behavioral problems in school, primarily within general education classes. The CPS process is initiated as assistance is requested and the collection of student information such as history of grades, background screening, attendance, academic, behavioral and/or social-emotional screening assessments etc. is conducted. Continual filtering of student's response to intervention determines the effectiveness of interventions and assists in the data-based decisions. After the consideration of all the data by the CPS, a data-driven decision is made as to whether a referral for a Multidisciplinary Team evaluation will be initiated. This rigorous and constant sorting and analyzing of information makes the CPS a reliable and efficient system incorporating the tiers of intervention delivery.

In addition to the CPS being a valuable resource for schools it is also a filtering process which serves to fluidly move students through the tiers of intervention, always evaluating and monitoring their response to these interventions and making data-based decisions every step of the way. It is a process that ensures the delivery of general education interventions first to address student's academic, behavioral and/or social emotional needs. The filtering then begins as students who continue to perform below standards and show inadequate response to general education interventions, even when provided with appropriate instruction and evidence based interventions, formally enter the CPS process.

The CPS will review the screening and progress monitoring data and information provided from all other relevant records in order to develop more focused, intensive interventions for the student. Parent(s)/guardian(s) are integral team members and provide data regarding developmental history and current functioning within the family and community units. Barriers to learning are identified and strategies to overcome such barriers are developed. Progress monitoring schedule is determined and responsible persons are determined for the implementation of interventions and progress monitoring. Interventions are implemented and monitored as Tier 3 interventions as designed. Progress monitoring data is collected a minimum of every two weeks and parents are notified of intervention implementation and student progress over time. The Sponsor's School Psychologist will periodically conduct fidelity checks on the CPS Intervention Plan while assisting with progress monitoring data collection.

If the focused, evidence-based interventions attempted at all Tiers do not produce a satisfactory level of progress, as evidenced by review of the RtI data and an analysis of any existing barriers to learning, interventions are modified and a comprehensive evaluation may be requested. Documentation of the various strategies and interventions employed in Tiers 2 and 3, as well as all data pertaining to progress monitoring, become part of the referral packet. Parents are kept informed of planned intervention efforts and the student's progress in response to intervention throughout the entire CPS process.

Collaborative Problem Solving (CPS) will consist of the School administrator who will serve as the CPS Coordinator, school psychologist, counselor, general education teacher and the parent(s), ESOL Coordinator (as applicable). The School's CPS Coordinator will ensure that the CPS protocol delineated in Sponsor's Manual will be followed when addressing the needs of students with academic, behavioral, and/or social-emotional difficulties.

Referral Procedures - Prior to a referral for students suspected of having a disability, school personnel must make one of the following determinations and include appropriate documentation in the student's educational record:

- For students who present speech disorders; severe cognitive, physical, or sensory disorders; and/or severe social/behavioral deficits that require immediate attention in order to prevent harm to the student or others, the implementation of evidence-based interventions (including the parent involvement in the intervention procedures) and the observations of the student would be inappropriate in addressing the immediate needs of the student.
- The activities described in the general education intervention procedures above have been implemented, but have been unsuccessful in addressing the areas of concern for the student.
- The parents of the child receiving general education interventions requested, prior to the completion of the interventions, that the school conduct an evaluation to determine the child's eligibility for specially designed instruction and related services as a student with a disability. In this case, the activities described in the general education interventions procedures are completed concurrently with the evaluation but prior to the determination of the student's eligibility for specially designed instruction.
- In the instance significant risk factors are present or if the student demonstrates severe cognitive, physical or sensory impairments, or presents as a danger to self or others, an individual intervention plan should be developed as the child awaits the M-Team evaluation.

Developing Individualized Education Plans: Students will be guaranteed a free appropriate education and evaluation as well as consequent placement and implementation of an appropriate IEP. The written individualized educational plan for each student will include measurable annual learning goals and behavioral goals that may involve the evaluation of behavior through a Functional Assessment of Behavior (FAB) and the development of a Behavior Intervention Plan (BIP). Additionally, program components, goals, progress reports to parents on goals, diploma options, curriculum whether standard and/or modified, and assessment may also be addressed therein. Supplementary aids and related services will also be identified as well as necessary accommodations and modifications will be clearly delineated in this written plan. The School will ensure that appropriate personnel will be trained in using the Web Based IEP system that is currently used by the Sponsor. The school will use the Florida Department of Education's "Developing Quality Individual Educational Plans" as a guide when developing IEPs.

The IEP Team will include: parent, LEA, Gen Education, Special Education Teacher and all additional members of the team that will be notified with a reasonable amount of time and all appropriate contacts will be made. Input from all team members and student data will be used to create a program, goals, and accommodations.

504 Plan Procedures: A student is entitled to FAPE and may be entitled to Section 504 accommodations if he or she has a physical or mental impairment that substantially limits one or more major life activities. That is to say, for students experiencing difficulty in the classroom and for whom there is the suspicion of a disability should initially be referred to the CPS. The CPS will follow all established CPS procedures and determine if appropriate to refer for possible 504 Plan services.

The eligibility/ineligibility is based on a variety of sources. 504 Eligibility sources may include teacher observations, information from parents, and information from medical providers, standardized test scores, grades, or other pertinent information. The school will contact the Sponsor to schedule Section 504 eligibility meetings. Parents must receive notice of the Section 504 meeting and be invited to attend. Parents and students should be encouraged to attend the meeting and provide input that would help the committee in making decisions. Section 504 teams that convene for annual or interim meetings should consist of the parents, the student, the school administrator or designee, and school personnel who are familiar with the student, such as the student's teacher or counselor.

Federal and State Reports: Unless otherwise exempted by Chapter 1002, Florida Statutes, the School will complete federal, state and any other reports deemed necessary in accordance with the timelines and specifications of the Sponsor and the State Department of Education.

D. Describe how the school will utilize the regular school facilities and adapt them to the needs of exceptional students to the maximum extent appropriate, including the use of supplementary aids and services.

The School will make adaptations to school facilities, to the maximum extent appropriate and within provisions of the law, the Americans with Disabilities Act of 1990 (ADA), to ensure students with disabilities enrolled in the School will be educated in the least restrictive environment.

Supplementary supports and services and/or modifications - Multidisciplinary Teams will first consider the least restrictive environment for all students with disabilities and will be segregated only if

the nature and severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. The supplementary aids and services that will be provided to the students with disabilities will be dependent on the individual needs of each child. Each Multidisciplinary team will consider the least restrictive environment for the SWDs. Those students whose needs can be met in the General Education setting will receive either consultative or collaborative service from the ESE teacher. Depending on the needs of the students, the following collaborative services may be offered by the ESE Teacher: co-teaching or support facilitation. Students in need of a co-teaching model will receive direct services from the ESE teacher and General Education teacher. Teachers will plan, grade and teach together. The ESE Teacher will provide instruction throughout the entire class period. For students in need of collaboration through support facilitation, the ESE teacher and General Education teacher will teach together but the level and frequency of support may vary per student.

Students with disabilities may receive accommodations in the General Education setting as deemed appropriate on each Individual Educational Plan. During IEP meetings, the team will use the list of suggested accommodations on the Special Education-Electronic Management or create custom accommodations to meet the needs of the students within the least restrictive environment. For example, if a student struggles to complete assignments within a given time period due to a processing delay, extended time to complete assignments may be given within the General Education setting. A separate room will be provided for the use of supplementary aides and services such as OT, PT, speech/language therapy, counseling or any services by any contracted personnel.

E. Describe how the school's effectiveness in serving exceptional education students will be evaluated.

The goals for determining the School's effectiveness in serving special education students will be aligned directly with the Annual Measurable Objectives (AMO) goals set for all students and with goals as specified in the child's IEP. SWD's goals will be monitored quarterly and parents will be notified of progress through a Status Report on such goals. The School's effectiveness in serving special education students will be evaluated in the ability for the student to demonstrate learning gains consistent with the annual goals specified in the child's IEP. The School's ability to meet AMO Progress, including students with disabilities subgroup, will also serve as an evaluation tool. In addition, feedback from the Sponsor's annual ESE compliance review will also help the School to measure its effectiveness in serving students with disabilities.

F. Explain how exceptional students who enter the school below grade level will be engaged in and benefit from the curriculum.

The School's program, allows students to make real-world connections through engaging activities in sports leadership, encourages all students to be more engaged. This allows students, including those in special education, entering below grade level to benefit more from the core curriculum. The school will take steps to ensure that these students, in particular, are successful. For example, the school will determine the level of mastery in reading, writing, mathematics and science for all students using baseline data and interim assessment data. This information, coupled with the results of the prior year standardized tests results and student records, will be used to determine the best educational setting for students (e.g., appropriate course selection, tutoring, referral for special services).

The Common Core State Standards articulate rigorous grade-level expectations in the areas of mathematics and English language arts. Students with disabilities must be supported and challenged to excel within the general curriculum and be prepared for success in their post-school lives, including college and/or careers. In order to accomplish this, the School will commit to instruction that incorporates supports and accommodations, including⁵:

- Supports and related services designed to meet the unique needs of these students and to enable their access to the general education curriculum.
- An Individualized Education Program (IEP), which includes annual goals aligned with and chosen to facilitate their attainment of grade-level academic standards.
- Teachers and specialized instructional support personnel who are prepared and qualified to deliver high quality, evidence-based, individualized instruction and support services.
- Teachers maintain a culture of rigor and high expectations in alignment with Common Core State Standards expectations.
- Instructional accommodations changes in materials or procedures-, which do not change the standards but allow students to learn within the framework of the Common Core.
- Assistive technology devices and services to ensure access to the general education curriculum and the Common Core State Standards.
- Instructional supports for learning based on the principles of Universal Design for Learning (UDL), which foster student engagement by presenting information in multiple ways and allowing for diverse avenues of action and expression.

Doral's mission is to prepare all students for success in school and in their careers beyond school through an innovative and engaging program emphasizing sports leadership career exploration. Thus, the curriculum will implement engaging Project- based task and real-world initiatives (as described in *Section 4- Curriculum*) that will allow students with disabilities to demonstrate their knowledge and skills using a UDL model, while meeting high standards in mathematics, reading, writing, speaking and listening.

Apart from providing the specific services listed in a student's IEP, EP, and/or ELL plan, as applicable, the School's faculty will differentiate instruction as necessary, as well as offer tutoring services or other such assistance to ensure students remain successful. Student performance will be continuously assessed. Students not making adequate progress towards the CCSS and NGSSS, as applicable, will be identified and will be given support as follows:

All students not meeting standards will be placed on a Progress Monitoring Plan Progress Monitoring Plan (PMP) targeting these deficiencies. This plan requires active participation from the student, the parents and specific teachers in order to ensure continuous student improvement. This initiative allows each student to have ownership and understating of his/her learning style and allows each student to track and monitor his/her achievement. The PMP will be comprised of specific measurable individualized goals for that student, as well the strategies and services (tutoring/required additional classes, etc.) to be implemented in order for the student to achieve the specified goal and specific strategies to remediate any learning deficiencies will be implemented.

⁵<http://www.corestandards.org/assets/application-to-students-with-disabilities.pdf>

- Reading strategies in the content areas will be facilitated throughout the curriculum to provide students with additional practice in addition to those taught during Reading/languagearts classes.
- Morning, Saturday, and daily pullout tutoring may be required for those students consistently demonstrating non-mastery of the standards.
- Students consistently demonstrating non-mastery of benchmarks on teacher generated quizzes, chapter tests, projects, investigations, and poor academic progress will be targeted for supplemental and intensive instruction/intervention.

All students with disabilities will be monitored as stated on their IEP and quarterly progress notes will be sent to the parents attached to their report cards every nine weeks.

G. Provide the school's projected population of students with disabilities and describe how the projection was made.

The school will be nonsectarian in its programs, recruitment, admission policies and operations. The promotional plan to be followed in publicizing the School will be designed to reach the entire community and, accordingly, all groups within it. By publicizing the availability of the School throughout Broward County, the School's demographic composition should mirror that of the local community. Therefore it is anticipated that the School may have approximately 10 percent population of students with disabilities enrolled at the School.

H. Identify the staffing plan, based on the above projection, for the school's special education program, including the number and qualifications of staff.

The school teaching staff will include a certified ESE Program Specialist with demonstrated experience in providing support and services to children with disabilities. The ESE Specialist will be an employee of the School and will at a minimum possess full certification in special education. The ESE Specialist will ensure the implementation of all IEPs and will consult with the general education teachers to provide direct instructional support to special education students. Consultation provided by the ESE Specialist will include:

- adjustments to the learning environment
- modifications of instructional methods
- adaptation of curricula, and the use of appropriate accommodations to meet the needs of individual students

Special Education teachers will be hired to service students with disabilities, in accordance with the level of support needed to implement the related services and specialized instruction detailed on the IEP (e.g. including, but not limited to, if applicable, Extended School Year (ESY) services for students needing specialized services as required by students IEP).

The school will employ teachers who meet all licensure and/or certification requirements that apply to the area in which the individuals are providing services to the special education students. The number of special education staff will be based on the number of students in the Special Education Program identified upon student enrollment.

Speech-language, occupational, and physical therapy services will be contracted services that the School may provide for students who qualify for those services. Similarly, all personnel who provide related services (e.g. psycho-social counseling will be provided by a psychologist, social worker or mental professional, etc.) to students will meet all required licensure and/or certification requirements pertaining to their area of related service.

I. Describe how the school will serve gifted and talented students

The School will serve the needs of gifted students in accordance with State Board Rule 6A-6.03019, FAC, *Special Instructional Programs for Students Who Are Gifted*, and BCPS Exceptional Student Education Policies and Procedures (SP&P).

Identification: Gifted students will be identified for special instructional programs for the gifted if the student demonstrates the following:

- A need for a special program*
- A majority of the characteristics of gifted students according to a standard scale checklist
- Superior intellectual development measured by an intelligence quotient of two (2) standard deviations or more above the mean on an individually administered standardized test of intelligence

*In order to provide a comprehensive profile of the student's abilities and needs, screening activities will include nomination forms from teachers, school staff, students themselves, parents and/or community or through the K-BIT screening test. The following criteria may be used in identifying students:

- performance on standardized tests as determined below
- referrals from teachers for gifted eligibility based on classroom performance, student's portfolio
- recommendation from counselor/teachers regarding student motivational behavior, involvement in activities, etc.
- recommendation from parents about student's academic areas of strength
- K-BIT score of a minimum of ≥ 116

Plan B gifted (which is the underrepresented minority, ELL/ESOL, Free reduced lunch) is if the student scores in the 80th percentile or above in reading or mathematics on a standardized achievement test such as the BAT or scores an average of 80% on at least four (4) of the nomination forms. Then, the student will be referred for screening of intellectual functioning.

The Kaufman Brief Intelligence Test (K-BIT) or other cognitive screening measure will be administered after proper consent for such an evaluation has been obtained. If the student scores greater than 116 on the screening measure of intellectual functioning, or if the parent requests evaluation, the student will be referred for evaluation by the School Psychologist.

Services - The School will choose the most intense model that can be financially supported by the size of the gifted population. The number of gifted students per grade level will determine the choice of models as follows:

EP Plan Development: Once a student has been identified as gifted, the gifted coordinator will notify the student's parent, teachers, and school psychologist. The gifted coordinator at the school site will fill out the appropriate forms provided by the school district and notify the parents of the student to give permission for testing. Upon review of test, at a mutually scheduled EP meeting, the participants will determine the best suitable services required to meet the student's educational needs. The Gifted Eligibility Matrix (GEM) will be utilized to evaluate placement in the gifted program. The Plan B Matrix will include measures of intellectual functioning, academic performance, leadership, motivation, and creativity through the following means.

A multi-disciplinary committee of professionals will be established which will include a parent and may also be comprised of the classroom teacher, the teacher of the gifted, the Exceptional Student Education (ESE) Specialist, an LEA representative, the school psychologist, an ESOL designee where appropriate, and other school staff who spend significant time with the student. The eligibility committee at each school will be responsible for the review and analysis of evaluation data and the recording of the data on the Gifted Eligibility Matrix (GEM).

Initial Educational Plan (EP) Team Participants: The EP team will include the following participants:

- The student's parents*
- The student
- The schools' gifted coordinator
- At least one teacher of the gifted program;
- One regular education teacher of the student who, to the extent appropriate, is involved in the development and review of a student's EP. Involvement may be the provision of written documentation of a student's strengths and needs.
- School psychologist
- Staffing Specialist

*Parents will be considered partners with the schools in developing, reviewing, and revising the educational plan (EP) for their child. The role of parents in developing EPs will include:

- Providing critical information regarding the strengths of their child;
- Expressing their concerns for enhancing the education of their child so that they receive a free appropriate public education;
- Participating in discussions about the child's need for specially designed instruction;
- Participating in deciding how the child will be involved and progress in the general curriculum; and
- Participating in the determination of what services the school will provide to the child and in what setting.

The Educational Plan (EP) for each student will be individualized, measurable, and observable. The plan will include a statement of the student's present levels of performance which may include, but is not limited to, the student's strengths and interests, the student's needs beyond the general curriculum, results of the student's performance on state and district assessments, and evaluation results;

- A statement of goals, including benchmarks or short term objectives;
- A statement of the specially designed instruction to be provided to the student;
- A statement of how the student's progress toward the goals will be measured and reported to parents; and

- The projected date for the beginning of services, and the anticipated frequency, location, and duration of those services;

Implementation: The EP will be implemented immediately following the meeting and will be made accessible to each of the student's teachers who are responsible for the implementation. Each teacher of the student will be notified of specific responsibilities related to implementing the student's EP.

Services and instructional Strategies for Gifted - The school will offer various services to meet the needs of the gifted student based on the Educational Plan. These services may include but are not limited to:

- specialized gifted courses (as detailed in the curriculum section of this application),
- acceleration
- ability grouping
- modifications of content through differentiated curriculum
- Career exploration and goal setting integrated into the curriculum
- curriculum compacting
- enrichment
- social skills development and/or counseling
- Real world immersion activities (i.e. as science and social studies fairs, music and art exhibits, academic competitions, mentoring)

Curriculum will be vertically and horizontally enriching, providing those students who have mastered the grade-level Next Generation Sunshine State Standards and/or Common Core opportunities for acceleration. Curriculum for gifted students should include a wealth of opportunities for extended learning beyond the classroom.

Evaluations - A consultation model will be established by the gifted coordinator at the school.

Consultation will include periodical meetings between the general education teachers, gifted teachers and gifted coordinator to plan, implement, and monitor the student's progress. All faculty providing consultation to the student will maintain a record of the teachers, courses, and students for whom the services are being provided.

The EP team shall consider the strengths of the student and needs resulting from the student's giftedness and the results of recent evaluations, including class work and state assessments. In the case of a student with limited English proficiency, the language needs of the student as they relate to the EP, will be considered when reviewing and revising the plan. Quarterly Progress reports are also sent home in addition to parent contact.

Educational Plan (EP) Review Team Participants: The EP review team will include but is not limited to the following participants:

- The student's parents
- The student
- At least one teacher of the gifted program
- General Education teacher
- At the discretion of the parent or the school district, other individuals who have knowledge or special expertise regarding the student.

Timelines: An EP will be in effect at the beginning of each school year for all gifted students for a duration of 1 or 2 years as applicable to each case. Timelines for EP meetings for students who are gifted shall include the following: 1) An EP will be developed within thirty (30) calendar days following the determination of eligibility for specially designed instruction. 2) Meetings may be held to develop and revise the EP at least every 1 or 2 years for students. Plans may be reviewed earlier as needed or if

the student's parent or teacher requests a review, or if services change. 3) Re-evaluation will take place every 3 years.

Section 7: English Language Learners

The School will adhere to all applicable provisions of Federal law relating to students who are limited English proficient, including Title VI of the Civil Rights Act of 1964 and the Equal Educational Opportunities Act of 1974.

The ELL Plan, as referenced herein, reflects current policies and procedures adopted by the Sponsor. The School hereby agrees to adopt and implement the Sponsor's policies and procedures with respect to the ELL Plan, as amended from time to time.

A. Describe how the school will comply with state and federal requirements for serving English language learners, including the procedures that will be utilized for identifying such students and providing support services.

The Broward County Public Schools ELL Plan, as referenced herein, reflects current policies and procedures adopted by the Sponsor. The School hereby agrees to adopt and implement the Sponsor's policies and procedures with respect to the ELL Plan, as amended from time to time. Additionally, the School will meet the requirements of the Consent Decree entered in *Lulac, et al. vs. State Board of Education*. English Language Learners enrolled at the school will be served by ESOL-certified personnel who will follow the Sponsor's District Plan for English Language Learners as follows:

Identification and Assessment: Per FS 1003.56, the School will identify "English Language Learner" (ELL) as:

- An individual who was not born in the United States and whose native language is a language other than English;
- An individual who comes from a home environment where a language other than English is spoken in the home; or
- An individual who is an American Indian or Alaskan native and who comes from an environment where a language other than English has had a significant impact on his or her level of English language proficiency

The school will survey ALL parents upon initial entry (registration) using the **Home Language Survey (HLS)**. This is required by the League of United Latin American Citizens (LULAC) et al. v. State Board of Education Consent Decree. The Home Language Survey includes three questions and is given at the time of registration. The questions are as follows:

1. Is a language other than English used in the home?
2. Did the student have a first language other than English?
3. Does the student most frequently speak a language other than English?

If a parent answers "yes" to one or more of the three HLS questions, and/or meets the definition of ELL, they will be advised that the student will need an aural/oral language assessment of English proficiency to determine eligibility and placement in the school's ESOL Program. The parents are informed orally of the need of a language assessment by the school registrar, ESOL contact/designee, or by the guidance counselor. The student is then referred to a trained language assessor at the school.

Placement:

The student is assessed for English aural/oral language proficiency with the IPT within 20 days of registration, using the following assessment instrument:

IDEA Oral Language Proficiency Test II (IPT-II)- Grades 9-12 Form E

Once the student is assessed with an aural/oral language assessment instrument, use the charts correlating the *IDEA Oral Language Proficiency Test Score Levels with Broward County Language Level* Students with A1 to C1 or A1-B2 language level classifications are entitled to receive ESOL services. If the student is classified A1-B2, the school will update the language classification on TERMS and the ELLSEP folder. All decisions regarding ELL programmatic assessment and academic placement will be documented in the appropriate section of the student's English Language Learner Student Educational Plan (ELLSEP) folder. Parents will be notified of placement within 20 days in the home language.

The ELL Committee – The main function of the ELL Committee is to resolve any issue that affects the instructional program of an ELL student. It is composed of at least 4 members: an administrator or designee, the ESOL teacher, the home language teacher (if any), the classroom/subject area teacher(s), plus guidance counselors, school social workers, school psychologists or other educators as appropriate for the situation. The parent(s) will be invited in writing in home language to attend any meeting of the ELL Committee.

The Individual ELL Student Education Plan: All students classified as ELL will have an Individual ELL Student Plan. Such plan is part of the permanent student cumulative record folder upon entry into the ESOL program. The plan will include biographical student information (name, grade, home language), initial assessment and placement data, ESOL program and update information, program participation, amount of instructional time and/or schedule, exit information, post program review, etc. The plan will be updated on an ongoing basis to include programmatic changes, assessments, level updating, and ELL committee meeting information.

The ELL Plan will:

- Inform the student, parent, and teachers on the student ESOL language level
- Monitor student progression
- Establish meetings between the school, the parents, and the student to discuss academic progress
- Provide methods for evaluation and provisions for monitoring and reporting student progress
- Provide for parental and teacher involvement to ensure that the students are being properly serviced
- Provide for student exit from and reclassification into the program.

The School will designate an ESOL coordinator to be responsible for developing and updating all Student ELL Plans, keeping a record of parental contact and ESOL Program Records Folder.

Evaluation - Student plans will be updated at minimum annually by the program coordinator. The ESOL coordinator will document former ELL student's progress in the student's ELL Student Plan using a Post-Program Review Report and a Post-Program Review Student Profile. These are generated with information regarding students who have exited the ESOL program within the last two years. Documentation of the progress review for each ESOL-exited student will be conducted at the end of the student's first grading period, first semester, first year, and second year after exiting. The school will monitor the student's progress using report cards, test scores, classroom performance, Post Program

Review Reports (as applicable), Standardized tests and Student Case Management referrals (as applicable).

Additionally, students who are in the program longer than 4 years may have a plan update twice a year, depending upon their date of entry into an ELL program.

ESOL Program Placement - The school will implement an ESOL program of instruction in meeting the needs of the ELL population to be served. Program instruction will be designed to develop the student's mastery of the four language skills, including listening, speaking, reading, and writing, as rapidly as possible. The School will provide ESOL instruction in English and ESOL instruction (or home language instruction) in the basic subject areas of reading, mathematics, science, social studies, and computer literacy following the guidelines and procedures outlined by the current District ELL Plan.

English Language Learners will receive instruction, which is comprehensible, equal and comparable in amount, scope, sequence and quality to the instruction provided to English proficient students. Administrators will be responsible for monitoring the implementation of strategies by the classroom teacher using classroom walk-through model. Evidence can be observed during classroom visits, through lesson plans, through use of materials and audiovisuals, and through grade book notations. All teachers of ELLs document the ESOL strategies used for each lesson in their plan book. Some of the ELL Strategies to assist ELLs include but are not limited to Marzano's High Yield Strategies:

ELL students must take English through ESOL I, II, III and IV courses to meet graduation requirements for English. These courses also meet Florida Academic Scholars Program requirements for language arts and provide students with appropriate composition and literature instruction. Developmental Language Arts ESOL-Reading is an elective course, in lieu of Intensive Reading, which

can be taken multiple times and provides ELLs with additional listening/speaking/reading and writing skills.

The school will also utilize strategies approved by BCPS as noted on the *ESOL Instructional Strategies Matrix*.

ESOL Department, Broward County Public Schools
06/2013

Resources: Word-to-Word dictionaries in the students' heritage language/English language will be available in the ESOL and Content classrooms throughout the year, as well as, for all district and state assessments.

The Comprehensive English Language Learning Assessment (CELLA) The CELLA will be administered each spring to all current ELL students to measure proficiency and gains in reading, writing, listening, and speaking.

Exit procedures:

The school will follow the Exit Criteria Flowchart in the District's ESOL Handbook.

Students in grades 9-12 will be eligible to exit from the school's ESOL program once they score proficient on the Listening/Speaking, Reading and Writing sections of the CELLA and score an achievement level of a 3 or equivalent developmental scale score on the Reading portion of the FCAT. After reviewing scores, the School will follow the Exit Criteria Flowchart for any students who meet the new exit criteria.

The School ESOL contact person, in coordination with its teachers, will follow the following procedures to exit students from the ESOL program:

- Identify students who are eligible to exit the ESOL program based on the exit criteria.
- Update the exit information on the ELLSEP folder for exiting students.
- Complete the appropriate section of the ELLSEP folder with the assessment data used to determine English proficiency, date and signature. If the ELL Committee needs to be convened, parents will be invited and all members of the committee will sign as appropriate.
- Provide the school data processor with required exit data. The required information is entered in the State Database (TERMS).
- Notify the parent(s) that the student is exiting the ESOL program.
- Monitor the student for two years from the exit date in order to ensure success in the mainstreamed classroom.

Parental Involvement – The School will advise parents and encourage them to take part in the ESOL Leadership Council monthly. This district-wide forum for Limited English Proficient (LEP) parents and interested community members will allow parents to assist in identifying the educational needs and priorities of ELL students. To promote parent and community participation in programs for ELLs, the school will have a parent representation through school and district parent organizations. Parents of ELLs who are, or wish to be, in leadership positions will also be invited to attend local conferences and will be provided translation technology for better understanding. Participants will acquire relevant knowledge, information, skills and strategies needed to fully integrate into their leadership role at the ESOL Leadership Council or the School Advisory Council.

B. Identify the staffing plan for the school's English language learner program, including the number and qualifications of staff.

The School will ensure that highly experienced and ESOL certified teachers will be hired to serve the School's English Language Learner Program based on students' proficiency levels. The number of teachers will be based on the number of students identified upon student enrollment (results from home language surveys and/or ESOL levels). Additionally, the school is committed to ensuring that all core curriculum personnel instructing ELL students will have the appropriate training (ESOL endorsement/required coursework including ESOL Issues and Strategies -18, 60, 300 MPP) documentation. The Principal/Staffing Committee will identify each teacher's training status or requirement. The school will identify an ESOL coordinator who will have the responsibility of overseeing, training, and assisting staff in meeting the needs of the school's ELL population throughout the school year. All instructional members will be expected to appropriately identify any ESOL students and levels in their grade books and use ESOL strategies when instructing ELL students.

Home Language Assistance Program: Per META Consent Decree, If the school has 15 or more ELL students speaking another language (per language group) other than English, the school will ensure that a linguistically qualified paraprofessional or teacher- proficient in the same language- will be staffed to assist ELL students in understanding ESOL basic subject area and other content instruction. (LULAC et al vs. School Board of Education Consent Decree). Teachers and paraprofessionals assigned to this program are expected to assist ELL students using their home language in the core subject areas of mathematics,

science, and social sciences. Tutoring logs indicating services provided will be kept at the school by the administrator supervising the program. The paraprofessional assigned to ELL students will function as an assistant to the student throughout the day.

Bilingual paraprofessionals will assist students through the use of the following:

- working in small groups
- translating information
- interpreting test questions and homework assignments as appropriate
- helping students comprehend textbooks and other written materials.

C. Explain how English Language Learners who enter the school below grade level will be engaged in and benefit from the curriculum.

The School curriculum is designed to serve students of all ability levels, and the School will ensure that all students will be engaged in and benefit from the curriculum, including English Language Learners who enter the school below grade level. Any student in need of remediation for not making adequate progress towards mastery of the Common Core State Standards and/or Next Generation Sunshine State in the content areas, as adopted, will have access to supervised study time and tutoring services during school and non-school hours (e.g. after school, Saturday mornings, etc. and whenever possible, to accelerate and/or remediate student achievement).

Apart from providing the specific services listed in a student's English Language Learner Student Educational Plan (ELLSEP) folder IEP, as applicable, the School's faculty will differentiate instruction as necessary, as well as offer tutoring services or other such assistance to ensure students success. Student performance will be continuously assessed and students not making adequate progress towards mastery of the CCSS and/or NGSSS in the content areas, as adopted, will be identified and the following measures will be instituted:

- Reading strategies in the content areas will be facilitated throughout the curriculum to provide students additional practice in addition to those taught during language arts classes.
- Early bird, Super Saturday, and daily pull-out tutoring may be required for those students consistently demonstrating non-mastery of the standards. The team will meet to discuss pull-out tutoring options and all decisions will be documented on the student's English Language Learner Student Educational Plan (ELLSEP) folder, IEP and Matrix of Services.
- Students consistently demonstrating non-mastery of Benchmarks on teacher generated quizzes, chapter tests, projects, investigations, and poor academic progress will be targeted for supplemental and intensive instruction/intervention.

All ELL students will be monitored as stated on their English Language Learner Student Educational Plan (ELLSEP) folder, IEP and quarterly progress notes will be sent to the parents attached to their report cards every nine weeks.

Essentially, if a student is not able to learn after various ELL interventions are given, the school will begin an RTI- just as any other struggling student would require in attempts to engage the student, allowing them to benefit from the curriculum.

Section 8: School Climate and Discipline

A. Describe the school's planned approach to classroom management and student discipline.

The School's philosophy regarding student behavior ensures its commitment to the School's mission on a daily basis. Its founders are of the opinion that both teachers and students need to be provided with a consistent behavior management system so that maximum time can be spent teaching and learning. Inappropriate behaviors that interfere with the learning process and the expectations set for character development can be reduced and ultimately extinguished through consistent, best-practice behavior management techniques.

The School will function on the belief that a safe and orderly school is of primary importance in order to create an enjoyable environment for both students and teachers. When children behave in a respectful, responsible and safe manner, they learn more and develop into children whose character counts. With the children's best interests in mind, it is imperative that parents and staff work together to ensure a happy, safe and productive learning experience. The School expects parents to take an active role in supporting this plan in order for children to learn to be responsible citizens.

Thus, behavior management based on a positive reward/point system will be in place in all classrooms from the beginning of the first year of operation. Pre-service and in-service training will be required of all teachers. Each teacher, then, will be given the opportunity to implement her/his own behavior management techniques in their respective classrooms. The ultimate goal will be to remove these systems from the classrooms, based on the theory that appropriate behaviors will be internalized and external reward systems will no longer be necessary.

B. Describe the school's Code of Conduct, including the school's policies for discipline, suspension, dismissal and recommendation for expulsion.

The School will adopt and follow the most recent version of the *Broward County Public Schools Handbook Code of Student Conduct Policy 5.8 and Discipline Matrix*, therein incorporating the district's policies and expectations for students related to consistent and timely attendance, respect for persons and property, appropriate dress, technology usage, student publications, student activities, student records, and the right to appeal, including grievance procedures. This information will be made available to parents and students upon registration. The principal and staff have the responsibility and authority for maintaining the orderly educational process. The principal is authorized to take administrative action whenever a student's misconduct away from school has a detrimental effect upon other students or on the orderly educational process. Teachers and administrators will strive to use a variety of informal disciplinary or guidance strategies, prior to, during, and after formal disciplinary action.

Following the county, the school will distribute the *Broward County Public Schools Handbook Code of Student Conduct Policy 5.8 electronically and ensure that all parents and students sign and return the Acknowledgement form provided on page 11 of the handbook.* The school will retain the signed form in office with student records. Parents will be encourage to take an active role in supporting this plan. In order for student to learn to be responsible citizens, parents and school staff must work together to ensure a safe, conducive and productive learning environment.

Furthermore, a collaborative problem solving process will be utilized to address learning and/or behavioral challenges identified by the classroom teacher and/or identified by the parent and corroborated by the teacher as an in-school behavior. The School will have a team (like a child study

team) comprised of a School counselor, a member of the administrative team, and respective department heads e.g. members of the curriculum council (wherein every department is represented) and referring teacher and parent, when appropriate, will meet to discuss the pattern of behavior, targeted potential strategies to aim at assisting the child curtail the undesired behavior or learning outcome. The group will really consider the actual repetitive harmful behavior, and assign targeted strategies and or interventions (including timeframes for implementation and an informal plan of action) will be planned, implemented and subsequently evaluated at a subsequent meeting. The student's response and the results of intervention will be discussed and further action will be determined based on specific data and results gathered. Through this process, the student's needs can be addressed across the curriculum and the strategies can be individualized as well as the student's needs can be discussed and results compared, with allocation of necessary resources being implemented throughout the school day and in every discipline. The goal of this approach is to assist and support the child, avoiding, whenever possible, the necessity for punitive measures that will interrupt the integrity of the everyday academic or social setting of the child.

In commitment to the School mission, student's will abide by the BCPS's Code of Student Conduct and the Procedures *BCPS Students Conduct Code Book and the respective Discipline Matrix* for Promoting and Maintaining a Safe Learning Environment.

The most appropriate disciplinary action taken by the School's officials will be the least extreme measure that can resolve the discipline concern. Teachers and administrators strive to use a variety of informal disciplinary or guidance strategies, prior to, during, and after formal disciplinary action. The School will utilize corrective strategies appropriate to address the level of disruptive behavior as indicated in the Code of Student Conduct. Each parent must take an active role in supporting this plan. We want our children to learn to be responsible citizens. It is in the children's best interest that parents and staff work together to ensure a happy, safe and productive learning experience.

If a student does not follow the Code of Conduct, the consequences are as follows:

Code of Conduct:

Classroom Consequences:

1st Consequence – VERBAL WARNING

2nd Consequence – TIME OUT FROM ACTIVITY AND/OR LOSS OF PRIVILEGES

3rd Consequence – DETENTION

4th Consequence – PARENT CONTACTED/REFERRAL NOTE SENT HOME

5th Consequence – REFERRAL TO ADMINISTRATION

Administrative Consequences:

1. Administrative Detention

2. School Center for Special Instruction (SCSI) - Indoor Suspension

3. Detention – Alternate to Outdoor Suspension

4. Outdoor Suspension

The use of corporal punishment, including physical force or physical contact applied to the body as punishment, is prohibited by any member of the School staff and extends to parents or guardians on school grounds. National origin minority or English Language Learners (ELL) students shall not be subjected to any disciplinary action because of the use of a language other than English.

When confronted with an act that may require the imposition of disciplinary action by the School, the student and all other appropriate persons should be given the opportunity to explain the circumstances of the incident. The School will make every effort to inform a parent of disciplinary action prior to the action being taken, if at all possible.

Some of the disciplinary actions that may be utilized (in accordance with the district's Code of Student Conduct) include:

- Removal from Class
- Student Work Assignment
- Peer Mediation
- Other Alternatives (e.g. after-school detention)

A severe clause can be enacted automatically when the student performs one of the violations listed below.

Severe Clause Violations - Fighting, Drugs, Weapons, Profanity, Defiance of School Personnel, Assault upon a Staff Member, Continuous Disruptive Behavior. Any infraction of the Severe Violations Clause will result in ten days outdoor suspension. Student will not be allowed back in school until the parents meet with the administration to discuss viable options for the remainder of the school year. An infraction of such magnitude will seriously jeopardize the student's future enrollment.

Suspension:

The Principal or designee of the School may suspend a student from school for up to ten days for persistent disobedience and/or gross misconduct. Suspension from school can also be issued for Level II behaviors beginning with one day of suspension, and possibly increasing the days of suspension in accordance with the severity of the violation/infraction of school policy. School site administrators may take this action when they have exhausted informal disciplinary strategies, or when they have at least considered those alternatives and rejected them as inappropriate in a given situation.

Outdoor Suspension may be utilized by the School under the following conditions:

- The student's presence in school presents a physical danger to the student or others;
- A "cooling off" period is needed in order to relieve tensions and relieve pressure; and/or
- The student and/or parent refuse an alternative to suspension.

During a suspension the child will be given the opportunity to complete the work that was missed during the suspension. Failure to make up the assigned work missed (within three days of returning to school) during a period of suspension will result in the student being given the academic grade of "F" for those assignments. A suspended student completing assigned work missed during the period of suspension will not be subject to the withholding of passing final grades unless the student has, in addition to suspension, attained five or more unexcused absences in a semester course or ten or more unexcused absences in an annual course. In addition to making up assigned work, the student will be held responsible for the material presented during his or her absence.

Under no circumstances are teachers required to make special provisions to comply with this procedure. The responsibility for securing assignments missed during the suspension period will be that of the student. Upon completion of the makeup work, within a reasonable amount of time (typically within three days) the student should submit the work to the teacher. The teacher must grade and record the

makeup work as it is received. Improved effort and conduct by the student are expected, and lack of improvement will be handled by the teacher in an appropriate manner (e.g., parent conference, lowered effort and/or conduct grades, or referral to administration).

Dismissal or Recommendation for Expulsion:

In accordance with the SB Policy 5006, the School's Principal may request that the Superintendent recommend to the School Board that a student be expelled. The Principal of the School may take this action when he/she has exhausted less severe administrative disciplinary action, or when he/she has considered those alternatives and rejected them as inappropriate in the given situation.

In accordance with the Code of Student Conduct, the School's Principal may request the School's Governing Board vote to make a recommendation to the BCPS Superintendent that a student be recommended for expulsion, after a hearing where due process has transpired. The principal of the School may request the Superintendent consider this action when the School has exhausted less severe administrative disciplinary action, or when the School has considered those alternatives and rejected them as inappropriate in the given situation. Only the Sponsor can expel a student from a Broward County Public School, and therefore regardless of any recommendations made by the governing board of the School, the decision to expel lies only with the School Board of Broward County.

Glossary of terms:

1. After School Detention: being detained in a designated room after school as determined by the classroom teacher and Principal. Time spent is determined by the severity of the infraction. Any after-school activities (sports, clubs, etc.) may be attended but the student will not be eligible to participate. Parents must be notified ahead of time to make appropriate arrangements.
2. Severe Clause: extremely disruptive behavior resulting in immediate removal from class to the principal's office and/or from school.
3. Disrespect: to be rude or discourteous to another person, talking back, or arguing.
4. Outdoor Suspension: takes away the privilege of attending school for a certain number of days. A student receiving OSS may not be allowed to participate during the OSS period in after-school activities or set foot on campus (i.e., sports, clubs, etc.). Work missed during OSS may be made up for credit.
5. In-School Suspension (SCSI): takes away the privilege of attending classes; student remains in school and may get credit for work completed during ISS. A student receiving ISS may not be allowed to participate or attend during the ISS period in after school activities (i.e., sports, clubs, etc.).
6. Possession: Ownership; to carry on as if you owned it; to have in your control.
7. "NO TOLERANCE" Policy: the School maintains a "NO TOLERANCE" policy for weapons in school. Any child bringing weapons to school, including toy weapons, will be considered for expulsion.
8. Code of Conduct: a set of rules that develop self-control and orderliness in students by providing logical consequences for both appropriate and inappropriate behavior; the goal being a safe and orderly education for ALL STUDENTS.
9. Respect: to be courteous to those around you; to show consideration.
10. Detention: students who do not comply with the Code of Conduct, uniform code, etc., may be given a detention. Students will assist with cleaning chores in the cafeteria, media center, classrooms and around the school grounds, and thereafter will write a positive essay about their experience. Students receiving a detention must attend on the date scheduled. Three detentions will result in a mandatory meeting with the parents and the administration to discuss the next step.

The School's Code of Conduct, as referenced herein, reflects current policies and procedures adopted by the Sponsor. The School hereby agrees to adopt and implement the Sponsor's policies and procedures with respect to the Code of Conduct, as amended from time to time.

III. ORGANIZATIONAL PLAN

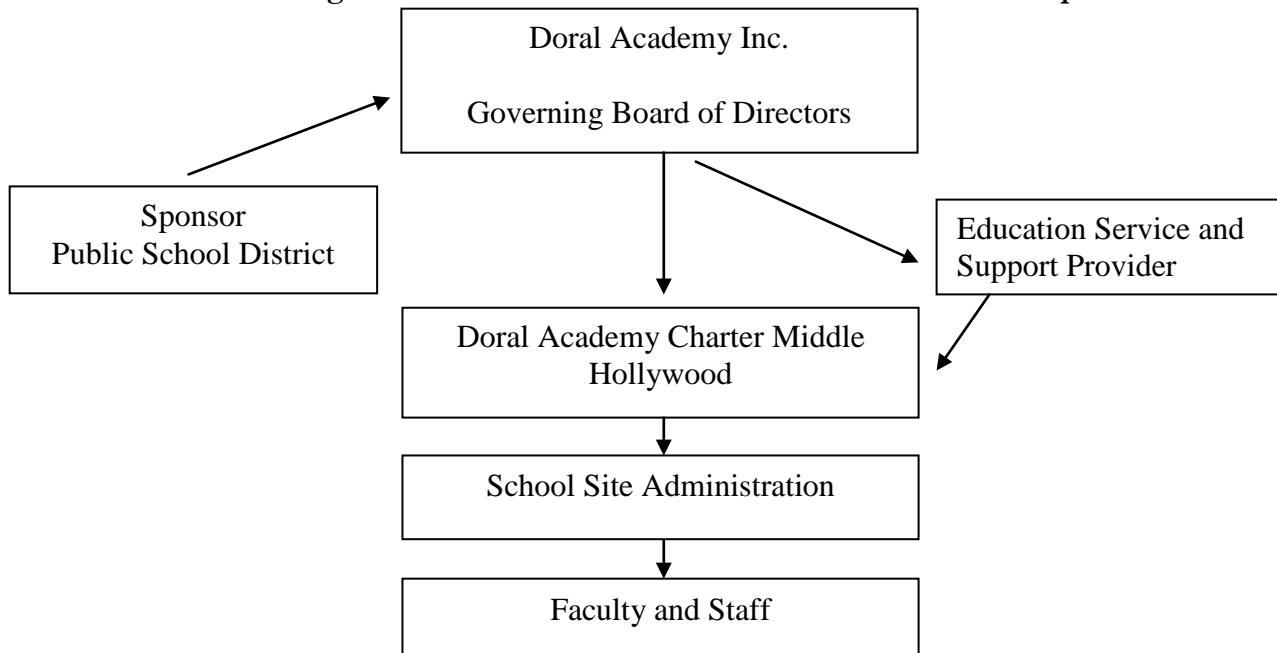

Section 9: Governance

A. Describe how the school will organize as or be operated by a non-profit organization.

Doral Academy Inc. a Florida not-for-profit corporation is the legal entity that will operate the School in accordance with the Corporation's *Articles of Incorporation*, (*Appendix A*) and *Bylaws* (*Appendix B*).

The governing board of directors (the "Governing Board") will have the responsibility for the activities and affairs of the corporation, including management of the school and for providing continuing oversight of school operations. The Governing Board shall exercise all corporate powers and functions. The Governing Board is committed to the mission of the school and is cognizant of its responsibility to effectively and properly manage public funds

B. Provide an organizational chart for the school and a narrative description of the chart.

The Governing Board is the ultimate policy-making body with the responsibility of operation and oversight of the school including but not limited to academic direction, curriculum, and budgetary functions. The school principal, hired by the board, will be responsible for all aspects of school operations within the scope of operating policies and procedures and budgetary functions as adopted

and approved by the Governing Board. The school's faculty and staff will report directly to the principal, who shall report to the Governing Board.

The School's on site administration (principal, an assistant principal and/or lead teacher) will ensure that the operations of the School (resources, courses, policies) are in accordance with the mission and vision of the School as adopted and approved by the Governing Board. The administrative staff, as instructional leaders, will make all school-based decisions, establishing and implementing procedures for the day-to-day operations of the School. The faculty and secretarial staff will be responsible for carrying out these procedures in their daily activities and interactions with students, parents and the community.

C. Clearly describe the proposed reporting structure to the governing board and the relationship of the board to the school's leader and administration.

The Governing Board will operate and report to the sponsor as required in the Charter School Contract. The Board will oversee and hire the Principal in consultation with the ESP. The Principal will report to the Board at its meetings.

D. Provide a description of how the governing board will fulfill its responsibilities and obligations, including but not limited to:

- Adoption of the annual budget
- Continuing oversight over charter school operations

The policies and procedures by which the Governing Board will operate, including specific board member powers shall be as stated in the Corporation's Bylaws, attached hereto as ***Appendix B***.

A brief overview of those policies and procedures is detailed below:

Board Member Duties: The Governing Board will perform the following duties, as well as any and all other duties as specified in Florida Statutes regarding Governing Boards of Charter Schools and any other duties specified by the Applicant's Bylaws:

1. Oversee operational policies; Academic accountability, and financial accountability.
2. Annually adopt and maintain an operating budget.
3. Exercise continuing oversight over charter school operations.
4. Report its progress annually to its Sponsor, which shall forward the report to the Commissioner of Education at the same time as other annual school accountability reports.
5. Oversee and evaluate the Principal on a yearly basis.
6. Ensure that the charter school has retained the services of a certified public accountant for the annual financial audit, pursuant to paragraph (g), who shall submit the report to the Governing Body.
7. Review and approve the audit report, including audit findings and recommendations.
8. Monitor any financial recovery plan in order to ensure compliance with same (if applicable).
9. Report progress annually to its sponsor, including at least the following components (i.e. Charter School Annual Report):
 - a. Student achievement performance data

- b. Financial status of the School, including revenues and expenditures at a level of detail that allows for analysis of the ability to meet financial obligations and timely repayment of debt.
- c. Documentation of the facilities in current use and any planned facilities for use by the charter school for instruction of students, administrative functions, or investment purposes.
- d. Information about the charter school's personnel, including the proportion of instructional personnel teaching in field or out-of-field.

E. Describe the policies and procedures by which the governing board will operate, including board powers and duties; board member selection, removal procedures and term limits; code of ethics, conflict of interest, and frequency of meetings.

Charter school governing boards must be guided by a set of by-laws that define how the board will operate. Applicants may include their proposed by-laws.

Board Member Selection & Removal Procedures & Term Limits: The Applicant's Bylaws clearly specify the selection, removal procedures, and term limits of Board Members, and is summarized as follows:

Selection: Directors shall be elected at a duly organized meeting of the Board of Directors. Notice of the Board's intentions to elect a Director shall be included in the agenda for that meeting and publicly announced.

Removal Procedures: Any member may be removed without cause by the affirmative vote of a majority of the Board. Newly created directorships resulting from an increase in the number of directors compromising the board and all vacancies occurring on the board for any reason shall be filled by the majority of the members in office at any meeting of the Boards. A member elected to fill a newly created directorship or a vacancy will serve until a successor is elected. Newly elected members will agree to support the founding organization's vision in order to maintain continuity between the founders and the subsequent board members.

Term Limits: A Director shall be elected for a term of no more than five (5) years.

Code of Ethics: It is Board policy that employees and board members uphold the highest standards of ethical, professional behavior. To that end, these employees and board members will agree to commit themselves to carrying out the mission of this organization and shall:

- Be mindful of and honor the safety, health and welfare of the public in the performance of professional duties.
- Act in such a manner as to uphold and enhance personal and professional honor, integrity and the dignity of the profession.
- Treat with respect and consideration all persons, regardless of race, religion, gender, sexual orientation, maternity, marital or family status, disability, age or national origin.
- Recognize that the mission at all times is the effective education of children and the development of institutions to foster that mission.
- Engage in carrying out the Board's mission in a professional manner.
- Collaborate with and support other professionals in carrying out the educational mission.
- Build professional reputations on the merit of services.

- Keep up to date and informed on emerging issues and business of the Board, and to conduct themselves with professional competence, fairness, impartiality, efficiency and effectiveness.
- Uphold and implement policies adopted by the Board of Directors.
- Keep the faculty, parents, students and community informed about issues affecting them.
- Conduct organizational and operational duties with positive leadership exemplified by open communication, creativity, dedication and compassion.
- Exercise whatever discretionary authority they have under the law so as to carry out the mission of the organization.
- Serve with respect, concern, courtesy, and responsiveness in carrying out the organization's mission.
- Demonstrate the highest standards of personal integrity, truthfulness, honesty and fortitude in all activities in order to inspire confidence and trust in such activities.
- Avoid any interest or activity that is in conflict with the conduct of official duties.
- Respect and protect privileged information to which they have access in the course of their official duties.
- Strive for personal and professional excellence and encourage the professional development of others.

Conflict of Interest Policy: As a nonprofit, tax-exempt organization authorized to operate charter schools, the operations of the Applicant can also be viewed as a public trust, which is subject to scrutiny by and accountable to the public. Consequently, a fiduciary duty exists between the Board, officers, management employees, and the public, which carries with it a duty of loyalty and fidelity. The Board, officers, and management employees have the responsibility of administering the affairs of corporation honestly and prudently. Those persons shall exercise the utmost good faith in all transactions involved in their duties, and they shall not improperly use their positions with, or knowledge gained from the organization for their personal benefit.

Nature of Conflicting Interest: A conflicting interest may be defined as an interest, direct or indirect, with any persons or firms mentioned above. Such an interest might arise through:

- Owning stock or holding debt or other proprietary interests in any third party dealing with the Corporation.
- Holding office, serving on the Board, participating in management, or being otherwise employed (or formerly employed) with any third party dealing with the Board.
- Receiving remuneration for services with respect to individual transactions involving the Corporation.
- Using the corporation's time, personnel, equipment, supplies or good will for other than Board - approved activities, programs and purposes.
- Receiving personal gifts or loans from dealing or competing third parties. Receipt of any gift is disapproved except gifts of a value less than \$150, which could not be refused without discourtesy. No personal gift of money should ever be accepted.

Interpretation of this Statement of Policy: The areas of conflicting interest listed and the relations, in those areas, which may give rise to conflict, are not exhaustive. Conflicts might arise in other areas or through other relations. Directors, officers and management employees will hopefully recognize such

areas and relation by analogy. However, it is the policy of the Board that the existence of any conflict of interest shall be disclosed before any transaction is consummated. It shall be the continuing responsibility of the Board, officers, and management employees to scrutinize their transactions and outside business interests and relationships for potential conflicts and to immediately make such disclosures.

Disclosure Policy and Procedure: Transactions with parties with whom a conflicting interest exists may be undertaken only if all of the following are observed: 1. The conflicting interest is fully disclosed; 2. The person with the conflict of interest is excluded from the discussion and approval of such transaction; 3. Where products, goods or services are being procured or sold, that there exists reliable independent evidence of fair value (which shall be specifically identified in and attached to the minutes), which may include a competitive bid or market survey or comparable valuation or other reliable evidence of market value; and The Board has determined that the transaction is in the best interest of the organization. Disclosure in the organization should be made to the Board Chair who shall bring the matter to the attention of the Board. Disclosure involving the directors should be made to the Board. The Board shall determine whether a conflict exists and in the case of an existing conflict, whether the contemplated transaction may be authorized as just, fair and reasonable. If the conflict is not deemed to be material and the conflicted party is excluded from the decision making process, then the Board can use its reasonable judgment and make a decision, which it deems to be in the best interest of the entity. The decision of the Board on these matters will rest in its sole discretion, and its concern must be the welfare of the Corporation and the advancement of its purpose.

Meeting schedule selection: A procedure for selection of meeting schedule is clearly written in the Applicant's Bylaws. The Applicant will vote upon and post their meeting schedule for the 2011-2012 school year, and annually thereafter, in accordance with chapter 119 of the Florida Statutes, relating to public records, and public meetings.

F. List each of the proposed members of the school's governing board, indicating any ex-officio members and vacant seats to be filled.

Angela Ramos

Chair / Parent representative Community Affairs/ Assessment

Ms. Ramos, the board's parent representative, was recently elected as the Board Chair. She commenced her career in television more than twenty one years ago at Univision-23, where she now serves as Programming and Public Affairs Director in charge of creating and developing public Service campaigns and local public affairs programming for the station.

Her career includes the "Service to America Award" in 2003 and now again in 2006 for excellence in serving the children of our community and National Community Service Awards for public affairs programs and campaigns. Ms. Ramos was recently selected as Woman of the Year in Radio and Television by Woman in Communications. She developed "Orgullo de Nuestra Juventud" (Pride of our Youth), a campaign she developed nine years ago highlighting outstanding students. Throughout the years the campaign has recognized and awarded scholarships to more than 40 high achieving students. The campaign also now includes a second tier, which recognizes and awards 12th graders who have overcome tremendous obstacles in their lives and are graduating from high school. A mentor to many, Ms. Ramos continuously tries to guide young professionals toward success in our industry.

Rene Rovirosa

Vice Chair / Secretary - Curriculum and Instruction

Mr. Rovirosa, Principal of the Mater Academy Lakes Charter Middle School & Mater Academy Lakes Charter High School, has been a servant to public education for the past thirty-four years. Prior to his position, he was among one of the founders of Mater Academy Middle/High School in 2002 and his educational experiences have included lead teacher, Social Studies teacher and Department Chair at the Middle and High School levels and among the educational community. Additionally, Florida International University worked with Mr. Rovirosa to place Social Studies teacher interns in his classroom from 1975-1997, when he served as mentor to all beginning teachers who were trained in his classroom.

G. Outline the methods to be used for resolving disputes between a parent and the school.

Positive relations between the School and its parents and families are a primary concern. For that reason, every effort will be made to handle disputes in the most positive way possible. The following steps have been outlined in order to facilitate resolution of such issues:

- ❖ Make an appointment to clarify issue with student's teacher
- ❖ Make appointment to clarify issue with school administrator
- ❖ Contact the identified person at the Service and Support Organization
- ❖ Contact the Governing Board Chair
- ❖ State concerns at a scheduled Governing Board meeting

If the school is filing the application in conjunction with a college, university, museum, educational institution, another nonprofit organization or any other partner, provide the following information:

- H. Name of the partner organization.
- I. Name of the contact person at the partner organization and that person's full contact information.
- J. A description of the nature and purpose of the school's partnership with the organization.
- K. An explanation of how the partner organization will be involved in the governance of the school.

Section 10: Management

- A. Describe the management structure of the school. Include job descriptions for each administrative position and identify key roles, responsibilities and accountability.

The management structure for the school's day-to-day operations will be as follows:

The Governing Board will hire and oversee the school principal. **The Principal**, as the instructional leader, will be responsible for all aspects of day-to-day administration of the school within the scope of the board's operating policy and in compliance with district, state, and federal guidelines for the school's operation. The Principal will hire, oversee, and evaluate faculty and staff. The principal will make all school-based decisions, establishing and implementing procedures for the day-to-day operations of the school including procedures for curriculum and instruction, classroom management, discipline, faculty and staff evaluation, data analysis, testing, support services, parental communication, professional development, discipline, community outreach, oversight of facilities and internal financial controls, etc. The principal will report to the board on the school's operations and finances at minimum at every governing board meeting and will be expected to communicate with the board as often as needed by the School and/or board members in order for school's operational needs to be met.

The administrative staff:(to include Assistant Principal, Counselor, ESOL Coordinator and ESE Program Specialist, etc.) will assist the principal in implementing policies and procedures for the daily operations of the school as determined by their specific role in the school. The principal will delegate such duties to the assistant principal and administrative support staff to ensure that daily operations, resources, policies and procedures are being implemented in accordance with the school's mission. Faculty and staff will be responsible for carrying out these procedures in their day-to-day duties, activities, and interactions with students, teachers, and parents of the school.

The duties and key roles for these key personnel are detailed in the job descriptions, *Appendix E*.

The Board will contract with Academica, an Educational Services and Support Provider, to provide off-site support to the school. The support services to be provided are central office functions including but not limited to: assistance with facilities design and maintenance, staffing recommendations and human resource coordination, curriculum support, research and updating, sponsor relations and reporting, program marketing, general accounting services including bookkeeping, payables, asset management, budget preparation, risk management, cash flow analysis, and preparation of financial statements provided to the Governing Board for oversight and approval. The Sample ESP agreement, *Appendix D*, includes all anticipated professional support services to be provided.

Financial Oversight and Management: The Governing Board has the ultimate responsibility of ensuring that the school's finances are managed properly. As per the duties describe in *Section 9-Governance*, the Board will annually adopt and maintain an operating budget and maintain oversight of all school-based finances. The Governing Board will ensure that the charter school has retained the services of a certified public accountant for the annual financial audit. The ESP, as contracted by the Board, will assist the School with additional preparation and reporting of the school's finances.

The school principal, with support from the ESP, will prepare the estimated budget using anticipated enrollment projections prior to the beginning of each fiscal year. Hiring and procurement decisions will be made at that time. Enrollment will be closely monitored in order to make sure that appropriate master schedules and hiring decisions remain within budgetary constraints. Budget reports will be prepared and presented to the Sponsor and the Board on a monthly basis for oversight. Actual budgets will be prepared and presented to the Board at all quarterly board meetings.

The board has also established financial policies and internal control for the school's operational and internal accounts. These policies and controls are detailed in Section 18, *Financial Management and Oversight*, of this application.

B. Outline the criteria and process that will be used to select the school's leader and the process by which the school leader will be evaluated.

The school principal will be hired by the board, and will be responsible for all aspects of school operations within the scope of operating policy and budgetary approval by the Governing Board. The Board intends to recruit talented individuals who have knowledge of and experience with instructional, educational, and school-site matters. The school will adhere to the anti-discrimination provisions of s. 1000.05, Florida Statutes.

At minimum, the Governing Board will seek an individual who has:

1. Extensive administrative and teaching experience;
2. State of Florida Educational Leadership Certification;
3. Experience working with school or advisory educational boards;
4. Strong managerial capabilities;
5. Knowledge of the needs of student population;
6. Positive evaluations from previous administrative position(s);
7. Letters of recommendation;
8. Excellent communication skills; and
9. Demonstrated capacity to meet and or exceed the Florida Principal Leadership Standards

Administrator Evaluations: The governing board will conduct formal administrator evaluations annually (mid-year and end-of-year review) using a Comprehensive Assessment Appraisal System in accordance with the Florida Principal Leadership Standards. The Standards are set forth in rule as Florida's core expectations for effective school administrators. There are ten Standards grouped into categories, which can be considered domains of effective leadership. The school will use the Florida Consortium of Public Charter Schools Evaluation System, which is aligned to the Florida Principal Leadership Standards and approved by the Florida Department of Education and Broward County Public Schools on May 17, 2013.

In compliance with the *Student Success Act*, the administrator's evaluation takes into student growth and instructional practices.

- ❖ Performance of Students - fifty percent of the school administrator(s)'s evaluation will be based upon the performance of the students. While the other fifty percent will be based on instructional practice, professionalism, and job responsibilities.
- ❖ Instructional Leadership - Leadership standards adopted by State Board of Education, including: performance measures related to effectiveness of classroom teachers, recruitment and retention of effective & highly effective teachers, improvement in the percentage of instructional personnel rated as highly effective & effective, appropriate use of evaluation criteria and other practices that result in student learning growth.

Professional & Job Responsibilities - Other job responsibilities as adopted by State Board of Education and the Sponsor and may also includes a mechanism to give parents and teachers an opportunity to provide input into the administrator's performance assessment, when appropriate.

C. Provide a staffing plan for each year of the charter term aligned with the school's projected enrollment as detailed on the cover page of this application.

Costs for educational staff and administrators are forecast using the published pay scale in effect in the district where the school is located as a guide. The number of instructional personnel is in line with Florida's laws relating to class size.

- Teacher Salaries were derived at by using an average salary of \$ 39,500.00teacher for Year 1, with a CPI of approximately 1% for every year thereafter.
- Paraprofessionals are budgeted at an average salary of \$18,000/year.
- Substitute teacher costs assume that substitutes will be hired for 10 days/full-time teacher at a rate of \$110.00/day.
- Administrative Salaries include a Principal and Assistant Principal.
- Clerical and Administrative assistant salaries include those for Registrar, and Administrative Assistants/Clerical personnel
- Contract Services include professional fees paid to entities such as the Services and Support Provider, Speech Therapist, and other ESE service providers. The cost was derived at using an average of \$450.00 student, which is the formula currently used by other charter schools with similar enrollment figures.
- As noted in the detailed Revenue Worksheet included in the application, the budget anticipates that 10% of students will be classified as ESE. There is room in the budget to modify the amount paid for ESE services under Miscellaneous and in the Budget Surplus, should the rate of contracted services for ESE and ESOL increase due to the various needs of the students once enrolled.

Employee Benefits are calculated at a rate of 22% of all salaries (excluding contracted services). This includes health insurance costs, 401k contributions, tuition reimbursements, Worker's Compensation, and all mandatory federal and state employment taxes. As noted in the application, for employee insurance and benefits selection, the Governing Board has engaged the services of ADP Totalsource, a professional employer organization that provides human resource services to small and moderate size employers. The use of a professional employer organization allows the staff of the School to enjoy the same level of benefits that are available to employees of large organization such as Fortune 500 companies (including health/dental/vision insurance and Retirement/401k plans).

D. Explain the school's plan for recruitment, selection, development, and evaluation of staff.

Recruitment –The School will ensure that faculty members are certified, highly-qualified professional personnel.

Accordingly, the School will:

- ❖ Recruit teachers through the State-sponsored, *Department of Education, Teach in Florida* website,
- ❖ Coordinate efforts to partner with postsecondary educational institutions to serve as host school for interns whenever possible, and
- ❖ Organize other efforts to attract in-field experts to serve as teachers in the various disciplines that require higher levels of academic content delivery.

Recruitment efforts will also include advertisements in local newspapers and on the school's website, presentations and fliers at local universities, school job fairs, and via word of mouth. Also, each year, Somerset Academy, Inc. holds a recruitment convention that attracts applicants from all over the

country. Considerable effort will be taken during interviews to hire the most qualified candidates that cumulatively represent the diverse racial/ethnic background of the local community and county that we serve.

Annually, Somerset Academy, Inc. holds a recruitment convention that attracts applicants from all over the country. Considerable effort will be taken during interviews to hire the most qualified candidates that cumulatively represent the diverse racial/ethnic background of the local community and county that we serve.

Selection Process-The school will look for candidates who demonstrate the following qualifications:

Administration

- ❖ Educational background: Master's Degree or higher
- ❖ Extensive administrative and teaching experience
- ❖ State of Florida Certification in Educational Leadership
- ❖ Vast experience in working with school or advisory educational boards
- ❖ Strong managerial capabilities
- ❖ Knowledge of the needs of the student population served by the School
- ❖ Positive evaluations from previous administrative position
- ❖ Letters of recommendation
- ❖ Excellent communication skills

Faculty/Staff

Educational background: Bachelor's Degree or higher in field

- ❖ State Certification for the required position
- ❖ Excellent presentation and interpersonal skills
- ❖ Satisfactory recommendation and/or evaluations from previous employer
- ❖ Personal characteristics, knowledge, and belief in the school's mission
- ❖ An ability and motivation to work as part of a team in a small-school setting with parental involvement
- ❖ References/Letters of Recommendation

Hiring Process - The School's Governing Board will appoint a screening committee to recruit, interview and recommend to the board qualified candidates for Administrative positions, as needed.

This committee may include current charter school administrators, employees of the organization, current board members and ESP personnel. Based on the recommendations of the committee, the Board conducts final interviews of the most qualified candidates and hires the Principal and any assistance principals (as the need arises).

The Principal, once hired, recruits teachers and may appoint a school-based committee to screen highly - qualified and certified teachers. This committee develops an interview questionnaire for specific positions, conducts initial screening interviews and makes recommendations to the principal. The principal reviews recommendations, conducts final interview, and makes all final hiring decisions within the scope of the budget, as approved by the Governing Board.

The school will not employ an individual to provide instructional services if the individual's certificate or license as an educator is suspended or revoked by this or any other state. The school agrees to

fingerprint all employees as required by Section 1012.32, F.S., all employees agree to background checks, and drug-screening. The School will adhere to the antidiscrimination provisions of s. 1000.05, Florida Statutes. Furthermore, the school will not discriminate based on actual or perceived disability, gender, nationality, race or ethnicity, religion, sexual orientation in the hiring of its employees.

Employee Evaluations – The School will adhere to all requirements of the *Student Success Act* relating to performance pay and evaluations for instructional personnel and school administrators.

The school will use the Florida Consortium of Public Charter Schools Evaluation System, which is aligned to the six Florida Educator Accomplished Practices (FEAPs) and approved by the Florida Department of Education and Broward County Public Schools on May 17, 2013.

In compliance with the State Board of Education Rule 6A-5.065, *Student Success Act*, the evaluation system is comprised of six domains, which will assist in determining the overall performance level of the instructional employee as Highly Effective; Effective; Needs Improvement/Developing; or Unsatisfactory. Various components

1. Performance of Students - fifty percent of the school administrator(s)'s evaluation will be based upon the student learning growth. While the other fifty percent will be based on instructional practice, professionalism, and job responsibilities.
2. Instructional Leadership - Leadership standards adopted by State Board of Education, including: performance measures related to effectiveness of classroom teachers, recruitment and retention of effective & highly effective teachers, improvement in the percentage of instructional personnel rated as highly effective & effective, appropriate use of evaluation criteria and other practices that result in student learning growth.
3. Professional & Job Responsibilities - Other job responsibilities as adopted by State Board of Education and the Sponsor and may also includes a mechanism to give parents and teachers an opportunity to provide input into the administrator's performance assessment, when appropriate.

All teachers will be formally evaluated at minimum on an annual basis. Newly hired teachers (new to the district and/or new to the profession) will be formally evaluated at least twice in the first year of teaching and will be under a probationary contract. All personnel must be fully informed of the criteria and procedures associated with the evaluation process before the evaluation takes place.

Because every effective teacher must be able to integrate and apply all of the skills involved in the aforementioned areas of professional practice, competent demonstration of each of the twelve Educator Accomplished Practices will be evaluated.

The CWT (Classroom Walk -Through) Program will be used frequently to provide feedback on objective - setting, grade level appropriateness of lessons, appropriate higher-level thinking strategies and appropriate use of texts and materials. Instructional strategies, classroom management skills, and engagement of learners in the classroom will also be observed and teacher performance will be evaluated as a means to inform instruction and provide for professional growth opportunities.

Non-instructional staff, such as clerical staff will also be evaluated and receive feedback on their performance via in-house assessment tools and individual conferences with the principal or designee.

Staff Development Plan - In setting high expectations for both students and teachers, the School will be committed to maintaining the level of high quality instructors by implementing a comprehensive professional development plan. The school will support the professional development needs of all professional staff by subsidizing college classes, facilitating the attainment of continuing education credits, and offering trainings.

Teacher training will be offered throughout the school year in a variety of forms. Select teachers will attend local, state and national conferences and serve as trainer to the remainder of the staff upon return to the School. Appropriate and relevant school wide training will occur on teacher planning days as well as on early release dates. All staff will participate in school-initiated and other relevant and necessary workshops for professional development, and a member of the administrative team will coordinate, assist and monitor the staff development process. In-house workshops and meetings will be held monthly by administrators and may occur as often as biweekly through team leaders, in order to facilitate support, encourage communication, allow for team planning, and troubleshoot concerns and needs. Somerset Academy, Inc. also offers professional development to its administrators and teachers. Some examples of PD courses offered include:

- ❖ Classroom Techniques: Surviving the First Two Weeks
- ❖ Classroom Management Strategies for Teachers
- ❖ Data Decision Making
- ❖ Effective Leadership Strategies
- ❖ Effective Teaching Strategies
- ❖ Spelling is More Important than You Think
- ❖ The 3-Minute Classroom Walkthrough

All Staff will be offered, at minimum, the following school-site and district-based trainings:

- ❖ Curriculum Implementation by Subject/Specialty – Teachers will participate in school-wide trainings and individual department trainings throughout the school year related to curriculum implementation, CCCS and PARCC implementation - These include but are not limited to: *Horizontal and Vertical team planning, Implementing Common Core State Standards/NGSSS when applicable in English/Language Arts and Mathematics instruction; CCCS Literacy Standards in Science, Social Studies and Content Areas; Preparing ELLs for the Challenges of Common Core; Preparing Students With Disabilities for Common Core.*
- ❖ Differentiated Instruction – This training teaches teachers and coaches how to differentiate and individualize instruction in order to create effective targeted instructional lessons and tutoring to increase student achievement and maximize instructional time.
- ❖ Data-Driven Decision-Making – Administrators and staff learn how to analyze, extrapolate and disaggregate school data from a variety of sources and to use this data to create effective school improvement plans and increase student achievement.
- ❖ Technology for the Next Generation – Staff will participate in hands-on technology workshops to learn how to integrate technology into the classroom. The purpose is to ensure schools are growing with technology to ensure students and teachers are prepared for the expectations of the 21st century and national technology standards.

- ❖ [Safety and Security](#) – Safety and security training will instruct staff on daily safety procedures, and how to prevent and protect the school and students, to handle emergency situations, and to recognize potential threats in accordance with the school safety plan.
- ❖ [Individual Professional Development Plan \(IPDP\)](#) - In addition to school wide professional development opportunities, faculty members will each complete an Individual Professional Development Plan (IPDP) as a means to document and identify areas for personal targeted professional growth, including the identification of strategies for obtaining specified goals, its' compatibility to ensuring the professional development exercise will serve to benefit the student, and a timeframe in which the staff development exercise should occur. All IPDPs will be approved by the Principal, or designee, at such time the principal may elect to recommend additional recommended professional development that should occur within a given timeframe. The principal or member of the administrative staff, together with the teacher, will commit to the IPDP, including the allocation of necessary resources for plan implementation, and observation of new/struggling teachers by veteran/mentor teachers to implement support strategies.

The professional development plan for administrators will encompass both internal and district-based in-service trainings. Administrators may also participate in professional development conducted through: the National Association of Secondary School principals; the National Association of Elementary School Principals; the Southern Association of Colleges and Schools/AdvancEd; Association for Supervision and Curriculum Development; and state trainings.

At a minimum, administrators will be encouraged to participate in the following professional development trainings and conferences:

- ❖ [Florida Annual State Charter School Conference](#) - administrators will attend state conference on an annual basis.
- ❖ [Clinical Educator Training](#)–This training provides quality support for developing administrators for the classroom or other educational environments such as the student services area. The Clinical Educator Program is designed to assist experienced educators as they exercise the very critical task of supporting and mentoring developing professionals in a variety of settings. This course helps develop skills for coaches and mentors in a formative observation, clinical supervision, feedback skills, and professional development planning for increased instructional effectiveness. The Florida Performance Measurement System's formative and summative processes are incorporated.
- ❖ [Classroom Walk-through Training](#) - Provides school leaders with strategies and tools to effectively structure classroom visits and follow-up reflection. Reflective thinking about one's practice provides an effective strategy for change and improvement by fostering a process of communication between the instructional leaders and the teacher to increase the focus on student achievement. The process provides a powerful strategy for increasing student achievement; a strategy for classroom visits that focuses on teaching and learning; methodology for analyzing the classroom for feedback purposes, and the use of reflective conversation for providing feedback.
- ❖ [Budget Training for Administrators](#) – This training addresses school budgeting as it pertains to both the school's operating budget and internal accounting policies and procedures, *Financial and Program Cost Accounting and Reporting for Florida Schools* (Redbook) requirements, and checks and balances to ensure a sound budget.

- ❖ [Master Scheduling for Administrators](#) – Administrators are trained on creating an efficient and effective master schedule that meets the national, state and district course requirements, is financially sound, and that meets class size requirements.
- ❖ [Developing the School's Improvement Plan](#) – This training assists school administrators to develop a sound and effective school improvement plan to ensure an equitable and high-quality school improvement plan. This process includes data analysis, goal-setting, budget planning, professional development planning and reflective practices.
- ❖ [Principal Chat Sessions](#) – Charter School Administrators meet by level (secondary, elementary) to go over pertinent topics and to share best practices. These sessions include curriculum development, standards implementation, scheduling, educational changes, innovative programs, and more. Experienced administrators share their best practices for using student achievement data with newly appointed assistant principals.
- ❖ [Teacher Evaluation Training for Administrators](#)– Training provided by the Florida Consortium of Public Charter Schools – to conduct teacher formal observation of teachers.

Retention of Staff: The School wishes to provide the best benefits and employee services possible. Our experience has shown that when employees deal openly and directly with supervisors, the work environment can be excellent, communications can be clear, and attitudes can be positive. We believe that the School will amply demonstrate their commitment to employees by responding effectively to employee concerns.

A number of the programs (Social Security, workers' compensation, and unemployment insurance) cover all employees in the manner prescribed by law. Additionally, the school will provide a wide range of benefits such as Flexible Benefits Plan; Direct Deposit; Retirement/401(k) Savings Plan; Bereavement Leave; Dental Insurance; Family Medical Leave; Financial Counseling; Health Insurance; Holidays; Life Insurance; Long-Term Disability; Sick Leave; Vision Care Insurance to ensure the retaining of qualified and capable staff. These fringe benefits are reflected in the budget – See *Appendix A*.

Other programs include:

- ❖ [Educational Assistance/Tuition Reimbursement](#): The School recognizes that the skills and knowledge of its employees are critical to the success of the institution. The educational assistance program encourages personal development through formal education so that employees can maintain and improve job-related skills or enhance their ability to compete for reasonably attainable jobs within the School. The following criteria will be used for Tuition Reimbursement for Full-time Certified Teacher Employees
- ❖ [Employee Assistance Program](#): The School cares about the health and well-being of its employees and recognizes that a variety of personal problems can disrupt their personal and work lives. Through the Employee Assistance Program (EAP), the school will provide confidential access to professional counseling services for help in confronting such personal problems as alcohol and other substance abuse, marital and family difficulties, financial or legal troubles, and emotional distress
- ❖ [Flexible Spending Account \(FSA\)](#): A Flexible Spending Account (FSA) program that allows employees to have pre-tax dollars deducted from their salaries to pay for eligible out-of-pocket expenses. The pre-tax contributions made to the FSA can be used to pay for predictable non-reimbursed health care expenses and dependent care expenses during the plan year. Through the

FSA program, staff can reduce taxable income without reducing real income, in order to keep more of the money they earn.

- ❖ Support for Beginning and Struggling Teachers: Observation of new and struggling teachers by veteran teachers and support strategies will be implemented as applicable. A new educator support system format will also be used as a means to offer support to beginning teachers, through the assigning of a willing mentor, who will be assigned for struggling and/or beginning teachers.

Section 11: Education Service Providers

If the school intends to enter into a contract with an Education Service Provider (ESP)⁶:

A. Describe the services to be provided by the ESP.

The ESP's services include assistance with facilities design, staffing recommendations and human resource coordination, curriculum development, research and data updating, sponsor relations and reporting, program marketing, and bookkeeping, budgeting, and financial forecasting, provided to the Governing Board for its oversight and approval.

B. Provide a draft of the proposed contract between the school and the ESP including, at a minimum, proposed services, performance evaluation measures, fee structure, renewal and termination provisions, and terms of property ownership (real, intellectual and personal).

Draft of proposed contract between the School and the ESP is included herein as *Appendix D*.
Sample ESP Contract

C. Unless the ESP is the parent non-profit organization, explain why the ESP was selected, including what due diligence efforts were conducted to inform the selection and how the relationship with the ESP will further the school's mission.

The Board analyzed data regarding several ESP's currently working with charter schools in Florida and concluded that the ESP chosen offered the most competitive price and had a proven track record of success.

The ESP is one of an affiliated group of charter school service and support entities, which compose one of Florida's longest serving and most successful charter school service and support organizations.

The ESP was selected for the following reasons including, but not limited to:

⁶ An Education Service Provider (ESP) is an organization that provides comprehensive services to a school. Organized as non-profit or for-profit companies, ESPs generally fall into two categories:

- *Educational Management Organizations* (EMOs) that provide comprehensive school management services and may provide school designs and/or educational programming as well, and
- *Comprehensive School Design Providers* that offer a replicable school model or common pedagogical, instructional and governance approach.

- ❖ The company is staffed by professionals and educators with extensive knowledge of and experience with Florida Charter Schools.
- ❖ A principal of the affiliated group, Fernando Zulueta, is a founding Board Member of the Florida Consortium of Charter Schools, and a Board Member of The National Alliance for Public Charter Schools. Mr. Zulueta has received numerous awards for his work with charter schools including the “Cervantes Award” sponsored by Nova Southeastern University for significant efforts to support excellence in the education of Hispanic students.
- ❖ The ESP’s affiliated group serves the largest number of high-performing schools of any charter school service organization in Florida.
- ❖ The ESP’s affiliated group was the first charter school service and support entity in Florida to seek SACS accreditation for the schools it serves, and all of the schools it serves are either fully accredited or in the process of obtaining accreditation. Somerset Academy, Inc., one of the charter school networks serviced by the ESP, was the first charter school system in the Nation to receive District Accreditation from SACS/AdvancEd. Mater Academy, Inc., another charter school network serviced by the ESP, was also awarded District Accreditation from SACS/AdvancED in May of 2012.
- ❖ Mater Academy Charter High School was presented with a 2011 Inspiration Award from the College Board for being one of the three most inspiring secondary schools in America. These schools are recognized for their outstanding college-preparation programs and partnerships among teachers, parents and community organizations.
- ❖ The exemplary academic performance and fiscal soundness achieved for its charter school clients by this service and support organization has resulted in 15-year charter renewals for all schools which have had initial contracts completed.

Currently working with over 100 high performing charter schools, the ESP’s mission is to facilitate the vision of the School’s governing board by providing the services and support necessary to allow each school to fulfill its mission.

D. Explain the ESP’s roles and responsibilities for the financial management of the proposed charter school, if applicable, and the internal controls that will be in place to guide this relationship.

General accounting services including bookkeeping, purchasing support, payables, asset management, budget preparation, cash flow analysis, and preparation of interim financial statements and assistance with the work of the School’s independent certified auditor. All financials are provided to the Governing Board for its oversight and approval.

E. Unless the ESP is the parent non-profit organization, explain how the governing board will ensure that an “arm’s length,” performance-based relationship exists between the governing board and the ESP.

The Governing Board will conduct periodic and annual evaluations of the performance of the School in the following categories, as to each of which the ESP is required to provide data to the Governing Board: financial performance, including variance to budget; staff turnover data; academic performance, including enrollment; and facilities costs and needs. Failure to perform its obligations under the service/management agreement by the ESP is grounds for termination by the School.

F. Provide a summary of the ESP's history, including its educational philosophy and background and experience of senior management.

Academica is one of the Nation's most experienced and successful charter school service and support organizations. Founded in 1999 on the principle that each charter school is a unique educational environment governed by an independent board of directors that best knows the right path for its school, it is Academica's mission is to facilitate that governing board's vision. Academica has a proven track record of developing growing networks of high performing charter schools.

The company serves more than 100 charter schools in Florida, California, Nevada, Texas, Utah, and Washington D.C. providing educational programs from pre-kindergarten through high school. In Florida, Academica schools have been recognized on a local, state, and national level for their achievements. For example, the Somerset Academy and Mater Academy Schools were recently designated by the Southern Association of Colleges & Schools (SACS) as the first fully accredited charter school systems in the United States. Further, Doral Academy High School and Mater Academy Charter High School were once again listed this year as two of the "Best High Schools in America" by both U.S. News & World Report and Newsweek magazines. On average, Academica's charter schools earned a letter grade of "A" during the 2012-2013 school year from the Florida Department of Education.

A principal of the affiliated group, Fernando Zulueta, is a founding Board Member of the Florida Consortium of Charter Schools, and a Board Member of The National Alliance for Public Charter Schools. Mr. Zulueta has received numerous awards for his work with charter schools including the "Cervantes Award" sponsored by Nova Southeastern University for significant efforts to support excellence in the education of Hispanic students.

G. Provide a list of other schools with which the ESP has contracts, including contact information and student and financial performance data of such schools.

The following charter schools are serviced by the ESP and its affiliates:

Section 12: Human Resources and Employment

A. Explain the school's compensation plan, including whether staff will be publicly or privately employed.

The School will be a not-for-profit, private employer, and will not participate in the Florida Retirement System. Teacher salaries will be comparable to those outlined in the teacher salary schedule implemented by the local public school district

Full time, salaried employees will be entitled to Health Insurance. For employee insurance and benefits selection, the Governing Board has engaged the services of ADP Totalsource, a professional employer organization that provides human resource services to small and moderate size employers. The use of a professional employer organization allows the staff of the School to enjoy the same level of benefits that are available to employees of large organization such as Fortune 500 companies (including health/dental/vision insurance and Retirement/401k plans). More information on ADP is found on www.adptotalsource.com.

Performance Pay – The School will establish a grandfathered salary schedule for any school employees hired before July 1, 2014 (in the case of the administrator or other personnel hired prior to opening). This will be partially based upon an employee's performance and includes differentiated pay based upon

factors such as additional responsibilities, school demographics, and level of job-performance difficulties.

The School will establish a performance salary schedule for instructional personnel and school administrators hired on or after July 1, 2014. The performance salary schedule will include salary adjustments for performance which become a lasting part of the employee's base salary under s. 121.021(22), F.S., and salary supplements for specified job assignment or duties, which are considered salary under s.121.021(22), F.S., but only remain in effect while the employee is performing those duties or assignments. The performance salary schedule will:

- ❖ Require that any salary adjustments for instructional personnel or school administrators that occur be made only for employees with highly effective or effective performance evaluation ratings.
- ❖ Not reduce the level of funding for the performance salary schedule in greater proportion than other salary schedules, if budget constraints limit the amount of funding that is available.
- ❖ Require that recommendations for promotions be based primarily upon the person's effectiveness under s. 1012.34, F.S.; i.e., performance evaluations.

B. Describe the personnel policies and procedures to which staff will be required to adhere, including expectations for participation in the school's professional development program. If personnel policies and procedures have not been developed provide a clear plan, including timeline, for the development and approval by governing board.

The school will adhere to all antidiscrimination provisions of section 1000.05, F.S. The school will not discriminate based on actual or perceived disability, gender, nationality, race or ethnicity, religion, sexual orientation in the hiring of its employees. All faculty and staff members employed by the School will possess the personal characteristics, knowledge base of and belief in the educational and curriculum design as described in this proposal, as well as an ability and motivation to work as part of a team with parental involvement. The School will look for personnel who bring with them a sense of enthusiasm and commitment as well as a strong belief in and understanding of the charter school concept.

Employees are expected to observe high standards of job performance and professional conduct. When performance or conduct does not meet standards, the School may terminate employment, or it may endeavor, if it deems appropriate, to provide the employee a reasonable opportunity to correct the problem. If, however, a corrective opportunity is given and the school determines that the employee has failed to make the correction, he or she will be subject to further discipline, including termination. Under the No Child Left Behind Act (NCLB) of 2001, all teachers must be "highly qualified" to teach in the school. The definition of a highly qualified teacher includes meeting at least the following three criteria:

- ❖ Having a bachelor's degree
- ❖ Having State credentials or certificate
- ❖ Demonstrated core academic subject matter competence

Additionally, school employees will be required to adhere to The Code of Ethics of the Education Professional in Florida as defined in State Board of Education Rule 6B – 1.001, FAC.

Contracts: Instructional personnel will receive either a probationary contract (for instructional personnel new to the profession or new to the district) or an annual contract (for personnel who have completed a probationary contract or are already under an annual contract). The contracts will provide just cause reasons, and process, for suspension or dismissal of instructional personnel during the term of an annual contract. At the end of the probationary contract, the Governing Board may choose to award or not award the Teacher an annual contract pursuant to §1012.335, Florida Statutes, with or without cause. Teachers will be evaluated in accordance with provisions of § 1012.34, Florida Statutes.

NOTIFICATION OF UNSATISFACTORY PERFORMANCE—If an employee who holds a professional service contract as provided in s. 1012.33 is not performing his or her duties in a satisfactory manner, the evaluator shall notify the employee in writing of such determination. The notice must describe such unsatisfactory performance. Upon delivery of a notice of unsatisfactory performance, the evaluator must confer with the employee who holds a professional service contract, make recommendations with respect to specific areas of unsatisfactory performance, and provide assistance in helping to correct deficiencies within a prescribed period of time.

The rules set forth below are not exhaustive and are intended to provide employees with illustrations and fair notice of what is expected from them. Obviously, however, such listing cannot identify every situation of unacceptable conduct and performance. Employees should be aware that conduct not specifically listed below, but which adversely affects or is otherwise detrimental to the interests of the school, to students, or to other employees, may also result in disciplinary action.

Probation Period

Pursuant to Florida Statute, Section 1012.335: All instructional personnel will be issued a probationary employment contract for a period of one school year upon initial employment in the school.

Voluntary Termination

The School will consider an employee to have voluntarily terminated or abandoned his or her employment if an employee does any of the following:

- ❖ Elects to resign from the school.
- ❖ Fails to return from an approved leave of absence on the date specified by the school.
- ❖ Fails to return to work without notice to the school for three (3) consecutive days.

Involuntary Termination

The School expressly reserves the right to discharge employees for cause, but without being in violation of the laws of the State of Florida and the United States of America. The School assures thorough, consistent, and even-handed termination procedures. Terminated employees will receive all earned pay to the next regular pay period. An employee may be terminated involuntarily for any reason not prohibited by law, including a leave of absence in excess of 180 days, poor performance, misconduct, or other violations of the school's rules of conduct for employees. Involuntary termination, other than for an administrative reason or abandonment of employment, will result in forfeiture of all earned accrued compensation, other than as required to be paid by law.

Job Performance

Employees may be disciplined/discharged for poor job performance, including but not limited to, the following:

- ❖ Below-average work quality or quantity
- ❖ Poor attitude or lack of cooperation
- ❖ Excess absenteeism, tardiness, or abuse of break or lunch privileges
- ❖ Failure to follow instructions or procedures
- ❖ Failure to follow established safety/security procedures

Misconduct

Employees may be disciplined or discharged for misconduct, including but not limited to the following:

Insubordination

- ❖ Dishonesty;
- ❖ Theft;
- ❖ Discourtesy (to students, parents, peers, supervisors, etc.);
- ❖ Misusing or destroying school property or the property of another;
- ❖ Disclosing or using confidential or proprietary information without authorization;
- ❖ Falsifying or altering school records, including the application for employment;
- ❖ Interfering with the work performance of others;
- ❖ Harassing other employees or students;
- ❖ Being under the influence of, manufacturing, dispensing, distributing, using, or possessing alcohol or illegal or controlled substances on school property or while conducting school business or supervising students;
- ❖ Possessing a firearm or other dangerous weapon on school property or while conducting school business;
- ❖ Conduct which raises a threat to the safety and well being of the school, its employees, students, or property, including being charged or convicted of a crime that indicates unfitness for the job; and/or
- ❖ Failing to report to the school, within five days, any charge or conviction under any criminal, drug, state or felony arrests.

The school may proceed directly to a written reprimand or to termination for misconduct or performance deficiency, without resort to prior disciplinary steps, when the school deems such action is appropriate. If an employee is recommended for dismissal by the principal of the school, the principal will propose such dismissal at a meeting of the Board of the School. The employee shall have the right to contest the dismissal at the board meeting and present testimony or evidence in connection with the dismissal action.

Additionally, school employees will be required to adhere to The Code of Ethics of the Education Professional in Florida as defined in State Board of Education Rule 6B – 1.001, FAC.

Professional Development

In setting high expectations for both students and teachers, the School will be committed to maintaining the level of high quality instructors by implementing a comprehensive professional development plan. The school will support the professional development needs of all professional staff by subsidizing college classes, facilitating the attainment of continuing education credits, and offering trainings.

Teacher training will be offered throughout the school year in a variety of forms. Select teachers will attend local, state and national conferences and serve as trainer to the remainder of the staff upon return

to the School. Appropriate and relevant school wide training will occur on teacher planning days as well as on early release dates. All staff will participate in school-initiated and other relevant and necessary workshops for professional development, and a member of the administrative team will coordinate, assist and monitor the staff development process. The Educational Service Provider may also prepare staff development meetings in which the school may elect to participate. In-house workshops and meetings will be held monthly by administrators and may occur as often as biweekly through team leaders, in order to facilitate support, encourage communication, allow for team planning, and troubleshoot concerns and needs.

In addition to school wide professional development opportunities, faculty members will each complete an Individual Professional Development Plan (IPDP) as a means to document and identify areas for personal targeted professional growth, including the identification of strategies for obtaining specified goals, its' compatibility to ensuring the professional development exercise will serve to benefit the student, and a timeframe in which the staff development exercise should occur. All IPDPs will be approved by the Principal, or his/her designee, at such time the principal may elect to recommend additional recommended professional development that should occur within a given timeframe.

The principal or member of the administrative staff, together with the teacher, will commit to the IPDP, including the allocation of necessary resources for plan implementation, and observation of new/struggling teachers by veteran/mentor teachers to implement support strategies.

Section 13: Student Recruitment and Enrollment

A. Describe the plan for recruiting students, including strategies for reaching the school's targeted populations and those that might otherwise not have easy access to information on available educational options.

The School will make great efforts to reach families reflective of the demographic of the County. A comprehensive advertising and promotional plan will include the use print and online media – including minority and community periodicals -- to disseminate information about the school's educational program and open enrollment period. The goal is to reach parents by using various means of information delivery. Promotional flyers and/or postcards will be distributed via direct mail, penny-saver publications, and/or directly to community groups and churches to ensure that harder-to-reach families are aware of the school and their eligibility to apply for enrollment. This information will also be posted in local public facilities such as community centers, parks/recreation centers, libraries and other locations of public access as permitted by local regulations. In order to best reach out to the county's growing diverse population, informational materials will be available in multiple languages as needed.

The School will distribute press releases and/or public service announcements to various media outlets to promote the open enrollment period, open house and other essential details about the school and its programs. A banner will also be posted on site with relevant information.

Once opened, parents and community partners will be encouraged to inform family, friends, and their community groups about the School. Local elected officials and community leaders will be invited to

visit the School. They will also be given an updated on the program's growth and asked to share open enrollment information with their constituents through their newsletter and upcoming community meetings.

Current publications and websites that Somerset Academy, Inc advertises/or is featured in, includes:

- ❖ Broward Family Life
- ❖ South Florida Parenting
- ❖ South Florida Sports and Activities
- ❖ New Times Broward
- ❖ Sun Sentinel Educational Edition
- ❖ Greatschools.org

B. Explain how the school will achieve a racial/ethnic balance reflective of the community it serves or with the racial/ethnic range of other local public schools.

Pupils will be considered for admission without regard to ethnicity, national origin, gender, or achievement level. The school expects to achieve diversity reflective of the community. The school's promotional plan aims to reach a broad audience and, accordingly, all racial/ethnic groups within it. By disseminating information in multiple languages to various media -- including minority and community periodicals, and postcard mailers delivered directly to residential addresses in various communities, the racial/ethnic balance of the School should be equivalent to that of public schools within the County.

Informational meetings will be held in a variety of community forums, to ensure that a diverse set of families are reached and given the opportunity to learn about the educational opportunity at the School. The governing board and administrators will also work with diverse community groups to seek assistance in disseminating information.

C. Describe the school's enrollment policies and procedures, including an explanation of the enrollment timeline, criteria and/or any preferences for enrollment, and lottery process.

Any eligible student, as described in Fla.Stat.§1002.33(10), who submits a timely application and whose parents accept the conditions of the Parental Involvement Contract shall be considered, unless the number of applications exceeds the capacity of the program, class, grade level, or building. In such case, all applicants shall have an equal chance of being admitted through a random selection process/lottery. If the number of applications falls short of the established capacity, supplemental registration periods may be held for the purpose of reaching student capacity.

An open admissions policy will be implemented wherein the School will be open to any student residing in the County. If the number of applicants exceeds capacity all applicants shall have an equal chance of being admitted through a random selection process, lottery, conducted by an independent accounting firm in conformity with Florida's charter school legislation.

Students in the lottery will be assigned a waiting list number and will be admitted when student seats become available or capacity increases. Florida's charter school legislation, Fla. Stat. §1002.33(10)(d),

provides that the School may give enrollment preference to certain student populations. Said student populations include:

1. Students who are siblings of a student enrolled in the charter school.
2. Students who are the children of a member of the Governing Board of the charter school.
3. Students who are the children of an employee of the charter school.
4. Students who are the children of an active-duty member of any branch of the United States Armed Forces.

Additionally, in order to minimize any traffic impact caused by the School and ensure that the School is available to serve the residents of the neighborhood where the campus is located, the Governing Board of the charter school may elect to limit the enrollment process to target students residing within a reasonable distance of the school as provided under Fla. Stat. §1002.33 (10)(e).

The School will not discriminate on the basis of race, religion, or national or ethnic origin, or exceptionality in the admission of students. Staff at the School will accommodate the needs of students enrolled at the school to ensure a positive learning experience.

Enrollment Timeline:

April 2014 - Initial student registration period begins

May 1, 2014- If the number of applicants exceeds capacity, admission lottery will be conducted. Students who have registered will be officially enrolled.

May 15- Second registration period begins.

June 1st- If number of applicants exceeds capacity, lottery will be conducted. If the number of applications falls short of the established capacity, supplemental registration periods may be held for the purpose of reaching student capacity.

D. Explain any student and/or family contracts that will be used as a requisite for initial and continued enrollment in the school. Describe if and how the school will enforce such contracts.

The home/school partnership is solidified through a Parent Contract. Included as *Appendix F* is a Sample Parent Contract wherein parents willingly agree to be active participants in their child's education. By volunteering parents are making an investment in the child's education. The School will provide various options to complete such volunteer obligation, in accordance with State law. Through the contract, parents and students agree, as members of the School's family, to abide by all of the school rules and regulations, and specifically, the parent contract stipulates various items that will be utilized in support of the child's education, providing certain means for ensuring their success.

The School will enforce parent/guardian contracts as provided by law (DOE Opinion 03-05). The school will work to resolve matters regarding the parent/guardian contract by: 1) setting up a parent/guardian conference (via telephone or in person) to discuss the violation(s) and work with the parent/guardian toward a mutually satisfactory resolution and/or 2) providing opportunities for parents/guardians to fulfill their responsibilities under the contract.

E. Explain any other efforts to encourage parental and community involvement, if applicable.

Parental and community involvement in the School is a fundamental and required part of the philosophy and operation of the School. The goal is to encourage parents to be active participants in their child's education, and give the community ownership of a high quality educational program, and teach children to be civic-minded and socially responsible. Parents and community members will have extensive opportunities for involvement in aspects of school operations. Through the parent/teacher group, Educational Excellence Advisory Council (EESAC), and other such committees, parent and community representation and decision making in the educational processes of the School is possible. Similarly, the administration will also require the faculty and staff of the School to uphold a strong belief in and understanding of the charter school concept through the inclusion of parents in the educational process. Through open lines of communications, faculty and staff will also encourage parental involvement through such endeavors as follow:

- ❖ Parental Service Contracts – parents agree to volunteer with their child's teacher and/or be involved in other ways in school activities.
- ❖ Educational Excellence School Advisory Council (EESAC)- This group will consist of school personnel, parents, students, local business, and community members. Members will be able to address and vote on pertinent school matters on a regular basis and assist in maintaining and carrying out the vision of the school.
- ❖ Quarterly Parent/Teacher Conferences – hosted in the evenings at the School where parents can discuss topics that affect their children's educational progress.
- ❖ Open houses, Career Fairs, Family Day - events held to recruit new students, maintain communication and involvement between the School and the surrounding community.
- ❖ School Website, Newsletters, and Event Calendar – updated regularly to disseminate information and maintain open lines of communication in the community.
- ❖ PTSA – Parent Teacher Student Association coordinates extra-curricular events involving the community.
- ❖ Community Service Projects – students, faculty and parents will participate in activities to help, give back to, and connect with, the community.

Parent Workshops on education-related topics, such as decision-making regarding school performance and student assessment needs will be offered. Parent/Teacher Conferences and the electronic grade book, will also encourage parents to be fully involved in the School's operations and will promote parental partnerships in the educational process. Volunteer opportunities to complete parent participation hours (communicated through newsletters, schoolnotes.com, the School website, email and calls home) will be plentiful and yearlong. Some of these will include activities such as chaperoning field trips, assisting with class and community service projects, helping in the library, participating in Career Week and Family Day, and assisting with the School store.

IV. BUSINESS PLAN

Section 14: Facilities

If the site is acquired:

- A. Describe the proposed facility, including location, size and layout of space.**

The Board plans to either lease a facility or engage an experienced charter school facilities developer to acquire, design, plan and construct facilities for lease, which are appropriate to the needs of the School. For the proposed school, the facility will be a one or multi-story structure built or renovated to meet all requisite codes and life-safety regulations set forth by the applicable governing agency. The facility will have an adequate number of classrooms designed to meet or exceed all pertinent classroom design standards set forth by the governing agency. The facility will also include the following uses: lunchroom and/or multi-purpose spaces, library/media-lab, science and art labs, restrooms, and administrative offices.

B. Describe the actions that will be taken to ensure the facility is in compliance with applicable laws, regulations and policies and is ready for the school's opening.

The School's Governing Board expects that it will enter into a triple-net, long-term lease for the facilities. The Governing Board and the ESP have undertaken several such leases, and have budgeted for anticipated lease and other facilities costs in the financial data provided in *Appendix A*. The Board has obtained confirmation that the budgeted amounts comport with the current forecast of lease conditions. Lease payments will commence upon the taking of possession of the facilities by the School. Long-term leasing provides to the School the ability for the School's Governing Board to focus on its core mission (education and educational programming), outsourcing the design, acquisition, permitting, financing, and construction of facilities to experienced entities in those fields. In addition, long-term leasing separates the School from the vagaries of real estate and financial markets, creating long-term guaranteed access to needed physical plant without the associated risks of ownership. The lease documents will provide that so long as the School is meeting its rent and other obligations, even the foreclosure of the property by the developer's lender will not affect the School's continuing rights to possession and use of the facilities under the lease.

Estimate of Costs: The forecast base rent and all other facilities costs are included for all years of the charter contract in the proposed Budget set forth in *Appendix A*. Utilities and maintenance cost estimates are also shown in the proposed budget. These estimates have been derived from actual historical data from other comparable charter school facilities leased by the School, the Applicant from experienced charter school facilities developers, updated based upon widely-reported cost escalations for land and construction costs for the corporation's charter school programs.

C. Describe how the facility will meet the school's capacity needs for students to be served.

The School's Governing Board will direct its ESP to develop and bring to the Board a recommendation for a quality educational facility to be leased by the School. The ESP has extensive experience in identifying facilities and facilities developers, and has successfully assisted other charter school applicants in securing state-of-the-art charter school campuses. The ESP works with reputable and experienced charter property developers, who have access to a network of financial institutions, such as Merrill Lynch Corporation, RBC Centurra and Zions First National Bank, . ready to commit the necessary capital for build-to-lease facilities. The developers have also demonstrated abilities in securing the necessary local governmental approvals for charter school purposes and required financing. They have relationships with award-winning design and engineering firms, as well as contractors with a track record of timely completion of excellent facilities meeting the needs of the School. For example, Somerset Academy in Miami-Dade County was recognized in 2006 for "Outstanding Elementary &

Middle School Building Design” by *The American School & University Magazine*, a national publication on educational facilities. The facility was completed within 7 months of construction onset. Mater Academy East Charter School’s facility, a 6-month construction project, was awarded “Outstanding Educational Design” and featured as the cover of *The American School & University Magazine*’s June 2006 issue.

Safety and Inspections - The School agrees to use facilities which comply with the Florida Building Code pursuant to Section 1013.37, Florida Statutes, or with applicable state minimum building codes pursuant to Chapter 553, Florida Statutes, and state minimum fire protection codes pursuant to Section 633.025, Florida Statutes, as adopted by the authority in whose jurisdiction the facility is located. The School will allow the Sponsor to conduct annual site visits for the purpose of reviewing and documenting, as appropriate, compliance with applicable health and safety requirements. Other inspection agencies may include: Children and Family Services to do inspections of the kitchens and related spaces; The Department of Labor and Employment to inspect for OSHA compliance. The School will show proof of the annual inspections prior to the first day of operations and will obtain and keep current all necessary permits, licenses and certifications related to fire, health and safety within the building and on school property.

- D. Explain the anticipated costs for the facility, including renovation, rent, utilities and maintenance. Identify, if applicable, any funding sources (other than state and local funding) that will be applied to facilities-related costs.**
- *The financial plan for the proposed school should align with the facilities-related costs described.*

The School’s Governing Board expects that it will enter into a triple-net, long-term lease for the facilities. The Governing Board and the ESP have undertaken several such leases, and have budgeted for anticipated lease and other facilities costs in the financial data provided in Appendix F - Budget. The Board has obtained confirmation that the budgeted amounts comport with the current forecast of lease conditions.

Lease payments will commence upon the taking of possession of the facilities by the School. Long-term leasing provides to the School the ability for the School’s Governing Board to focus on its core mission (education and educational programming), outsourcing the design, acquisition, permitting, financing, and construction of facilities to experienced entities in those fields. In addition, long-term leasing separates the School from the vagaries of real estate and financial markets, creating long-term guaranteed access to needed physical plant without the associated risks of ownership. The lease documents will provide that so long as the School is meeting its rent and other obligations, even the foreclosure of the property by the developer’s lender will not affect the School’s continuing rights to possession and use of the facilities under the lease.

Estimate of Costs: The forecast base rent and all other facilities costs are included for all years of the charter contract in the proposed Budget set forth in Appendix F - Budget. Utilities and maintenance cost estimates are also shown in the proposed budget. These estimates have been derived from actual historical data from other comparable charter school facilities leased by the School, the Applicant from experienced charter school facilities developers, updated based upon widely-reported cost escalations for land and construction costs for the corporation's charter school programs.

E. Describe the back-up facilities plan.

- *What is the alternate plan for facilities if the proposed facility is not available or is determined to be inappropriate for the school's opening?*

The School's Governing Board expects to finalize negotiations with a potential landlord prior to charter contract negotiations with the Sponsor. If unsuccessful, negotiation will commence immediately with an experienced developer. The Governing Board will require periodic updates from its ESP concerning the progress that is being made in final identification of a suitable site and developer to acquire, construct and lease the facilities. In the event that issuance of the Certificate of Occupancy is for any reason not expected in a timely fashion, the School's Governing Board intends to direct the ESP to locate short-term alternative facilities options to present to the Board at the earliest possible time. Any such alternate facility shall be suitable for school use, until such time as the school is able to open.

If the site is not acquired:

F. Explain the school's facility needs, including desired location, size, and layout of space.

The Board plans to either lease a facility or engage an experienced charter school facilities developer to acquire, design, plan and construct facilities for lease which are appropriate to the needs of the School.

For the proposed school, the facility will be a one or multi-story structure built or renovated to meet all requisite codes and life-safety regulations set forth by the applicable governing agency. The facility will have an adequate number of classrooms designed to meet or exceed all pertinent classroom design standards set forth by the governing agency. The facility will also include the following uses: lunchroom and/or multi-purpose spaces, library/media-lab, science and art labs, restrooms, and administrative offices.

G. Provide an estimate of the costs of the anticipated facility needs and describe how such estimates have been derived.

- *The financial plan for the proposed school should align with the facilities-related costs described.*

The financial plan for the proposed school aligns with the facilities-related costs described. The School's Governing Board expects that it will enter into a triple-net, long-term lease for the facilities. The Governing Board and the ESP have undertaken several such leases, and have budgeted for anticipated lease and other facilities costs in the financial data provided in Appendix F. The Board has obtained confirmation that the budgeted amounts comport with the current forecast of lease conditions.

Lease payments will commence upon the taking of possession of the facilities by the School. Long-term leasing provides to the School the ability for the School's Governing Board to focus on its core mission (education and educational programming),

outsourcing the design, acquisition, permitting, financing, and construction of facilities to experienced entities in those fields. In addition, long-term leasing separates the School from the vagaries of real estate and financial markets, creating long-term guaranteed access to needed physical plant without the associated risks of ownership. The lease documents will provide that so long as the School is meeting its rent and other obligations, even the foreclosure of the property by the developer's lender will not affect the School's continuing rights to possession and use of the facilities under the lease. Estimate of Costs: The forecast base rent and all other facilities costs are included for all years of the charter contract in the proposed Budget set forth in Appendix F. Utilities and maintenance cost estimates are also shown in the proposed budget. The amount assumes an average cost of \$700 per student station in the budget. This amount is comparable to that paid by several other charter schools with similar enrollment numbers which have opened recently. It is the intent of this proposed school to try to negotiate under similar terms when entering into new leases.

H. Explain the strategy and schedule that will be employed to secure an adequate facility.

The School's Governing Board will direct its ESP to develop and bring to the Board a recommendation for a quality educational facility to be leased by the School. The ESP has extensive experience in identifying facilities and facilities developers, and has successfully assisted other charter school applicants in securing state-of-the-art charter school campuses.

The ESP works with reputable and experienced charter property developers, who have access to a network of financial institutions, such as Merrill Lynch Corporation, RBC Centurra and Zions First National Bank, . ready to commit the necessary capital for build-to-lease facilities. The developers have also demonstrated abilities in securing the necessary local governmental approvals for charter school purposes and required financing. They have relationships with award-winning design and engineering firms, as well as contractors with a track record of timely completion of excellent facilities meeting the needs of the School.

Safety and Inspections - The School agrees to use facilities which comply with the Florida Building Code pursuant to Section 1013.37, Florida Statutes, or with applicable state minimum building codes pursuant to Chapter 553, Florida Statutes, and state minimum fire protection codes pursuant to Section 633.025, Florida Statutes, as adopted by the authority in whose jurisdiction the facility is located. The School will allow the Sponsor to conduct annual site visits for the purpose of reviewing and documenting, as appropriate, compliance with applicable health and safety requirements. Other inspection agencies may include: Children and Family Services to do inspections of the kitchens and related spaces; The Department of Labor and Employment to inspect for OSHA compliance.

The School will show proof of the annual inspections prior to the first day of operations and will obtain and keep current all necessary permits, licenses and certifications related to fire, health and safety within the building and on school property.

I. Describe the back-up facilities plan.

The School's Governing Board expects to finalize negotiations with a potential landlord prior to charter contract negotiations with the Sponsor. If unsuccessful, negotiation will commence immediately with an experienced developer. The Governing Board will require periodic updates from its ESP concerning the progress that is being made in final identification of a suitable site and developer to acquire, construct and lease the facilities. In the event that issuance of the Certificate of Occupancy is for any reason not expected in a timely fashion, the School's Governing Board intends to direct the ESP to locate short-term alternative facilities options to present to the Board at the earliest possible time. Any such alternate facility shall be suitable for school use, until such time as the school is able to open.

J. Describe the plan and methods the school will employ to comply with Florida's constitutional class size requirements.

The school plans to implement methods which will ensure that is compliant with Florida's laws relating to class size. For example, the school will ensure that the facilities it occupies are equipped with the number of classrooms needed to accommodate the necessary number of classes. In addition, the school's Board will adopt annual budgets which include sufficient certified teachers to achieve the student-to-teacher ratios which are legally applicable.

Section 15: Transportation Service

A. Describe the school's plan for transportation, including any plans for contracting services. Your plan should discuss, to the greatest extent possible, the issues relevant to the school's transportation plans.⁷

School's plan for transportation, including any plans for contracting services, will be pursuant to Florida's Charter School Legislation and consistent with the requirements subpart I.E. of Chapter 1006 and 1012.45, F.S. The School transportation plan will abide by applicable district, state, and federal rules and regulations. Accordingly, the School will ensure that transportation is not a barrier to equal access within a reasonable distance of the School, as required by section 1002.33, F.S. The School's plan for providing reasonable and equitable transportation opportunities for all students is as follows:

⁷ The charter school and the sponsor shall cooperate in making arrangements that ensure that transportation is not a barrier to equal access for all students residing within a reasonable distance of the charter school as determined in its charter. (Section 1002.33(20)(c), Florida Statutes)

Parent Transportation Agreements: The School’s plans for contracting services, as described in Florida law, §1002.33(20)(c) F.S., provides that the governing body of the charter school may provide transportation through an agreement or contract with a private provider or with parents. The School will enter into agreements with the parents/guardians to provide transportation for their children as stipulated in the school’s proposed parental involvement agreements wherein parents receive volunteer hours. The school believes that the time a parent can spend daily transporting the student (his or her child) to the school is a valuable opportunity for the parent and student to strengthen their bond and share information regarding the day’s activities and events at the school.

Ensuring Equal Access: The school will ensure that transportation is not a barrier to equal access within a reasonable distance of the School, as provided in the Florida’s Charter School Legislation. In the case transportation is needed and if the parent advises the School that there is a hardship, and he/she is unable to provide the transportation, the School will provide transportation within a defined reasonable distance. In such cases, the School shall be responsible for transporting all students in a non-discriminatory manner to and from the School who reside within a “reasonable distance” of the School - defined herein as a two to four mile radius of the School-- or who otherwise are entitled to transportation by law.^[1] In these situations, the School may provide transportation by contracting with an independent private transportation provider approved by the Sponsor.

Transportation for ESE Students: The School may contract with a Sponsor-approved private transportation carrier to provide specialized transportation for students with disabilities based on their particular student needs and that, which may be specified in a student’s IEP. In such case, the School will provide the Sponsor the name and information of the Sponsor-approved private transportation firm.

Private Providers: Any private providers contracted by the School will be such providers who have been approved by the Sponsor as per the Sponsor’s approved provider list. The School will comply with all applicable requirements of Fla. Stat. 1012.45 and review these rules and statutes at least annually for any changes thereto in ensuring compliance with statutes and rules pertaining to the safety of transported students. The School will provide the Sponsor with the names and contact information of any and all contracted private providers in ensuring monitoring of compliance for the safe transporting of students.

Section 16: Food Service

A. Describe the school’s plan for food services, including any plans for contracting services or plans to participate in the National School Lunch Program.

An organized meal service that meets local health, state and federal regulations will be offered at the school site. Nutritious meals will be provided in accordance with the USDA Dietary Guidelines of meal component and portion size requirements. Food temperatures will be maintained in accordance with USDA guidelines and state standards. All meals will be distributed to students using a point of sale accountability procedure.

^[1]The term “reasonable distance” is defined in accordance with Chapters 1000 through 1013, Florida Statutes, as amended from time to time and the standards and guidelines provided by the State Department of Education.

Doral Academy, Inc. is an approved Sponsor of the National School Lunch Program (NSLP) and therefore the School will participate in the free/reduced priced meal program. The School will be an approved site under Somerset Academy Inc.'s NSLP Sponsorship and will provide free and reduced priced meals for eligible children. Eligible children are children from households with gross incomes within the free and reduced limits on the Federal Income Guidelines.

Schools have a Verification Plan that is implemented each school year. During the verification period, the confirmations of eligibility for free and reduced priced meal benefits under the National School Lunch Program are completed. Verification includes income documentation or confirmation that the child is included in a currently certified Temporary Assistance to Needy Families (TANF) assistance unit, SNAP, or Food Distribution Program on Indian Reservation (FDPIR). Verification efforts are not required for students who have been directly certified, homeless certified, and migrant certified or designated as a runaway youth. Directly certified students, migrant children, homeless and runaway youth are granted automatic eligibility for free meal benefits.

The School will process all necessary lunch applications; adhere to program operation and record keeping requirements; and use of the Child Nutrition Program (CNP) system. The School will implement the following procedure for processing Free/Reduced Lunch Applications:

- ❖ Disseminate lunch applications to all students upon enrollment
- ❖ Collect lunch applications and determine applications, according to Florida Income Eligibility Guidelines, published in the Federal Register by Food & Nutrition Service, USDA;
- ❖ Enter determinations for each child into TERMS
- ❖ Provide students with notice of eligibility;
- ❖ Serve/Charge student lunches in accordance with determined eligibility;
- ❖ Submit claims for reimbursement within 30 days of the following month for each approved month of the school year once approved by the NSLP).

Contracting Services - The School may contract with an independent provider to prepare and provide meals, or the school may prepare and serve the meals to students. If an independent provider is required, the school will solicit bids from private vendors for food service. The private vendor selected by the school will prepare and deliver food to the school in accordance with standards established by the Florida Department of Professional and Business Regulations. The private vendor will be required to maintain and supply the school with daily records of all lunches served and current copies of inspection and insurance certificates.

Lunch Area -The school facility will include a lunchroom or, at minimum, a seating area that meets state nutritional and sanitation standards. The School agrees to have two satisfactory health inspections conducted on a yearly basis, by the State Department of Health, County Department, as required, to maintain Permit for Food Service.

Section 17: Budget

- A. Provide an operating budget covering each year of the requested charter term that contains revenue projections, expenses and anticipated fund balances. The budget should be based on the projected student enrollment indicated on the cover page of the application.**

See Appendix A – Operating Budget

- B. Provide a start-up budget that contains a balance sheet, revenue projections, including source of revenues, expenses, and anticipated fund balance. The start-up budget must cover any period prior to the beginning of FTE payments in which the school will expend funds on activities necessary for the successful start-up of the school.**

** The School will apply for a \$25,000 planning and design grant, as provided by the Charter School Implementation Grant Program. If awarded, the grant will assist the school with the start-up costs which will be incurred prior to the period when the school will begin to receive operational funding from the sponsor. In the event that the start-up grant is not awarded, the school can either use resources from its network or has identified a non-profit charter school lender that will provide a line of credit to support the opening expenditures.

****Start-Up Budget Revenue:** the school will apply for a \$25,000 planning and design grant, as provided by the Charter School Implementation Grant Program. If awarded, the grant will assist the school with the start-up costs, which will be incurred prior to the period when the school will begin to receive operational funding from the sponsor. In the event that the start-up grant is not awarded, the school has identified a non-profit charter school lender that will provide a line of credit to support the opening expenditures (*See Appendix G - Lender Commitment Letter*). If the school opens at 50% enrollment, debt repayment of this line of credit will be interest only for at least 3 years and the school will have the option to pay when funds are available.

Startup Budget Expenses: The startup budget expenses as detailed above by object and function are based on the critical expenses for planning and program design and include: marketing efforts for 3 months prior to school opening; office materials and equipment and office computer; and professional services for staff recruitment and professional development.

- C. Provide a detailed narrative description of the revenue and expenditure assumptions on which the operating and start-up budget are based.**

The budget narrative should provide sufficient information to fully understand how budgetary figures were determined.

The school's budget forecast was developed using statistical data collected from a decade's worth of operations at more than 100 charter schools successfully operating in Florida. Additionally, representatives of the charter applicant have attended state and district sponsored charter school budget training workshops in prior years. The data and methodology used to prepare the budget forecast is

highly reliable, and every one of more than 100 charter schools that developed budgets using this system completed the past school year with a budget surplus.

The budget contains the following sections to help the reader follow the assumptions presented in the budget.

Budget Summary: this section contains summary information of the overall budget. It is broken up into three different areas;

- ❖ It has the Grades Served, number of students, per student revenue based on the State provided revenue worksheet. In addition, the annual increase in per pupil funding is calculated.
- ❖ Revenue and Expenditure Summary. Contained in the expenditure section is information on the size and cost of the facility.
- ❖ Teacher Staff Summary – Illustrates the average class size, number of teachers, and benefits per teacher.

Budget Detail: The complete five-year budget is presented in this section. For the first year we budget enrollment at; expected, 75%, and 50% of expected enrollment. For the future years we budget our expected number, since the school has demonstrated viability with low enrollment early on.

- ❖ The revenues are calculated based on the number of students using the Revenue Worksheet provided by the state for each of the years budgeted. For each additional year, a revenue increase amount (1%) has been utilized.
- ❖ The expenditures are calculated based on a function of each line item. Each line item has a cost and a basis for the calculation. For example Student Supplies & Equipment have a cost of \$45.00 and a basis of Student. The budgeted amount would be the cost multiplied by the number of students.
- ❖ For salaries the total is presented from the Staffing Plan section for each function.

Budget Monthly Years 1-5: In these sections the annual budget is presented in a monthly format on a cash basis for each of the years of the charter. The ESP has negotiated payment terms with various vendors and the amounts shown follow the payment terms received.

School Design: In this section the number of classrooms and students is presented in four different formats along with the percentage of ESE, ESOL, and students qualifying for free and reduced lunch meals.

Staffing Plan: This section is broken out into three different areas;

- ❖ The first item is the assumptions used for calculating the benefits provided to each staff member.
- ❖ The second area is to provide the calculation for the number of staff members for each position.
- ❖ Next is the calculation of the pay amount times the number of positions for that function. In addition, benefits costs are calculated at the gross amount times the benefits rate from the first item.

Start up Budget: The budgeted amounts of revenue and expenditures before the school's first fiscal year of operation are presented in this section.

All Charter School Calculator: This section is from the Florida Department of Education Revenue worksheet based on the first calculation of the FEFP 2013-2014. It is used to calculate the gross State Funding.

Start-Up Budget Revenue: The school will apply for a \$25,000 planning and design grant, as provided by the Charter School Implementation Grant Program. If awarded, the grant will assist the school with the start-up costs, which will be incurred prior to the period when the school will begin to receive operational funding from the sponsor. In the event that the start-up grant is not awarded, the school can either use resources from its network or the school has identified a non-profit charter school lender that will provide a line of credit to support the opening expenditures (*See Appendix G- Lender Commitment Letter*). If the school opens at less than expected enrollment, debt repayment of this line of credit will be interest only for at least 3 years and the school will have the option to pay when funds are available.

Startup Budget Expenses: The startup budget expenses as detailed above by object and function are based on the critical expenses for planning and program design and include: marketing efforts for 3 months prior to school opening; office materials and equipment and office computer; and professional services for staff recruitment and professional development.

Operating Budget Revenue:

The FTE Revenue forecast is based upon data provided by the Florida Department of Education and the sponsoring school district at informational meetings held by sponsors for new charter school applicants. The application includes a detailed Revenue Worksheet in *Appendix A*, which explains how revenue figures were derived. The revenues were kept flat for year 1. The average reflects a 1% increase but also reflects a 1% increase in expenses. If the revenue does not increase, the school will decrease expenses (salaries, etc. 1% all) to maintain a balanced budget regardless of fluctuations in FTE revenues.

The Transportation Reimbursement revenue was based on the assumptions provided in the budget notes therein.

The Lunch Program income is calculated based on an estimated percentage of F&R lunch from existing schools in the target area, plus an estimation of students paying for their own meals. The revenue and costs associated with the lunch program are detailed in the “Budget Detail” section of the budget.

Capital Outlay: The capital outlay revenues forecasted include only the amount of revenue that schools with over 250 students would receive from the sponsor’s 5% allocation, since the 5% fee is applicable to only the first 250 students. The remainder is returned to the school for capital outlay purposes as defined by statute. No other amount is assumed or forecast. If the School is classified as a “high-performing school”, the sponsor’s allocation is reduced from 5% to 2% for the first 250 students. The revenues were kept flat for year 1. The average reflects a 1% increase but also reflects a 1% increase in expenses. If the revenue does not increase, the school will decrease expenses (salaries, etc. 1% all) to maintain a balanced budget regardless of fluctuations in FTE revenues.

Operating Budget Expenditures

Expenses have been forecast using the statistical expense data compiled from over 80 successfully charter schools operating in Florida. The data is highly reliable and every one of more than 80 charter schools that developed budgets using this system this past 2011-2012 school year completed the year

with a budget surplus.

Staff:

Costs for educational staff and administrators are forecast using the published pay scale in effect in the district where the school is located as a guide. The number of instructional personnel is in line with Florida Law for class size as it pertains to charter schools (see Staffing Plan in the budget).

Instructional Staff

Teacher Salaries were derived at by using an average salary of \$39,500/teacher for Year 1, with a CPI of 1% for every year thereafter.

Teachers include ESOL certified personnel, ESE, Reading/Math Coaches

Paraprofessionals are budgeted at an average salary of \$18,000/year

Substitute teacher costs assumes that substitutes will be hired for 10 days/full-time teacher at a rate of \$110/day.

Supplements are calculated at 1% of all instructional salaries

Pupil Personnel Services includes an ESE Program Specialist (See *Appendix E* Job Descriptions)

Media Services A Media Specialist is included as of Year 3.

School Administration includes a Principal (Years 1-5) and support personnel (see "Staffing Matrix" section in the budget).

Other School Administration salaries include those for Assistant Principal, Registrar, Administrative Assistants and other Clerical personnel on as needed basis.

Additional staff includes Food Services staff, Custodian and Security

Employee Benefits are calculated at a rate of approximately 22% (see "Staffing Matrix" section of the budget for exact calculation) of all salaries (excluding contracted services). This includes health insurance costs, 401k contributions, tuition reimbursements, Worker's Compensation, and all mandatory federal and state employment taxes. As noted in the application, for employee insurance and benefits selection, the Governing Board has engaged the services of ADP Totalsource, a professional employer organization that provides human resource services to small and moderate size employers. The use of a professional employer organization allows the staff of the School to enjoy the same level of benefits that are available to employees of large organization such as Fortune 500 companies (including health/dental/vision insurance and Retirement/401k plans).

Contract Services include professional fees paid to entities such as the Services and Support Provider, Speech Therapist, and other contracted instructional services. As noted in the detailed Revenue Worksheet included in the application, the budget anticipates that 12% of students will be classified as ESE. There is room in the budget to modify the amount paid for ESE services under Miscellaneous and in the Budget Surplus, should the rate of contracted services for ESE/ESOL increase due to the various needs of the students once enrolled.

Instructional Materials expenditures include Classroom Supplies and Equipment, Teacher Supplies, Textbooks and Student Activities budgeted at a per student rate. The budgeted amounts assume that the only revenue that the school will receive is FTE, and is therefore consistent with (and exceeds) the amount allocated to instructional materials under the categorical funding formulas used by the State of Florida.

SB 736 Merit Pay amount was derived from the FFEP Teacher Salary Allocation (WFTE share) to be used for merit raises.

Instructional Technology includes the leasing of computer equipment/Promethean boards and repairs of such, and educational software and electronic textbooks budgeted per classroom. In addition, the budget includes EduSoft Software and scanner and hardware maintenance. This amount assumes that the only funding received is FTE, and does not take account possible Implementation Grant funds. The amount may be categorized as a one-time expense outright, or as the annual expense paid under a long-term financing agreement (i.e. computer leases, loan payments, etc. It is anticipated that equipment to administer state tests such as the FAIR, FCAT 2.0, CELLA will be funded by the planning and implementation grant. In the event that the grant is not awarded, the school has allocated a per student amount for equipment leasing, as reflected in the budget.

The ESP fees are budgeted by services on a per student basis as follows: Instructional Services (Curriculum Planning, Research, Development and Evaluation) \$115.00, General Administration management \$225.00, Fiscal Services (Planning, Research, Development and Evaluation) \$110.00.

Staff Development covers costs for workshops and other PD activities, including, but not limited to: Data-Driven Decision Making for Teachers and Administrators, Mission and Vision, Improving Individual Student Achievement and Continuous Improvement Process.

Advertisement and Promotion includes costs related to recruiting students and staff (i.e. printing of brochures, website production, and advertisements in local media outlets).

Independent Financial Audit (Fiscal Services) cost was derived using amounts paid by schools of similar size to accounting firms that perform the Independent Audit.

Food Services:

Lunch Program expense is based on current figures found in the affiliated charter schools. Somerset Academy, Inc. is already approved under the National School Lunch Program and is qualified to receive reimbursements. Since we are uncertain of the precise population (and number of free and reduced lunch meals to be served) we are unable to provide a more precise budgeted structure for food service. However, an estimated amount is provided in the “Budget Detail” section of the budget.

Pupil Transportation Services is calculated at \$225/bus per day with a 15% utilization rate identified in the budget.

Operations of Facility/Plant includes Purchased Service - CAM (Custodial, fire and alarm, pest control), Property Insurance and Utilities. The figures included are based on statistical expense data compiled from over 80 successfully charter schools currently operating in Florida. It is the intent of this proposed school to use this data as the threshold when planning for its new facilities. The fees included are comparable to the average annual amounts paid by other charter schools with similar enrollment numbers.

Lease of Facilities: The amount assumes an average cost of \$700 per student station in the budget. This amount is comparable to that paid by several other charter schools with similar enrollment numbers which have opened recently. It is the intent of this proposed school to try to negotiate under similar terms when entering into new leases.

Maintenance of Plant: Amount listed is comparable to the average annual amounts paid by other charter schools with similar enrollment numbers

The school has identified a non-profit charter school lender that will provide a line of credit to support the opening expenditures (*See Appendix G - Lender Commitment Letter*). If the school opens at 50% enrollment, debt repayment of this line of credit will be interest only for at least 3 years and the school will have the option to pay when funds are available.

- D. Provide monthly cash flow projections for the school's start-up period (i.e. from the date on which the application is approved to the beginning of the first fiscal year of operation) through the first year of operation.**

See Appendix A – Operating Budget

- E. Describe the school's fundraising plan, if applicable. Report on the current status of any fundraising efforts, including verification of any fundraising monies reported in the school's start-up or operating budgets.**

Fundraising will serve as a catalyst to further service the School's needs. Throughout the school year, the School will conduct fundraising activities to generate capital and to supplement the per pupil allocations. Examples of fundraising activities include Book Fairs, Yearbook Sales, Holiday Store, School Pictures, and a School Fair. The School may also apply for grants from national, state, and local foundations, as well as other sources for education grants, including the Charter School Implementation Grants. Specific grant sources will be determined, based on appropriateness and feasibility, by the school administration and Governing Board.

Additionally, the School will also receive a percentage of the sales made from school pictures, uniform sales, and yearbook sales. The School will also welcome and encourage sponsorship and donations from local business partners within the local community. This includes financial and in-kind donations that will promote the educational program from the benefit of the community. The school has no fundraising efforts to be reported at this time.

Section 18: Financial Management and Oversight

- A. Describe who will manage the school's finances and how the school will ensure financial resources are properly managed.**

The Governing Board has the ultimate responsibility to ensure that the School's finances are managed properly. The Board will contract with an Education Services Provider (ESP) which will assist the Board and the School Principal with the preparation and reporting of the School's finances.

The Board will review and approve a preliminary annual budget prior to the beginning of the fiscal year. The Principal of the School will prepare a school-site budget, which will include anticipated revenues and expenditures based on student enrollment. Each quarter, the Board will review the budget and make revisions, as necessary.

The Principal will manage the day-to-day operations and site-based finances, including expenditures and

receivables. The Board will adopt a policy whereby the Principal will need to seek prior approval from the Board for expenditures over a pre-approved amount. The Principal will report at least quarterly to the Governing Board on the progress of the site-based budget and make recommendations and seek approval for large expenses. The Governing Board will oversee the Principal and remain responsible for all financial matters delegated to the Principal.

B. Describe the financial controls, including an annual audit and regular board review of financial statements, which will be employed to safeguard finances.

The School has established financial procedures to further safeguard its finances. The Governing Board shall annually adopt and maintain an operating budget, retain the services of a certified public accountant or auditor for the annual independent financial audit and review, and will approve the audit report, including audit findings and recommendations. In the event a financial recovery plan is necessary, the Board will monitor it and ensure such plan is appropriately maintained. The Governing Board of the School will also review and monitor the financial statements of the School on at least a quarterly basis during regularly scheduled Board Meetings.

Controls -The Board of Directors is responsible for establishing and maintaining a system of internal controls in order to provide reasonable assurance that the school's assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with the school's authorization and recorded properly in the financial records. Specifically, the Board has established controls in accordance with all applicable federal, state and local laws and in line with accepted industry standards and best practices regarding:

- ❖ Revenues, accounts receivable, and cash receipts
- ❖ Expenditures, accounts payable, and cash disbursements
- ❖ Budgeting and financial reporting
- ❖ Risk management
- ❖ School inventory & capital assets
- ❖ Student records
- ❖ Employment records

Standard procedures utilized to ensure sound internal accounting and a system of checks and balances include:

General Accounting - utilization of accepted state codification of accounts pursuant to the Financial and Program Cost Accounting and Reporting for Florida Schools in all transactions pertaining to its operations.

Internal accounting procedures for the School pertaining to receivables and disbursements are as follows:

Receivables- all cash payments will be logged, coded by source and deposited in a timely manner. Deposits are reconciled to cash receipt logs. Disbursements will be made only to approved vendors and must be appropriately authorized. Disbursement voucher packages are prepared at the School site and authorized by the School Principal. Disbursement vouchers are submitted to the ESP with appropriate supporting documentation to substantiate the nature, account classification, business purpose and amount. Disbursement vouchers are reviewed and approved by the Principal and the ESP. For internal

accounts, all disbursements require two signatures. For operating and lunch accounts, disbursements require two signatures for any check in the amount of \$2,500 or above. Checks in the amount of \$25,000 or above require that one of the signatures be that of the Board Chair. Authorized signatures on checks are limited to the Chair of the Governing Board, the president, the School Principal/designee, ESP representative, and others, as approved by the Governing Board.

Bank statements will be reconciled on a monthly basis. The School will provide regular financial statements to the Sponsor including a statement of revenues and expenditures and changes in fund balances, prepared in accordance with generally accepted accounting principles. These will be provided on the dates required by the School Board in the charter school contractual agreement between the School and the Sponsor.

Wire Transfers -copies of all wire transfers (e.g., FTE funds, grants, charter school capital outlay) into the school's banking account(s) along with supporting documentation are maintained and recorded in the general ledger by journal entry.

Internal Revenue Collection -funds collected at the school (i.e., lunch monies, fundraisers, field trips) will be initially collected by designated school staff. These funds along with supporting documents are submitted to the Financial Manager whose responsibility is to record and prepare the deposit. All deposits will be prepared in duplicate; the original goes to the financial institution and the copy remains intact in the deposit book. A copy of the financial institution validated receipt along with supporting documentation will be maintained.

Capital Expenditures -purchase orders are required for all capital expenditures and are pre-approved by the Executive Director, Principal, or Designee. Limits are set by the Board of Directors and may change as necessary. These purchase orders are prepared in duplicate with one going to the vendor and the other remaining at the school on file in the Accounting Office. Any purchase order totaling more than the limit as set by the Board of Directors requires Board action.

Operational Checking Accounts -all expenses related to the operations of the school are paid from the operating account. All operating expenditures are subject to the same approval processes as indicated for capital expenditures. All accounts are reconciled on a monthly basis and presented to the Board of Directors for review.

Authorized Check Signers -authorized signers on school accounts are limited to certain specified individuals as approved by the Board of Directors.

Data Security -financial data will be maintained on a secured system/network. Only the School Director and authorized representatives of the Board of Directors have access to the data. Appropriate file backups and physical records will be maintained in a secure environment.

The School will provide the Sponsor with annual audited financial reports as of June 30 of each year. These reports will include a complete set of financial statements and notes thereto prepared in accordance with generally accepted accounting principles for inclusion into the Board's financial statements annually, formatted by revenue source and expenditures and detailed by function and object, as per the Sponsor's timelines.

The School will utilize the standard state codification of accounts as contained in the Financial and Program Cost Accounting and Reporting for Florida Schools, as a means of codifying all transactions pertaining to its operations for both internal and external reporting. Financial reporting will be subject

to any directives issued by the State of Florida and the local school district.

C. Describe the method by which accounting records will be maintained.

The School will utilize the standard state codification of accounts as contained in the Financial and Program Cost Accounting and Reporting for Florida Schools, as a means of codifying all transactions pertaining to its operations for both internal and external reporting. Financial reporting will be subject to any directives issued by the State of Florida and Sponsor.

D. Describe how the school will store student and financial records.

The School will maintain both student and financial records in accordance with Chapter 119, Florida Statutes. Retention schedules established by the records and information management program of the Division of Library and Information Services of the Department of State will be followed.

The school maintains both active and archival records for current and former students in accordance with federal, state, local laws and with the regulations prescribed by the Florida Department of Education. The school ensures that all student records are kept confidential as required by applicable law.

All permanent records of students leaving the school, whether by graduation or transfer to another sponsoring district school are transferred to the sponsoring district school in which the student is enrolled. All students leaving the school to attend an out-of county school or a private educational institution shall have a copy of their permanent record forwarded to the school in which the student is enrolled. All permanent records remain in the last school in which the student was enrolled.

All student and financial records are kept in locked, fireproof cabinets or in a fireproofed locked records storage vault. Only certain school personnel have access to student records, and computerized student records are backed up regularly and stored in a secure area.

E. Describe the insurance coverage the school will obtain, including applicable health, workers compensation, general liability, property insurance and directors and officers liability coverage.

The School will maintain insurance coverage limits that either meets or exceeds the District minimum insurance limit requirements.

The School's insurance shall cover the School (and its subcontractors, to the extent that it is not otherwise insured) for those sources of liability which would be covered by the latest edition of the standard Workers' Compensation Policy, as filed for use in Florida by the National Council on Compensation Insurance, without restrictive endorsements as stated in the Florida Workers' Compensation Act.

Minimum Limits: There shall be no maximum limit on the amount of coverage for liability imposed by the Florida Workers' Compensation Act or any other coverage customarily insured under Part 1 of the standard Worker's Compensation Policy. The minimum amount of coverage for those coverages customarily insured under Part 2 of the standard Worker's Compensation Policy shall be:
EL Each Accident: \$500,000; EL Each Disease-Policy Limit: \$500,000; EL Disease-Each Employee:

\$500,000

Insurance limits and deductibles are as follows:

General Liability Limit - \$1,000,000/\$3,000,000 Deductible: \$0
Educators Legal Liability and Employment Practices - Limit: \$1,000,000 Deductible: \$2,500
Crime Coverage – Limit: \$1,000,000 Deductible: \$5,000
Comprehensive Property Coverage – Limit: 100% TIV Deductible: Named Windstorm 5% of TIV, \$5,000 All other Perils
Workers Compensation Coverage – Limit: Each Accident \$2,000,000/Each Disease \$2,000,000/Each Employee \$2,000,000 Deductible: \$0

The insurance carrier has AM Best financial rating of A XII, with over \$1 billion in retained earnings according to AM Best.

For Worker’s Compensation: Aon Risk Services, Inc. of FL is licensed in the State of FL and Illinois National Insurance Company is rated “A (Excellent)” by AM Best Company.

Section 19: Action Plan

A. Present a timetable for the school’s start-up.

The activities included should align with the start-up budget described earlier in the application. If an activity will be paid for by a source of funding not included in the start-up budget, it should be clearly indicated. (This timetable is a projection and is not meant to be binding on the school or sponsor)

Numbers entered here will be multiplied by the district level transportation funding per rider. "All Riders" should include both basic and ESE Riders. "ESE Student Riders" should include only ESE Riders.

(f) Teacher Lead Program Allocation per Section 1012.71, Florida Statutes

(g) Funding based on student eligibility and meals provided, if participating in the National School Lunch Program.

(h) Consistent with Section 1002.33(20)(a), Florida Statutes, for charter schools with a population of 75% or more ESE students, the administrative fee shall be calculated based on unweighted full-time equivalent students.

(i) As provided in the 2013 General Appropriations Act, school districts are required to pay for instructional materials used for the instruction of public school high school students who are earning credit toward high school graduation under the dual enrollment program as provided in section 1011.62(l)(i), Florida Statutes.

(j) The Teacher Salary Allocation is provided pursuant to Specific Appropriation 87, Chapter 2013-40, Laws of Florida, and Section 26 of Chapter 2013-45, Laws of Florida.

Administrative fees charged by the school district shall be calculated based upon 5 percent of available funds from the FEFP and categorical funding for which charter students may be eligible. For charter schools with a population of 251 or more students the difference in the fee calculation and the fee withheld may only be used for capital outlay purposes specified in Section 1013.62(2) F.S. To calculate the administrative fee to be withheld for schools with more than 250 students, divide the school population into 250. Multiply that fraction times the funds available, then times 5%.

For high performing charter schools, administrative fees charged by the school district shall be calculated based upon 2 percent of available funds from the FEFP and categorical funding for which charter students may be eligible. For charter schools with a population of 251 or more students the difference in the fee calculation and the fee withheld may only be used for capital outlay purposes specified in Section 1013.62(2) F.S. To calculate the administrative fee to be withheld for schools with more than 250 students, divide the school population into 250. Multiply that fraction times the funds available, then times 2 percent.

FEFP and categorical funding are recalculated during the year to reflect the revised number of full-time equivalent students reported during the survey periods designated by the Commissioner of Education.

Revenues flow to districts from state sources and from county tax collectors on various distribution schedules.

Administrative fees charged by the school district shall be calculated based upon 5 percent of available funds from the FEFP and categorical funding for which charter students may be eligible. For charter schools with a population of 251 or more students the difference in the fee calculation and the fee withheld may only be used for capital outlay purposes specified in Section 1013.62(2) F.S. To calculate the administrative fee to be withheld for schools with more than 250 students, divide the school population into 250. Multiply that fraction times the funds available, then times 5%.

For high performing charter schools, administrative fees charged by the school district shall be calculated based upon 2 percent of available funds from the FEFP and categorical funding for which charter students may be eligible. For charter schools with a population of 251 or more students the difference in the fee calculation and the fee withheld may only be used for capital outlay purposes specified in Section 1013.62(2) F.S. To calculate the administrative fee to be withheld for schools with more than 250 students, divide the school population into 250. Multiply that fraction times the funds available, then times 2 percent.

FEFP and categorical funding are recalculated during the year to reflect the revised number of full-time equivalent students reported during the survey periods designated by the Commissioner of Education.

Revenues flow to districts from state sources and from county tax collectors on various distribution schedules.

THE DORAL ACADEMY, INC.
Articles of Incorporation
(a Not-for-Profit Florida Corporation)

FILED
99 JUN -8 PM 2:19
SECRETARY OF STATE
TALLAHASSEE, FLORIDA

ARTICLE I

NAME

Section 1.1. Name. The name of the Corporation shall be THE DORAL ACADEMY, INC. (the "Corporation").

ARTICLE II

ORGANIZATION

Section 2.1. Statement of Purposes. The purposes of this Corporation, as expressed in its Articles of Incorporation, shall be for the purpose of transacting any or all lawful business for which corporations may be incorporated under the Florida Not-For-Profit Corporation Act and to distribute the whole or any part of the income therefrom and the principal thereof exclusively for charitable, religious, scientific, literary or educational purposes, either directly or by contribution to organizations that qualify as exempt organizations under Section 501(c)(3) of the Internal Revenue Code and Regulations issued pursuant thereto, as they now exist or as they may hereafter be amended.

Section 2.2. Dissolution. In the event of the dissolution of the Corporation, the Board of Directors (the "Board") shall, after paying or making provision for the payment of all of the liabilities of the Corporation, dispose of all of the remaining assets of the Corporation, exclusively for the purposes of the Corporation in such manner, or to such organization or organizations organized and operated exclusively for charitable, educational, religious or scientific purposes, as shall at the time qualify as an exempt organization or organizations under Section 501(c)(3) of the Internal Revenue Code of 1986 (or the corresponding provisions of any future United States Internal Revenue Law), as the Board shall determine. Any of such assets not so disposed of shall be disposed of by the court having proper jurisdiction in the county where the principal office of the Corporation is then located, exclusively for such purposes or to such organization or organizations, as said court shall determine, which are organized and operated exclusively for such purpose.

ARTICLE III

MEMBERSHIP

Section 3.1. Members. This Corporation is a non-profit, non-stock corporation, and shall have a membership whose admission and qualifications shall be determined from time to time by the Board of Directors.

ARTICLE IV

BOARD OF DIRECTORS

Section 4.1. Management. All powers of the Corporation shall be exercised by and under the authority of the Board, and the property, business, and affairs of the Corporation shall be managed under the Board's direction. Except as specifically set forth to the contrary herein, the Board may not take any action, except upon the approval thereof by the affirmative vote of a majority of the Board present at a meeting at which a quorum of no less than forty percent (40%) of the Board is present. The affirmative vote of not less than two (2) Members shall be necessary for all actions by the Board relating to the following:

- 4.1.1. Approval of charitable gifts, transfers, distributions, and grants by the Corporation to other entities.
- 4.1.2. Adoption of an amendment to the Articles of Incorporation or the Bylaws.
- 4.1.3. Organization of a subsidiary or affiliate by the Corporation.
- 4.1.4. Approval of any merger, consolidation, or sale, or other transfer of all or a substantial part of the assets of the Corporation.

Section 4.2. Number of Directors. The initial Board shall consist of Five Directors named in the Articles of Incorporation. The number of Directors may at any time be increased or decreased to no more than Seven (7) and no fewer than three (3) by a majority vote of the Board. In the event of an increase in the number of Directors, the additional directorships created shall be filled in a manner proscribed herein for the Election of Directors in accordance with Section 4.4. The initial Directors shall be: 1) Fernando J. Zulueta, 2) Octavio Verdeja, Jr., 3) Jose Ortega, 4) Monica Sechrist, and 5) Leticia Milian.

Section 4.3. Nomination of Directors. Not less than one month prior to a regular meeting, the Board may appoint a nomination committee to consist of no fewer than two (2) Board members. The nomination committee will compile and submit to the Board a slate of candidates for the directorships and offices to be filled at the upcoming meeting. These submissions shall be deemed to be nominations of each person named.

Section 4.4. Election of Directors. Directors shall be elected by the Board at any meeting when there is an expiring term from a slate of nominees, constituting of at least two (2) nominees for each position open.

Section 4.5. Term of Elected Directors. The initial Board of Directors named in the Articles of Incorporation shall serve as Directors for an initial term of two (2) years. Each elected Director, other than the initial Board for the initial term, shall hold office for a staggered term of one (1) year, commencing at the close of the meeting when such Director is elected and ending at the close of the meeting held one (1) year later. The terms of elected Directors shall be staggered so that no elected Director's term expires less than four (4) months before the expiration of the term of the next elected Director. A term of an elected Director shall expire regardless of whether or not his successor shall have been duly elected and qualified.

Section 4.6. Vacancies. Vacancies occurring in an elected Directorship, however caused, shall be filled as soon as practicable by election in accordance with Section 4.4. herein above. Except for a Director elected due to the natural expiration of his predecessor's one-year term, a Director so elected to fill a vacancy shall hold office of the remainder of his predecessor's term.

Section 4.7. Resignation or Removal of Directors. A Director of the Corporation may resign at any time by tendering his resignation in writing to the Corporation, which resignation shall become effective upon the date specified therein, or if no date is specified, upon receipt by the Corporation at its principal place of business. Any elected Director may be removed at any time, with or without cause, by a majority vote of the other Directors.

Section 4.8. Compensation of Directors. Directors will not receive compensation for services rendered in their capacities as Directors. However, nothing herein contained shall be construed to preclude any Director from receiving compensation from the Corporation for other services actually rendered or for expenses incurred for serving the Corporation as a Director or in any other capacity. A Director receiving compensation for serving the Corporation in any other capacity shall abstain from voting on any matter before the Board relating to that person's services.

Section 4.9. Annual Meetings of the Board. The annual meeting of the Board shall be held without other notice than this Bylaw on the first day of April of each year, unless the Board by resolution provides for a different time and place for the holding of such annual meeting. The annual meeting may be held at such other time and place, without other notice than such resolution.

Section 4.10. Special Meetings. Special meetings of the Board may be called at any time by the President of the Corporation. Further, special meetings of the Board must be called by the President within fourteen (14) days of receipt of a written request of any two (2) or more Directors. Written notice of special meetings shall be given to each Director no less than two (2) days prior to such meeting. Such notice shall set forth the time, place, and purpose of the meeting. The business to be transacted at any special meeting shall be limited to those items set forth in the notice of waiver thereof.

Section 4.11. Regular Meetings. The Board shall meet at least four (4) times each year, including the annual meeting, each such meeting being approximately three (3) months from the date of the previous regular or annual meeting. The Secretary shall mail notice of all regular and annual meetings to each Director at the address on file with the Secretary at least fourteen (14) days prior to a meeting, indicating the date, place, and time of the meeting.

Appendix B

Section 4.12. Quorum and Action of the Board. Forty percent (40%) of the Directors must be present in person at a meeting to constitute a quorum for the transaction of business at such meeting. Except as otherwise provided by law, the Articles of Incorporation, or these Bylaws, the affirmative vote of at least two (2) Directors present at a meeting at which a quorum is present shall be necessary for an action of the Board. A majority of the Directors present, whether or not a quorum exists, may adjourn any meeting of the Board to another time and place. Notice of any such adjourned meeting shall be given to the Directors who were not present at the time of adjournment.

Section 4.13. Voting Shares of Stock. In the event the Corporation owns shares of stock in another corporation, such shares shall be voted by the President, or his designee, as authorized by a vote of the Board as set forth in Section 4.1 herein above.

ARTICLE V

OFFICERS

Section 5.1. Number. The Corporation shall have a President, Vice President, Secretary and Treasurer, each of whom shall be elected by the Board. Such other officers and assistant officers as may be deemed necessary may be elected or appointed by the Board. Any two (2) or more offices may be held by the same person. Officers need not be residents of the State of Florida or United States citizens. The failure to elect an officer shall not affect the existence of the Corporation.

Section 5.2. Election and Term of Office. All officers of the Corporation shall be elected by a vote of the Board as set forth in Section 4.1 herein above at the annual meeting of the Board. A duly elected officer shall hold office for a term of one (1) year, commencing at the close of the annual meeting, and until the election of a new officer at the following annual meeting, or upon their death, resignation, or removal. The initial officers of the Corporation shall be: 1) President -- Fernando J. Zulueta, 2) Secretary -- Magdalena Fresen, 3) Treasurer -- Octavio Verdeja, Jr. 4) Vice President -- Jose Ortega, 5) Vice President -- Monica Sechrist.

Section 5.3. Vacancies. A vacancy in any office because of death, resignation, removal, disqualification, or otherwise shall be filled by an election by the Board as set forth in Section 4.1 for the remaining unexpired term of such office.

Section 5.4. Resignation or Removal of Officers. An officer of the Corporation may resign at any time by tendering his resignation in writing to the President or the Secretary. Resignations shall become effective upon the date specified therein or, if no date is specified, upon receipt by the Corporation. An officer of the Corporation may be removed at any time, with or without cause, at any meeting of the Board by a vote of the Board as set forth in Section 4.1 herein above.

Section 5.5. President. The President shall be the principal Executive Officer of the Corporation and, subject to the control of the Board, shall in general supervise and control all of the business and affairs of the Corporation, and (s)he shall preside over meetings of the Board of Directors; shall act as a duly authorized representative of the Board and the Corporation in all matters in which the Board has not formally designated some other person to act; shall report as directed to the Board at each meeting; may sign, with the Secretary or any other proper officer of the Corporation authorized by the Board, deeds, mortgages, bonds, contracts or other instruments which the Board has authority to execute, except in cases where the signing and execution thereof shall be expressly delegated by the Board or by these Bylaws to some other officer or agent of the Corporation, or shall be required by law to be otherwise signed or executed; and in general, shall perform all duties incident to the office of President and such other duties as may be prescribed by the Board from time to time.

Section 5.6. Vice President. The vice-president shall act in the place and stead of the President in the event of the President's absence, inability, or refusal to act, and shall exercise and discharge such other duties as may be required of him/her by the Board.

Section 5.7. Secretary. The Secretary shall keep or cause to be kept all of the records of the Corporation, record or cause to be recorded the minutes of the meetings of the Board, send out or cause to be sent out all notices of meetings of the Board and all Committees, attest to the seal of the Corporation where necessary or required, and keep or cause to be

kept a register of the names and addresses of each Director. The Secretary shall perform such other duties as may be prescribed by the Board.

Section 5.8. Treasurer. The Treasurer shall insure or cause to be insured that a true and accurate accounting of the financial transactions of the Corporation is made and that such accounting is presented to and made available to the Board. The Treasurer shall perform such other duties as may be prescribed by the Board.

Section 5.9. Other Officers. Other officers elected by the Board shall have such duties and responsibilities as the Board deems advisable.

Section 5.10. Succession of Officers. Unless otherwise directed by a vote of the Board, in the event that an officer of the Corporation has not resigned or been removed but is unable to act in such position for a period of one (1) month or more, whether due to disability or other reason, then another officer of the Corporation shall serve in that office until such officer is either removed or is able to perform his/her services in the following order:

5.10.1. The Vice President shall perform the services of the President.

5.10.2. The President shall perform the services of the Secretary.

5.10.3. The Secretary shall perform the services of the Treasurer.

Section 5.11. Salaries. Officers will not receive compensation for services rendered as officers of the Corporation. However, nothing herein contained shall be construed to preclude any officer from receiving compensation from the Corporation for other services actually rendered or for expenses incurred for serving the Corporation as an officer or in any other capacity.

ARTICLE VI

COMMITTEES OF THE BOARD

Section 6.1. Committees of the Board. The Board may, by resolution, establish standing committees and special committees of the Board. Unless otherwise specified by resolution of the Board or these Bylaws, the Board of Directors shall annually appoint the members and the chairs of the standing committees and shall fill vacancies on any standing committee. Appointments to the standing committees shall be made by the Board of Directors at the annual meeting. In addition, the President may, if so authorized by the Board, appoint the members and chairs of such special committees as the Board may create, which members and chairs may include persons who are not members of the Board. All committee appointments and chair appointments must be approved by a vote of the Board.

Section 6.2. Standing Committees. Standing committees shall be created as required by resolution of the Board. The purpose, duties, number of members, and reporting requirements of each standing committee shall be specified in the resolution creating the committee.

Section 6.3. Special Committees. Special committees shall be created as required by resolution of the Board. The purpose, duties, number of members, and reporting requirements of each special committee shall be specified in the resolution creating the committee.

Section 6.4. Committee Members' Term of Office. Unless otherwise specified by resolution of the Board, members of each committee shall continue in office until the next annual meeting of the Board and until their successors are appointed, unless the committee of which they are members shall be sooner terminated by resolution of the Board or until their earlier death, resignation, or removal as committee members.

Section 6.5. Committee Meetings. Meetings of any committee may be called by the chairman of such committee or upon the written request of one-third (1/3) of the committee members. The call for any meeting shall be by giving notice of such meeting which sets forth its time and place and is delivered to the residence or place of business of the committee members as listed in the Secretary's office at least two (2) days prior to such meeting. Unless otherwise provided in these Bylaws, a majority of the members of any committee shall constitute a quorum for the transaction of

Appendix B

business. After a quorum has been established at a committee meeting, the subsequent withdrawal of committee members from the meeting so as to reduce the number of committee members present to fewer than the number required for a quorum shall not affect the validity of any action taken at the meeting. Each committee shall keep minutes of its meetings and report to the Board as necessary with recommendations.

Section 6.6. Resignation or Removal of Committee Members. A member of any committee may resign at any time by tendering his/her resignation in writing to the President or the Board of Directors. The Board, by a vote, may remove, with or without cause, any member from a committee and specifically, but not by way of limitation, may remove any member from a committee for failing to attend three (3) consecutive meetings of the committee.

ARTICLE VII

INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 7.1. Indemnification. The Corporation shall indemnify, to the fullest extent permitted by law, each of its officers, Directors, whether or not then in office (and his or her executor, administrator and/or heirs) or any person who may have served at its request as a director or officer, of another corporation, partnership, joint venture, trust or other enterprise as well as the executor, administrator, and heirs of any of them against all reasonable expenses (including attorneys' fees), judgments, fines, and amounts paid in settlement actually and necessarily incurred by him or her in connection with any threatened, pending or completed action, suit, proceeding, or arbitration, whether civil or criminal, administrative or investigative (including any appeal thereof), to which (s)he is or is threatened to be made a party because he is or was a Director, officer, employee or agent of this Corporation, or such other corporation, partnership, joint venture, trust, or other enterprise. (s)he shall have no right to reimbursement, however, in relation to matters as to which (s)he has been a adjudged liable to the Corporation for gross negligence or willful misconduct in the performance of his/her duties to the Corporation. The foregoing right of indemnification shall be in addition to and not exclusive of all other rights to which such Director, officer, employee, or agent may be entitled.

Section 7.2. Insurance. The Corporation may purchase and maintain insurance on behalf of any person who is or was a Director, officer, employee or agent of the Corporation or who is or was serving at the request of the Corporation as a director, officer, employee, or agent of another corporation, partnership, joint venture, trust, or other enterprise against any liability asserted against him/her and incurred by him/her in any such capacity or arising out of his/her status as such, whether or not the Corporation would have the power to indemnify him/her against such liability under the provisions of this Article VII.

ARTICLE VIII

CONTRACTS, CHECKS, DEPOSIT BOOKS AND RECORDS

Section 8.1. Contracts. The Board may authorize any officer or officers, agent or agents, to enter into any contract or execute and deliver any instrument in the name of and on behalf of the Corporation, and such authority may be general or confined to specific instances.

Section 8.2. Loans. No loans shall be contracted on behalf of the Corporation and no evidence of indebtedness shall be issued in its name unless authorized by a resolution of the Board, which authority may be general or confined to specific instances.

Section 8.3. Checks, Drafts, Other Orders. All checks, drafts, or other orders for the payment of money, notes or other evidences of indebtedness issued in the name of the Corporation shall be signed by such officer or officers, agent or agents of the Corporation and in such manner as shall from time to time be determined by resolution of the Board.

Section 8.4. Deposits. All funds of the Corporation not otherwise employed shall be deposited from time to time to the credit of the Corporation in such banks, trust companies, or other depositories as the Board may select.

Section 8.5. Gifts. The Board may accept, on behalf of the Corporation, any contributions, gifts, bequests, or devise.

Appendix B

ARTICLE IX

EARNINGS

No part of the net earnings of the organization shall inure to the benefit of, or be distributable to its members, trustees, officers, or other private persons, except that the organization shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth in the purpose clause hereof. No substantial part of the activities of the organization shall be carrying on of propaganda, or otherwise attempting to influence legislation, and the organization shall not participate in, or intervene in any political campaign on behalf of any candidate for public office.

ARTICLE X

NON-DISCRIMINATION

The Doral Academy, Inc. admits students of any race, color, national or ethnic origin to all rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, national or ethnic origin in administration of its educational policies, scholarship and loan programs, and athletic or other school administered programs.

BYLAWS

OF

DORAL ACADEMY, INC.
A Florida Nonprofit Corporation

ARTICLE 1
OFFICES

The corporation's principal office shall be fixed and located at such place within the boundaries of the County of Miami-Dade or Broward, Florida, as the Board of Directors ("Board") shall determine. The Board is granted full power and authority to change the principal office from one location to another.

ARTICLE 2
PURPOSE

The specific and general purposes of the corporation are described in the Articles of Incorporation.

ARTICLE 3
NO MEMBERS

Section 3.1 No Members

The corporation shall have no members. Any action, which would otherwise; by law require approval by a majority of all members or approval by the members shall require only approval of the Board. All rights, which would otherwise by law vest in the members, shall vest in the board.

ARTICLE 4
DIRECTORS

Section 4.1 General Powers

Subject to the limitations of the Florida not-for-profit corporation law, the corporation's Articles of Incorporation and these Bylaws, the activities and affairs of the corporation shall be conducted and all corporate powers shall be exercised by or under the direction of the Board. The Board may delegate the management of the corporation's activities to any person(s), Educational Service Provider or committees, however composed, provided that the activities and affairs of the corporation shall be managed and all corporate powers shall be exercised under the ultimate direction of the Board. No assignment, referral or delegation of authority by the Board or anyone acting under such delegation shall preclude the Board from exercising full authority over the conduct of the corporation's activities, and the Board may, subject to contractual obligations as may exist, rescind any such assignment, referral or delegation at any time.

Section 4.2 Specific Powers

Without prejudice to its general powers, but subject to the same limitations set forth above, the Board shall have the following powers in addition to any other powers enumerated in these Bylaws and permitted by law:

- a. To select and remove all of the officers, agents and employees of the corporation; to prescribe powers and duties for them which are not inconsistent with law, the corporation's Articles of Incorporation or these Bylaws; and to fix their compensation;

- b. To conduct, manage and control the affairs and activities of the corporation and to make such rules and regulations therefore which are not inconsistent with the law, the corporation's Articles of Incorporation or these Bylaws, as it deems best;
- c. To adopt, make and use a corporate seal and to alter the form of the seal from time to time, as it deems best;
- d. To borrow money and incur indebtedness for the purpose of the corporation, and to cause to be executed and delivered therefore, in the corporate name, promissory notes, bonds, debentures, deeds of trust, mortgages, pledges, hypothecation's and other evidences of debt and securities therefore;
- e. To act as trustee under any trust incidental to the principal object of the corporation, and receive, hold, administer, exchange and expend funds and property subject to such trust;
- f. To acquire by purchase, exchange, lease, gift, devise, bequest, or otherwise, and to hold, improve, lease, sublease, mortgage, transfer in trust, encumber, convey or otherwise dispose of real and personal property;
- g. To assume any obligations, enter into any contracts or other instruments, and do any and all other things incidental or expedient to the attainment of any corporate purpose; and
- h. To carry out such other duties as are described in the Charter Contract and Articles of Incorporation.

Section 4.3 Number, Election and Term of Directors

- a. The authorized number of Directors shall be no less than three (3) and no greater than seven (7) until changed by amendment of these Bylaws.
- b. Directors shall be elected at a duly organized meeting of the Board of Directors. Notice of the Board's intention to elect a Director shall be included in the agenda for that meeting of the Board and shall be publicly announced.
- c. A Director shall be elected for a term of not more than five (5) years. The duration of the term of each director shall be staggered so as to promote continuity in the Board. The Board shall establish the term for a newly elected Director before the election, in order to stagger the terms of each member of the Board. A Director may seek re-election to the Board at the end of any term.
- d. The Board shall include at least one member who is the parent of a child enrolled in Doral Academy Inc. and at least one member who is or has been a professional educator and/or school administrator, having experience in education. The Board should endeavor to be comprised of a diverse group of accomplished professional, academic, business, and/or civic minded individuals who are committed to the mission of Doral Academy Inc.
- e. Persons who are employed by, or are principals of, either a sponsor or an Educational Service Provider for Doral Academy Inc. are not eligible and shall not be elected to serve on the Board of Doral Academy Inc., so as to avoid potential conflicts of interest. The Board will seek to avoid filling future vacancies on the Board with persons who are employed by schools who retain the same Educational Service Provider contracted by Doral Academy Inc. However, if Doral Academy Inc. does not have a professional educator or administrator on its Board and if the application process described in Section 4.5 does not produce such an applicant for the Board, then the Board may consider and select as a Director an educator or administrator employed by the same company that manages Doral Academy Inc.
- f. The Board shall invite every Director who has successfully completed their term as Director, to participate in a group of Emeritus Directors. Emeritus Directors are invited to attend

Board meetings and other Doral Academy Inc. functions, provide advice and counsel to the Board, but shall have no voting power.

- g. Directors must be fingerprinted within thirty (30) days of their appointment.

Section 4.4 Resignation and Removal

Any Director may resign effective upon giving written notice to the Board, unless the notice specifies a later effective time. If the resignation is effective at a future time, a successor may be selected (by the existing President) before such time, to take office when the resignation becomes effective. A Director may be removed without cause by a majority of the Directors then in office.

Section 4.5 Vacancies

- a. The Board shall elect a Director to the Board in order for the Board to be comprised of from three (3) to seven (7) members. The Board may elect a Director to the Board in order to fill a vacancy caused by death, resignation, removal, or otherwise, or in order to increase the size of the Board.
- b. In order to elect a new Director, the Board shall announce the vacancy to the public, including Doral Academy Inc. parents, teachers, and schools, and invite applications from qualified persons all as described by the Board. The Chairman or another Board member approved by the Board, shall conduct an initial review and evaluation of all applications and report to the Board. Board members are encouraged to solicit applications from qualified persons. Following review and discussion of the applications, the Board will proceed to elect any new Director.
- c. New Directors shall be elected by a vote of the majority of the existing Directors although less than a quorum. Each Director so elected shall hold office until a successor has been appointed and qualified.
- d. No reduction of the authorized number of Directors shall have the effect of removing any Director prior to the expiration of the Director's term of office.
- e. The Board shall nominate and elect its Chairman at a duly noticed meeting of the Board. The Chairman shall serve for a term of one year and may seek re-election as Chairman at the end of any term. The Chairman shall also serve as the President of Doral Academy Inc. for as long as he or she serves as Chairman.
- f. The Board shall nominate and elect a Vice-Chairman at a duly noticed meeting of the Board. The Vice-Chairman shall serve for a term of one year and may seek re-election as Vice-Chairman at the end of any term.
- g. The Board shall develop an orientation and training program for new Directors and an annual continuing education program for existing Directors.
- h. The Board may declare vacant the office of any Director who has been convicted of a felony, or whose fingerprint check results reveal non-compliance with standards of good moral character.

Section 4.6 Place/Notice of Meetings

Meetings of the Board may be held at the principal office of the corporation or at any other place that has been designated in the notice of the meeting by resolution of the Board. Appropriate notices of the meeting complying with Florida law shall be posted. The public, any board member or officer of the corporation shall place any desired item on the agenda of any board meeting by

notifying in writing, no later than 5 business days prior to the scheduled board meeting, a description shall be delivered to the then acting secretary of the corporation.

Section 4.7 Annual Meetings

The Board shall hold an annual meeting for the purposes of organization, selection of Directors and officers, and the transaction of other business.

Section 4.8 Quarterly Meetings

Quarterly meetings of the Board, shall be held on such dates and at such times and places as may be from time to time fixed and notified by the Board.

Section 4.9 Special Meetings

- a. Special meetings of the Board for any purpose(s) may be called at any time by the Chairman of the Board, if there is such an officer, the President, Vice-Chairman, or the Secretary.
- b. Special meetings of the Board may be held after each Director has received notice by mail, telecopy, e-mail or telephone.
- c. Oral notice shall be deemed received at the time it is communicated, in person or by telephone or wireless, to the recipient or to a person at the office of the recipient whom the person giving the notice has reason to believe will promptly communicate it to the receiver.

Section 4.10 Quorum and Voting

One half (1/2) of the authorized Directors then in the office shall constitute a quorum. The Board shall attempt to reach a general consensus on all actions before the Board; provided, however, that every act or decision done or made by a majority of the Directors present at a meeting duly held at which a quorum is present is an act of the Board. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of Directors, if any action taken is approved by at least a majority of the required quorum for such meeting.

Section 4.11 Waiver of Notices

Notice of meeting need not be given to any Director who signs a waiver of notice, a written consent to the holding of the meeting, an approval of the minutes of the meeting, whether before or after the meeting, or who attends the meeting without protesting the lack of notice prior thereto or at its commencement. All such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meetings.

Section 4.12 Adjournment

A majority of the Directors present, whether or not a quorum is present, may adjourn any Director's meeting to another time and place. If a meeting is adjourned for more than twenty-four (24) hours, notice of such adjournment to another time or place shall be given, prior to the time scheduled for the continuation of the meeting, to the Directors who were not present at the time of the adjournment.

Section 4.13 Rights of Inspection

Every Director has the absolute right to inspect and copy all books, records and documents of every kind and to inspect the physical properties of the corporation provided such inspection is conducted at a reasonable time after reasonable notice, and provided that such right of inspection and copying is subject to the corporation's obligations to maintain the confidentiality of certain books, records and documents under any applicable federal, state or local law.

Section 4.15 Fees and Compensation

Directors shall not receive compensation for their services; however, the Board may approve the reimbursement of a Director's actual and necessary expenses incurred in the conduct of the corporation's business. The corporation shall carry liability insurance covering the Director's and officers of the corporation as described on the Charter on the conduct of the corporation's business.

Section 4.16 Standard of Care

- a. A Director shall perform all duties of a Director in good faith, in a manner such Director believes to be in the best interests of the corporation and with such care, including the duty to make all reasonable inquiries, as an ordinarily prudent person in a like situation would use under similar circumstances.
- b. In performing the duties of a Director, a Director may rely on information, opinions, reports or statements, including financial statements and other financial data, in each case prepared or presented by:
 1. One or more officers or employees of the corporation whom the Director believes to be reliable and competent in the matters presented;
 2. Legal counsel, independent accountants or other persons as to matters that the Director believes to be within such person's professional or expert competence; or
 3. A committee of the Board upon which the Director does not serve as to matters within a designated authority, provided the Director believes that the committee merits confidence and the Director acts in good faith, after reasonable inquiry when the need therefore is indicated by the circumstances, and without knowledge that would cause such reliance to be unwarranted.

ARTICLE 5 OFFICERS

Section 5.1 Officers

The officers of the corporation shall be President, Vice-President(s), Secretary, and Treasurer. The corporation may also have, at the discretion of the Board, one or more Assistant Vice-Presidents, one or more Assistant Secretaries, one or more Assistant Treasurers, and such other officers as may be elected or appointed. Any number of offices may be held by the same person.

Section 5.2 Election

The officers of the corporation, shall be chosen at the annual meeting of the Board by and shall serve at the pleasure of the Board, and shall hold their respective offices until their resignation, removal or other disqualification from service, or until their respective successors shall be elected.

Section 5.3 Subordinate Officers

The Board may elect, and may empower the President to appoint, such other officers as the business of the corporation may require, each of whom shall hold office for such period, have such authority, and perform such duties as are provided in these Bylaws or as the Board may from time to time determine.

Section 5.4 Removal

Any officer may be removed, either with or without cause, by the Board at any time or, except for an officer chosen by the Board, by any officer upon whom the Board may confer such power of removal. Any such removal shall be without prejudice to the rights, if any, of an officer under any contract of employment.

Section 5.5 Resignation

Any officer may resign at any time by giving written notice to the Board; such resignation may not prejudice the rights, if any, of the corporation under any contract to which the officer is a party. Any such resignation shall take effect at the date of the receipt of such notice or at any later time specified therein, the acceptance of such resignation shall not be necessary to make it effective.

Section 5.6 Vacancies

A vacancy in any office because of death, resignation, removal, disqualification or any other cause shall be filled in the manner prescribed in these Bylaws for regular election or appointment to such office, provided that such vacancies shall be filled as they occur and not on an annual basis.

Section 5.7 President

Subject to such powers, the President is the general manager and chief executive officer of the corporation and has, subject to the control of the Board, general supervision, direction and control of the business and officers of the corporation. The President shall preside at all meetings of the Board. The President has the general management powers and duties usually vested in the office of the President and general manager of a corporation as well as such other powers and duties as the Board may prescribe from time to time.

Section 5.8 Vice Presidents

The Vice-President(s) shall not be a Director(s), and as such, shall be a non-voting position(s). The Vice-President(s) shall have such powers and perform such duties as the Board may prescribe from time to time.

Section 5.9 Secretary

- a. The Secretary shall keep or cause to be kept, at the principal office or such other place as the Board may order, a book of minutes of all meetings of the Board and its committees, including the following information for all such meetings; the time and place of holding; whether regular or special; if special, how authorized; the notice thereof given; the names of those present and absent, and the proceedings thereof. The Secretary shall keep, or cause to be kept, at the principal office in the State of Florida, the original or a copy of the corporation's Articles of Incorporation and Bylaws, as amended to date, and a register showing the names of all directors and their respective addresses. The Secretary shall keep the seal of the corporation and shall affix the same on such papers and instruments as may be required in the regular course of business, but failure to affix it shall not affect the validity of any instrument.
- b. The Secretary shall give, or cause to be given, notice of all meetings of the Board and any committees thereof required by these Bylaws or by law to be given, and shall distribute the minutes of meetings of the Board to all its members promptly after the meetings; shall keep the seal of the corporation in safe custody; shall see that all reports, statements and other documents required by law are properly kept or filed, except to the extent the same are to be kept or filed by the Treasurer; and shall have such other powers and perform such other duties as may be prescribed from time to time by the Board.
- c. The Secretary or President of the corporation shall keep and maintain, or cause to be kept and maintained, adequate and correct accounts of the properties and business transactions of the corporation, including accounts of its assets, liabilities, receipts and disbursements. The books of account shall at all times be open to inspection by any Director.
- d. The Secretary or President shall deposit, or cause to be deposited, all money and other valuables in the name and to the credit of the corporation with such depositaries as may be designated from time to time by the Board. The Secretary or President shall disburse

the funds of the corporation as may be ordered by the Board, and shall render to the Directors, upon request, an account of all transactions as Secretary or President and of the financial condition of the corporation. The Secretary or President shall present an operating statement and report, since the last preceding regular Board meeting, to the Board at all regular meetings. The Secretary or President shall have such powers and perform such other duties as may be prescribed from time to time by the Board.

ARTICLE 6 COMMITTEES

Section 6.1 Board Committees

The Board may, by resolution adopted by a majority of the Directors then in office, provided that a quorum is present, create one or more standing or ad hoc committees, each consisting of at least two (2) members of the Board, to serve at the pleasure of the Board.

ARTICLE 7 OTHER PROVISIONS

Section 7.1 Validity of Instrument

Subject to the provision of applicable law, any note, mortgage, evidence of indebtedness, contract, conveyance or other written instrument and any assignment or endorsement thereof executed or entered into between the corporation and any other person, shall be valid and binding on the corporation when signed by the President or any Vice President and the Secretary or Treasurer of the corporation, unless the other person has actual knowledge that the signing officers has no authority to execute the same. Any such instruments may also be signed by the Board or a designated member of the Board.

Section 7.2 Construction and Definitions

Unless the context otherwise requires, the general provisions, rules of construction, and definitions contained in the Nonprofit Corporation Law of the State of Florida shall govern the construction of these Bylaws. Without limiting the generality of the foregoing, words in these Bylaws shall be read as the masculine or feminine gender, and as the singular or plural, as the context requires, and the word "person" includes both the corporation and a natural person. The captions and headings in these Bylaws are for convenience of reference only and are not intended to limit or define the scope or effect of any provision.

Section 7.3 Fiscal Year

The fiscal year of the corporation shall be set by the Board.

Section 7.4 Conflict of Interest

Any Director, officer, key employee, or committee member having an interest in a contract or other transaction presented to the Board or a committee thereof for authorization, approval, or ratification shall make a prompt, full and frank disclosure of his or her interest to the Board or committee prior to its acting on such contract or transaction. Such disclosure shall include all relevant and material facts known to such person about the contract or transaction which might reasonably be construed to be adverse to the corporation's interest.

Section 7.5 Interpretation of Articles of Incorporation

In any instance in which the provisions of these Bylaws are in conflict with the provisions of the Articles of Incorporation, the provisions of these Bylaws shall control.

ARTICLE 8
AMENDMENTS

Section 8.1 Bylaws

These bylaws may be adopted or these Bylaws may be amended or repealed by a majority vote of the Board of Directors.

CERTIFICATE OF ADOPTION OF BYLAWS

I certify that I am the elected and acting Secretary of Doral Academy, Inc., a Florida nonprofit corporation, and that the foregoing Bylaws constitute the Bylaws of such corporation as adopted by the Board of Directors.

CHARTER SCHOOL MANAGEMENT AGREEMENT

This is an Agreement for the Management and Administration of a Charter School by and between _____ CHARTER SCHOOL, INC. (“CharterSchoolCorp”) and ACADEMICA (“Manager”)

WHEREAS, _____ CHARTER SCHOOL, INC has a contract (“the Charter”) with _____ County Public Schools (the “Sponsor”) to operate a charter school, known _____ (the “School”);

WHEREAS, the School is governed by the Board of Directors of _____ CHARTER SCHOOL, INC (the “Board”);

WHEREAS, academic control and freedom are integral to the success of the School and the Board must have complete autonomy and control over its academic program, staffing needs, and curriculum;

WHEREAS, CharterSchoolCorp desires to ensure that its School is professionally managed and operated in accordance with the requirements of its Charter and the requirements of all State and Federal laws as well as the requirements of local municipal and or county ordinances which may be applicable to the operation of the School or its facilities;

WHEREAS, Manager is an educational service provider established to provide professional planning, accountability, compliance, management and support services to public charter schools;

WHEREAS, it is Manager’s mission to ensure that the vision of the School’s Board of Directors is faithfully and effectively implemented;

WHEREAS, Manager’s officials are familiar with the governmental agencies and requirements needed to establish and operate a public charter school as well as the requirements of the Charter, all State and Federal authorities, and the local municipal and or county government which may be applicable to the operation of the School or its facilities;

WHEREAS, Manager’s officials are familiar with the various local, state and federal funding sources for charter school programs and have successfully obtained grants, other forms of revenue and financing for charter school programs in Florida;

WHEREAS, Manager's officials have attended and will continue to attend local, state, and federal meetings and conferences for charter school operators and consultants;

WHEREAS, Manager manages a network of charter schools and believes that there are benefits to be obtained from having a uniform system-wide reporting, record-keeping and accountability system and benefits to having a wide variety of employment opportunities and options available to the employees of public charter schools managed by Manager; and

WHEREAS, CharterSchoolCorp and Manager desire to enter into this agreement for the purpose of having Manager provide professional planning, accountability, compliance, management and support services;

NOW THEREFORE, the parties to this Agreement agree as follows:

DUTIES OF MANAGER:

1. Recitals

The forgoing recitals are true, correct and incorporated herein.

2. Engagement

CharterSchoolCorp engages Manager to provide management and administrative services to the School as more fully set forth herein. Manager accepts such engagement pursuant to the terms of this Agreement.

3. Management and Administrative Duties

Manager will coordinate the management and administrative duties required to operate the School. In connection with this, Manager will report to the Board and advise it of the systems established for administrative duties, including those related to initial setup and the ongoing operational budget. In providing services, Manager will comply with all Board and School policies and procedures, the Charter, and with all applicable state and federal rules and regulations. Manager's services will include, but not be limited to: identification, design and procurement of facilities; staffing recommendations; and, human resource coordination. In addition, Manager's services shall include services required for the day to day administration of the School such as regulatory compliance, legal and corporate upkeep, and the maintenance of the books and records of the School as well as the bookkeeping, budgeting and financial forecasting that is required by the governing Board for its oversight. The Board will review the recommendations made by Manager and act upon them in the manner the Board decides.

4. Board of Directors Meetings

Manager will assist in the coordination of and attend the meetings of the Board of the School. Unless otherwise instructed by the Board, Manager shall maintain the minutes and records of those meetings and ensure that the School complies with the requirements of State law and the Charter regarding such meetings and record keeping.

5. Record Keeping

Manager will maintain the records of the School at the location designated by the Board. Manager will ensure compliance with the State and Charter requirements for record keeping. In addition, Manager will ensure that designated on site staff receives proper training by the Sponsor's appropriate departments for student school record keeping through its designated Management Information Services (MIS) programs.

6. Bookkeeping

Manager will coordinate with the accounting firms selected by the Board and serve as liaison with them to ensure the accuracy and timeliness of financial reporting, record keeping, and audits as may be required by the Charter and State law.

7. Staff Administration

Manager will identify and propose for employment by or on behalf of CharterSchoolCorp qualified principals, teachers, paraprofessionals, administrators and other staff members and education professionals for positions in the School. The teachers employed for the School will be certified as required by Chapter 1002.33, Florida Statutes. CharterSchoolCorp may employ or contract with skilled selected non-certified personnel to assist instructional staff members as teachers' aides in the same manner as defined in Chapter 1002.33, Florida Statutes and Florida Charter School Legislation. Manager will coordinate with the Board or the Hiring Committee established by the Board to identify, recruit and select individuals for School-based positions. The Board will make all hiring decisions in its discretion and in accordance with law. All employees selected by the Board shall be CharterSchoolCorp employees or employees leased to CharterSchoolCorp, and will not be employees of Manager. Manager will prepare employment contracts for approval by the Board that are to be used for the purpose of hiring employees. Manager will propose a professional employee management company to the Board which can perform the human resource services for the School. Once the Board approves a human resource provider Manager will

coordinate such services. The Board will have complete discretion to decide which professional employee management company and its method of human resource management to use, if any. Manager agrees to act as the liaison for the School vis-à-vis the human resource services provider. All School-based employees will be assigned to the School and may only be removed, dismissed, or transferred by Board approval.

8. Financial Projections and Financial Statements

Manager will prepare annual budgets and financial forecasts for the School to present to the Board for review and approval or disapproval. The School will utilize the standard state codification of accounts as contained in the Financial and Program Cost Accounting and Reporting for Florida Schools, or shall utilize GAAP Accounting at the direction of the Board, as a means of codifying all transactions pertaining to its operations. The Board shall annually adopt and maintain an operating budget. The Board, based on recommendations made by a certified public accounting firm, will adopt accounting policies and procedures. Manager will prepare, with the review and approval of the Board, regular unaudited financial statements as required to be delivered to the Sponsor, which will include a statement of revenues and expenditures and changes in fund balances in accordance with generally accepted accounting principals. These statements will be provided in advance of the deadline for submission of such reports to the Sponsor. CharterSchoolCorp will provide the Sponsor with annual audited financial reports as required by the Charter. These reports will be prepared by a qualified independent, certified public accounting firm. Manager will provide the regular unaudited financial statements, books and records to the auditor for review in connection with the preparation of the reports. The reports shall include a complete set of financial statements and notes thereto prepared in accordance with the Charter and generally accepted accounting principals for inclusion into the School's financial statements annually, formatted by revenue source and expenditures and detailed by function and object.

9. Designated Contact Person

The designated contact person of Manager shall be the President of Academica (currently Fernando Zulueta). An alternate contact person shall be the Vice-President and Director of Operations (currently Maggie Fresen).

10. Grant Solicitation

In consultation with the Board, and with Board approval, Manager will solicit grants available for the funding of the School from the various government and private and institutional sources that may be

available. Such grants will include, but are not limited to federal grants programs and various continuation grants for charter schools.

11. Financing Solicitation and Coordination

Manager will coordinate obtaining financing from private and public sources for loans desired by the Board.

12. Other Funding Sources

Manager will coordinate the solicitation of Capital Outlay Funds, if available, from the appropriate state or local agencies. Similarly, Manager will coordinate the solicitation of other state, federal, or local government funds earmarked for school facilities development, improvement, or acquisition as well as other sources of funding that may become available to charter schools from time to time.

13. Annual Reporting

Manager will coordinate the preparation of the Annual Report required by the Charter School Legislation for the School.

The Report will be submitted to the Board for approval, and Manager will coordinate the delivery and review process established by the Sponsor and Charter School legislation for the Annual Report.

14. Student Assessment

At the direction of the Board, Manager will coordinate a student assessment methodology, independent from State and/or Sponsor required assessments, and retain on behalf of CharterSchoolCorp professionals to administer and evaluate results. Manager will provide the Board with proposals from professionals offering to provide assessment and student evaluation services for the Board either to approve or reject.

15. School Board Representation

Manager will serve as primary liaison with the Sponsor and its officials on behalf of the School. In connection therewith, Manager's representatives will attend required meetings and public hearings.

16. Governmental Compliance

Manager will ensure compliance with state regulations and reporting requirements of the Charter School. Manager will also ensure the School's compliance with its Charter with the Sponsor, a copy of which is incorporated herein by reference.

17. Charter Renewal Coordination

Manager will coordinate with the Sponsor for the renewal of the School's Charter on a timely basis. On behalf and with the direction of the Board, Manager will negotiate the terms of the renewal Charter with the Sponsor and provide the Board with notice and seek Board approval of any renewal provisions which modify or alter the terms of the original Charter between the School and the Sponsor.

18. Curriculum Development

Manager shall identify and or develop curricula in connection with the operations of the School and the vision of the Board in a manner that complies with applicable federal, state and local laws and regulations. All curricula shall be approved by the Board prior to use.

19. Pre-School, After-Care, Early Drop-Off

Manager shall identify and or develop Pre-School, After-Care, Early Drop-Off programs to be offered as services ancillary but separate from the operations of the School. These are programs that are not encompassed by the Charter School Agreement between the School and the Sponsor. Accordingly, the School may elect not to offer these programs directly, but rather to authorize Manager to do so. In furtherance of that, Manager will retain the necessary operators to provide the underlying services to the parents and students desiring them. Manager will coordinate the provision of those services directly where applicable and establish agreements to reimburse the School for the use of the facilities, utilities, cleaning services and other costs consumed or incurred by those uses. Manager and/or the selected service providers shall be the direct primary supplier to the parents and students of those ancillary services and will indemnify and hold harmless the School for any liability resulting from them. The terms and conditions for these programs including financial terms, operating procedures, and ownership, shall be subject to Board review and approval.

20. Facilities Identification Expansion, Design and Development

Manager shall coordinate with the Board for the purpose of identifying the facilities needs of the School from year to year. In connection therewith, Manager shall assist the School in identifying, procuring and planning the design of new facilities or in the expansion of existing ones. Manager may identify and solicit investors to acquire and develop facilities for lease or use by the school. Where such investors are related to Manager or its principles, that relationship will be disclosed to the Board. Further, Manager shall recommend and retain on behalf of the School qualified professionals in the fields of school

design and architecture and engineering as well as in the area of development and construction for the expansion, design, development, and construction of new or existing facilities.

21. Systems Development

Manager will identify and develop a school information system to be used in connection with the administration and reporting system for the School. This includes, but is not limited to, accounting documentation filing systems, student records systems, computer systems, and telecommunications services.

TERM OF AGREEMENT

22. Initial Term

The term of the Agreement shall commence on the start of the 2014-2015 school year. The commencement date shall be deemed to be July 1, 2014, although the parties recognize that Manager has provided services to the Board in connection with the School and Charter before this date.

The initial term of this Agreement shall be five (5) years unless the Board for cause terminates this Agreement per section 24 of this Agreement. At the conclusion of the term of this Agreement, CharterSchoolCorp shall have the option to renew this contract with Manager.

23. Renewal

Unless terminated by the Board, the terms of this Agreement shall be renewed along with any renewals to the Charter Agreement. Manager agrees to renew this Agreement at CharterSchoolCorp's option on the then-current terms and conditions unless there has been an uncured material breach hereunder by CharterSchoolCorp, after 60 days written notice of such breach and demand for cure, or unless CharterSchoolCorp has given at least 90 days' notice that this Agreement will not be renewed.

24. Termination

In the event of a breach of this Agreement by either party, the non-breaching party shall give the other party written notice of such breach and sixty (60) days to cure such breach from the date of giving such notice to Manager. "Breach" shall be defined as a material breach of this Agreement by Manager or CharterSchoolCorp; the failure of Manager to provide educational support and management services sufficient to operate the School in a manner that complies with the standards of the Sponsor; any debarment of or similar action against Manager by any governmental entity; or any action or conduct by Manager or its principals that may bring disrepute to the School or Board (e.g., any arrest or conviction for a crime of

moral turpitude or any felony) or that may endanger or materially lessen the safety of students. If the Sponsor terminates or materially changes its Charter Agreement with the School or Board for the operation of the School, either the School or Board, or Manager may upon thirty (30) days written notice terminate this Agreement without penalty or liability of any kind to either party. Either party may terminate this Agreement at any time and for any reason, irrespective of cause, upon providing the other party 90 days' notice of termination. In the event of termination of this Agreement for any reason, the compensation to be paid by CharterSchoolCorp to Manager under this Agreement shall be pro-rated.

COMPENSATION

25. Base Compensation

CharterSchoolCorp shall pay Manager a management fee of \$450 per student Full Time Equivalent (FTE) per annum during the term of this Agreement, unless terminated, provided CharterSchoolCorp receives such funds. The fee shall be payable in equal monthly installments, provided that CharterSchoolCorp shall have no obligation to pay such fee before receiving its FTE funding from the Sponsor or the State of Florida, in which event the monthly installments shall accrue until funding is received. The fee shall be adjusted annually at each anniversary of this Agreement based on the change in the prior year's Consumer Price Index or on the basis of the year-to-year percentage change in the per student Full Time Equivalent (FTE) funding provided to the school under the law, whichever is less, but in no event shall any adjustment reduce the management fee below the initial level of \$450 per student Full Time Equivalent (FTE) per annum as stated above.

26. Additional Services

Manager will provide additional services not covered under this Agreement to the Board as requested by the Board by proposal to Board and subject to Board approval. This may include services that are not within the regular course of running the School, including but not limited to special projects, litigation coordination, and land use coordination. Such projects may include the engagement, at the expense of CharterSchoolCorp, of other professionals or consultants who may be independent from Manager or part of Manager's network of consulting professionals.

27. Reimbursement of Costs

Manager shall be reimbursed for actual costs incurred in connection with travel, lodging, and food, attending required conferences and other events on behalf of the School, provided that the Board shall give prior written approval for such cost.

28. Incurred Expenses

Pursuant to the agreement of the Board and Manager, Manager may defer some or all of the management fees and/or costs for additional services and/or reimbursements due hereunder from one fiscal year to the next, which will be duly noted in the schools financial records.

OTHER MATTERS

29. Conflicts of Interest

No officer, shareholder, employee or director of Manager may serve on the Board. Manager will comply with the Conflicts of Interest rules set out in the Charter. In addition, if there exists some relationship between Manager, its officers, directors or principals and any other person or entity providing goods or services to the School, Manager agrees to disclose the relationship to the Board.

30. Insurance and Indemnification

Manager shall carry liability insurance and indemnify the School for acts or omissions of Manager. Manager agrees to provide, upon request of the Board, certificates of insurance with carriers, in amounts and for terms reasonably acceptable to the Board. Manager hereby agrees to indemnify, hold harmless and protect CharterSchoolCorp, the Board, the School and their successors and assigns, from and against any and all liabilities, claims, forfeitures, suits, penalties, punitive, liquidated, or exemplary damages, fines, losses, causes of action, or voluntary settlement payments, of whatever kind and nature, and the cost and expenses incident thereto (including the costs of defense and settlement and reasonable attorney's fees) (hereinafter collectively referred to as "claims") which such party may incur, become responsible for, or pay out as a result of claims connected to the acts, services, conduct or omissions of Manager, its employees or agents.

31. Miscellaneous

(1) Neither party shall be considered in default of this Agreement if the performance of any part or all of this Agreement is prevented, delayed, hindered or otherwise made impracticable or impossible by reason of any strike, flood, hurricane, riot, fire, explosion, war, act of God, sabotage, accident or any

other casualty or cause beyond either party's control, and which cannot be overcome by reasonable diligence and without unusual expense.

(2) This Agreement shall constitute the full, entire and complete agreement between the parties hereto. All prior representations, understandings and agreements are superseded and replaced by this Agreement. This Agreement may be altered, changed, added to, deleted from or modified only through the voluntary, mutual consent of the parties in writing, and said written modification(s) shall be executed by both parties. Any amendment to this Agreement shall require approval of the Board.

(3) Neither party shall assign this Agreement without the written consent of the other party;

(4) No waiver of any provision of or default under this Agreement shall be deemed or shall constitute a waiver of any other provision or default unless expressly stated in writing.

(5) If any provision or any part of this Agreement is determined to be unlawful, void or invalid, that determination shall not affect any other provision or any part of any other provision of this Agreement and all such provisions shall remain in full force and effect.

(6) This Agreement is not intended to create any rights of a third party beneficiary.

(7) This Agreement is made and entered into in the State of Florida and shall be interpreted according to and governed by the laws of that state. Any action arising from this Agreement, shall be brought in a court in Miami-Dade County, Florida.

(8) In the event of a dispute arising from this Agreement, the prevailing party shall be awarded reasonable attorneys' fees and costs.

(9) Every notice, approval, consent or other communication authorized or required by this Agreement shall not be effective unless same shall be in writing and sent postage prepaid by United States mail, directed to the other party at its address hereinafter provided or such other address as either party may designate by notice from time to time in accordance herewith:

Sample Parent/Guardian Contract

I, the undersigned parent/guardian of _____, hereby agree to abide by the following policies and procedures of _____.

- **Absences:** In accordance with School and Broward County Public Schools Daily Attendance Policies, students must be physically present in school for a minimum of 2 hours in order to be counted as present for attendance purposes each day. For each day a student is absent, Parents/guardians must submit supporting documentation explaining the reason for the absence. Documentation submitted more than 3 days (72 hours) after the student's return to school will not be accepted, and the absence(s) will be deemed unexcused. Students with excessive absences will be referred to the administration/Attendance Review Committee. Referrals will be issued after reaching the school's maximum allowance, and may result in the student's report card reflecting insufficient attendance for receiving a grade. Please be advised: for students in grades 6-8 five (5) or more unexcused absences in a semester course or ten (10) or more in an annual course, may result in the withholding of a student's grade.
- **Arrival:** Arrival time is from _____am to _____am. Students must be in their seats at the commencement of homeroom in the morning. Any student arriving after the commencement of homeroom will receive a tardy pass. Students arriving or departing outside of the School's designated times may be enrolled in a before-care program, where available, including all applicable fees. Please be advised: The School is not responsible for students who arrive more than thirty (30) minutes prior to the start of school, except for those who are enrolled in and pay fees to the before-care program.
- **Tardies:** All tardies are unexcused. If students arrive after the commencement of school, please do not send the student to class. Students arriving after the commencement of school must report directly to the School's designated office/area. Students with excessive tardies will be referred to the administration/Attendance Review Committee.
- **Dismissal:** Dismissal time is _____pm. Students departing outside of the School's designated times may be enrolled in an after-care program, where available, including all applicable fees. Please be aware that all charges must be resolved in full by the last day of school. Please be advised that The School is not responsible for students remaining on campus after the school's dismissal times, except for those who are enrolled in and pay fees to the after-care program.
- **Early Dismissal:** For a student to be dismissed early, parents must report to the designated office/area. Students who wish to be dismissed early (on a regular school day) are required to provide documentation. Documentation submitted more than 72 hours after an early dismissal will not be accepted, and the early dismissal will be deemed unexcused. Students with excessive unexcused early dismissals, will be referred to the administration/Attendance Review Committee. Students will not be dismissed 30 minutes prior to dismissal time without previous written notice. There are NO EXCEPTIONS!
- **Unauthorized Items Policy:** Please note that students are not allowed to bring any toys, electronic devices, pets, or animals to school. Cell phones may not be turned on inside of the School building at any time. Cell phones may not be visible at any time during the School day, may not be displayed during School, and must be left in the Students bag. The School will confiscate any unauthorized items a student may bring to school. Confiscated items will only be returned to parents at which time a parent/student conference may be required. The school may keep any such unauthorized items until the end of the school year. Continued violations of this policy may result in further penalties, and may subject the student to disciplinary action and/or referral to the School's administration/discipline review committee. While the School will take every measure to protect such items, the School shall not be responsible for loss or damage to any unauthorized items which have been confiscated. Any items not claimed by the last day of school shall be disposed of without further liability to the School.
- **Uniform Policy:** Official School uniforms must be worn every day. Students who arrive to school without proper uniform may be referred to the administration and may not return to class until in proper uniform. Students with repeated violations of this policy will be referred to the administration/Discipline Review Committee.-

Appendix F

- **Volunteer Hours:** Parental/Guardian involvement is a critical component of your child's educational success. The school prides itself on the success of our students and therefore requires that parents/guardians become active stakeholders in their child's future. All parents/guardians are asked to complete thirty (30) volunteer hours, per academic year. All parent/guardian volunteer hours must be completed prior to the last day of school.
- **Academic Recovery:** If the School identifies your student as requiring additional instruction and/or remediation including but not limited to: mandatory tutoring, summer school, etc., attendance at and successful completion of same shall be required. Alternative and/or make-up sessions may be scheduled at the discretion of the administration.
- **Outstanding Fees:** Failure to pay all outstanding fees may result in the loss and/or suspension of extra-curricular activity privileges. Fees may include but shall not be limited to: lost books, late library fees, lunch accounts, before/after care fees, and any and all fees which may accrue in the normal course of the school year.
- **Internet and Media Use Policy:** No recording, either photographic or audio/visual in nature may be made on school property without the express authorization of the administration. No document or media existing now or in the future and which impacts the School and/or disrupts the learning environment, relating to the School, its staff or students, including but not limited to photographs, letters, yearbooks, and other material may be published in any public forum or media without the express authorization of the administration. Furthermore, the unauthorized use of the school's name and/or any of its logos is expressly prohibited. For purposes of this section, the term "public forum or media includes but shall not be limited to publicly accessible websites and web forums, newspapers, print and other media sources.
- **Miami-Dade County Public Schools:** Please note: all students enrolled in the charter school are students of Miami-Dade County Public Schools, subject to applicable policies.

We understand the policies set forth in this Parent/Guardian Contract and will abide by them. Failure to adhere to the policies as stated in the Parent/Guardian Contract will result in a violation of the contract.

RE: The Doral Academy Charter High School Hollywood

To whom it may concern:

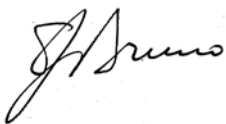

Building Hope is a non-profit foundation based in Washington, DC that works to close the educational achievement gap by giving students access to high quality public charter schools in cities across the country. We support the expansion of academically successful schools with the capacity to grow their enrollments in order to catalyze change across their local public education systems by providing technical and financial assistance related to capital projects. Our services may also include grants to pay for professional fees associated with a project (i.e., architect, engineering), or other project-specific needs and sponsoring school fundraising events to support the academic program.

Building Hope is committed to support the **The Somerset Doral Academy Charter High School Hollywood**, in securing a long-range plan for the opening of the above-referenced charter school. In order to ensure that the charter school is able to secure working capital for opening, Building Hope can offer a number of different services including facility and working capital financing. Building Hope may provide such financial assistance to the charter school by:

- Lending funds to for facilities acquisitions and/or improvements at below-market rates.
- Guaranteeing, insuring, and reinsuring debt used to assist charter schools to acquire, renovate, or construct school facilities.
- Guaranteeing or insuring leases of personal or real property that are needed to begin or continue the operation of the charter schools.
- Facilitating financing by potential lenders.
- Facilitating the issuance of bonds by charter schools or other public entities for the benefit of charter schools.
- Credit Enhancement Program

In addition, if the charter school is unable to secure a start-up grant, Building Hope can secure a line of credit for the school to help with the startup costs. Building Hope provides loan guarantees to make facilities financing more affordable for public charter schools throughout the United States. Guarantees range in size from \$250,000 to \$1 million. They have a five-year term with a 1% commitment fee and a 1% annual guaranty fee.

Sincerely,

S. Joseph Bruno
President
